GENERAL INFORMATION—
DEPARTMENT OPERATIONS

CHAPTER 1
ORGANIZATION AND OPERATION
[Prior to 9/7/88, see Public Instruction Department[670] Ch 49]

281—1.1(17A,256) State board of education. The state board of education, authorized by Iowa Code chapter 256, is the governing and policy-forming body for the department of education.

1.1(1) Membership. The board consists of nine voting members appointed by the governor, with approval of two-thirds of the members of the senate, with not more than five members from the same political party, and not more than five members of the same gender. Effective May 1, 2003, the board shall also consist of one nonvoting student member as outlined in rule 281—1.2(17A,256). The nonvoting student member shall be appointed without regard to political affiliation. The nonvoting student member shall not be considered for purposes of constituting the necessary quorum.

1.1(2) Officers. The board shall elect from its voting members a president and a vice president, each to serve a term of two years.

1.1(3) Terms. The voting members of the board are appointed for six-year terms, from May 1 to April 30, with the terms of three members expiring every two years. There is no statutory limitation to the number of terms a voting member may serve. The nonvoting student member shall serve a one-year term, from May 1 to April 30, as described in subrule 1.2(1).

1.1(4) Meetings. The board is required to hold no fewer than six meetings each year. The majority of the meetings are held in the state board room at the department of education in Des Moines, which is located on the second floor of the Grimes State Office Building on the corner of East 14th Street and Grand Avenue. By notice of the regularly published meeting agenda, the board may hold meetings in other areas of the state.

1.1(5) Compensation. All voting board members and the nonvoting student member are entitled to receive their necessary expenses while engaged in official duties. In addition, they shall be paid a per diem at the rate specified in Iowa Code section 7E.6. If the student member's parent or guardian provides supervision pursuant to subrule 1.2(4), the parent or guardian shall receive necessary expenses but not the per diem. Per diem and expense payments shall be made from appropriations to the department of education.

1.1(6) Additional board functions. In addition to its functions as the state board of education, the board constitutes:

- a. The state board for vocational education, Iowa Code section 256.7(2).
- b. The state board for vocational rehabilitation, Iowa Code section 259.3.
- c. The state board for community colleges, Iowa Code section 260C.3.

1.1(7) Advisory groups. The following advisory groups have been established by statute to provide advice to the state board in the indicated areas:

- a. Nonpublic schools advisory committee, Iowa Code section 256.15, to advise the board on matters affecting nonpublic schools.
- b. Community college council, Iowa Code section 256.31, to assist the state board of education with substantial issues which are directly related to the community college system.

281—1.2(17A,256) Student member of state board of education. The governor shall appoint a public high school student to serve as a nonvoting member of the state board of education.

1.2(1) Term. The nonvoting student member shall serve a one-year term, from May 1 to April 30. The student may apply for and serve a second term if the student will not graduate from high school prior to the end of the second term. A vacancy in the membership of the nonvoting student member shall not be filled until the expiration of the term.

1.2(2) Qualifications. At the time of making application, the nonvoting student member shall meet all of the following qualifications:

- a. The student must be a full-time, regularly enrolled tenth or eleventh grade student in an Iowa school district.

- d. The student must demonstrate participation in extracurricular and community activities, as well as an interest in serving on the state board.
- e. The student must have the consent of the student's parent or guardian, as well as the approval of the student's district.

1.2(3) *Application process.* The application process for the nonvoting student member is as follows:

a. The department shall, on behalf of the state board, prepare and disseminate application forms to all school districts in Iowa. In addition to the application itself, the student shall submit all of the following:

CHAPTER 2
AGENCY PROCEDURE FOR RULE MAKING
AND PETITIONS FOR RULE MAKING

281—2.1(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the agency are subject to the provisions of Iowa Code chapter 17A, the Iowa administrative procedure Act, and the provisions of this chapter.

281—2.2(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the agency may, before publication of a Notice of Intended Action under Iowa Code section 17A.4(1) “a,” solicit comments from the public on a subject matter of possible rule making by the agency by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment.

281—2.3(17A) Public rule-making docket.

2.3(1) Docket maintained. The agency shall maintain a current public rule-making docket.

2.3(2) Anticipated rule making. The rule-making docket shall list each anticipated rule-making proceeding. A rule-making proceeding is deemed “anticipated” from the time a draft of proposed rules is distributed for internal discussion within the agency. For each anticipated rule-making proceeding, the docket shall contain a listing of the precise subject matter which may be submitted for consideration by the director for subsequent proposal under the provisions of Iowa Code section 17A.4(1) “a,” the name and address of agency personnel with whom persons may communicate with respect to the matter, and an indication of the present status within the agency of that possible rule. The agency may also include in the docket other subjects upon which public comment is desired.

2.3(3) Pending rule-making proceedings. The rule-making docket shall list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced, by publication in the Iowa Administrative Bulletin of a Notice of Intended Action pursuant to Iowa Code section 17A.4(1) “a,” to the time it is terminated, by publication of a Notice of Termination in the Iowa Administrative Bulletin or the rule becoming effective. For each rule-making proceeding, the docket shall indicate:

- a. The subject matter of the proposed rule;
- b. A citation to all published notices relating to the proceeding;
- c. Where written submissions on the proposed rule may be inspected;
- d. The time during which written submissions may be made;
- e. The names of persons who have made written requests for an opportunity to make oral presentations on the proposed rule, where those requests may be inspected, and where and when oral presentations may be made;
- f. Whether a written request for the issuance of a regulatory analysis, or a concise statement of reasons, has been filed, whether such an analysis or statement or a fiscal impact statement has been issued, and where any such written request, analysis, or statement may be inspected;
- g. The current status of the proposed rule and any agency determinations with respect thereto;
- h. Any known timetable for agency decisions or other action in the proceeding;
- i. The date of the rule’s adoption;
- j. The date of the rule’s filing, indexing, and publication;
- k. The date on which the rule will become effective; and
- l. Where the rule-making record may be inspected.

281—2.4(17A) Notice of proposed rule making.

2.4(1) Contents. At least 35 days before the adoption of a rule the agency shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:

- a. A brief explanation of the purpose of the proposed rule;

- b. The specific legal authority for the proposed rule;
- c. Except to the extent impracticable, the text of the proposed rule;
- d. Where, when, and how persons may present their views on the proposed rule; and
- e. Where, when, and how persons may demand an oral proceeding on the proposed rule if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the agency shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the agency for the resolution of each of those issues.

2.4(2) *Incorporation by reference.* A proposed rule may incorporate other materials by reference only if it complies with all of the requirements applicable to the incorporation by reference of other materials in an adopted rule that are contained in subrule 2.12(2) of this chapter.

2.4(3) *Copies of notices.* Persons desiring to receive copies of future Notices of Intended Action by subscription must file with the agency a written request indicating the name and address to which such notices should be sent. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the agency shall mail or electronically transmit a copy of that notice to subscribers who have filed a written request for either mailing or electronic transmittal with the agency for Notices of Intended Action. The written request shall be accompanied by payment of the subscription price which may cover the full cost of the subscription service, including its administrative overhead and the cost of copying and mailing the Notices of Intended Action for a period of ten days.

281—2.5(17A) Public participation.

2.5(1) *Written comments.* For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing, on the proposed rule. Such written submissions should identify the proposed rule to which they relate and should be submitted to Department of Education, Legal Consultant's Office, Grimes State Office Building, Des Moines, Iowa 50319-0146, or the person designated in the Notice of Intended Action.

2.5(2) *Oral proceedings.* The agency may, at any time, schedule an oral proceeding on a proposed rule. The agency shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the agency by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons. That request must also contain the following additional information:

1. A request by one or more individual persons must be signed by each of them and include the address and telephone number of each of them.
2. A request by an association must be signed by an officer or designee of the association and must contain a statement that the association has at least 25 members and the address and telephone number of the person signing that request.
3. A request by an agency or governmental subdivision must be signed by an official having authority to act on behalf of the entity and must contain the address and telephone number of the person signing that request.

2.5(3) *Conduct of oral proceedings.*

a. *Applicability.* This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1) "b" as amended by 1998 Iowa Acts, chapter 1202, section 8, or this chapter.

b. *Scheduling and notice.* An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

c. Presiding officer. The agency, a member of the agency, or another person designated by the agency who will be familiar with the substance of the proposed rule, shall preside at the oral proceeding on a proposed rule. If the agency does not preside, the presiding officer shall prepare a memorandum for consideration by the agency summarizing the contents of the presentations made at the oral proceeding unless the agency determines that such a memorandum is unnecessary because the agency will personally listen to or read the entire transcript of the oral proceeding.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the agency at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and shall be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the agency decision to propose the rule. The presiding officer may place time limitations on individual oral presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to avoid restating matters which have already been submitted in writing.

(3) To facilitate the exchange of information, the presiding officer may, where time permits, open the floor to questions or general discussion.

(4) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(5) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the agency.

(6) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing.

(7) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other participants about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(8) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

2.5(4) Additional information. In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the agency may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

2.5(5) Accessibility. The agency shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the Legal Consultant's Office, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146, or telephone (515)281-5295 in advance to arrange access or other needed services.

281—2.6(17A) Regulatory analysis.

2.6(1) Definition of small business. A "small business" is defined in 1998 Iowa Acts, chapter 1202, section 10(7).

2.6(2) Mailing list. Small businesses or organizations of small businesses may be registered on the agency's small business impact list by making a written application addressed to Legal Consultant's Office, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. The application for registration shall state:

- a. The name of the small business or organization of small businesses;
- b. Its address;
- c. The name of a person authorized to transact business for the applicant;
- d. A description of the applicant's business or organization. An organization representing 25 or more persons who qualify as a small business shall indicate that fact.
- e. Whether the registrant desires copies of Notices of Intended Action at cost, or desires advance notice of the subject of all or some specific category of proposed rule making affecting small business.

The agency may at any time request additional information from the applicant to determine whether the applicant is qualified as a small business or as an organization of 25 or more small businesses. The agency may periodically send a letter to each registered small business or organization of small businesses asking whether that business or organization wishes to remain on the registration list. The name of a small business or organization of small businesses will be removed from the list if a negative response is received, or if no response is received within 30 days after the letter is sent.

2.6(3) *Time of mailing.* Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the agency shall mail to all registered small businesses or organizations of small businesses, in accordance with their request, either a copy of the Notice of Intended Action or notice of the subject of that proposed rule making. In the case of a rule that may have an impact on small business adopted in reliance upon Iowa Code section 17A.4(2), the agency shall mail notice of the adopted rule to registered businesses or organizations prior to the time the adopted rule is published in the Iowa Administrative Bulletin.

2.6(4) *Qualified requesters for regulatory analysis—economic impact.* The agency shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), after a proper request from:

- a. The administrative rules coordinator;
- b. The administrative rules review committee.

2.6(5) *Qualified requesters for regulatory analysis—business impact.* The agency shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b), after a proper request from:

- a. The administrative rules review committee;
- b. The administrative rules coordinator;
- c. At least 25 or more persons who sign the request provided that each represents a different small business;
- d. An organization representing at least 25 small businesses. That organization shall list the name, address and telephone number of not less than 25 small businesses it represents.

2.6(6) *Time period for analysis.* Upon receipt of a timely request for a regulatory analysis, the agency shall adhere to the time lines described in 1998 Iowa Acts, chapter 1202, section 10(4).

2.6(7) *Contents of request.* A request for a regulatory analysis is made when it is mailed or delivered to the agency. The request shall be in writing and satisfy the requirements of 1998 Iowa Acts, chapter 1202, section 10(1).

2.6(8) *Contents of concise summary.* The contents of the concise summary shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(4,5).

2.6(9) *Publication of a concise summary.* The agency shall make available, to the maximum extent feasible, copies of the published summary in conformance with 1998 Iowa Acts, chapter 1202, section 10(5).

2.6(10) *Regulatory analysis contents—rules review committee or rules coordinator.* When a regulatory analysis is issued in response to a written request from the administrative rules review committee, or the administrative rules coordinator, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), unless a written request expressly waives one or more of the items listed in the section.

2.6(11) *Regulatory analysis contents—substantial impact on small business.* When a regulatory analysis is issued in response to a written request from the administrative rules review committee, the administrative rules coordinator, at least 25 persons signing that request who each qualify as a small

business or by an organization representing at least 25 small businesses, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b).

281—2.7(17A,25B) Fiscal impact statement.

2.7(1) A proposed rule that necessitates additional combined annual expenditures of at least \$100,000, or additional combined expenditures of at least \$500,000 within five years, by all affected persons, political subdivisions, or agencies and entities which contract with political subdivisions to provide services must be accompanied by a fiscal impact statement outlining the costs associated with the rule. A fiscal impact statement must satisfy the requirements of Iowa Code section 25B.6.

2.7(2) If the agency determines at the time it adopts a rule that the fiscal impact statement upon which the rule is based contains errors, the agency shall, at the same time, issue a corrected fiscal impact statement and publish the corrected fiscal impact statement in the Iowa Administrative Bulletin.

281—2.8(17A) Time and manner of rule adoption.

2.8(1) *Time of adoption.* The agency shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the agency shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

2.8(2) *Consideration of public comment.* Before the adoption of a rule, the agency shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding or any memorandum summarizing such oral submissions, and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

2.8(3) *Reliance on agency expertise.* Except as otherwise provided by law, the agency may use its own experience, technical competence, specialized knowledge, and judgment in the adoption of a rule.

281—2.9(17A) Variance between adopted rule and published notice of proposed rule adoption.

2.9(1) The agency shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

- a.* The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and
- b.* The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto; and
- c.* The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

2.9(2) In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the agency shall consider the following factors:

- a.* The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;
- b.* The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and
- c.* The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

2.9(3) The agency shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the agency finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

2.9(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the agency to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

281—2.10(17A) Exemptions from public rule-making procedures.

2.10(1) *Omission of notice and comment.* To the extent the agency for good cause finds that public notice and participation are unnecessary, impracticable, or contrary to the public interest in the process of adopting a particular rule, the agency may adopt that rule without publishing advance Notice of Intended Action in the Iowa Administrative Bulletin and without providing for written or oral public submissions prior to its adoption. The agency shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

2.10(2) *Public proceedings on rules adopted without them.* The agency may, at any time, commence a standard rule-making proceeding for the adoption of a rule that is identical or similar to a rule it adopts in reliance upon subrule 2.10(1). Upon written petition by a governmental subdivision, the administrative rules review committee, an agency, the administrative rules coordinator, an association having not less than 25 members, or at least 25 persons, the agency shall commence a standard rule-making proceeding for any rule specified in the petition that was adopted in reliance upon subrule 2.10(1). Such a petition must be filed within one year of the publication of the specified rule in the Iowa Administrative Bulletin as an adopted rule. The rule-making proceeding on that rule must be commenced within 60 days of the receipt of such a petition. After a standard rule-making proceeding commenced pursuant to this subrule, the agency may either readopt the rule it adopted without benefit of all usual procedures on the basis of subrule 2.10(1), or may take any other lawful action, including the amendment or repeal of the rule in question, with whatever further proceedings are appropriate.

281—2.11(17A) Concise statement of reasons.

2.11(1) *General.* When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the agency shall issue a concise statement of reasons for the rule. Requests for such a statement must be in writing and be delivered to Legal Consultant's Office, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received.

2.11(2) *Contents.* The concise statement of reasons shall contain:

- a. The reasons for adopting the rule;
- b. An indication of any change between the text of the proposed rule contained in the published Notice of Intended Action and the text of the rule as finally adopted, with the reasons for any such change;
- c. The principal reasons urged in the rule-making proceeding for and against the rule, and the agency's reasons for overruling the arguments made against the rule.

2.11(3) *Time of issuance.* After a proper request, the agency shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request.

281—2.12(17A) Contents, style, and form of rule.

2.12(1) *Contents.* Each rule adopted by the agency shall contain the text of the rule and, in addition:

- a. The date the agency adopted the rule;
- b. A brief explanation of the principal reasons for the rule-making action if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the agency in its discretion decides to include such reasons;
- c. A reference to all rules repealed, amended, or suspended by the rule;
- d. A reference to the specific statutory or other authority authorizing adoption of the rule;
- e. Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule;
- f. A brief explanation of the principal reasons for the failure to provide for waivers to the rule if no waiver provision is included and a brief explanation of any waiver or special exceptions provided in

the rule if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the agency in its discretion decides to include such reasons; and

g. The effective date of the rule.

2.12(2) *Incorporation by reference.* The agency may incorporate by reference in a proposed or adopted rule, and without causing publication of the incorporated matter in full, all or any part of a code, standard, rule, or other matter if the agency finds that the incorporation of its text in the agency proposed or adopted rule would be unduly cumbersome, expensive, or otherwise inexpedient. The reference in the agency proposed or adopted rule shall fully and precisely identify the incorporated matter by location, title, citation, date, and edition, if any; shall briefly indicate the precise subject and the general contents of the incorporated matter; and shall state that the proposed or adopted rule does not include any later amendments or editions of the incorporated matter. The agency may incorporate such matter by reference in a proposed or adopted rule only if the agency makes copies of it readily available to the public. The rule shall state how and where copies of the incorporated matter may be obtained at cost from this agency, and how and where copies may be obtained from the agency of the United States, this state, another state, or the organization, association, or persons, originally issuing that matter. The agency shall retain permanently a copy of any materials incorporated by reference in a rule of the agency.

If the agency adopts standards by reference to another publication, it shall provide a copy of the publication containing the standards to the administrative rules coordinator for deposit in the state law library and may make the standards available electronically.

2.12(3) *References to materials not published in full.* When the administrative code editor decides to omit the full text of a proposed or adopted rule because publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient, the agency shall prepare and submit to the administrative code editor for inclusion in the Iowa Administrative Bulletin and Iowa Administrative Code a summary statement describing the specific subject matter of the omitted material. This summary statement shall include the title and a brief description sufficient to inform the public of the specific nature and subject matter of the proposed or adopted rules, and of significant issues involved in these rules. The summary statement shall also describe how a copy of the full text of the proposed or adopted rule, including any unpublished matter and any matter incorporated by reference, may be obtained from the agency. The agency will provide a copy of that full text at actual cost upon request and shall make copies of the full text available for review at the state law library and may make the standards available electronically.

At the request of the administrative code editor, the agency shall provide a proposed statement explaining why publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient.

2.12(4) *Style and form.* In preparing its rules, the agency shall follow the uniform numbering system, form, and style prescribed by the administrative rules coordinator.

281—2.13(17A) Agency rule-making record.

2.13(1) *Requirement.* The agency shall maintain an official rule-making record for each rule it proposes by publication in the Iowa Administrative Bulletin of a Notice of Intended Action, or adopts. The rule-making record and materials incorporated by reference must be available for public inspection.

2.13(2) *Contents.* The agency rule-making record shall contain:

a. Copies of all publications in the Iowa Administrative Bulletin with respect to the rule or the proceeding upon which the rule is based and any file-stamped copies of agency submissions to the administrative rules coordinator concerning that rule or the proceeding upon which it is based;

b. Copies of any portions of the agency's public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based;

c. All written petitions, requests, and submissions received by the agency, and all other written materials of a factual nature as distinguished from opinion that are relevant to the merits of the rule and that were created or compiled by the agency and considered by the director, in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, except to

the extent the agency is authorized by law to keep them confidential; provided, however, that when any such materials are deleted because they are authorized by law to be kept confidential, the agency shall identify in the record the particular materials deleted and state the reasons for that deletion;

d. Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, the stenographic record or electronic recording of those presentations, and any memorandum prepared by a presiding officer summarizing the contents of those presentations;

e. A copy of any regulatory analysis or fiscal impact statement prepared for the proceeding upon which the rule is based;

f. A copy of the rule and any concise statement of reasons prepared for that rule;

g. All petitions for amendment or repeal or suspension of the rule;

h. A copy of any objection to the issuance of that rule without public notice and participation that was filed pursuant to Iowa Code section 17A.4(2) by the administrative rules review committee, the governor, or the attorney general;

i. A copy of any objection to the rule filed by the administrative rules review committee, the governor, or the attorney general pursuant to Iowa Code section 17A.4(4), and any agency response to that objection;

j. A copy of any significant written criticism of the rule, including a summary of any petitions for waiver of the rule; and

k. A copy of any executive order concerning the rule.

2.13(3) *Effect of record.* Except as otherwise required by a provision of law, the agency rule-making record required by this rule need not constitute the exclusive basis for agency action on that rule.

2.13(4) *Maintenance of record.* The agency shall maintain the rule-making record for a period of not less than five years from the later of the date the rule to which it pertains became effective, the date of the Notice of Intended Action, or the date of any written criticism as described in 2.13(2) “g,” “h,” “i,” or “j.”

281—2.14(17A) Filing of rules. The agency shall file each rule it adopts in the office of the administrative rules coordinator. The filing must be executed as soon after adoption of the rule as is practicable. At the time of filing, each rule must have attached to it any fiscal impact statement and any concise statement of reasons that was issued with respect to that rule. If a fiscal impact statement or statement of reasons for that rule was not issued until a time subsequent to the filing of that rule, the note or statement must be attached to the filed rule within five working days after the note or statement is issued. In filing a rule, the agency shall use the standard form prescribed by the administrative rules coordinator.

281—2.15(17A) Effectiveness of rules prior to publication.

2.15(1) *Grounds.* The agency may make a rule effective after its filing at any stated time prior to 35 days after its indexing and publication in the Iowa Administrative Bulletin if it finds that a statute so provides, the rule confers a benefit or removes a restriction on some segment of the public, or that the effective date of the rule is necessary to avoid imminent peril to the public health, safety, or welfare. The agency shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

2.15(2) *Special notice.* When the agency makes a rule effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b” (3), the agency shall employ all reasonable efforts to make its contents known to the persons who may be affected by that rule prior to the rule’s indexing and publication. The term “all reasonable efforts” requires the agency to employ the most effective and prompt means of notice rationally calculated to inform potentially affected parties of the effectiveness of the rule that is justified and practical under the circumstances considering the various alternatives available for this purpose, the comparative costs to the agency of utilizing each of those alternatives, and the harm suffered by affected persons from any lack of notice concerning the contents of the rule prior to its indexing and publication. The means that may be used for providing notice of such rules prior to their indexing and publication include, but are not limited to, any one or

more of the following means: radio, newspaper, television, signs, mail, telephone, personal notice or electronic means.

A rule made effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3), shall include in that rule a statement describing the reasonable efforts that will be used to comply with the requirements of subrule 2.15(2).

281—2.16(17A) General statements of policy.

2.16(1) *Compilation, indexing, public inspection.* The agency shall maintain an official, current, and dated compilation that is indexed by subject, containing all of its general statements of policy within the scope of Iowa Code section 17A.2(10) “a,” “c,” “f,” “g,” “h,” “k.” Each addition to, change in, or deletion from the official compilation must also be dated, indexed, and a record thereof kept. Except for those portions containing rules governed by Iowa Code section 17A.2(7) “f,” or otherwise authorized by law to be kept confidential, the compilation must be made available for public inspection and copying.

2.16(2) *Enforcement of requirements.* A general statement of policy subject to the requirements of this subsection shall not be relied on by the agency to the detriment of any person who does not have actual, timely knowledge of the contents of the statement until the requirements of subrule 2.16(1) are satisfied. This provision is inapplicable to the extent necessary to avoid imminent peril to the public health, safety, or welfare.

281—2.17(17A) Review by agency of rules.

2.17(1) Any interested person, association, agency, or political subdivision may submit a written request to the administrative rules coordinator requesting the agency to conduct a formal review of a specified rule. Upon approval of that request by the administrative rules coordinator, the agency shall conduct a formal review of a specified rule to determine whether a new rule should be adopted instead or the rule should be amended or repealed. The agency may refuse to conduct a review if it has conducted such a review of the specified rule within five years prior to the filing of the written request.

2.17(2) In conducting the formal review, the agency shall prepare within a reasonable time a written report summarizing its findings, its supporting reasons, and any proposed course of action. The report must include a concise statement of the agency’s findings regarding the rule’s effectiveness in achieving its objectives, including a summary of any available supporting data. The report shall also concisely describe significant written criticisms of the rule received during the previous five years, including a summary of any petitions for waiver of the rule received by the agency or granted by the agency. The report shall describe alternative solutions to resolve the criticisms of the rule, the reasons any were rejected, and any changes made in the rule in response to the criticisms as well as the reasons for the changes. A copy of the agency’s report shall be sent to the administrative rules review committee and the administrative rules coordinator. The report must also be available for public inspection.

281—2.18(17A) Petition for rule making. A petition requesting the adoption, amendment, or repeal of a rule shall be filed with the department of education at the Grimes State Office Building, Second Floor, Des Moines, Iowa 50319-0146. A petition is deemed filed when it is received by that office. The department of education shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the department an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

7. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the issue(s) presented in the petition.

The petition must be dated and signed by the petitioner or the petitioner's representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner's representative and a statement indicating the person to whom communications concerning the petition should be directed.

281—2.19(17A) Inquiries. Inquiries concerning the status of a petition for rule making may be made to the Legal Consultant, Grimes State Office Building, Des Moines, Iowa 50319-0146.

These rules are intended to implement Iowa Code section 256.7(3) and chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

281—3.2(17A) Notice of petition. Within 15 days after receipt of a petition for a declaratory order, the department of education shall give notice of the petition to all persons not served by the petitioner pursuant to 3.6(17A) to whom notice is required by any provision of law. The department of education may also give notice to any other persons.

281—3.3(17A) Intervention.

3.3(1) Persons who qualify under any applicable provision of law as an intervenor and who file a petition for intervention within 15 days of the filing of a petition for declaratory order (after time for notice under 3.2(17A) and before 30-day time for agency action under 3.8(17A)) shall be allowed to intervene in a proceeding for a declaratory order.

3.3(2) Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the department of education.

3.3(3) A petition for intervention shall be filed at the Office of the Director, Grimes State Office Building, Des Moines, Iowa 50319-0146. Such a petition is deemed filed when it is received by that

office. The department of education will provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose. A petition for intervention must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

DEPARTMENT OF EDUCATION

The petition for intervention must provide the following information:

1. Facts supporting the intervenor's standing and qualifications for intervention.

3. Reasons for requesting intervention and disclosure of the intervenor's interest in the outcome.
4. A statement indicating whether the intervenor is currently a party to any proceeding involving the questions at issue and whether, to the intervenor's knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
5. The names and addresses of any additional persons, or a description of any additional class of persons, known by the intervenor to be affected by, or interested in, the questions presented.
6. Whether the intervenor consents to be bound by the determination of the matters presented in the declaratory order proceeding.

The petition must be dated and signed by the intervenor or the intervenor's representative. It must also include the name, mailing address, and telephone number of the intervenor and intervenor's representative, and a statement indicating the person to whom communications should be directed.

281—3.4(17A) Briefs. The petitioner or any intervenor may file a brief in support of the position urged. The department of education may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised.

281—3.5(17A) Inquiries. Inquiries concerning the status of a declaratory order proceeding may be made to the Legal Consultant, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146.

281—3.6(17A) Service and filing of petitions and other papers.

3.6(1) *When service required.* Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

3.6(2) *Filing—when required.* All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the Legal Consultant, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the department of education.

3.6(3) *Method of service, time of filing, and proof of mailing.* Method of service, time of filing, and proof of mailing shall be as provided by 281—6.17(17A).

281—3.7(17A) Consideration. Upon request by petitioner, the department of education must schedule a brief and informal meeting between the original petitioner, all intervenors, and the department of education, a member of the department, or a member of the staff of the department, to discuss the

questions raised. The department of education may solicit comments from any person on the questions raised. Also, comments on the questions raised may be submitted to the department by any person.

281—3.8(17A) Action on petition.

3.8(1) Within the time allowed by 1998 Iowa Acts, chapter 1202, section 13(5), after receipt of a petition for a declaratory order, the director of the department of education or designee shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13(5).

3.8(2) The date of issuance of an order or of a refusal to issue an order is as defined in 281—6.2(290,17A).

281—3.9(17A) Refusal to issue order.

3.9(1) The department of education shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13(1), and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

1. The petition does not substantially comply with the required form.
2. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the department of education to issue an order.
3. The department of education does not have jurisdiction over the questions presented in the petition.
4. The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding that may definitively resolve them.
5. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
6. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
7. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
8. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
9. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
10. The petitioner requests the department of education to determine whether a statute is unconstitutional on its face.

3.9(2) A refusal to issue a declaratory order must indicate the specific grounds for the refusal and constitutes final agency action on the petition.

3.9(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue a ruling.

281—3.10(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

281—3.11(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to the original petitioner and all intervenors.

281—3.12(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the department of education, the petitioner, and any intervenors who consent to be bound and is applicable only in circumstances where

the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the department of education. The issuance of a declaratory order constitutes final agency action on the petition.

These rules are intended to implement Iowa Code section 256.7(3) and chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

CHAPTER 4
WAIVERS OR VARIANCES FROM ADMINISTRATIVE RULES

281—4.1(17A,ExecOrd11) Definitions. For purposes of this chapter:

“*Board*” means the state board of education.

“*Department*” means the department of education.

“*Director*” means the director of the department of education.

“*Person*” means an individual, school corporation, government or governmental subdivision or agency, nonpublic school, partnership or association, or any legal entity.

“*Waiver or variance*” means action by the director which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person. For simplicity, the term “waiver” shall include both a “waiver” and a “variance.”

281—4.2(17A,ExecOrd11) Scope of chapter. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules in situations where no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

281—4.3(17A,ExecOrd11) Applicability of chapter. A waiver from a rule may be granted only if the department has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. Statutory duties or requirements created by statute may not be waived.

281—4.4(17A,ExecOrd11) Criteria for waiver. In response to a petition completed pursuant to rule 281—4.6(17A,ExecOrd11), the director may in the director’s sole discretion issue an order waiving in whole or in part the requirements of a rule if the director finds, based on clear and convincing evidence, all of the following:

1. The application of the rule to the person at issue would result in an undue hardship on the person for whom the waiver is requested;
2. The waiver from the requirement of the rule in the specific case would not prejudice the substantial legal rights of any person;
3. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law;
4. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested; and
5. The waiver from the requirements of the rule in the specific case would not have a negative impact on the student achievement of any person affected by the waiver.

281—4.5(17A,ExecOrd11) Filing of petition. All petitions for waiver must be submitted in writing to the Director, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

281—4.6(17A,ExecOrd11) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

1. The name, address, and telephone number of the person for whom a waiver is being requested, and the case number of any related contested case.
2. A description and citation of the specific rule from which a waiver is requested.
3. The specific waiver or variance requested, including the precise scope and duration.
4. The relevant facts that the petitioner believes would justify a waiver under each of the five criteria described in rule 281—4.4(17A,ExecOrd11). This statement shall include a signed statement

from the petitioner attesting to the accuracy of the facts provided in the petition and a statement of reasons that the petitioner believes will justify a waiver.

5. A history of any prior contacts between the board, the department and the petitioner relating to the regulated activity, license, or grant affected by the proposed waiver, including a description of each affected item held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity, license, or grant within the last five years.

6. A detailed statement of the impact on student achievement for any person affected by the granting of a waiver.

7. Any information known to the requester regarding the board's or department's treatment of similar cases.

8. The name, address, and telephone number of any person or entity that would be adversely affected by the granting of a petition.

9. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

10. Signed releases of information authorizing persons with knowledge regarding the request to furnish the department with information relevant to the waiver.

281—4.7(17A,ExecOrd11) Additional information. Prior to issuing an order granting or denying a waiver, the department may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the department may on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and the department.

281—4.8(17A,ExecOrd 11) Notice. The department shall acknowledge a petition upon receipt. The department shall ensure that, within 30 days of the receipt of the petition, notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law. In addition, the department may give notice to other persons. To accomplish this notice provision, the department may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law and provide a written statement to the department attesting that notice has been provided.

281—4.9(17A,ExecOrd11) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply in three situations: (1) to any petition for a waiver filed within a contested case; (2) when provided by rule or order; or (3) when required to do so by statute.

281—4.10(17A,ExecOrd11) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and the reasons upon which the action is based, and a description of the precise scope and operative period of the waiver if one is issued.

4.10(1) Discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the director, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the director based on the unique, individual circumstances set out in the petition.

4.10(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the director should exercise the director's discretion to grant a waiver from a rule.

4.10(3) Narrowly tailored. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

4.10(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the director shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

4.10(5) Conditions. The director may place any condition on a waiver that the director finds desirable to protect the public health, safety, and welfare.

4.10(6) Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the director, a waiver may be renewed if the director finds that grounds for a waiver continue to exist.

4.10(7) Time for ruling. The director shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the director shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

4.10(8) When deemed denied. Failure of the director to grant or deny a petition within the required time period shall be deemed a denial of that petition by the director. However, the director shall remain responsible for issuing an order denying a waiver.

4.10(9) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

281—4.11(17A,ExecOrd11) Public availability. All orders granting a waiver petition shall be indexed, filed and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. The director may accordingly redact confidential information from petitions or orders prior to public inspection.

281—4.12(17A,ExecOrd11) Summary reports. Semiannually, the department shall prepare a summary report identifying the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the board's actions on waiver requests. If practicable, the report shall detail the extent to which the granting of a waiver has affected the general applicability of the rule itself. Copies of the report shall be available for public inspection and shall be provided semiannually to the administrative rules coordinator and the administrative rules review committee.

281—4.13(17A,ExecOrd11) Cancellation. A waiver issued pursuant to this chapter may be withdrawn, canceled or modified if, after appropriate notice and hearing, the director issues an order finding any of the following:

1. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
2. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
3. The subject of the waiver order has failed to comply with all conditions contained in the order.

281—4.14(17A,ExecOrd11) Violations. Violation of conditions in the waiver approval is the equivalent of violation of the particular rule for which the waiver is granted. - a.* For a routine use as defined in rule 5.10(256) or in the notice for a particular record system.
- b.* To a recipient who has provided the agency with advance written assurance that the record will be used solely as a statistical research or reporting record, provided that the record is transferred in a form that does not identify the subject.
- c.* To another government agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if an authorized representative of the government agency or instrumentality has submitted a written request to the agency specifying the record desired and the law enforcement activity for which the record is sought.

- e.* To the legislative services agency.
- f.* Disclosures in the course of employee disciplinary proceedings.

281—5.10(256) Routine use.

5.10(1) "Routine use" means the disclosure of a record without the consent of the subject or subjects, for a purpose which is compatible with the purpose for which the record was collected. It includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22.

5.10(2) To the extent allowed by law, the following uses are considered routine uses of all agency records:

- a.* Disclosure to those officers, employees, and agents of the agency who have a need for the record in the performance of their duties. The custodian of the record may, upon request of any officer or employee, or on the custodian's own initiative, determine what constitutes legitimate need to use confidential records.
- b.* Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.
- c.* Disclosure to the department of inspections and appeals regarding matters in which it performs services or functions on behalf of the agency.
- d.* Transfers of information within the agency, to other state agencies, or to local units of government, as appropriate, to administer the program for which the information is collected.

281—5.11(256) Consensual disclosure of confidential records.

5.11(1) *Consent to disclosure by a subject individual.* To the extent permitted by law, the subject may consent in writing to agency disclosure of confidential records as provided in rule 5.7(256).

5.11(2) *Complaints to public officials.* A letter from a subject of a confidential record to a public official which seeks the official's intervention on behalf of the subject in a matter that involves the agency may to the extent permitted by law be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

281—5.12(256) Release to a subject.

5.12(1) The subject of a confidential record may file a written request to review confidential records about that person as provided in rule 5.6(256). However, the agency need not release the following records to the subject:

- a.* The identity of a person providing information to the agency need not be disclosed directly or indirectly to the subject of the information when the information is authorized to be held confidential pursuant to Iowa Code section 22.7(18) or other provision of law.
- b.* Records need not be disclosed to the subject when they are the work product of an attorney or are otherwise privileged.
- c.* Peace officers' investigative reports may be withheld from the subject, except as required by the Iowa Code. (See Iowa Code section 22.7(5))
- d.* As otherwise authorized by law.

5.12(2) Where a record has multiple subjects with interest in the confidentiality of the record, the agency may take reasonable steps to protect confidential information relating to another subject.

281—5.13(256) Availability of records.

5.13(1) *Open records.* Agency records are open for public inspection and copying unless otherwise provided by rule or law.

e. Identifying details in final orders, decisions and opinions to the extent required to prevent a clearly unwarranted invasion of personal privacy or trade secrets under Iowa Code section 17A.3(1) “d.”

f. Those portions of agency staff manuals, instructions or other statements issued which set forth criteria or guidelines to be used by agency staff in auditing, in making inspections, in settling commercial disputes or negotiating commercial arrangements, or in the selection or handling of cases, such as operational tactics or allowable tolerances or criteria for the defense, prosecution or settlement of cases, when disclosure of these statements would:

- (1) Enable law violators to avoid detection;
- (2) Facilitate disregard of requirements imposed by law; or
- (3) Give a clearly improper advantage to persons who are in an adverse position to the agency. (See Iowa Code sections 17A.2 and 17A.3)

g. Records which constitute attorney work product, attorney-client communications, or which are otherwise privileged. Attorney work product is confidential under Iowa Code sections 22.7(4), 622.10 and 622.11, Iowa R.C.P. 122(c), Fed. R. Civ. P. 26(b)(3), and case law. Any person may request permission to inspect records withheld from inspection under a statute which authorizes limited or discretionary disclosure as provided in rule 5.4(17A,22). If the agency initially determines that it will release these records, the agency may, where appropriate, notify interested parties and withhold the records from inspection as provided in subrule 5.4(3).

281—5.14(256) Personally identifiable information. This rule describes the nature and extent of personally identifiable information which is collected, maintained, and retrieved by the agency by personal identifier in record systems as defined in rule 5.1(256). For each record system, this rule describes the legal authority for the collection of that information, the means of storage of that information and indicates whether a data processing system matches, collates, or permits the comparison of personally identifiable information in one record system with that in another record system. The record systems maintained by the agency are:

5.14(1) Staff records of the basic educational data survey. Records of employees of area educational agencies, merged area schools, and approved public and private schools, whose positions require an Iowa teacher’s certificate and contain such personally identifiable information as name, Iowa teacher’s certificate number, and social security number. Other data collected are date of birth, teaching experience, sex, current position and assignments. This information is collected pursuant to Iowa Code subsection 256.9(18) and 281—subrule 11.1(4), and is stored on paper and in an automated data processing system. Data processing systems match, collate, and compare the personally identifiable information of the staff records with that of teacher certification records.

5.14(2) Driver education records. Driver education records contain personally identifiable information such as name, driver’s license number, and Iowa teacher’s certificate number collected pursuant to Iowa Code section 321.178 and 281—Chapter 26, and are stored on paper and in an automated data processing system. 3. Govern the maintenance or disclosure of, notification of or access to, records in the possession of the agency which are governed by the rules of another agency. This chapter applies to all records of the department of education. Additional rules regarding records of the department's division of vocational rehabilitation services are also set forth in 281—Chapter 56, division VIII. This chapter does not apply to the records of the following agencies under the department's "umbrella" that have their own rule-making

authority: college aid commission, Iowa advance funding authority, educational examiners board, and the school budget review committee.

4. Apply to grantees, including local governments or subdivisions thereof, administering state-funded programs, unless otherwise provided by law or agreement.

5. Make available records compiled by the agency in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable legal and constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable rules of the agency.

These rules are intended to implement Iowa Code section 22.11.

CHAPTER 6 APPEAL PROCEDURES

[Prior to 9/7/88, see Public Instruction Department[670] Ch 51]

281—6.1(290) Scope of appeal. The rules of this chapter are applicable to all hearing requests seeking appellate review by the state board of education, the director of education, or the department of education.

281—6.2(256,290,17A) Definitions.

“Appellant,” as used in this chapter, shall refer to a party bringing an appeal to the state board of education, the director of education or the department of education.

“Appellee,” as used in this chapter, shall refer to the party in a matter against whom an appeal is taken, or the party whose interest is adverse to the reversal of a prior decision now on appeal to the state board of education, the director of education or the department of education.

“Board,” as used in this chapter, shall refer to the state board of education.

“Contested case” means a proceeding defined by Iowa Code section 17A.2(5) and includes any matter defined as a no factual dispute contested case under 1998 Iowa Acts, chapter 1202, section 14.

“Default” means a dismissal of the appeal due to nonappearance at the hearing, either telephonically or in person, or for failure to request a continuance of the appeal hearing. Exceptions may be granted at the discretion of the presiding officer.

“Department” means the department of education.

“Director,” as used in this chapter, shall refer to the director of education.

“Hearing panel,” as used in this chapter, shall refer to the director of education, or the director’s designee, sitting as the administrative law judge and two members of the department of education staff designated by the administrative law judge to hear the presentation of evidence or oral arguments concerning appeals which are unusual or which present issues of first impression.

“Issuance” means the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

“Party” means each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party.

“Presiding officer” means the director of the department of education or the designated administrative law judge.

281—6.3(290,17A) Manner of appeal.

6.3(1) An appeal shall be made in the form of an affidavit, unless an affidavit is not required by the statute establishing the right of appeal, which shall set forth the facts, any error complained of, or the reasons for the appeal in a plain and concise manner, and which shall be signed by the appellant and delivered to the office of the director by United States Postal Service, facsimile (fax), or personal service. The affidavit shall be considered as filed with the agency on the date of the United States Postal Service postmark, the date of arrival of the facsimile, or the date personal service is made. Time shall be computed as provided in Iowa Code subsection 4.1(34).

6.3(2) The director or designee shall, within five days after the filing of such affidavit, notify the proper officer in writing of the taking of an appeal, and the officer shall, within ten days, file with the board a complete certified transcript of the record and proceedings related to the decision appealed. A certified copy of the minutes of the meeting of the governmental body making the decision appealed shall satisfy this requirement.

6.3(3) The director or designee shall send written notice by certified mail, return receipt requested, at least ten days prior to the hearing, unless the ten-day period is waived by all parties, to all persons known to be interested. Such notice shall include the time, place, and nature of the hearing; a statement of the legal authority and jurisdiction under which the hearing is to be held; a reference to the particular sections of the statutes and rules involved; and a short and plain statement of the matters asserted. A copy of the appeal hearing rules shall be included with the notice.

The notice of hearing shall contain the following information: identification of all parties including the name, address and telephone number of the person who will act as advocate for the agency or the state and of parties' counsel where known; reference to the procedural rules governing conduct of the contested case proceeding; reference to the procedural rules governing informal settlement; and identification of the presiding officer, if known. If not known, a description of who will serve as presiding officer (e.g., director of the department or administrative law judge from the department of inspections and appeals).

6.3(4) and 6.3(5) Rescinded IAB 5/5/99, effective 6/9/99.

6.3(6) An amendment to the affidavit of appeal may be made by the appellant up to ten working days prior to the hearing. With the agreement of all parties, an amendment may be made until the hearing is closed to the receipt of evidence.

281—6.4(17A) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

6.4(1) A written application for a continuance shall:

- a. Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
- b. State the specific reasons for the request; and
- c. Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The agency may waive notice of such requests for a particular case or an entire class of cases.

6.4(2) In determining whether to grant a continuance, the presiding officer may consider:

- a. Prior continuances;
- b. The interests of all parties;
- c. The likelihood of informal settlement;
- d. The existence of an emergency;
- e. Any objection;
- f. Any applicable time requirements;
- g. The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h. The timeliness of the request; and
- i. Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

281—6.5(17A) Intervention.

6.5(1) Motion. A motion for leave to intervene in a contested case proceeding shall state the grounds for the proposed intervention, the position and interest of the proposed intervenor, and the possible impact of intervention on the proceeding. A proposed answer or petition in intervention shall be attached to the motion. Any party may file a response within 14 days of service of the motion to intervene unless the time period is extended or shortened by the presiding officer.

6.5(2) When filed. Motion for leave to intervene shall be filed as early in the proceeding as possible to avoid adverse impact on existing parties or the conduct of the proceeding. Unless otherwise ordered, a motion for leave to intervene shall be filed before the prehearing conference, if any, or at least 20 days before the date scheduled for hearing. Any later motion must contain a statement of good cause for the failure to file in a timely manner. Unless inequitable or unjust, an intervenor shall be bound by any agreement, arrangement, or other matter previously raised in the case. Requests by untimely intervenors for continuances which would delay the proceeding will ordinarily be denied.

6.5(3) Grounds for intervention. The movant shall demonstrate that: (a) intervention would not unduly prolong the proceedings or otherwise prejudice the rights of existing parties; (b) the movant

is likely to be aggrieved or adversely affected by a final order in the proceeding; and (c) the interests of the movant are not adequately represented by existing parties.

6.5(4) *Effect of intervention.* If appropriate, the presiding officer may order consolidation of the petitions and briefs of different parties whose interests are aligned with each other and limit the number of representatives allowed to participate actively in the proceedings. A person granted leave to intervene is a party to the proceeding. The order granting intervention may restrict the issues that may be raised by the intervenor or otherwise condition the intervenor's participation in the proceeding.

281—6.6(17A) Motions.

6.6(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

6.6(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the agency or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

6.6(3) The presiding officer may schedule oral argument on any motion.

6.6(4) Motions pertaining to the hearing, except motions for summary judgment, must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the agency or an order of the presiding officer.

6.6(5) Motions for summary judgment. Motions for summary judgment shall comply with the requirements of Iowa Rule of Civil Procedure 1.981 and shall be subject to disposition according to the requirements of that rule to the extent such requirements are not inconsistent with the provisions of this rule or any other provision of law governing the procedure in contested cases.

Motions for summary judgment must be filed and served at least 45 days prior to the scheduled hearing date, or other time period determined by the presiding officer. Any party resisting the motion shall file and serve a resistance within 15 days, unless otherwise ordered by the presiding officer, from the date a copy of the motion was served. The time fixed for hearing or nonoral submission shall be not less than 20 days after the filing of the motion, unless a shorter time is ordered by the presiding officer. A summary judgment order rendered on all issues in a contested case is subject to rehearing pursuant to rule 6.20(17A) and appeal pursuant to rule 6.21(17A).

281—6.7(17A) Disqualification.

6.7(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a.* Has a personal bias or prejudice concerning a party or a representative of a party;
- b.* Has personally investigated, prosecuted or advocated in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;
- c.* Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;
- d.* Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e.* Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f.* Has a spouse or relative within the third degree of relationship that: (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
- g.* Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

6.7(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17(3) and subrules 6.7(3) and 6.14(9).

6.7(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

6.7(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 6.7(1), the party shall file a motion supported by an affidavit pursuant to Iowa Code section 17A.11(3). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party.

If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification but must establish the grounds by the introduction of evidence into the record.

If the presiding officer determines that disqualification is appropriate, the presiding officer or other person shall withdraw. If the presiding officer determines that withdrawal is not required, the presiding officer shall enter an order to that effect.

281—6.8(290) Subpoena of witnesses and costs.

6.8(1) The director, on behalf of the board, has the power to issue subpoenas for witnesses, to compel the attendance of those witnesses, and the giving of evidence by them, in the same manner and to the same extent as the district court may do. An agency subpoena shall be issued to a party on written request made at least ten days prior to the hearing. Parties are responsible for obtaining service of their own subpoenas.

6.8(2) Witnesses and serving officers may be allowed the same compensation as is paid for like attendance or service in district court. The witness’s fees and mileage are considered costs of the appeal under Iowa Code section 290.4; costs are assigned to the nonprevailing party. The witness’s fees and expenses for hearings brought under other statutes and rules are the responsibility of the party requesting or subpoenaing the witness.

6.8(3) Motion to quash or modify. The presiding officer may quash or modify a subpoena for any lawful reason upon motion in accordance with the Iowa Rules of Civil Procedure. A motion to quash or modify a subpoena shall be set for argument promptly.

6.8(4) Telephone proceedings. The presiding officer may resolve preliminary procedural motions by telephone conference in which all parties have an opportunity to participate. Other telephone proceedings may be held with the consent of all parties. The presiding officer will determine the location of the parties and witnesses for telephone hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when location is chosen.

281—6.9(17A) Discovery. Discovery procedures applicable to civil actions are available to all parties in contested cases before the department. Evidence obtained in discovery may be used in the hearing before the department if that evidence would otherwise be admissible in the hearing.

Any deviations from the time periods established for compliance with discovery in the Iowa Rules of Civil Procedure shall be determined by the administrative law judge upon opportunity for all parties to be heard.

281—6.10(17A) Consolidation—severance.

6.10(1) Consolidation. The administrative law judge may consolidate any or all matters at issue in two or more appeals where: (a) the matters at issue involve common parties or common questions of fact or law; (b) consolidation would expedite and simplify consideration of the issues involved; and (c) consolidation would not adversely affect the rights of any of the parties of those proceedings.

6.10(2) Severance. The administrative law judge may, for good cause shown, order any contested case proceedings or portions thereof severed.

281—6.11(17A) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the agency in its discretion may refuse to give effect to such a waiver when it deems the waiver to be inconsistent with the public interest.

281—6.12(17A) Appeal hearing.

6.12(1) On stipulated record. Upon the written agreement of the parties, the transcript of the record and proceedings as certified by the proper official and any other documents mutually stipulated may become the evidentiary basis for the hearing on appeal. In the event that the hearing is to be conducted on the stipulated record, the following procedures shall be followed:

a. At the established time, the name and nature of the case are announced by the administrative law judge. Inquiries shall be made as to whether the respective parties or their representatives are present.

b. When it is determined that parties or their representatives are present, or that absent parties have been properly notified, the hearing may proceed. When any absent party has been properly notified, this fact shall be entered into the record. When notice to an absent party has been sent by certified mail, return requested, the return shall be placed in the record. If the notice was sent in another manner, sufficient details of the time and manner of notice shall be entered into the record. If it is not determined whether absent parties have been properly notified, the proceedings may be recessed at the discretion of the administrative law judge.

c. The appeal hearing on stipulated record is nonevidentiary in nature. No witnesses will be heard nor evidence received. The controversy will be decided on the basis of the stipulated record and the arguments presented on behalf of the respective parties. The parties shall be so reminded by the administrative law judge at the outset of the proceedings.

d. Illustrative materials such as charts and maps may be used to illustrate an argument, but may not be used as new evidence to prove a point in controversy.

e. Unless the administrative law judge determines otherwise, each party shall have one spokesperson.

f. The appellant shall present the first argument. The appellee shall follow with argument and rebuttal of the appellant's argument. A third party who was a party in the initial proceeding but not either appellant or appellee may, at the discretion of the administrative law judge, be allowed to make remarks. The appellant may then rebut the proceeding arguments but may not introduce new arguments.

g. Appellant and appellee shall have equal time to present their arguments and appellant's total time shall not be increased by the right of rebuttal. The time limit for argument shall be established by the administrative law judge and shall in most instances be limited to 30 minutes for each party.

h. At the conclusion of arguments, each party shall have the opportunity to submit written briefs or arguments, or additional written briefs if they have already done so. Any party submitting a written brief or argument must deliver a copy to all other parties, preferably in advance of the appeal hearing. In the event that all parties have not been furnished a copy of another party's brief at least two days in advance of the appeal hearing, each party shall be afforded the opportunity to submit reply briefs within ten days of the conclusion of the appeal hearing. The opportunity to submit reply briefs may be waived by any party and shall be entered into the record.

i. The appeal hearing is then closed upon order of the administrative law judge.

6.12(2) Evidentiary hearing. When the parties do not agree to a stipulated record, the following procedure shall be followed:

a. The appellant may begin by giving an opening statement of a general nature which may include the basis for the appeal, the type and nature of the evidence the appellant proposes to introduce and the conclusions which the appellant believes the evidence will substantiate.

b. With the permission of the administrative law judge, a third party directly involved in the original proceeding but neither appellant nor appellee may make an opening statement of a general nature.

c. The appellee may present an opening statement of a general nature which may include the type and nature of evidence proposed to be introduced and the conclusions which the appellee believes the evidence will substantiate. The appellee may present an opening statement following the appellant's opening statement, if any, or may reserve opening for immediately prior to its case-in-chief.

d. The appellant may then call witnesses and present other evidence.

e. Each witness shall be administered an oath by the administrative law judge. The oath shall be in the following form: "Do you solemnly swear or affirm that the testimony or evidence which you are about to give in the proceeding now in hearing shall be the truth, the whole truth, and nothing but the truth?"

f. The appellee may cross-examine all witnesses and may examine and question all other evidence.

g. Upon conclusion of the presentation of evidence by the appellant, the appellee may call witnesses and present other evidence. The appellant may cross-examine all witnesses and may examine and question all other evidence.

h. The hearing panel members may address questions to each witness at the conclusion of questioning by the appellant and the appellee.

i. At the discretion of the administrative law judge, either party may be permitted to present rebuttal witnesses and additional evidence of matters previously placed in evidence. No new matters of evidence may be raised during this period of rebuttal.

j. The appellant shall make a final argument for a length of time established by the administrative law judge, in which the appellant may review the evidence presented, the conclusions which the appellant believes most logically follow from the evidence and a recommendation of action to the hearing panel.

k. The appellee may make a final argument for a period of time equal to that granted to the appellant in which the appellee may review the evidence presented, the conclusions which the appellee believes most logically follow from the evidence and a recommendation of action to the hearing panel.

l. At the discretion of the administrative law judge, a third party directly involved in the original proceeding but neither the appellant nor appellee may make a final argument.

m. At the discretion of the administrative law judge, either side may be given an opportunity to rebut the other's final argument. No new arguments may be raised during rebuttal.

n. Any party may submit written briefs. Written briefs by nonparties may be accepted at the discretion of the administrative law judge. Any party submitting a written brief or argument shall deliver a copy to all other parties, preferably in advance of the appeal hearing. In the event that all parties have not been furnished a copy of another party's brief or argument at least two days in advance of the appeal hearing, each party shall be afforded the opportunity to submit reply briefs within ten days of the conclusion of the appeal hearing. The opportunity to submit reply briefs may be waived by a party and the waiver shall be entered into the record.

o. Rules of evidence.

(1) Because the administrative law judge must decide each case correctly as to the parties before the panel and the administrative law judge must also decide what is in the public's best interest, it is necessary to allow for the reception of all relevant evidence which will contribute to an informed result. The ultimate test of admissibility is whether the offered evidence is reliable, probative, and relevant.

(2) Irrelevant, immaterial, or unduly repetitious evidence should be excluded. A finding shall be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based upon such evidence even if it would be inadmissible in a jury trial. The hearing panel shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, when a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be required to be submitted in verified written form.

(3) Documentary evidence may be received in the form of copies or excerpts, if the original is not readily available. Upon request, parties shall be given an opportunity to compare the copy with the original, if available.

(4) Witnesses at the hearing, or persons whose testimony has been submitted in written form, if available, shall be subject to cross-examination by any party as necessary for a full and true disclosure of the facts.

(5) Official notice may be taken of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the hearing panel. Parties shall be notified at the earliest practicable time, either before or during the hearing, or by reference in preliminary reports, and shall be afforded an opportunity to contest such facts before the decision is announced.

(6) The hearing panel's experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence.

(7) No decision shall be made except upon consideration of the whole record or portions that may be cited by any party and as supported by and in accordance with the reliable, probative and substantial evidence.

6.12(3) Telephone hearings. Upon agreement of the parties, a hearing may take place by telephone conference call.

281—6.13 Reserved.

281—6.14(17A) Ex parte communication.

6.14(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. This does not prohibit persons jointly assigned such tasks from communicating with each other. Nothing in this provision is intended to preclude the presiding officer from communicating with members of the agency or seeking the advice or help of persons other than those with a personal interest in, or those engaged in personally investigating as defined in subrule 6.7(2), prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

6.14(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending.

6.14(3) Written, oral or other forms of communication are "ex parte" if made without notice and opportunity for all parties to participate.

6.14(4) To avoid prohibited ex parte communications notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

6.14(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

6.14(6) The executive director or other persons may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating in the making of a proposed or final decision under any provision of law and they comply with subrule 6.14(1).

6.14(7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines pursuant to rule 6.4(17A).

6.14(8) Disclosure of prohibited communications. A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order or disclosed. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

6.14(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

6.14(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, or suspension or revocation of the privilege to practice before the agency. Violation of ex parte communication prohibitions by agency personnel shall be reported to the legal consultant for the department of education for possible sanctions including censure, suspension, dismissal, or other disciplinary action.

281—6.15(17A) Record.

6.15(1) Upon the request of any party, oral proceedings in whole or in part shall be either transcribed, if recorded by certified shorthand reporters, or copied if recorded by mechanical means, with the expense for the transcription of copies charged to the requesting party.

6.15(2) All recordings, stenographic notes or transcriptions of oral proceedings shall be maintained and preserved by the department for at least five years from the date of a decision.

6.15(3) The record of a hearing under these rules shall include:

- a. All pleadings, motions and intermediate rulings.
- b. All evidence received or considered and all other submissions.
- c. A statement of matters officially noticed.
- d. All questions and offers of proof, objections, and rulings thereon.
- e. All proposed findings of fact and conclusions of law.
- f. Any decision, opinion or report by the administrative law judge presented at the hearing.

281—6.16(17A) Recording costs. Upon request, the department of education shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party.

Parties who request that a hearing be recorded by certified shorthand reporters rather than by electronic means shall bear the cost of that recordation, unless otherwise provided by law.

281—6.17(290,17A) Decision and review.

6.17(1) The presiding officer, after due consideration of the record and the arguments presented, and with the advice and counsel of the staff members, shall make a decision on the appeal. The proposed decision shall be mailed to the parties or their representatives by regular mail.

6.17(2) The decision shall be based on the laws of the United States, the state of Iowa and the regulations and policies of the department of education and shall be in the best interest of education.

6.17(3) The decision of the presiding officer shall be placed on the agenda of the next regular board meeting for review of the record and decision unless the decision is within the province of the director to make.

6.17(4) Any adversely affected party may appeal a proposed decision to the state board within 20 days after issuance of the proposed decision.

6.17(5) An appeal of a proposed decision is initiated by filing a timely notice of appeal with the office of the director. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:

- a. The names and addresses of the parties initiating the appeal;
- b. The proposed decision to be appealed;
- c. The specific findings or conclusions to which exception is taken and any other exceptions to the decision;
- d. The relief sought; and
- e. The grounds for relief.

6.17(6) Appeal procedures.

a. Unless otherwise ordered, within 15 days of a party's filing of the notice of appeal, each appealing party may file exceptions and briefs. Within 10 days after the filing of exceptions and briefs by the appealing party, any party may file a responsive brief;

b. Briefs shall cite any applicable legal authority and specify relevant portions of the record in the proceeding below;

c. Briefs shall be limited to a maximum length of 25 pages; and

d. An opportunity for oral arguments may be given with the consent of the board. Written requests to present oral arguments shall be filed with the briefs.

6.17(7) The board may affirm, modify, or vacate the decision, or may direct a rehearing before the director or the director's designee.

6.17(8) Copies of the final decision shall be sent to the parties or their representatives by regular mail within five days after state board action, if required, on the proposed decision.

6.17(9) No individual who participates in the making of any decision shall have advocated in connection with the hearing, the specific controversy underlying the case, or other pending factually related matters. Nor shall any individual who participates in the making of any proposed decision be subject to the authority, direction, or discretion of any person who has advocated in connection with the hearing, the specific controversy underlying the hearing, or a pending related matter involving the same parties.

6.17(10) Rescinded IAB 8/21/02, effective 9/25/02.

281—6.18(290) Finality of decision. The decision is final upon board approval of the presiding officer's decision.

281—6.19(17A) Default.

6.19(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

6.19(2) Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

6.19(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final agency action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided. A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated

by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

6.19(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

6.19(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

6.19(6) "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

6.19(7) A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding.

6.19(8) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

6.19(9) A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues but, unless the defaulting party has appeared, it cannot exceed the relief demanded.

6.19(10) A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately.

281—6.20(17A) Application for rehearing of final decision. Any party may file an application for rehearing with the presiding officer stating the specific grounds therefor, and the relief sought, within 20 days after the issuance of any final decision by the board. A copy of the application shall be timely mailed by the department to all parties of record not joining therein. Such application for rehearing shall be deemed to have been denied unless the board or the presiding officer grants the application within 20 days of the filing. A rehearing shall not be granted unless it is necessary to correct a mistake of law or fact, or for other good cause.

281—6.21(17A) Rehearing.

6.21(1) In the event a rehearing is granted, the presiding officer, in arriving at a subsequent decision, may either review the record and arguments or may proceed with either a full or partial hearing under the appeal hearing provisions of this chapter.

6.21(2) Following the rehearing, the presiding officer shall place the proposed decision on the agenda of the next regular board meeting for review of the record and decision as provided for in 6.17(290,17A).

281—6.22(17A) Emergency adjudicative proceedings.

6.22(1) Necessary emergency action. To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare and, consistent with the Constitution and other provisions of law, the department may issue a written order in compliance with Iowa Code section 17A.18 to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the department by emergency adjudicative order. Before issuing an emergency adjudicative order the department shall consider factors including, but not limited to, the following:

a. Whether there has been a sufficient factual investigation to ensure that the department is proceeding on the basis of reliable information;

b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;

c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;

d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and

e. Whether the specific action contemplated by the department is necessary to avoid the immediate danger.

6.22(2) *Issuance of order.*

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the department's decision to take immediate action.

b. The written emergency adjudicative order shall be immediately delivered to persons who are required to comply with the order by utilizing one or more of the following procedures:

- (1) Personal delivery;
- (2) Certified mail, return receipt requested, to the last address on file with the department;
- (3) Certified mail to the last address on file with the department;
- (4) First-class mail to the last address on file with the department; or
- (5) Fax. Fax may be used as the sole method of delivery if the person required to comply with the order has filed a written request that department orders be sent by fax and has provided a fax number for that purpose.

c. To the degree practicable, the department shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

6.22(3) *Oral notice.* Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the department shall make reasonable immediate efforts to contact by telephone the persons who are required to comply with the order.

6.22(4) *Completion of proceedings.* After the issuance of an emergency adjudicative order, the department shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

Issuance of a written emergency adjudicative order shall include notification of the date on which departmental proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further agency proceedings to a later date will be granted only in compelling circumstances upon application in writing.

These rules are intended to implement Iowa Code sections 256.7(6), 275.16, 282.18, 282.18(5), 282.32, 285.12, and Iowa Code chapter 290 and chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

CHAPTER 7 CRITERIA FOR GRANTS

281—7.1(256,17A) Purpose. The department provides competitive grant funding to a variety of entities throughout the state for support of educational programs. To ensure equal access and objective evaluation of applicants for these funds, grant application materials shall contain, at minimum, specific content. Competitive program grant application packets shall be developed by the department in accordance with these rules unless prohibited by or in conflict with appropriation language, the Iowa Code, the Iowa Administrative Code, federal regulations or interagency agreements between the department and other state agencies.

281—7.2(256,17A) Definitions. For the purpose of these rules, the following definitions shall apply:

“Competitive program grant” means the collective activities of a competitive grant funded through the department.

“Department” means the Iowa department of education.

“Program period” means the period of time which the department intends to support the program without requiring the recompetition for funds. The program period is specified within the grant application.

“Service delivery area” means the defined geographic area for delivery of program services.

281—7.3(256,17A) Requirements. The following shall be included in all competitive program grant application materials made available by the department:

1. Funding source.
2. Program period.
3. Description of eligible applicants.
4. Services to be delivered.
5. Service delivery area.
6. Target population to be served (if applicable).
7. Funding purpose.
8. Funding restrictions.
9. Funding formula (if any).
10. Matching requirement (if any).
11. Reporting requirements.
12. Performance criteria.
13. Need for letters of support or other materials (if applicable).
14. Application due date.
15. Anticipated date of awarding grant.
16. Required components of submitted grant applications.
17. An explanation of the review process and the review criteria to be used by application evaluators, including the number of points allocated per required component.
18. Appeal process in the event an application is denied.

281—7.4(256,17A) Review process. The review process to be followed in determining the amount of funds to be approved for any competitive program grant shall be described in the application. The review criteria and point allocation for each criterion shall also be described in the grant application material.

The competitive program grant review committee shall be determined by the appropriate division administrator. The review committee members shall allocate points per review criterion when conducting the review.

In the event competitive program grant applications receive an equal number of points that necessitates a further determination of whether an applicant is to receive a grant, a second review shall be conducted by the division administrator or the division administrator’s designee.

281—7.5(290,17A) Appeal of grant denial or termination. Any applicant may appeal the denial of a properly submitted competitive program grant application or the unilateral termination of a competitive program grant to the director of the department. Appeals must be in writing and received within ten working days of the date of the notice of decision and must be based on a contention that the process was conducted outside of statutory authority; violated state or federal law, policy, or rule; did not provide adequate public notice; was altered without adequate public notice; or involved conflict of interest by staff or committee members. The hearing and appeal procedures found in 281—Chapter 6 that govern director's decisions shall be applicable to any appeal of denial or termination.

In the notice of appeal, the grantee shall give a short and plain statement of the reasons for the appeal.

The director shall issue a decision within a reasonable time, not to exceed 60 days from the date of the hearing.

These rules are intended to implement Iowa Code section 256.9(7).

TITLE II
ACCREDITED SCHOOLS AND SCHOOL DISTRICTS
CHAPTER 11
UNSAFE SCHOOL CHOICE OPTION

281—11.1(PL107-110) Purpose. Under the federal No Child Left Behind Act of 2001, Section 9532, each state receiving federal funds is required to establish and implement a statewide policy requiring that a student attending a persistently dangerous public elementary school or secondary school or who becomes a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends be allowed to attend a safe school within the district.

281—11.2(PL107-110) Definitions. For purposes of this chapter, the following definitions apply:

“Department” means the Iowa department of education.

“Forcible felony” means any crime defined in Iowa Code section 702.11. This includes felonious child endangerment, assault, murder, sexual abuse, kidnapping, robbery, arson in the first degree, or burglary in the first degree. Forcible felonies are not willful injury in violation of Iowa Code section 708.4, subsection 2; sexual abuse in the third degree committed between spouses; sexual abuse in violation of Iowa Code section 709.4, subsection 2, paragraph “c,” subparagraph (4); or sexual exploitation by a counselor or therapist in violation of Iowa Code section 709.15.

“School” means an attendance center within a school district.

“School district” means a public school district in Iowa.

“School year” means from July 1 until June 30 of the following year.

281—11.3(PL107-110) Whole school option. Any student attending a persistently dangerous school as defined in this rule is eligible to transfer to a different school within the district. Transportation for students electing to transfer shall be provided according to the district’s transportation policy. The transfers may be temporary or permanent, but must be in effect as long as the student’s original school is identified as persistently dangerous.

In making the determination of whether a transfer should be temporary or permanent, the district shall consider the educational needs of the student, as well as other factors affecting the student’s ability to succeed in the student’s new school environment. The district is encouraged, but not required, to explore other appropriate options such as an agreement with a contiguous school district to accept students if there is no safe school within the transferring district.

11.3(1) A persistently dangerous school is one that meets the following criteria for three consecutive school years:

a. The school has violence-related, long-term suspensions or expulsions for more than 1 percent of the student population. Long-term suspensions or expulsions are more than ten days in length and require the action of the local school board. For purposes of this subrule, a violence-related, long-term suspension or expulsion occurs as a result of physical injury or the threat of physical injury to a student while the student is in the school building or on the grounds of the attendance center during the hours of the regular school day or while the student is in attendance at school-sponsored activities that occur during the hours before or after the regular school day under one of the following:

- (1) A forcible felony as defined in rule 281—11.2(PL107-110);
 - (2) Offenses, excluding simple misdemeanors, involving physical assault under Iowa Code chapter 708;
 - (3) Offenses, excluding simple misdemeanors, involving sexual assault under Iowa Code chapter 709;
 - (4) Extortion under Iowa Code section 711.4;
 - (5) Use of incendiary or explosive devices such as bombs under Iowa Code section 712.5;
 - (6) Criminal gang activity under Iowa Code chapter 723A;
 - (7) Carrying or using a weapon under Iowa Code sections 724.3 and 724.4.
- b.* The school has two or more students expelled for violating the federal gun-free school laws.

c. The school has 1 percent of the enrolled student population or five students, whichever is greater, who exercised the individual student option defined in rule 281—11.4(PL107-110).

11.3(2) For the school year starting July 1, 2003, and in the years thereafter, a school identified as meeting the criteria in 11.3(1) “a” through “c” for one year shall be given a warning by the department. The school shall review the school’s safety plan and prevention activities.

For the school year starting July 1, 2004, and in the years thereafter, a school identified as meeting the criteria in 11.3(1) “a” through “c” for two consecutive years shall develop and implement a remedial plan. The plan shall include schoolwide efforts to support positive student behavior and improve student discipline. The department shall conduct a site visit to the school.

For the school year starting July 1, 2005, and in the years thereafter, a school identified as meeting the criteria in 11.3(1) “a” through “c” for three consecutive years is eligible to be designated as a persistently dangerous school by the department. Prior to the department’s assigning the designation, the district may submit information to the department including:

- a. The school’s safety plan;
- b. Local efforts to address the school’s safety concerns;
- c. The school safety data reported to the state consistent with requirements of the federal Safe and Drug-Free Schools and Communities Program;
- d. More current data that the school may have available but has not yet reported; and
- e. Any other information deemed relevant.

Within 30 days of receipt and review of the information, the department may determine that the school demonstrates improvement and may delay the designation for one year. By July 31, the department may, upon review of information that demonstrates improvement, delay the designation for one year. The department shall determine whether the district has made sufficient progress to warrant further consideration as a persistently dangerous school.

Upon designation, the district shall adopt a corrective action plan, which shall be approved by the department. The department shall monitor the district’s timely completion of the approved plan. The department shall annually assess the school using the criteria listed in 11.3(1) “a” through “c” by July 31 to determine whether the school shall remain identified as a persistently dangerous school for the following school year.

At minimum, a district that has one or more schools identified as persistently dangerous shall, within 14 days of the designation, notify parents of each student attending the school that the school has been identified by the department as persistently dangerous. The district must offer students the opportunity to transfer to a safe public school within the district; and for those students who accept the offer, the district shall complete the transfer. A district may deny the transfer if space at the requested school is unavailable. A district shall offer the parent other available options within the district, when available.

281—11.4(PL107-110) Individual student option. Any student who becomes a victim of a violent criminal offense shall, to the extent feasible, be permitted to transfer to another school within the district. For purposes of this rule, a victim of a violent criminal offense is a student who is physically injured or threatened with physical injury as a result of the commission of one or more of the following crimes against the student while the student is in the school building or on the grounds of the attendance center.

1. A forcible felony as define in rule 281—11.2(PL107-110);
2. Offenses, excluding simple misdemeanors, involving physical assault under Iowa Code chapter 708;
3. Offenses, excluding simple misdemeanors, involving sexual assault under Iowa Code chapter 709;
4. Extortion under Iowa Code section 711.4.

Within ten calendar days following the date of the request, a local school district shall offer an opportunity to transfer to the parent/guardian of a student who meets the definition of a victim of a violent crime.

281—11.5(PL107-110) District reporting. For purposes of federal compliance, districts shall report data and requested information related to this chapter in a manner prescribed by the department.

These rules are intended to implement Public Law 107-110, 115 Stat. 1425.

CHAPTER 12 GENERAL ACCREDITATION STANDARDS

[Prior to 9/7/88, see Public Instruction Department[670] Ch 4]

PREAMBLE

The goal for the early childhood through twelfth grade educational system in Iowa is to improve the learning, achievement, and performance of all students so they become successful members of a community and workforce. It is expected that each school and school district shall continue to improve its educational system so that more students will increase their learning, achievement, and performance.

Accreditation focuses on an ongoing school improvement process for schools and school districts. However, general accreditation standards are the minimum requirements that must be met by an Iowa public school district to be accredited. A public school district that does not maintain accreditation shall be merged, by the state board of education, with one or more contiguous school districts as required by Iowa Code subsection 256.11(12). A nonpublic school must meet the general accreditation standards if it wishes to be designated as accredited for operation in Iowa.

General accreditation standards are intended to fulfill the state's responsibility for making available an appropriate educational program that has high expectations for all students in Iowa. The accreditation standards ensure that each child has access to an educational program that meets the needs and abilities of the child regardless of race, color, national origin, gender, disability, religion, creed, marital status, geographic location, sexual orientation, gender identity, or socioeconomic status.

With local community input, school districts and accredited nonpublic schools shall incorporate accountability for student achievement into comprehensive school improvement plans designed to increase the learning, achievement, and performance of all students. As applicable, and to the extent possible, comprehensive school improvement plans shall consolidate federal and state program goal setting, planning, and reporting requirements. Provisions for multicultural and gender fair education, technology integration, global education, gifted and talented students, at-risk students, students with disabilities, and the professional development of all staff shall be incorporated, as applicable, into the comprehensive school improvement plan. See subrules 12.5(8) to 12.5(13), 12.7(1), and 12.8(1).

DIVISION I GENERAL STANDARDS

281—12.1(256) General standards.

12.1(1) *Schools and school districts governed by general accreditation standards.* These standards govern the accreditation of all prekindergarten, if offered, or kindergarten through grade 12 school districts operated by public school corporations and the accreditation, if requested, of prekindergarten or kindergarten through grade 12 schools operated under nonpublic auspices. Each school district shall take affirmative steps to integrate students in attendance centers and courses. Schools and school districts shall collect and annually review district, attendance center, and course enrollment data on the basis of race, national origin, gender, and disability. Equal opportunity in programs shall be provided to all students regardless of race, color, national origin, gender, sexual orientation as defined in Iowa Code section 216.2 as amended by 2007 Iowa Acts, Senate File 427, section 1, gender identity as defined in Iowa Code section 216.2 as amended by 2007 Iowa Acts, Senate File 427, section 1, socioeconomic status, disability, religion, or creed. Nothing in this rule shall be construed as prohibiting any bona fide religious institution from imposing qualifications based upon religion when such qualifications are related to a bona fide religious purpose.

12.1(2) *School board.* Each school or school district shall be governed by an identifiable authority which shall exercise the functions necessary for the effective operation of the school and referred to in these rules as the "board."

12.1(3) *Application for accreditation.* The board of any school or school district that is not accredited on the effective date of these standards and which seeks accreditation shall file an application with the director, department of education, on or before the first day of January of the school year preceding the school year for which accreditation is sought.

12.1(4) *Accredited schools and school districts.* Each school or school district receiving accreditation under the provisions of these standards shall remain accredited except when by action of the state board of education it is removed from the list of accredited schools maintained by the department of education in accordance with Iowa Code subsections 256.11(11) and 256.11(12).

12.1(5) *When nonaccredited.* A school district shall be nonaccredited on the day after the date it is removed from the list of accredited schools by action of the state board of education. A nonpublic school shall be nonaccredited on the date established by the resolution of the state board, which shall be no later than the end of the school year in which the nonpublic school is declared to be nonaccredited.

12.1(6) *Alternative provisions for accreditation.* School districts may meet accreditation requirements through the provisions of Iowa Code sections 256.13, nonresident students; 273.7A, services to school districts; 279.20, superintendent—term; 280.15, joint employment and sharing; 282.7, attending in another corporation—payment; and 282.10, whole grade sharing. Nonpublic schools may meet accreditation requirements through the provisions of Iowa Code section 256.12.

12.1(7) *Minimum school calendar and day of instruction.* Each board shall adopt a school calendar that identifies specific days for student instruction, staff development and in-service time, and time for parent-teacher conferences. The length of the school calendar does not dictate the length of contract or days of employment for instructional and noninstructional staff. The school calendar may be operated anytime during the school year of July 1 to June 30 as defined by Iowa Code section 279.10. A minimum of 180 days of the school calendar, for school districts beginning no sooner than a day during the calendar week in which the first day of September falls, shall be used for student instruction. However, if the first day of September falls on a Sunday, school may begin any day during the calendar week preceding September 1. These 180 days shall meet the requirements of “day of school” in subrule 12.1(8), “minimum school day” in subrule 12.1(9), and “day of attendance” in subrule 12.1(10). (Exception: A school or school district may, by board policy, excuse graduating seniors up to five days of instruction after school or school district requirements for graduation have been met.) If additional days are added to the regular school calendar because of inclement weather, a graduating senior who has met the school district’s requirements for graduation may be excused from attendance during the extended school calendar. A school or school district may begin its school calendar earlier for other educational purposes involving instructional and noninstructional staff.

12.1(8) *Day of school.* A day of school is a day during which the school or school district is in session and students are under the guidance and instruction of the instructional professional staff. School shall be considered in session during parent-teacher conferences as well as during activities such as field trips if students are engaged in programs or activities under the guidance and direction of the instructional professional staff. All grade levels of the school or school district must be operated and available for attendance by all students. An exception is if either the elementary or secondary grades are closed and provided that this time missed is made up at some other point during the school calendar so as to meet the minimum of 180 days of instruction for all grades 1 through 12. If a classroom or attendance center is closed for emergency health or safety reasons but the remainder of the school or school district is in operation, the day may be counted as a day of school.

12.1(9) *Minimum school day.* A school day shall consist of a minimum of 5½ hours of instructional time for all grades 1 through 12. The minimum hours shall be exclusive of the lunch period. Passing time between classes as well as time spent on parent-teacher conferences may be counted as part of the 5½-hour requirement. The school or school district may record a day of school with less than the minimum instructional hours if emergency health or safety factors require the late arrival or early dismissal of students on a specific day; or if the total hours of instructional time for all grades 1 through 12 in any five consecutive school days equal a minimum of 27½ hours, even though any one day of school is less than the minimum instructional hours because staff development is provided for the instructional professional staff or because parent-teacher conferences have been scheduled beyond the regular school day.

Furthermore, if the total hours of instructional time for the first four consecutive days equal at least 27½ hours because parent-teacher conferences are held beyond the regular school day, a school or school

district may record zero hours of instructional time on the fifth consecutive school day as a minimum school day.

12.1(10) *Day of attendance.* A day of attendance shall be a day during which students were present and under the guidance and instruction of the instructional professional staff. When staff development designated by the board occurs outside of the time required for a “minimum school day,” students shall be counted in attendance. (Note exceptions in subrules 12.1(8) and 12.1(9).)

12.1(11) *Kindergarten.* The number of instructional days within the school calendar and the length of the school day for kindergarten shall be defined by the board. This subrule applies to an accredited nonpublic school only if it offers kindergarten.

DIVISION II DEFINITIONS

281—12.2(256) Definitions. For purposes of these rules, the following definitions shall apply:

“Alternative options education programs” means alternative programs or schools as identified in Iowa Code section 280.19A.

“Alternative program” means a class or environment established within the regular educational program and designed to accommodate specific student educational needs such as, but not limited to, work-related training; reading, mathematics or science skills; communication skills; social skills; physical skills; employability skills; study skills; or life skills.

“Alternative school” means an environment established apart from the regular educational program and that includes policies and rules, staff, and resources designed to accommodate student needs and to provide a comprehensive education consistent with the student learning goals and content standards established by the school district or by the school districts participating in a consortium. Students attend by choice.

“Annual improvement goals” means the desired one-year rate of improvement for students. Data from multiple measures may be used to determine the rate of improvement.

“At-risk student” means any identified student who needs additional support and who is not meeting or not expected to meet the established goals of the educational program (academic, personal/social, career/vocational). At-risk students include but are not limited to students in the following groups: homeless children and youth, dropouts, returning dropouts, and potential dropouts.

“Baseline data” means information gathered at a selected point in time and used thereafter as a basis from which to monitor change.

“Benchmarks” means specific knowledge and skills anchored to content standards that a student needs to accomplish by a specific grade or grade span.

“Board” means the board of directors in charge of a public school district or the authorities in charge of an accredited nonpublic school.

“Comprehensive school improvement plan” means a design that shall describe how the school or school district will increase student learning, achievement, and performance. This ongoing improvement design may address more than student learning, achievement, and performance.

“Content standards” means broad statements about what students are expected to know and be able to do.

“Curriculum” means a plan that outlines what students shall be taught. Curriculum refers to all the courses offered, or all the courses offered in a particular area of study.

“Department” means the department of education.

“Districtwide” means all attendance centers within a school district or accredited nonpublic school.

“Districtwide assessments” means large-scale achievement or performance measures. At least one districtwide assessment shall allow for the following: the comparison of the same group of students over time as they progress through the grades or the cross-sectional comparison of students at the same grades over multiple years.

“Districtwide progress” means the quantifiable change in school or school district student achievement and performance.

“Dropout” means a school-age student who is served by a public school district and enrolled in any of grades seven through twelve and who does not attend school or withdraws from school for a reason other than death or transfer to another approved school or school district or has been expelled with no option to return.

“Educational program.” The educational program adopted by the board is the entire offering of the school, including out-of-class activities and the sequence of curriculum areas and activities. The three units of social studies may include the existing graduation requirements of one-half unit of United States government and one unit of United States history.

In implementing the high school program standards, the following curriculum standards shall be used.

a. English-language arts (six units). c. Mathematics (six units). Mathematics instruction shall include:

(1) Four sequential units which are preparatory to postsecondary educational programs. These units shall include strands in algebra, geometry, trigonometry, statistics, probability, and discrete mathematics. Mathematical concepts, operations, and applications shall be included for each of these strands. These strands shall be taught through an emphasis on mathematical problem solving, reasoning, and structure; language and symbolism to communicate mathematical ideas; and connections among mathematical topics and between mathematics and other disciplines. Calculators and computers shall be used in concept development and problem solving.

(2) Two additional units shall be taught. These additional units may include mathematical content as identified in, but not limited to, paragraphs 12.5(3) "c," 12.5(4) "c," and 12.5(5) "c" (1). These units are to accommodate the locally identified needs of the students in the school or school district. This content shall be taught through an emphasis on mathematical problem solving, reasoning, and structure; language and symbolism to communicate mathematical ideas; and connections among mathematical topics and between mathematics and other disciplines. Calculators and computers shall be used in concept development and problem solving.

d. Science (five units). Science instruction shall include biological, earth, and physical science, including physics and chemistry. Full units of chemistry and physics shall be taught but may be offered in alternate years. All science instruction shall incorporate hands-on process skills; scientific knowledge; the application of the skills and knowledge to students and society; conservation of natural resources; and environmental awareness.

Health instruction shall include personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; human growth and development; substance abuse and nonuse; emotional and social health; health resources; and prevention and control of disease, including sexually transmitted diseases and acquired immune deficiency syndrome, current crucial health issues, human sexuality, self-esteem, stress management, and interpersonal relationships.

f. Physical education (one unit). Physical education shall include the physical fitness activities that increase cardiovascular endurance, muscular strength and flexibility; sports and games; tumbling and gymnastics; rhythms and dance; water safety; leisure and lifetime activities.

All physically able students shall be required to participate in the program for a minimum of one-eighth unit during each semester they are enrolled except as otherwise provided in this paragraph. A twelfth-grade student may be excused from this requirement by the principal of the school in which the student is enrolled under one of the following circumstances:

(1) The student is enrolled in a cooperative, work-study, or other educational program authorized by the school which requires the student's absence from the school premises during the school day.

(2) The student is enrolled in academic courses not otherwise available.

(3) An organized and supervised athletic program which requires at least as much time of participation per week as one-eighth unit of physical education.

Students in grades nine through eleven may be excused from the physical education requirement in order to enroll in academic courses not otherwise available to the student if the board of directors of the school district in which the school is located, or the authorities in charge of the school, if the school is a nonpublic school, determine that students from the school may be permitted to be excused from the physical education requirement.

A student may be excused by the principal of the school in which the student is enrolled, in consultation with the student's counselor, for up to one semester, trimester, or the equivalent of a semester or trimester, per year if the parent or guardian of the student requests in writing that the student be excused from the physical education requirement. The student seeking to be excused from the physical education requirement must, at some time during the period for which the excuse is sought,

be a participant in an organized and supervised athletic program which requires at least as much time of participation per week as one-eighth unit of physical education.

The student's parent or guardian must request the excuse in writing. The principal shall inform the superintendent that the student has been excused.

Foreign language instruction shall include listening comprehension appropriate to the level of instruction; rateable oral proficiency; reading comprehension appropriate to the level of instruction; writing proficiency appropriate to the level of instruction and cultural awareness.

All high schools shall offer and teach the first two units of the sequence. The third and fourth units must be offered. However, the department of education may, on an annual basis, waive the third and fourth unit requirements upon the request of the board. The board must document that a licensed/certificated teacher was employed and assigned a schedule that would have allowed students to enroll, that the class was properly scheduled, that students were aware of the course offerings, and that no students enrolled.

i. *Vocational education—school districts (three units each in at least four of the six service areas)*. A minimum of three sequential units, of which only one may be a core unit, shall be taught in four of the following six service areas: agricultural education, business and office education, health occupations education, home economics education, industrial education, and marketing education. The instruction shall be competency-based; shall provide a base of knowledge which will prepare students for entry level employment, additional on-the-job training, and postsecondary education within their chosen field; shall be articulated with postsecondary programs of study, including apprenticeship programs; shall reinforce basic academic skills; shall include the contributions and perspectives of persons with disabilities, both men and women, and persons from diverse racial and ethnic groups. Vocational core courses may be used in more than one vocational service area. Multioccupations may be used to complete a sequence in more than one vocational service area; however, a core course(s) and multioccupations cannot be used in the same sequence. If a district elects to use multioccupations to meet the requirements in more than one service area, documentation must be provided to indicate that a sufficient variety of quality training stations be available to allow students to develop occupational competencies. A district may apply for a waiver if an innovative plan for meeting the instructional requirement for the standard is submitted to and approved by the director of the department of education.

The instructional programs also shall comply with the provisions of Iowa Code chapter 258 relating to vocational education. Advisory committee/councils designed to assist vocational education planning and evaluation shall be composed of public members with emphasis on persons representing business, agriculture, industry, and labor. The membership of local advisory committees/councils will fairly represent each gender and minority residing in the school district. The accreditation status of a

school district failing to comply with the provisions of this subrule shall be governed by 281—subrule 46.7(10), paragraph “g.”

(1) A service area is the broad category of instruction in the following occupational cluster areas (definitions are those used in these rules):

(2) “Agricultural education programs” prepare individuals for employment in agriculture-related occupations. Such programs encompass the study of applied sciences and business management principles, as they relate to agriculture. Agricultural education focuses on, but is not limited to, study in horticulture, forestry, conservation, natural resources, agricultural products and processing, production of food and fiber, aquaculture and other agricultural products, mechanics, sales and service, economics marketing, and leadership development.

(3) “Business and office education programs” prepare individuals for employment in varied occupations involving such activities as planning, organizing, directing, and controlling all business office systems and procedures. Instruction offered includes such activities as preparing, transcribing, systematizing, preserving communications; analyzing financial records; receiving and disbursing money; gathering, processing and distributing information; and performing other business and office duties.

(4) “Health occupations education programs” prepare individuals for employment in a variety of occupations concerned with providing care in the areas of wellness, prevention of disease, diagnosis, treatment, and rehabilitation. Instruction offered encompasses varied activities in such areas as dental science, medical science, diagnostic services, treatment therapy, patient care areas, rehabilitation services, record keeping, emergency care, and health education. Many occupations in this category require licensing or credentialing to practice, or to use a specific title.

(5) “Home economics education programs” encompass two categories of instructional programs:

1. “Consumer and family science” programs may be taught to prepare individuals for a multiple role of homemaker and wage earner and may include such content areas as food and nutrition; consumer education; family living and parenthood; child development and guidance; family and individual health; housing and home management; and clothing and textiles.

2. “Home economics occupations programs” prepare individuals for paid employment in such home economics-related occupations as child care aide/assistant, food production management and services, and homemaker/home health aide.

(6) “Industrial education programs” encompass two categories of instructional programs—industrial technology and trade and industrial. Industrial technology means an applied discipline designed to promote technological literacy which provides knowledge and understanding of the impact of technology including its organizations, techniques, tools, and skills to solve practical problems and extend human capabilities in areas such as construction, manufacturing, communication, transportation, power and energy. Trade and industrial programs prepare individuals for employment in such areas as protective services, construction trades, mechanics and repairers, precision production, transportation, and graphic communications. Instruction includes regular systematic classroom activities, followed by experiential learning with the most important processes, tools, machines, management ideas, and impacts of technology.

(7) “Marketing education programs” prepare individuals for marketing occupations, including merchandising and management—those activities which make products and services readily available to consumers and business. Instruction stresses the concept that marketing is the bridge between production (including the creation of services and ideas) and consumption. These activities are performed by retailers, wholesalers, and businesses providing services in for-profit and not-for-profit business firms.

(8) “Sequential unit” applies to an integrated offering, directly related to the educational and occupational skills preparation of individuals for jobs and preparation for postsecondary education. Sequential units provide a logical framework for the instruction offered in a related occupational area and do not require prerequisites for enrollment. A unit is defined in subrule 12.5(18).

(9) “Competency” is a learned student performance statement which can be accurately repeated and measured. Instruction is based on incumbent worker-validated statements of learner results

(competencies) which clearly describe what skills the students will be able to demonstrate as a result of the instruction. Competencies function as the basis for building the instructional program to be offered. Teacher evaluation of students, based upon their ability to perform the competencies, is an integral part of a competency-based system.

(10) “Minimum competency lists” contain competencies validated by statewide technical committees, composed of representatives from appropriate businesses, industries, agriculture, and organized labor. These lists contain essential competencies which lead to entry level employment and are not intended to be the only competencies learned. Districts will choose one set of competencies per service area upon which to build their program or follow the process detailed in 281—subrule 46.7(2) to develop local competencies.

(11) “Clinical experience” involves direct instructor supervision in the actual workplace, so that the learner has the opportunity to apply theory and to perfect skills taught in the classroom and laboratory.

“Field training” is an applied learning experience in a nonclassroom environment under the supervision of an instructor.

“Lab training” is experimentation, practice or simulation by students under the supervision of an instructor.

“On-the-job training” is a cooperative work experience planned and supervised by a teacher-coordinator and the supervisor in the employment setting.

(12) “Coring” is an instructional design whereby competencies common to two or more different vocational service areas are taught as one course offering. Courses shall be no longer than one unit of instruction. Course(s) may be placed wherever appropriate within the program offered. This offering may be acceptable as a unit or partial unit in more than one vocational program to meet the standard.

(13) “Articulation” is the process of mutually agreeing upon competencies and performance levels transferable between institutions and programs for advanced placement or credit in a vocational program. An articulation agreement is the written document which explains the decisions agreed upon and the process used by the institution to grant advanced placement or credit.

(14) “Multioccupational courses” combine on-the-job training in any of the occupational areas with the related classroom instruction. The instructor provides the related classroom instruction and coordinates the training with the employer at the work site. A multioccupational course may only be used to complete a sequence in more than one vocational service area if competencies from the appropriate set of minimum competencies are a part of the related instruction.

j. Vocational education/nonpublic schools (five units). A nonpublic school which provides an educational program that includes grades 9 through 12 shall offer and teach five units of occupational education subjects, which may include, but are not limited to, programs, services, and activities which prepare students for employment in business or office occupations, trade and industrial occupations, consumer and family sciences or home economics occupations, agricultural occupations, marketing occupations, and health occupations. By July 1, 1993, instruction shall be competency-based, articulated with postsecondary programs of study, and may include field, laboratory, or on-the-job training.

12.5(6) *Physical education and health courses exemption.* A pupil shall not be required to enroll in either physical education or health courses if the pupil’s parent or guardian files a written statement with the school principal that the course conflicts with the pupil’s religious beliefs.

12.5(7) *Career education.* Each school or school district shall incorporate school-to-career educational programming into its comprehensive school improvement plan. Curricular and cocurricular teaching and learning experiences regarding career education shall be provided from the prekindergarten level through grade 12. Career education shall be incorporated into the total educational program and shall include, but is not limited to, awareness of self in relation to others and the needs of society; exploration of employment opportunities, at a minimum, within Iowa; experiences in personal decision making; experiences that help students connect work values into all aspects of their lives; and the development of employability skills. In the implementation of this subrule, the board shall comply with Iowa Code section 280.9.

12.5(8) *Multicultural and gender fair approaches to the educational program.* The board shall establish a policy to ensure that students are free from discriminatory practices in the educational

program as required by Iowa Code section 256.11. In developing or revising the policy, parents, students, instructional and noninstructional staff, and community members shall be involved. Each school or school district shall incorporate multicultural and gender fair goals for the educational program into its comprehensive school improvement plan. Incorporation shall include the following:

a. Multicultural approaches to the educational program. These shall be defined as approaches which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of diverse cultural groups, including race, color, national origin, gender, disability, religion, creed, and socioeconomic background. The contributions and perspectives of Asian Americans, African Americans, Hispanic Americans, American Indians, European Americans, and persons with disabilities shall be included in the program.

b. Gender fair approaches to the educational program. These shall be defined as approaches which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of women and men to society. The program shall reflect the wide variety of roles open to both women and men and shall provide equal opportunity to both sexes.

12.5(9) *Special education.* The board of each school district shall provide special education programs and services for its resident children which comply with rules of the state board of education implementing Iowa Code chapters 256, 256B, 273, and 280.

12.5(10) *Technology integration.* Each school or school district shall incorporate into its comprehensive school improvement plan demonstrated use of technology to meet its student learning goals.

12.5(11) *Global education.* Each school or school district shall incorporate global education into its comprehensive school improvement plan as required by Iowa Code section 256.11. Global education shall be incorporated into all areas and levels of the educational program so students have the opportunity to acquire a realistic perspective on world issues, problems, and the relationship between an individual's self-interest and the concerns of people elsewhere in the world.

12.5(12) *Provisions for gifted and talented students.* Each school district shall incorporate gifted and talented programming into its comprehensive school improvement plan as required by Iowa Code section 257.43. The comprehensive school improvement plan shall include the following gifted and talented program provisions: valid and systematic procedures, including multiple selection criteria for identifying gifted and talented students from the total student population; goals and performance measures; a qualitatively differentiated program to meet the students' cognitive and affective needs; staffing provisions; an in-service design; a budget; and qualifications of personnel administering the program. Each school district shall review and evaluate its gifted and talented programming. This subrule does not apply to accredited nonpublic schools.

12.5(13) *Provisions for at-risk students.* Each school district shall include in its comprehensive school improvement plan the following provisions for meeting the needs of at-risk students: valid and systematic procedures and criteria to identify at-risk students throughout the school district's school-age population, determination of appropriate ongoing educational strategies for alternative options education programs as required in Iowa Code section 280.19A, and review and evaluation of the effectiveness of provisions for at-risk students. This subrule does not apply to accredited nonpublic schools.

Each school district using additional allowable growth for provisions for at-risk students shall incorporate educational program goals for at-risk students into its comprehensive school improvement plan. Provisions for at-risk students shall align with the student learning goals and content standards established by the school district or by school districts participating in a consortium. The comprehensive school improvement plan shall also include objectives, activities, cooperative arrangements with other service agencies and service groups, and strategies for parental involvement to meet the needs of at-risk children. The incorporation of these requirements into a school district's comprehensive school improvement plan shall serve as the annual application for additional allowable growth designated in Iowa Code section 257.38.

12.5(14) *Unit.* A unit is a course which meets one of the following criteria: it is taught for at least 200 minutes per week for 36 weeks; it is taught for the equivalent of 120 hours of instruction; or it

is an equated requirement as a part of an innovative program filed as prescribed in rule 12.9(256). A fractional unit shall be calculated in a manner consistent with this subrule. Multiple-section courses taught at the same time in a single classroom situation by one teacher do not meet this unit definition for the assignment of a unit of credit. However, the third and fourth years of a foreign language may be taught at the same time by one teacher in a single classroom situation each yielding a unit of credit.

12.5(15) Credit. A student shall receive a credit or a partial credit upon successful completion of a course which meets one of the criteria in subrule 12.5(14). The board may award credit on a performance basis through the administration of an examination, provided the examination covers the content ordinarily included in the regular course.

12.5(16) Subject offering. A subject shall be regarded as offered when the teacher of the subject has met the licensure and endorsement standards of the state board of educational examiners for that subject; instructional materials and facilities for that subject have been provided; and students have been informed, based on their aptitudes, interests, and abilities, about possible value of the subject.

A subject shall be regarded as taught only when students are instructed in it in accordance with all applicable requirements outlined herein. Subjects which the law requires schools and school districts to offer and teach shall be made available during the school day as defined in subrules 12.1(8) to 12.1(10).

12.5(17) Educational excellence program—Phase III. Rescinded IAB 12/5/07, effective 1/9/08.

12.5(18) Early intervention program. Each school district receiving early intervention program funds shall make provisions to meet the needs of kindergarten through grade 3 students. The intent of the early intervention program is to reduce class size, to achieve a higher level of student success in the basic skills, and to increase teacher-parent communication and accountability. Each school district shall develop a class size management strategy by September 15, 1999, to work toward, or to maintain, class sizes in basic skills instruction for kindergarten through grade 3 that are at the state goal of 17 students per teacher. Each school district shall incorporate into its comprehensive school improvement plan goals and activities for kindergarten through grade 3 students to achieve a higher level of success in the basic skills, especially reading. A school district shall, at a minimum, biannually inform parents of their individual child's performance on the results of diagnostic assessments in kindergarten through grade 3. If intervention is appropriate, the school district shall inform the parents of the actions the school district intends to take to improve the child's reading skills and provide the parents with strategies to enable the parents to improve their child's skills.

DIVISION VI ACTIVITY PROGRAM

281—12.6(256) Activity program. The following standards shall apply to the activity program of accredited schools and school districts.

12.6(1) General guidelines. Each board shall sponsor a pupil activity program sufficiently broad and balanced to offer opportunities for all pupils to participate. The program shall be supervised by qualified professional staff and shall be designed to meet the needs and interests and challenge the abilities of all pupils consistent with their individual stages of development; contribute to the physical, mental, athletic, civic, social, moral, and emotional growth of all pupils; offer opportunities for both individual and group activities; be integrated with the instructional program; and provide balance so a limited number of activities will not be perpetuated at the expense of others.

12.6(2) Supervised intramural sports. If the board sponsors a voluntary program of supervised intramural sports for pupils in grades seven through twelve, qualified personnel and adequate facilities, equipment, and supplies shall be provided. Middle school grades below grade seven may also participate.

DIVISION VII STAFF DEVELOPMENT

281—12.7(256,284,284A) Professional development. The following standards shall apply to staff development for accredited schools and school districts.

12.7(1) Provisions for school district professional development.

a. Provisions for district professional development plans. Each school district shall incorporate into its comprehensive school improvement plan provisions for the professional development of all staff, including the district professional development plan required in 281—paragraph 83.6(2)“a.” To meet the professional needs of all staff, professional development activities shall align with district goals; shall be based on student and staff information; shall prepare all employees to work effectively with diverse learners and to implement multicultural, gender fair approaches to the educational program; and shall adhere to the professional development standards in 281—paragraph 83.6(2)“b” to realize increased student achievement, learning, and performance as set forth in the comprehensive school improvement plan.

b. Provisions for attendance center professional development plans. Each school district shall ensure that every attendance center has an attendance center professional development plan that addresses, at a minimum, the needs of the teachers in that center; the Iowa teaching standards; the district professional development plan; and the student achievement goals of the attendance center and the school district as set forth in the comprehensive school improvement plan.

c. Provisions for individual teacher professional development plans. Each school district shall ensure that every teacher as defined in rule 281—83.2(284,284A) has an individual teacher professional development plan that meets the expectations in 281—subrule 83.6(1).

d. Budget for staff development. The board shall annually budget specified funds to implement the plan required in paragraph 12.7(1)“a.”

12.7(2) Provisions for accredited nonpublic school professional development.

a. Each accredited nonpublic school shall incorporate into its comprehensive school improvement plan provisions for the professional development of staff. To meet the professional needs of instructional staff, professional development activities shall align with school achievement goals and shall be based on student achievement needs and staff professional development needs. The plan shall deliver research-based instructional practices to realize increased student achievement, learning, and performance as set forth in the comprehensive school improvement plan.

b. Budget for staff development. The board shall annually budget specified funds to implement the plan required in paragraph 12.7(2)“a.”

DIVISION VIII
ACCOUNTABILITY

281—12.8(256) Accountability for student achievement. Schools and school districts shall meet the following accountability requirements for increased student achievement. Area education agencies shall provide technical assistance as required by 281—subrule 72.4(7).

12.8(1) Comprehensive school improvement. The general accreditation standards are minimum, uniform requirements. However, the department encourages schools and school districts to go beyond the minimum with their work toward ongoing improvement. As a means to this end, local comprehensive school improvement plans shall be specific to a school or school district and designed, at a minimum, to increase the learning, achievement, and performance of all students.

As a part of ongoing improvement in its educational system, the board shall adopt a written comprehensive school improvement plan designed for continuous school, parental, and community involvement in the development and monitoring of a plan that is aligned with school or school district determined needs. The plan shall incorporate, to the extent possible, the consolidation of federal and state planning, goal setting, and reporting requirements. The plan shall contain, but is not limited to, the following components:

a. Community involvement.

(1) Local community. The school or school district shall involve the local community in decision-making processes as appropriate. The school or school district shall seek input from the local community about, but not limited to, the following elements at least once every five years:

1. Statement of philosophy, beliefs, mission, or vision;

2. Major educational needs; and
3. Student learning goals.

(2) School improvement advisory committee. To meet requirements of Iowa Code section 280.12(2) as amended by 2007 Iowa Acts, Senate File 61, section 1, the board shall appoint and charge a school improvement advisory committee to make recommendations to the board. Based on the committee members' analysis of the needs assessment data, the committee shall make recommendations to the board about the following components:

1. Major educational needs;
2. Student learning goals;
3. Long-range goals that include, but are not limited to, the state indicators that address reading, mathematics, and science achievement; and
4. Harassment or bullying prevention goals, programs, training, and other initiatives.

(3) At least annually, the school improvement advisory committee shall also make recommendations to the board with regard to, but not limited to, the following:

1. Progress achieved with the annual improvement goals for the state indicators that address reading, mathematics, and science in subrule 12.8(3);
2. Progress achieved with other locally determined core indicators; and
3. Annual improvement goals for the state indicators that address reading, mathematics, and science achievement.

b. Data collection, analysis, and goal setting.

(1) Policy. The board shall adopt a policy for conducting ongoing and long-range needs assessment processes. This policy shall ensure involvement of and communication with the local community regarding its expectations for adequate preparation for all students as responsible citizens and successful wage earners. The policy shall include provisions for keeping the local community regularly informed of progress on state indicators as described in subrule 12.8(3), other locally determined indicators within the comprehensive school improvement plan as required by Iowa Code section 280.12, and the methods a school district will use to inform kindergarten through grade 3 parents of their individual child's performance biannually as described in 1999 Iowa Acts, House File 743. The policy shall describe how the school or school district shall provide opportunities for local community feedback on an ongoing basis.

(2) Long-range data collection and analysis. The long-range needs assessment process shall include provisions for collecting, analyzing, and reporting information derived from local, state, and national sources. The process shall include provisions for reviewing information acquired over time on the following:

1. State indicators and other locally determined indicators;
2. Locally established student learning goals; and
3. Specific data collection required by federal and state programs.

Schools and school districts shall also collect information about additional factors influencing student achievement which may include, but are not limited to, demographics, attitudes, health, and other risk factors.

(3) Long-range goals. The board, with input from its school improvement advisory committee, shall adopt long-range goals to improve student achievement in at least the areas of reading, mathematics, and science.

(4) Annual data collection and analysis. The ongoing needs assessment process shall include provisions for collecting and analyzing annual assessment data on the state indicators, other locally determined indicators, and locally established student learning goals.

(5) Annual improvement goals. The board, with input from its school improvement advisory committee, shall adopt annual improvement goals based on data from at least one districtwide assessment. The goals shall describe desired annual increase in the curriculum areas of, but not limited to, mathematics, reading, and science achievement for all students, for particular subgroups of students, or both. Annual improvement goals may be set for the early intervention program as described in subrule

12.5(18), other state indicators, locally determined indicators, locally established student learning goals, other curriculum areas, future student employability, or factors influencing student achievement.

c. Content standards and benchmarks.

(1) Policy. The board shall adopt a policy outlining its procedures for developing, implementing, and evaluating its total curriculum. The policy shall describe a process for establishing content standards, benchmarks, performance levels, and annual improvement goals aligned with needs assessment information.

(2) Content standards and benchmarks. The board shall adopt clear, rigorous, and challenging content standards and benchmarks in reading, mathematics, and science to guide the learning of students from the date of school entrance until high school graduation. Included in the local standards and benchmarks shall be the core content standards from Iowa's approved standards and assessment system under the applicable provisions of the federal Elementary and Secondary Education Act. Standards and benchmarks may be adopted for other curriculum areas defined in 281—Chapter 12, Division V. The comprehensive school improvement plan submitted to the department shall contain, at a minimum, the core content standards for reading, mathematics, and science. The educational program as defined in 281—Chapter 12, Division II, shall incorporate career education, multicultural and gender fair education, technology integration, global education, higher-order thinking skills, learning skills, and communication skills as outlined in subrules 12.5(7), 12.5(8), 12.5(10), and 12.5(11), and subparagraph 12.8(1) "c"(1).

d. Determination and implementation of actions to meet the needs. The comprehensive school improvement plan shall include actions the school or school district shall take districtwide in order to accomplish its long-range and annual improvement goals as required in Iowa Code section 280.12(1) "b."

(1) Actions shall include, but are not limited to, addressing the improvement of curricular and instructional practices to attain the long-range goals, annual improvement goals, and the early intervention goals as described in subrule 12.5(18).

(2) A school or school district shall document consolidation of state and federal resources and requirements, as appropriate, to implement the actions in its comprehensive school improvement plan. State and federal resources shall be used, as applicable, to support implementation of the plan.

(3) A school or school district may have building-level action plans, aligned with its comprehensive school improvement plan. These may be included in the comprehensive school improvement plan or kept on file at the local level.

e. Evaluation of the comprehensive school improvement plan. A school or school district shall develop strategies to collect data and information to determine if the plan has accomplished the goals for which it was established.

f. Assessment of student progress. Each school or school district shall include in its comprehensive school improvement plan provisions for districtwide assessment of student progress for all students. The plan shall identify valid and reliable student assessments aligned with local content standards, which include the core content standards referenced in subparagraph 12.8(1) "c"(2). These assessments are not limited to commercially developed measures. School districts receiving early intervention funding described in subrule 12.5(18) shall provide for diagnostic reading assessments for kindergarten through grade 3 students.

(1) State indicators. Using at least one districtwide assessment, a school or school district shall assess student progress on the state indicators in, but not limited to, reading, mathematics, and science as specified in subrule 12.8(3). At least one districtwide assessment shall allow for, but not be limited to, the comparison of the school or school district's students with students from across the state and in the nation in reading, mathematics, and science. A school or school district shall use additional assessments to measure progress on locally determined content standards in at least reading, mathematics, and science.

(2) Performance levels. A school or school district shall establish at least three performance levels on at least one districtwide valid and reliable assessment in the areas of reading and mathematics for at least grades 4, 8, and 11 and science in grades 8 and 11 or use the achievement levels as established by the Iowa Testing Program to meet the intent of this subparagraph (2).

g. *Assurances and support.* A school or school district shall provide evidence that its board has approved and supports the five-year comprehensive school improvement plan and any future revisions of that plan. This assurance includes the commitment for ongoing improvement of the educational system.

12.8(2) *Submission of a comprehensive school improvement plan.* A school or school district shall submit to the department and respective area education agency a multiyear comprehensive school improvement plan on or before September 15, 2000. Beginning July 1, 2001, a school or school district shall submit a revised five-year comprehensive school improvement plan by September 15 of the school year following the comprehensive site visit specified in Iowa Code section 256.11 which incorporates, when appropriate, areas of improvement noted by the school improvement visitation team as described in subrule 12.8(4). A school or school district may, at any time, file a revised comprehensive school improvement plan with the department and respective area education agency.

12.8(3) *Annual reporting requirements.* A school or school district shall, at minimum, report annually to its local community about the progress on the state indicators and other locally determined indicators.

a. *State indicators.* A school or school district shall collect data on the following indicators for reporting purposes:

(1) The percentage of all fourth, eighth, and eleventh grade students achieving proficient or higher reading status using at least three achievement levels and by gender, race, socioeconomic status, students with disabilities, and other subgroups as required by state or federal law.

(2) The percentage of all fourth, eighth, and eleventh grade students achieving proficient or higher mathematics status using at least three achievement levels and for gender, race, socioeconomic status, students with disabilities, and other subgroups as required by state or federal law.

(3) The percentage of all eighth and eleventh grade students achieving proficient or higher science status using at least three achievement levels.

(4) The percentage of students considered as dropouts for grades 7 to 12 by gender, race, students with disabilities, and other subgroups as required by state or federal law.

(5) The percentage of high school seniors who intend to pursue postsecondary education/training.

(6) The percentage of high school students achieving a score or status on a measure indicating probable postsecondary success. This measure should be the measure used by the majority of students in the school, school district, or attendance center who plan to attend a postsecondary institution.

(7) The percentage of high school graduates who complete a core program of four years of English-language arts and three or more years each of mathematics, science, and social studies.

b. *Annual progress report.* Each school or school district shall submit an annual progress report to its local community, its respective area education agency, and the department. That report shall be submitted to the department by September 15, 2000, and by September 15 every year thereafter. The report shall include, but not be limited to, the following information:

(1) Baseline data on at least one districtwide assessment for the state indicators described in subrule 12.8(3). Every year thereafter the school or school district shall compare the annual data collected with the baseline data. A school or school district is not required to report to the community about subgroup assessment results when a subgroup contains fewer than ten students at a grade level. A school or school district shall report districtwide assessment results for all enrolled and tuitioned-in students.

(2) Locally determined performance levels for at least one districtwide assessment in, at a minimum, the areas of reading, mathematics, and science. Student achievement levels as defined by the Iowa Testing Program may be used to fulfill this requirement.

(3) Long-range goals to improve student achievement in the areas of, but not limited to, reading, mathematics, and science.

(4) Annual improvement goals based on at least one districtwide assessment in, at a minimum, the areas of reading, mathematics, and science. One annual improvement goal may address all areas, or individual annual improvement goals for each area may be identified. When a school or school district does not meet its annual improvement goals for one year, it shall include in its annual progress report the actions it will take to meet annual improvement goals for the next school year.

(5) Data on multiple assessments for reporting achievement for all students in the areas of reading and mathematics by September 15, 2001, and for science by September 15, 2003.

(6) Results by individual attendance centers, as appropriate, on the state indicators as stated in subrule 12.8(3) and any other locally determined factors or indicators. An attendance center, for reporting purposes, is a building that houses students in grade 4 or grade 8 or grade 11.

(7) Progress with the use of technology as required by Iowa Code section 295.3. This requirement does not apply to accredited nonpublic schools.

(8) School districts are encouraged to provide information on the reading proficiency of kindergarten through grade 3 students by grade level. However, all school districts receiving early intervention block grant funds shall report to the department the progress toward achieving their early intervention goals.

(9) Other reports of progress as the director of the department requires and other reporting requirements as the result of federal and state program consolidation.

12.8(4) *Comprehensive school improvement and the accreditation process.* All schools and school districts having accreditation on August 18, 1999, are presumed accredited unless or until the state board takes formal action to remove accreditation. The department shall use a Phase I and a Phase II process for the continued accreditation of schools and school districts as defined in Iowa Code section 256.11(10).

a. Phase I. The Phase I process includes ongoing monitoring by the department of each school and school district to determine if it is meeting the goals of its comprehensive school improvement plan and meeting the accreditation standards. Phase I contains the following two components:

(1) Annual comprehensive desk audit. This audit consists of a review by the department of a school or school district's annual progress report. The department shall review the report as required by subrule 12.8(3) and provide feedback regarding the report. The audit shall also include a review by the department of other annual documentation submitted by a school or school district as required for compliance with the educational standards in Iowa Code section 256.11 and other reports required by the director.

When the department determines a school or school district has areas of noncompliance, the department shall consult with the school or school district to determine what appropriate actions shall be taken by the school or school district. The department shall facilitate technical assistance when requested. When the department determines that a school or school district has not met compliance with one or more accreditation standards within a reasonable amount of time, the school or school district shall submit an action plan that is approved by the department. The action plan shall contain reasonable timelines for coming into compliance. If the department determines that the school or school district is not taking the necessary actions, the director of the department may place the school or school district in a Phase II accreditation process.

If a school or school district does not meet its stated annual improvement goals for at least two consecutive years in the areas of mathematics and reading and is not taking corrective steps, the department shall consult with the school or school district and determine whether a self-study shall be required. The department shall facilitate technical assistance when needed. The self-study shall include, but is not limited to, the following:

1. A review of the comprehensive school improvement plan.
2. A review of each attendance center's student achievement data.
3. Identification of factors that influenced the lack of goal attainment.
4. Submission of new annual improvement goals, if necessary.
5. Submission, if necessary, of a revised comprehensive school improvement plan.

Upon completion of a department-required self-study, the department shall collaborate with the school or school district to determine whether one or more attendance centers are to be identified as in need of improvement. For those attendance centers identified as being in need of improvement, the department shall facilitate technical assistance.

When a school or school district has completed a required self-study and has not met its annual improvement goals for at least two or more consecutive years, the department may conduct a site visit.

When a site visit occurs, the department shall determine if appropriate actions were taken. If the site visit findings indicate that appropriate actions were taken, accreditation status shall remain.

(2) **Comprehensive site visit.** A comprehensive site visit shall occur at least once every five years as required by Iowa Code section 256.11(10) or before, if requested by the school or school district. The purpose of a comprehensive site visit is to assess progress with the comprehensive school improvement plan, to provide a general assessment of educational practices, to make recommendations with regard to the visit findings for the purposes of improving educational practices above the level of minimum compliance, and to determine that a school or school district is in compliance with the accreditation standards. The department and the school district or school may coordinate the accreditation with activities of other accreditation associations. The comprehensive site visit shall include the following components:

1. **School improvement site visit team.** The department shall determine the size and composition of the school improvement site visit team. The team shall include members of the department staff and may include other members such as, but not limited to, area education agency staff, postsecondary staff, and other school district or school staff.

2. **Previsit actions.** The school improvement team shall review the five-year comprehensive school improvement plan, annual progress reports, and any other information requested by the department.

3. **The site visit report.** Upon review of documentation and site visit findings, the department shall provide a written report to the school or school district based on the comprehensive school improvement plan and other general accreditation standards. The report shall state areas of strength, areas in need of improvement, and areas, if any, of noncompliance. For areas of noncompliance, the school or school district shall submit, within a reasonable time frame, an action plan to the department. The department shall determine if the school or school district is implementing the necessary actions to address areas of noncompliance. If the department determines that the school or school district is not taking the necessary actions, the director of the department may place the school or school district in a Phase II accreditation process.

b. Conditions under which a Phase II visit may occur. A Phase II accreditation process shall occur if one or more of the following conditions exist:

- (1) When either the annual monitoring or the comprehensive site visit indicates that a school or school district is deficient and fails to be in compliance with accreditation standards;

- (2) In response to a petition filed with the director of the department requesting such a committee visitation that is signed by 20 percent or more of the registered voters of a school district;

- (3) In response to a petition filed with the director of the department requesting such a committee visitation that is signed by 20 percent or more of the families having enrolled students in a school or school district;

- (4) At the direction of the state board of education; or

- (5) Upon recommendation of the school budget review committee for a district that exceeds its authorized budget or carries a negative unspent balance for at least two consecutive years.

c. The Phase II process. The Phase II process shall consist of monitoring by the department. This monitoring shall include the appointment of an accreditation committee to complete a comprehensive review of the school or school district documentation on file with the department. The accreditation committee shall complete one or more site visits. The Phase II process shall include the following components:

- (1) **Accreditation committee.** The director of the department shall determine accreditation committee membership. The chairperson and majority of the committee shall be department staff. The committee may also include at least one representative from another school or school district, AEA staff, postsecondary education staff, board members, or community members. No member of an accreditation committee shall have a direct interest, as determined by the department, in the school or school district involved in the Phase II process. The accreditation committee shall have access to all documentation obtained from the Phase I process.

- (2) **Site visit.** The accreditation committee shall conduct one or more site visits to determine progress made on noncompliance issues.

(3) Accreditation committee actions. The accreditation committee shall make a recommendation to the director of the department regarding accreditation status of the school or school district. This recommendation shall be contained in a report to the school or school district that includes areas of strength, areas in need of improvement, and, if any, the areas still not in compliance. The committee shall provide advice on available resources and technical assistance for meeting the accreditation standards. The school or school district may respond in writing to the director if it does not agree with the findings in the Phase II accreditation committee report.

(4) State board of education actions. The director of the department shall provide a report and a recommendation to the state board as a result of the Phase II accreditation committee visit and findings. The state board shall determine accreditation status. When the state board determines that a school or school district shall not remain accredited, the director of the department shall collaborate with the school or school district board to establish an action plan that includes deadlines by which areas of noncompliance shall be corrected. The action plan is subject to approval by the state board.

(5) Accreditation status. During the period of time the school or school district is implementing the action plan approved by the state board, the school or school district shall remain accredited. The accreditation committee may revisit the school or school district and determine whether the areas of noncompliance have been corrected. The accreditation committee shall report and recommend one of the following actions:

1. The school or school district shall remain accredited.
2. The school or school district shall remain accredited under certain specified conditions.
3. The school or school district shall have its accreditation removed as outlined in Iowa Code section 256.11(12).

The state board shall review the report and recommendation, may request additional information, and shall determine the accreditation status and further actions required by the school or school district as outlined in Iowa Code section 256.11(12).

DIVISION IX EXEMPTION REQUEST PROCESS

281—12.9(256) General accreditation standards exemption request. A school or school district may seek department approval for an exemption as stated in Iowa Code sections 256.9(48) and 256.11(8). The school or school district shall submit the exemption request to the director of the department with, at a minimum, the following: (1) the written request and (2) the standard exemption plan as described in subrule 12.9(1). For the 1999-2000 school year, the written request and plan shall be submitted before October 1, 1999. For subsequent school years, the written request and plan shall be submitted on or before January 1 preceding the beginning of the school year for which the exemption is sought. The exemption request may be approved for a time period not to exceed five years. The department may approve, on request of the school or school district, an extension of the exemption beyond the initial five-year period. The department shall notify the school or school district of the approval or denial of its exemption request not later than March 1 of the school year in which the request was submitted.

12.9(1) General accreditation standards exemption plan. The plan shall contain, but is not limited to, the following components:

- a. The standard or standards for which the exemption is requested.
- b. A rationale for each general accreditation standard identified in paragraph “a.” The rationale shall describe how the approval of the request will assist the school or school district to improve student achievement or performance as described in its comprehensive school improvement plan.
- c. The sources of supportive research evidence and information, when appropriate, that were analyzed and used to form the basis of each submitted rationale.
- d. How the school or school district staff collaborated with the local community or with the school improvement advisory committee about the need for the exemption request.
- e. Evidence that the board approved the exemption request.
- f. A list of the indicators that will be measured to determine success.

g. How the school or school district will measure the success of the standards exemption plan on improving student achievement or performance.

In its annual progress report as described in paragraph 12.8(3) “b,” the school or school district that receives an exemption approval shall include data to support increased student learning, achievement, or performance that has resulted from the approved standards exemption.

12.9(2) *General accreditation standards exemption request and exemption plan review criteria.* The department shall use the information provided in the written request and exemption plan as described in subrule 12.9(1) to determine approval or denial of requests for exemptions from the general accreditation standards. The department will use the following criteria for approval or denial of an exemption plan:

- a. Components “a” through “g” listed in subrule 12.9(1) are addressed.
- b. Clarity, thoroughness, and reasonableness are evident, as determined by the department, for each component of the accreditation standards exemption plan.

These rules are intended to implement Iowa Code sections 256.11, 280.23, and 256.7(21).

CHAPTER 15
USE OF TELECOMMUNICATIONS FOR INSTRUCTION BY SCHOOLS

281—15.1(256) Purpose. It is the purpose of this chapter to give guidance and direction for the use of telecommunications as an instructional tool for students enrolled in kindergarten through grade 12 who are served by school districts, accredited nonpublic schools, area education agencies, merged area schools, institutions under the governance of the state board of regents, and independent colleges and universities in elementary and secondary school classes and courses.

281—15.2(256) Definitions.

“Appropriately licensed and endorsed” indicates possession of current and valid licensure by the Iowa board of educational examiners to practice at a prescribed educational level in a specified content area.

“Class size” refers to the total group taught during a time period by a teacher or teaching team with students at one or more sites.

“Department” means the department of education.

“Exclusive instruction” means without the use of any other form of instructional delivery.

“Nonexclusive instruction” provides more than one means for interaction between teacher and student.

281—15.3(256) Interactivity. Courses delivered primarily via telecommunications shall employ live interactive systems which allow at a minimum one-way video and two-way audio communication. An annual waiver may be granted by the department for a telecommunications system that does not include audio but has an alternative contemporaneous, interactive communication ability and is consistent with sound instructional practice.

281—15.4(256) Course eligibility. Telecommunications may be employed as a means to deliver any course, including a course required for accreditation by the department, provided it is not the exclusive means of instructional delivery.

281—15.5(256) Teacher preparation and accessibility. A teacher appropriately licensed and endorsed for the educational level and content area being taught shall be present and responsible for the instructional program at the receiving site if a presenter of material transmitted via telecommunications is not an appropriately licensed and endorsed teacher for the educational level and content area. If a presenter of material transmitted via telecommunications is an appropriately licensed and endorsed teacher for the educational level and content area, a supervising teacher, or aide to whom a supervising teacher is readily available for consultation, shall supervise and monitor the curriculum and students, and be readily accessible to the students. Prior to being assigned initially to deliver instruction via telecommunications, a teacher shall receive training regarding effective practices which enhance learning by telecommunications.

281—15.6(256) School responsibilities. Each board of a local school district or a nonpublic school employing telecommunications for instruction shall develop policies relative to the use of telecommunications in the delivery of the educational program that are consistent with effective clinical practice. The local school district or nonpublic school shall report its use of telecommunications for instruction annually to the department on forms provided by the department. This report shall include:

1. To whom the instruction was delivered including class size, type of class (such as seminar or lecture), and grade level;
2. The course description and schedule of instruction;

3. The number, assignment, licensure including the licensing folder number, and the training received regarding effective practices which enhance learning by telecommunications of all staff involved in the teaching/learning process at both the origination and the receiving sites.

These rules are intended to implement Iowa Code subsection 256.7(9).

Family involvement may include volunteering in the classroom, orientation to the preschool program, parent education, general communications, or other activities.

16.3(13) *Integration of other preschool programs.* The preschool program shall make provisions for the integration of children from other state and federally funded preschool programs including Head Start, IDEA, Title I, shared visions, and community empowerment.

16.3(14) *Comprehensive services.* The preschool program may collaborate with other agencies for the provision of the following:

- a. Quality, developmentally appropriate early learning experiences;
- b. Extended day child care;
- c. Transportation;
- d. Developmental screening, including health, hearing, and vision screening;
- e. Referral to other agencies providing health insurance, health care, immunizations, nutrition services, and mental health and oral health services; and
- f. Family education and support.

281—16.4(82GA, HF877) Collaboration requirements.

16.4(1) *Teacher requirements.* The teacher shall collaborate with other agencies, organizations, and boards in the community to further the program's capacity to meet the diverse needs of eligible children and their families. The teacher shall assist families in identifying and accessing available resources such as those described in subrule 16.3(14).

16.4(2) *Program requirements.* Preschool programs shall collaborate with participating families, early care providers, and community partners, including community empowerment area boards, Head Start programs, shared visions, and other programs provided under the auspices of the child development coordinating council; licensed child care centers; registered child development homes; area education agencies; child care resource and referral services provided under Iowa Code section 237A.26; early childhood special education programs; services funded by Title I of the federal Elementary and Secondary Education Act of 1965; and family support programs, to make available resources, including those described in subrule 16.3(14), required to meet the needs of the child. Preschool programs shall collaborate to ensure that children receiving care from other approved child care arrangements can participate in the voluntary preschool program with minimal disruptions to the child.

16.4(3) *District requirements.* The school district shall submit a collaborative application that demonstrates the involvement of multiple community stakeholders, including, as applicable, parents; other school districts; accredited nonpublic schools and faith-based representatives; the area education agency; the community empowerment area board; representatives of business, Head Start programs, shared visions and other programs provided under the auspices of the child development coordinating council; center-based and home-based providers of child care services, human services, public health, and economic development programs.

The methods by which such collaboration may be demonstrated include providing documentation of the development and maintenance of collaboration with community providers and other community stakeholders, evidence of a public hearing, collaboration agreements addressing operational procedures and other critical measures or assurances. The collaboration agreements between a school district and

community-based providers of services may include four-year-old children who are enrolled in a child care center or child development home licensed or registered under Iowa Code chapter 237A, or in an existing public or private preschool program provided by the school district's local preschool program.

281—16.5(82GA,HF877) Applications for funding. All applications shall be submitted on forms provided by the department, and shall address the requirements found in rules 16.3(82GA,HF877), 16.4(82GA,HF877), and 16.13(82GA,HF877). Applicants shall submit a plan describing how they will fully meet the program standards within one year of the funding award. Points shall be awarded based on the applicant's provision of the following information:

1. Preschool program summary;
2. Research documentation;
3. Identification and documentation of local population;
4. Needs assessment of local programs providing services;
5. Evidence of collaboration with local agencies to provide comprehensive services; and
6. Letters of community support.

281—16.6(82GA,HF877) Application process.

16.6(1) Request for applications.

a. The department shall announce the commencement of the application period through public notice on the department's Web site and the department's regular monthly electronic publication.

b. Applications for preschool program funding shall be available on the department's Web site and otherwise distributed by the department upon request.

c. All applications shall be submitted to the department in accordance with instructions accompanying the applications.

16.6(2) Application process.

a. Applications that do not contain the specified information or that are not received by the specified date shall not be considered.

b. The department shall have the final discretion to award funds.

16.6(3) Notification of applicants. The department shall notify all applicants within 45 days following the due date for receipt of applications whether their requests shall be funded. The department shall provide to each successful applicant a contract to be signed by an official with authority to bind the applicant and to be returned to the department prior to the distribution of any funds under this program.

281—16.7(82GA,HF877) Award contracts. Funds for applications approved by the department shall be awarded through a contract entered into by the department and the approved local program.

281—16.8(82GA,HF877) Contract termination.

16.8(1) Termination for convenience. The contract may be terminated in whole or in part when both parties agree that the continuation of the project would not produce beneficial results commensurate with the future expenditure of funds. The parties shall agree upon the termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The applicant shall not incur new obligations for the terminated portion after the effective date and shall cancel as many outstanding obligations as possible.

16.8(2) Termination for cause. The contract may be terminated in whole or in part at any time before the date of completion whenever it is determined by the department that the applicant has failed to comply substantially with the conditions of the contract. The applicant shall be notified in writing by the department of the reasons for the termination and the effective date. The applicant shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

The department shall administer preschool program grants contingent upon availability of funding. If there is a lack of funds necessary to fulfill the fiscal responsibility of the preschool program grants, the

contracts shall be terminated or renegotiated. The department may terminate or renegotiate a contract upon 30 days' notice when there is a reduction of funds by executive order.

The contract may be terminated in whole or in part by June 30 of the current fiscal year in the event that the applicant has not attained the program standards.

16.8(3) *Responsibility of applicant at termination.* Within 45 days of the termination, the applicant shall supply the department with a financial statement detailing all costs incurred up to the effective date of the termination. If the applicant expends moneys for other than specified budget items approved by the department, the applicant shall return moneys for unapproved expenditures.

281—16.9(82GA, HF877) Criteria for applications for funding. For the fiscal years in the period beginning July 1, 2007, and ending June 30, 2011, if the number of requests from school districts for initial participation in the preschool program exceeds the funding made available for the preschool program, the department shall utilize all of the following selection criteria in selecting the school districts that will be approved to participate in the preschool program:

16.9(1) Priority shall be given to school districts that have a high percentage of children in poverty, and such children shall receive first priority for the programs. Poverty shall be measured by the percentage of the elementary students in the applicant district who qualify for free or reduced price meals.

16.9(2) Priority shall be given to school districts that do not have existing preschool programming within the school district boundaries.

16.9(3) Consideration shall be given to school districts with established, high-quality community partnerships for the delivery of preschool program services that are seeking to expand access.

16.9(4) Consideration shall be given to the size of school districts in large, medium, and small categories in order for there to be equitable statewide distribution of preschool program services.

16.9(5) Only those applicants that certify the following assurances shall be considered for funding:

a. That the applicant has or will have an appropriately licensed teacher available for the program by October 1 of the school year for which funding is sought.

b. That the applicant has or will have sufficient numbers of staff available for the program by October 1 of the school year for which funding is sought.

c. That the applicant's program is or will be operational by October 1 of the school year for which funding is sought.

d. That, during the instructional time described in subrule 16.3(4), instruction shall be delivered in accordance with the applicant's curriculum and with the child learning standards described in subrule 16.3(5).

281—16.10(82GA, HF877) Appeal of application denial or termination. Any applicant may appeal to the director of the department the denial of a properly submitted preschool program funding application or the unilateral termination of an approved application. The jurisdictional criteria and procedures found in 281—Chapter 7 shall be applicable to any appeal of denial or termination.

281—16.11(82GA, HF877) Finance.

16.11(1) *Preschool foundation aid amounts to districts.*

a. For the initial school year for which a school district approved to participate in the preschool program receives that approval and implements the preschool program, the funding for the preschool foundation aid payable to that school district shall be paid from the appropriation made for that school year in accordance with 2007 Iowa Acts, House File 877, section 6. For that school year, the preschool foundation aid payable to the school district is the product of the regular program state cost per pupil for the school year multiplied by 60 percent of the school district's eligible student enrollment on a specific date in the school year determined by rule. An eligible child is not required to be a resident of the district in which the child is enrolled voluntarily in the approved local program.

b. For budget years subsequent to the initial school year for which a school district approved to participate in the preschool program receives that approval and implements the preschool program,

the funding for the preschool foundation aid payable to that school district shall be paid from the appropriation made in accordance with Iowa Code section 257.16 as amended by 2007 Iowa Acts, House File 877, section 8, except that an eligible child is not required to be a resident of the district in which the child is enrolled voluntarily in the approved local program.

16.11(2) *Aid payments.* Preschool foundation aid shall be paid as part of the state aid payments made to school districts in accordance with Iowa Code section 257.16 as amended by 2007 Iowa Acts, House File 877, section 8, except that an eligible child is not required to be a resident of the district in which the child is enrolled voluntarily in the approved local program.

16.11(3) *Commingle prohibited.* No state funding received under this program shall be commingled with other state aid payments made under Iowa Code section 257.16 as amended by 2007 Iowa Acts, House File 877, section 8. All state funding received under this program shall be accounted for by the applicant district separately from other state aid payments.

16.11(4) *Restriction on supplanting.* State funding received under this program shall be used to supplement, not supplant, other public funding received by the applicant district as the result of the participation of any eligible children if the program is funded from another state or federal source such as Head Start, shared visions, state child care assistance, or community empowerment. This restriction is applicable only for costs related to instructional time as described in subrule 16.3(4).

281—16.12(82GA,HF877) *Transportation.* Children participating in preschool in an approved local program under 2007 Iowa Acts, House File 877, may be provided transportation services. However, transportation services provided to such children are not eligible for reimbursement under this chapter.

281—16.13(82GA,HF877) *Accountability requirements.* An approved local program shall meet the program requirements for increased school readiness specified in rule 16.3(82GA,HF877). The program requirements are minimum standards. The department encourages approved local programs to exceed the minimum standards as programs work toward ongoing improvement.

16.13(1) *Annual reports.* Each approved local program shall provide on forms provided by the department an annual report to the department regarding program requirements. Failure to submit an annual report by the date specified therein shall result in suspension of financial payments to the applicant until such time as the report is received by the department.

16.13(2) *Performance measures.* The approved local program shall collect data on all of the following:

- a. The number of eligible children participating in the preschool program.
- b. The number of eligible children participating in a program that meets the requirements of NAEYC, Head Start, or Iowa Quality Preschool Program Standards and Criteria.
- c. The curriculum.
- d. The assessment as defined in rule 16.2(82GA,HF877).
- e. The number of teachers.
- f. The kindergarten literacy assessment as defined in Iowa Code section 279.60.

281—16.14(82GA,HF877) *Monitoring.* The department shall develop a monitoring system based on the annual reporting requirements and performance measures described in rule 16.13(82GA,HF877) to be implemented no later than one year after funding is first provided under this chapter. The monitoring system shall ensure that programs meet the provisions herein requiring a properly licensed teacher and adoption of program standards and shall be designed to follow the academic progress of children who voluntarily participate in the statewide preschool program as the children progress through elementary and secondary grade levels. If feasible, it is the intent of the department to include postsecondary monitoring of such children.

281—16.15(82GA,HF877) *Open enrollment not applicable.* Iowa's open enrollment statute (Iowa Code section 282.18) is not applicable for the parent or guardian of an eligible child who desires to access an approved program in a school district not of the child's residence. Approved programs are open to all

eligible Iowa children, regardless of a child's district of residence. Accordingly, it is neither necessary for a parent or guardian to file an open enrollment application, nor will open enrollment applications for approved preschool programs be allowed.

Participation by a child in an approved program under these rules does not provide "good cause," as defined in Iowa Code section 282.18(4) "b," for the child's parent or guardian to file for open enrollment after the deadlines specified in Iowa Code section 282.18, subsections 2 and 4, by claiming continuous enrollment in the receiving district. (See also 281—subrule 17.8(7).)

These rules are intended to implement 2007 Iowa Acts, House File 877.

CHAPTER 17 OPEN ENROLLMENT

281—17.1(282) Intent and purpose. It is the intent of Iowa Code section 282.18 to maximize parental choice in providing a wide range of educational opportunities which are not available for pupils because of where they live. It is the purpose of this chapter to give guidance and direction to parents/guardians, public school district administrators and boards in making quality decisions regarding school district choice for the education of pupils.

281—17.2(282) Definitions. For the purpose of this chapter the indicated terms are defined as follows:

“Alternative receiving district” means a district to which a parent/guardian petitions for the open enrollment of a pupil from a receiving district. An alternative receiving district could be the district of residence of the parents/guardians.

“Attendance center” means a public school building that contains classrooms used for instructional purposes for elementary, middle, or secondary school students.

“Court-ordered desegregation plan” means a plan that is under direct court order to avoid racial isolation in the district.

“Department” means the department of education.

“Director” means the director of the department of education or the director’s designee.

“Diversity plan” or *“voluntary diversity plan”* means a plan that is voluntarily adopted by a local school board to promote diversity and to avoid minority student isolation in the district.

“Eligible district” means a school district whose board had adopted a voluntary desegregation plan under this chapter prior to June 28, 2007.

“Minority student” shall be defined by a local school board in its diversity plan, and may include consideration of any one characteristic or a combination of any of the following characteristics except that race may not be either the sole or the determinative characteristic: socioeconomic status, ethnicity/national origin, English language learner status, or race.

“Open enrollment” is the procedure allowing a parent/guardian to enroll one or more pupils in a public school district other than the district of residence at no tuition cost.

“Receiving district” is the public school district in which a parent/guardian desires to have the pupil enrolled or the district accepting the application for enrollment of a pupil under the provisions of Iowa Code section 282.18.

“Resident district” is the district of residence for school purposes of the parent/guardian and the district in which an open enrollment pupil shall be counted for the purpose of generating state aid regardless of the district in which the pupil is enrolled.

“Sending district” is synonymous with the term resident district.

“Sibling” means a child residing primarily in the same household as the child for whom an open enrollment request is filed and who is related by adoption, blood or marriage to the child for whom an open enrollment request is filed. “Sibling” also includes a foster child who is placed in the same household as the child for whom an open enrollment request is filed.

“Socioeconomic status” means the income level of a student or the student’s family, and shall be measured by whether a student or the student’s family meets the financial eligibility criteria for free meals or reduced price meals offered under the Child Nutrition Program.

281—17.3(282) Application process. The following procedure shall be used by parents/guardians and school districts in processing open enrollment applications.

17.3(1) Parent/guardian responsibilities. On or before March 1 of the school year preceding the school year for which open enrollment is requested, a parent/guardian shall formally notify both the district of residence and the receiving district of the request for open enrollment. The request for open enrollment shall be made on forms provided by the department of education. The parent/guardian is required to indicate on the form if the request is for a pupil requiring special education, as provided

by Iowa Code chapter 256B. The forms for open enrollment application are available from each public school district, area education agency, and the state department of education.

17.3(2) *School district responsibilities.* The board of the resident district shall take no action on an open enrollment request except for a request made under rule 17.5(282) or 17.14(282). The board of the receiving district shall act on an open enrollment request no later than June 1 of the school year preceding the school year for which the request is made.

The receiving district superintendent shall provide notification of either approval or denial of the request to the parent/guardian and to the resident district within five days of board action.

As an alternative procedure, the receiving board may by policy authorize the superintendent to approve, but not deny, applications filed on or before March 1. The board of directors of a receiving school district may adopt a policy granting the superintendent of the school district authority to approve open enrollment applications submitted after the March 1 deadline, but the board of the receiving district shall take action to approve the request if good cause exists. The board shall have the discretion to determine the scope of the authorization. The authorization may be for regular applications filed on or before March 1, good cause applications, kindergarten applications and continuation applications filed on or before September 1, or any combination that the board determines. The same timelines for approval, forwarding, and notification shall apply.

The parent/guardian may withdraw an open enrollment request anytime prior to the first day of school in the resident district. After the first day of school, an open enrollment request can only be changed during the term of the approval by the procedures of subrules 17.8(3) and 17.8(4).

The board of the receiving district shall comply with the provisions of rule 17.11(282) if the application for open enrollment is for a pupil requiring special education as provided by Iowa Code chapter 256B.

By September 30 of each school year, all districts shall notify parents of the following:

- a. Open enrollment deadlines;
- b. Transportation assistance;
- c. That within 30 days of a denial of an open enrollment request by a district board of education, the parent/guardian may file an appeal with the state board of education only if the open enrollment request was based on repeated acts of harassment or a serious health condition of the student that the district cannot adequately address; and that all other denials must be appealed to the district court in the county in which the primary business office of the district is located; and
- d. Possible loss of athletic eligibility for open enrollment pupils.

This notification may be published in a school newsletter, a newspaper of general circulation, or a parent handbook provided to all patrons of the district. This information shall also be provided to any parent/guardian of a pupil who enrolls in the district during the school year.

17.3(3) *Exception to process when resident district is under voluntary or court-ordered desegregation.* If the resident district has a voluntary or court-ordered desegregation plan requiring the district to maintain minority and nonminority student ratios, the request for open enrollment shall be filed solely with the district of residence on or before March 1 of the school year preceding the school year for which open enrollment is requested. The superintendent of the resident district may deny a request under this subrule unless the request is made on behalf of a student whose sibling already actively participates in open enrollment to the same receiving district to which open enrollment is sought for this student. A denial by the superintendent may be appealed to the board of the district in which the request was denied. A decision of the local board to uphold the denial may only be appealed to the district court in the county in which is located the primary business office of the district that upheld the denial of the open enrollment request.

281—17.4(282) Filing after the March 1 deadline—good cause. A parent/guardian may apply for open enrollment after the filing deadline of March 1 of the school year preceding the school year for which open enrollment is requested and before the date specified in Iowa Code section 257.6, subsection 1, of that calendar year if good cause exists for the failure to meet the deadline. Good cause is a change in the status of the pupil's residence or a change in the status of the pupil's resident district taking place

after March 1, or the closing or loss of accreditation of a nonpublic school of attendance after March 1 resulting in the desire of the parent/guardian to obtain open enrollment for the following school year. If good cause can be established, the parent/guardian shall be permitted to apply for open enrollment in the same manner as if the deadline had been met pursuant to rule 17.3(282).

Consideration of an open enrollment request filed under the provision of good cause does not preclude the authority, as appropriate, for the resident or receiving district to administer board policy related to insufficient classroom space or the requirements of a desegregation plan or order in acting to approve or deny the request. (See subrules 17.6(2) and 17.6(3).)

17.4(1) Good cause related to change in the pupil's residence shall include:

a. A change in the family residence due to the family's moving from the district of residence anytime after March 1 of the school year preceding the school year for which open enrollment is requested.

b. A change in the state of residence allowing a parent/guardian moving into an Iowa school district from out of state to obtain open enrollment to a different district from their new district of residence.

c. A change in the marital status of the pupil's parents.

d. A guardianship or custody proceeding.

e. Placement of the child in foster care.

f. Adoption.

g. Participation in a foreign exchange program.

h. Participation in a substance abuse or mental health treatment program.

17.4(2) Good cause related to change in status of the pupil's resident district or nonpublic school of attendance shall include:

a. Reorganization action.

(1) Failure of the area education board to vote in favor of a reorganization proposal,

(2) Failure of the area education board to act on objections to exclude territory from a reorganization proposal,

(3) Failure of a reorganization election,

(4) Rescinded IAB 3/8/00, effective 4/12/00.

b. Dissolution action.

(1) Failure of a dissolution commission to make a recommendation to the board of directors,

(2) Failure of the board to take positive action on objections filed by residents of the district to a dissolution proposal,

(3) Failure of contiguous districts to accept a dissolution proposal,

(4) Failure of an election on a dissolution proposal.

c. Whole grade sharing action.

(1) Failure of the board to pursue negotiations for a whole grade sharing proposal for which it has given public notice by board action of its intent to pursue,

(2) Failure of the board to approve a request by a parent/guardian to send an affected pupil to a contiguous district rather than to the district party to the agreement,

(3) Failure of the board to extend or renew a whole grade sharing agreement,

(4) Unilateral rejection by one board of a whole grade sharing agreement prior to expiration of the term of the agreement.

d. Loss of accreditation.

(1) Removal of accreditation by the state board after March 1.

(2) Surrender of accreditation after March 1.

(3) Permanent closure of a nonpublic school after March 1.

e. Rescinded IAB 8/21/02, effective 9/25/02.

On open enrollment requests for good cause related to a change in status of the pupil's school district of residence, action by a parent/guardian must be taken to file notification within 45 days of the last board action or within 30 days of the certification of an election, whichever circumstance is applicable.

17.4(3) Good cause shall not include:

a. Actions of a board of education in the designation of attendance centers within a school corporation and in the assignment of pupils to such centers as provided by Iowa Code section 279.11.

b. Actions of a board of education in making its own rules of government for the internal organization and operation of the school corporation as provided by Iowa Code section 279.8.

17.4(4) Rescinded IAB 8/21/02, effective 9/25/02.

17.4(5) Timelines for board action on applications filed after March 1 for good cause. The board of the receiving district shall act on the request within 30 days of its receipt. The same timelines for approval, forwarding, and notification shall apply.

The receiving district superintendent shall provide notification of either approval or denial of the request to the parent/guardian and to the resident district within five days of board action.

17.4(6) If the resident district believes that the board of the receiving district approved a late-filed open enrollment request that does not meet the definition of “good cause” under Iowa Code section 282.18(4) “*b*,” the resident district may appeal to the director.

a. Upon affirmative vote of a majority of its board to do so, the resident district shall file a written appeal to the director within 30 days of receipt by the resident district of notification by the board of the receiving district of the approval by the receiving district of a late-filed open enrollment request. The written appeal shall state the name and grade level of the affected student, the name of the receiving district, the date of approval by the board of the receiving district, the date the resident district was notified of the approval, and a brief statement explaining why the resident district board believes there is no good cause for the request to have been filed and approved after March 1. The appeal shall be signed by the president of the board of the resident district and shall have attached to it a copy of the disputed open enrollment request and the minutes of the board meeting at which the resident district board voted to appeal. An appeal is timely filed if it is postmarked or delivered personally or via facsimile transmission to the director within the 30-day time period.

b. The director shall, upon receipt of an appeal, first attempt to mediate the dispute. If mediation is unsuccessful, the director shall schedule a telephonic hearing for the purpose of hearing testimony from both boards.

c. If a hearing is necessary, the boards may stipulate to any or all facts to be considered by the director. At the sole discretion of the director, an in-person hearing may be scheduled. The director shall issue a written decision within ten days of the hearing, upholding or reversing the decision of the board of the receiving district.

d. Within five days of the issuance of the decision of the director, the aggrieved board may appeal the decision to the state board of education under the procedures in Iowa Code chapter 290.

281—17.5(282) Filing after the March 1 deadline—harassment or serious health condition. A parent/guardian may apply for open enrollment after the filing deadline of March 1 of the school year preceding the school year for which open enrollment is requested if the parent’s/guardian’s child is the victim of repeated acts of harassment or if the child has a serious health condition that the resident district cannot adequately address. If either of these conditions exists, the parent/guardian shall be permitted to apply for open enrollment by sending notification to both the resident and receiving districts.

17.5(1) The board of the resident district shall act on the request within 30 days of its receipt. If the request is denied, the parent/guardian shall be notified by the district superintendent within 3 days following board action. If the request is approved, the district superintendent shall forward the approved application form to the receiving district within 5 days following board action and shall notify the parent/guardian within 3 days of this action. The board of the receiving district shall act to approve or deny an open enrollment request within 30 days following receipt of the notice of approval from the resident district. The receiving district superintendent shall provide notification of either approval or denial of the request to the parent/guardian and to the resident district within 15 days of board action.

17.5(2) A denial by either board of a request made under this rule involving repeated acts of harassment of the student or serious health condition of the student that the resident district cannot adequately address may be appealed by a parent/guardian to the state board of education pursuant to

Iowa Code section 290.1. The state board shall exercise broad discretion to achieve just and equitable results that are in the best interest of the affected child or children.

281—17.6(282) Restrictions to open enrollment requests. A district board may exercise the following restrictions related to open enrollment requests.

17.6(1) *Enrollment loss caps.* Rescinded IAB 12/8/93, effective 1/12/94.

17.6(2) *Voluntary diversity plans or court-ordered desegregation plans.* In districts with court-ordered desegregation or voluntary diversity plans where there is a requirement to maintain minority and nonminority student ratios according to the plan, the superintendent of the district may deny a request for open enrollment if it is found that the enrollment or release of a pupil will adversely affect the district's court-ordered desegregation plan or voluntary diversity plan. Open enrollment requests that would facilitate the court-ordered desegregation plan or voluntary diversity plan shall be given priority over other open enrollment requests received by the district. A parent/guardian whose request for open enrollment is denied by the superintendent of the district on the basis of its adverse effect on the district's court-ordered desegregation plan or voluntary diversity plan may appeal that decision to the district board.

17.6(3) *Policy on insufficient classroom space.* No receiving district shall be required to accept an open enrollment request if it has insufficient classroom space to accommodate the pupil(s). Each district board shall adopt a policy which defines the term "insufficient classroom space" for that district. This policy shall establish a basis for the district to make determinations on the acceptance or denial, as a receiving district, of an open enrollment request. This policy may include, but shall not be limited to, one or more of the following: nature of the educational program, grade level, available instructional staff, instructional method, physical space, pupil-teacher ratio, equipment and materials, facilities either being planned or under construction, facilities planned to be closed, finances available, sharing agreement in force or planned, bargaining agreement in force, law or rules governing special education class size, or board-adopted district educational goals and objectives. This policy shall be reviewed annually by the district board.

17.6(4) *Designation of attendance center.* The right of a parent/guardian to request open enrollment is to a district other than the district of residence, not to an attendance center within the nonresident district. In accepting an open enrollment pupil, the receiving district board has the same authority it has in regard to its resident pupils as provided by Iowa Code section 279.11, to "determine the particular school which each child shall attend." In the application process, however, the parent or guardian may request an attendance center of preference.

281—17.7(282) Open enrollment for kindergarten. While the regular time frame in requesting open enrollment is that an application should be made no later than March 1 of the school year preceding the school year for which the enrollment is requested, a parent/guardian requesting to enroll a kindergarten pupil in a district other than the district of residence may make such application on or before September 1 of that school year. In considering an application for a kindergarten pupil, the resident and the receiving district are not precluded from administering board-adopted policies related to insufficient classroom space or the requirements of a desegregation plan or order.

As an alternative procedure, the receiving board may by policy authorize the superintendent to approve, but not deny, applications filed on or before September 1 under this rule. The timelines established in rule 17.4(282) shall apply to applications for a kindergarten pupil.

281—17.8(282) Requirements applicable to parents/guardians and students.

17.8(1) *Expelled or suspended students.* A pupil who has been suspended or expelled by action of the administration or board of the resident district shall not be permitted to enroll if an open enrollment request is filed until the pupil is reinstated for school attendance in the resident district. Once reinstated, the application for open enrollment shall be considered in the same manner as any other open enrollment request. If a pupil for whom an open enrollment request has been filed is subsequently expelled by action of the resident district board, the pupil may be denied enrollment by the receiving district board until

the pupil is reinstated for school attendance by the resident district. The provisions of this subrule shall also apply to a pupil who has been suspended or expelled in a receiving district and is requesting open enrollment to an alternative receiving district or is seeking to return to the resident district as outlined in subrule 17.8(4).

17.8(2) *Restrictions on participation in interscholastic athletic contests and competitions.* A pupil who changes school districts under open enrollment in any of the grades 9 through 12 shall not be eligible to participate in varsity interscholastic athletic contests and competitions during the first 90 school days of enrollment. This restriction also shall apply to enrollments resulting from an approved petition filed by a parent/guardian to open enroll to an alternative receiving district and when the pupil returns to the district of residence using the process outlined in subrule 17.8(4). This 90-school-day restriction does not prohibit the pupil from practicing with an athletic team during the 90 school days of ineligibility. This 90-school-day restriction is not applicable to a pupil who:

a. Participates in an athletic activity in the receiving district that is not available in the district of residence.

b. Participates in an athletic activity for which the resident district and the receiving district have a “cooperative student participation agreement” in place as provided by rule 281—36.20(280).

c. Has paid tuition for one or more years to the receiving school district prior to making application and being approved for open enrollment.

d. Has attended the receiving district for one or more years, prior to making application and being approved for open enrollment, under a sharing or mutual agreement between the resident district and the receiving district.

e. Has been participating in open enrollment and whose parents/guardians move out of their district of residence but exercise the option of maintaining the open enrollment agreement as provided in subrule 17.8(6) except that the period of 90 school days of ineligibility shall apply to a student who open enrolls to another school district. If the pupil has established athletic eligibility under open enrollment, it is continued despite the parent’s or guardian’s change in residence.

f. Obtains open enrollment as provided in subrule 17.8(7) except that the period of 90 school days of ineligibility shall apply to a student who open enrolls to another school district.

g. Obtains open enrollment due to the dissolution and merger of the former district of residence under Iowa Code subsection 256.11(12).

h. Obtains open enrollment due to the pupil’s district of residence entering into a whole-grade sharing agreement on or after July 1, 1990, including the grade in which the pupil would be enrolled at the start of the whole-grade sharing agreement.

i. Participates in open enrollment and the parent/guardian is an active member of the armed forces and resides in permanent housing on government property provided by a branch of the armed services.

j. Rescinded IAB 5/15/02, effective 6/19/02.

17.8(3) *Term of enrollment.* Rescinded IAB 10/9/96, effective 11/13/96.

17.8(4) *Petition for attendance in an alternative receiving district.* Once the pupil of a parent/guardian has been accepted for open enrollment, attendance in an alternative receiving district under open enrollment can be initiated by filing a petition for change with the receiving district. The petition shall be filed by the parent/guardian with the receiving district on or before March 1 of the year preceding the school year for which the change is requested. The timelines and notification requirements for such a request shall be the same as outlined in subrule 17.3(2). If the request is approved, the alternative district shall send notice of this action to the parent/guardian, to the original receiving district, and to the resident district of the pupil. Petitions for change shall be effectuated at the start of the next school year.

As an alternative procedure, the receiving and alternative receiving district boards by mutual agreement may effectuate the change in enrollment of an open enrollment pupil at any time following receipt of a written request for such change which is approved by the two boards. The parent/guardian and the resident district board shall be notified of the approval and the date for change in open enrollment within 15 days of the mutual agreement action of the receiving and alternative receiving boards.

A pupil in good standing may return to the district of residence at any time following written notice from the parent/guardian to both the resident district and the receiving district.

17.8(5) *Renewal of an open enrollment agreement.* An open enrollment agreement shall remain in place unless canceled by the parent/guardian or terminated as outlined in the provisions of subrule 17.8(10).

17.8(6) *Change in residence when participating in open enrollment.* If the parent/guardian of a pupil who is participating in open enrollment changes the school district of residence during the term of the agreement, the parent/guardian shall have the option to leave the pupil in the receiving district under open enrollment, to open enroll to another school district, or to enroll the pupil in the new district of residence, thus terminating the open enrollment agreement. If the choice is to leave the pupil under open enrollment or to open enroll to another school district, the original district of residence shall be responsible for payment of the cost per pupil plus any applicable weightings or special education costs for the balance of the school year, if any, in which the move took place, providing the move took place on or after the date specified in Iowa Code section 257.6, subsection 1. The new district of residence shall be responsible for these payments during succeeding years of the agreement.

If the move takes place between the end of one school year and the date specified in Iowa Code section 257.6, subsection 1, of the following school year, the new district of residence shall be responsible for that year's payment as well as succeeding years.

If the pupil is to remain under open enrollment or to open enroll to another school district, the parent/guardian shall write a letter, delivered by mail or by hand on or before the date specified in Iowa Code section 257.6, subsection 1, to notify the original resident district, the new resident district, and the receiving district of this decision.

Timely requests under this rule shall not be denied. If the request is for a high school pupil, the pupil shall not be subject to the initial 90-school-day ineligibility period of subrule 17.8(2).

17.8(7) *Change in residence when not participating in open enrollment.* If a parent/guardian moves out of the school district of residence, and the pupil is not currently under open enrollment, the parent/guardian has the option for the pupil to remain in the original district of residence as an open enrollment pupil with no interruption in the education program or to open enroll to another school district. This option is not available to the parent/guardian of a student who is entering kindergarten for the first time. The parent/guardian exercising this option shall file an open enrollment request form with the new district of residence for processing and record purposes. This request shall be made on or before the date specified in Iowa Code section 257.6, subsection 1. Timely requests under this subrule shall not be denied. If the request is for a high school pupil, the pupil shall not be subject to the initial 90-school-day ineligibility period of subrule 17.8(2). If the move is on or after the date specified in Iowa Code section 257.6, subsection 1, the new district of residence is not required to pay per-pupil costs or applicable weighting or special education costs to the receiving district until the first full year of the open enrollment.

17.8(8) *Pupil governance.* An open enrollment pupil, and where applicable the pupil's parent/guardian, shall be governed by the rules and policies established by the board of directors of the receiving district. Any complaint or appeal by the parent/guardian concerning the educational system, its process, or administration in the receiving district shall be initially directed to the board of directors of that district in compliance with the policy of that district.

17.8(9) *Appeal procedure.* A parent/guardian may appeal the decision of the board of directors of a school district (resident or receiving) only on an application for open enrollment under Iowa Code section 282.18(5) as amended by 2002 Iowa Acts, House File 2515. This appeal is to the state board of education and shall comply with the provisions of Iowa Code section 290.1. The appeal shall be filed within 30 days of the decision of the district board and shall be in the form of an affidavit signed by the parent/guardian. It shall state in a plain and concise manner what the parent/guardian feels to be the basis for appeal.

17.8(10) *Open enrollment termination.* Open enrollment ends when:

a. The pupil graduates, moves into the receiving district, moves into a third district and does not elect to continue attending in the receiving district, moves out of state, elects to attend a nonpublic school

instead of the receiving district, or any other circumstance not excepted below that results in the pupil no longer attending the receiving district.

EXCEPTIONS: This rule shall not apply if the pupil is placed temporarily in foster care, a juvenile detention center, mental health or substance abuse treatment facility, or other similar placement. In such cases, the open enrollment status will automatically be reinstated when the pupil returns.

b. The pupil drops out of school. In this instance, if the pupil desires to return to the resident district during the term of the original open enrollment, notice must be given as outlined in the provisions of subrule 17.8(4).

281—17.9(282) Transportation.

17.9(1) *Parent responsibilities.* The parent/guardian of a pupil who has been accepted for open enrollment shall be responsible to transport the pupil without reimbursement, except as provided in subrule 17.9(2), to and from a point on a regular school bus route of the receiving district. This point shall be a designated stop on the bus route of the receiving district. If this point—designated stop—is within the distances established by Iowa Code section 285.1 from the school designated for attendance by the receiving district, that district may, but is not required to, provide transportation for an open enrollment pupil. A receiving district may send buses into a resident district solely for the purpose of transporting an open enrollment pupil if the boards of both the sending and receiving districts agree to this arrangement. Bus routes that are outside the boundary of the receiving district that have been authorized by an area education agency board of directors, as provided by Iowa Code subsection 285.9(3), may be used to transport open enrollment pupils if boards of directors of the resident and receiving districts have both taken action to approve such an arrangement. Bus routes that have been established by the receiving district for the purpose of transporting nonpublic school or special education pupils that operate in the resident district of an open enrollment pupil shall not be utilized for the transportation of such pupil for the portion of the route that is within the resident district unless the boards of directors of the resident and receiving districts have both taken action to approve such an arrangement. Bus routes transporting pupils for the purpose of whole-grade sharing shall not be used to transport open enrollment pupils for the portion of the route that is within the resident district unless the boards of directors of the resident and receiving districts have both taken action to approve such an arrangement.

17.9(2) *Qualifications and provisions for transportation assistance.* Open enrollment pupils that meet the economic eligibility requirements established by the department of education shall receive transportation assistance from their resident district under the following conditions. The resident district is not required to provide any transportation assistance for a pupil involved in open enrollment with a district that is not contiguous with the pupil's resident district. The resident district shall provide transportation for the pupil to a point that is a designated stop on a regular bus route of a contiguous receiving district, or as an alternative, the resident district shall pay the parent/guardian for providing this transportation. In either situation the resident district is not obligated to expend more than the average cost per pupil transported amount established for that district for the previous school year. If the resident district provides the transportation, it shall determine that it is able to perform this function at a cost not in excess of the average cost per pupil transported for the resident district as established the previous year. It shall not assess any additional cost to the parent/guardian for providing transportation. If the district chooses to reimburse the parent/guardian for providing transportation, to determine the amount to be reimbursed, the district shall use the provisions of Iowa Code subsection 285.1(3). This reimbursement shall not exceed the average cost per pupil transported for the resident district as established the previous year. The resident district may withhold from the amount it is required to pay to a receiving district for an open enrollment pupil the actual amount or the average cost per pupil transported amount it pays for transportation assistance, whichever is the lesser amount.

17.9(3) *Economic eligibility requirements for transportation.* A parent/guardian shall be eligible for transportation assistance from the resident district if the household income of the parent/guardian is at or below 160 percent of the federal income poverty guidelines as stated by household size. Since the

federal income poverty guidelines are adjusted each year, the department of education shall provide revised eligibility guidelines to school districts each year.

281—17.10(282) Method of finance. Open enrollment options shall be made available for pupils at no instructional cost to their parents/guardians. Open enrollment pupils shall be considered enrolled resident pupils in the resident district and shall be included in the certified enrollment count of that district for the purposes of generating school foundation aid.

17.10(1) Full-time pupils. Unless otherwise agreed to in the mediation under paragraph 17.4(6) “b,” for full-time pupils, the resident district shall pay each year to the receiving district an amount equal to the state cost per pupil for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4.

17.10(2) Dual enrolled pupils. Unless otherwise agreed to in the mediation under paragraph 17.4(6) “b,” for pupils who receive competent private instruction and are dual enrolled, the resident district shall pay each year to the receiving district an amount equal to .1 times the state cost per pupil for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4. However, a pupil dual enrolled in grades nine through twelve shall be counted by the receiving district in the same manner as a shared-time pupil under Iowa Code section 257.6(1) “c.”

17.10(3) Home school assistance program pupils. Unless otherwise agreed to in the mediation under paragraph 17.4(6) “b,” for pupils who receive competent private instruction and are registered for a home school assistance program, the resident district shall pay each year to the receiving district an amount equal to .3 times the state cost per pupil under Iowa Code chapter 257 for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4.

17.10(4) Transportation assistance. The resident district may deduct any transportation assistance funds for which the pupil is eligible as provided by subrule 17.9(2).

17.10(5) Method of payment. These moneys shall be paid to the receiving district on a quarterly basis. The district cost per pupil for nonspecial education students shall be the cost calculated each year for the school year preceding the school year for which the open enrollment takes place. Costs for special education students shall be as outlined in rule 17.11(282).

17.10(6) Partial-year situations. In the event that the pupil who is under open enrollment withdraws from school, moves into the district of attendance, moves out of state, moves to another district in the state of Iowa and elects to attend that district, graduates at midyear, is allowed to return to the district of residence during the school year, or other similar set of circumstances that result in the pupil no longer attending in the receiving district, payment of cost per pupil will be prorated.

17.10(7) Late changes of open enrollment. The resident district and the receiving district boards by mutual agreement may effectuate the change in enrollment of an open enrollment pupil at any time following receipt of a petition for such change which is approved by the two boards. A change due to good cause is a late change in enrollment. If any change in enrollment is made on or after the date specified in Iowa Code section 257.6, subsection 1, the resident district is not required to pay per-pupil costs or applicable weighting or special education costs to the receiving district until the first full year of the open enrollment.

17.10(8) Whole grade sharing pupils. Rescinded IAB 7/7/04, effective 8/11/04.

281—17.11(282) Special education students. If a parent/guardian requests open enrollment for a pupil requiring special education, as provided by Iowa Code chapter 256B, this request shall receive consideration under the following conditions. The request shall be granted only if the receiving district is able to provide within that district the appropriate special education program for that student in accordance with Iowa rules of special education, 281—41.84(256B,273,34CFR300). This determination shall be made by the receiving district in consultation with the resident district and the appropriate area education agency(ies) before approval of the application. In a situation where the appropriateness of the program is in question, the pupil shall remain enrolled in the program of the

resident district until a final determination is made. If the appropriateness of the special education program in the resident district is questioned by the parent, then the parent should request a due process hearing as provided by 281—41.113(1). If the appropriateness of the special education program in the receiving district is at issue, the final determination of the appropriateness of a special education instructional program shall be the responsibility of the director of special education of the area education agency in which the receiving district is located, based upon the decision of a diagnostic-education team from the receiving district which shall include a representative from the resident district that has the authority to commit district resources.

District transportation requirements, parent/guardian responsibilities and, where applicable, financial assistance for an open enrollment special education pupil shall be as provided by rule 17.9(282).

The district of residence shall pay to the receiving district on a quarterly basis the actual costs incurred by the receiving district in providing the appropriate special education program. These costs shall be based on the current year expenditures with needed adjustments made in the fourth quarter payment. The responsibility for ensuring that an appropriate program is maintained for an open enrollment special education pupil shall rest with the resident district. The receiving district and the receiving area education agency director shall provide, at least on an annual basis, evaluation reports and information to the resident district on each special education open enrollment pupil. The receiving district shall provide notice to the resident district of all staffings scheduled for each open enrollment pupil. For an open enrolled special education pupil where the receiving district is located in an area education agency other than the area education agency within which the resident district is located, the resident district and the receiving district are required to forward a copy of any approved open enrollment request to the director of special education of their respective area education agencies. Any moneys received by the area education agency of the resident district for an approved open enrollment special education pupil shall be forwarded to the receiving district's area education agency.

281—17.12(282) Laboratory school provisions. A parent/guardian may make a request for open enrollment transfer to a laboratory school operated by the state board of regents. The regents institution operating a laboratory school and the board of directors of the public school district in which the laboratory school is located shall develop a transfer policy. This policy shall include:

1. A provision that the total number of pupils enrolled in a laboratory school in any one year shall not exceed 670 pupils.
2. Provisions to protect and promote the quality and integrity of the teacher education program of the laboratory school.
3. Provisions to protect and promote the viability of the education program of the public school district.
4. The order in which and the reasons why requests to transfer to the laboratory school shall be considered.

The denial of a request to transfer to a laboratory school is not subject to appeal by a parent/guardian under Iowa Code section 290.1.

A pupil that is accepted for open enrollment transfer to a laboratory school shall not be included in the basic enrollment of the resident district with the laboratory school reporting the enrollment directly to the department of education with the following exception. If the number of pupils enrolled in the laboratory school from a school district during the current year exceeds the number enrolled from that district during the 1989-1990 school year, the pupils representing the difference between the current and the 1988-1989 school year enrollment for the district shall be included in the basic enrollment of the resident district with the district retaining the money generated through the foundation aid formula.

281—17.13(282) Applicability. For implementing the open enrollment provisions of Iowa Code section 282.18, the provisions of this chapter shall be retroactively applicable to June 5, 1989.

281—17.14(282) Voluntary diversity plans or court-ordered desegregation plans.

17.14(1) *Applicability.* These rules govern only the components of a voluntary diversity plan or court-ordered desegregation plan as the plan affects open enrollments. Nothing herein shall prohibit a district from implementing a lawful voluntary diversity plan or court-ordered desegregation plan or components thereof for transfers other than open enrollment.

17.14(2) *Eligibility to adopt and implement a plan applicable to open enrollments.*

a. Adoption. The board of an eligible school district may adopt a voluntary diversity plan with a component that applies to open enrollments if either of the following conditions exists: (1) The percentage of minority students in the district exceeds the percentage of minority students in the state by at least 20 percentage points; or (2) the percentage of minority students in one or more attendance centers in the district exceeds the percentage of minority students in the district as a whole by at least 20 percentage points.

b. Implementation. The open enrollment component of the plan adopted by the district board shall only be implemented by the district if other components of the diversity plan describe the steps the district is taking internally to avoid or reduce minority student isolation, and the district demonstrates the extent to which it has implemented those steps. For districts with multiple attendance centers at the same grade level, such steps may include intradistrict student transfer policies, pairing of attendance centers, revision of boundaries of attendance centers, selecting school sites, realignment of feeder systems, magnet schools, and the placement of specialized programs and services. In a district without multiple attendance centers at the same grade level, such steps may include pupil assignments to classrooms, classroom pairing, community and family outreach programs, student-to-student mentoring or grouping designed to promote understanding and acceptance of and positive interactions with all groups of minority students, and professional development activities designed to promote understanding and acceptance of and positive interactions with all groups of minority students. The open enrollment component of the plan adopted by the district board may remain in effect for so long as the district's total minority student population exceeds 15 percent, and shall remain in effect for so long as the district demonstrates is necessary to avoid minority student isolation in the district.

17.14(3) *Open enrollment elements of a diversity plan.*

a. All applicable deadlines for the filing and determination of open enrollment requests, including the exceptions for good cause under rule 17.4(282), apply to open enrollment requests filed in a district that has adopted an open enrollment component in its voluntary diversity plan.

b. The plan shall establish a districtwide ratio of minority-to-nonminority students to be maintained, consistent with subrule 17.14(2). All open enrollment requests, both those into and out of the district, shall be acted on according to whether the request will adversely affect or will positively affect the implementation of the plan. Under Iowa Code section 282.18, if an open enrollment request would positively affect the plan, the district shall give priority to granting the request over other requests.

c. A district with multiple attendance centers at the same grade level shall specify in the open enrollment component of its diversity plan which attendance centers are affected by the open enrollment component. For each of those attendance centers, the district shall establish and specify the individual attendance center ratios of minority-to-nonminority students, consistent with subrule 17.14(2). The plan may provide for an initial determination of whether a requested open enrollment will negatively affect the specific attendance center ratio. With respect to a request to open enroll out of the district, if such enrollment will negatively affect the ratio established for the student's current attendance center, the request may be denied by the district with no further determination of the impact of the request on the districtwide ratio. For a request to open enroll either into or out of the district, if the open enrollment will not negatively affect the attendance center ratio, the request shall be denied only if there would be a negative impact on the districtwide ratio. As of July 1, 2003, if a district's plan sets a threshold lower than allowed in paragraph 17.14(2)“a” and that plan has not been disapproved by a court of competent jurisdiction, the district may implement its individual attendance center ratios in addition to its districtwide ratio.

d. The plan shall include provision for the formation and operation of a waiting list for those requests that could not be granted immediately. A parent/guardian of a child on the waiting list must be

informed by the district of the details of the operation of the list and whether the parent/guardian must refile a timely request for open enrollment in order to remain on the waiting list.

e. The plan shall specify a district contact person to whom questions may be directed from parents/guardians.

f. The plan shall include a provision whereby a parent/guardian has a means to request that the district determine whether a hardship exists for granting a request that may not otherwise be granted under the plan.

17.14(4) Exceptions. The following exceptions shall apply:

a. If an open enrollment request is filed on behalf of a student whose sibling is already participating in open enrollment to the same district to which the student desires open enrollment, the request shall be granted.

b. If an open enrollment request is filed on behalf of a student whose parent/guardian moves out of the school district of residence and who wishes to remain in the district of residence as an open enrolled student without interruption in the student's educational program under subrule 17.8(7), the request shall be granted. This option is not available to the parent/guardian of a student who is entering kindergarten for the first time.

c. A request for open enrollment based on repeated acts of harassment of the student shall not be denied on the basis that such request would have an adverse impact on the district's ratio of minority-to-nonminority students.

d. A request for open enrollment based on a serious health condition of the student that the district cannot adequately address shall not be denied on the basis that such request would have an adverse impact on the district's ratio of minority-to-nonminority students.

17.14(5) Review by department. All voluntary desegregation plans adopted under this rule prior to June 28, 2007, are no longer valid. An eligible district whose board desires to adopt a voluntary diversity plan for open enrollment must do so by March 1, 2008. The district shall submit a copy of its plan to the department for review within 10 days of the adoption of the plan. Open enrollment requests received prior to March 1, 2008, by a district that has a voluntary diversity plan may be held by the district for action pursuant to the district's new voluntary diversity plan.

The department shall inform the district within 10 days of receipt of the district's voluntary diversity plan whether the plan complies with this rule. All changes to voluntary diversity plans for open enrollment shall be submitted to the department within 60 days of local board action.

These rules are intended to implement Iowa Code Supplement section 282.18.

CHAPTER 18 SCHOOL FEES

PREAMBLE

Equal access to course offerings and related activities enables schools to meet the needs and interests of all students; challenge the abilities of all students consistent with their individual stages of development; and contribute to the physical, mental, athletic, civic, social, moral and emotional growth of all students. It is the intent of the department of education that all students be treated equally, regardless of the student's or the student's parent's financial status. The department considers it essential that procedures be adopted which preserve the integrity and self-esteem of any student and the student's family who apply for a waiver.

281—18.1(256) Policy. It is the policy of the department of education that no Iowa student enrolled in a public school be excluded from participation in or denied the benefits of course offerings and related activities due to the student's or the student's parent's or guardian's financial inability to pay a fee associated with the class, program, or activity.

281—18.2(256) Fee policy. The board of directors of a public school shall adopt a policy regarding the charging and collecting of fees for course offerings and related activities, and for transportation provided to resident students who are not entitled to transportation under Iowa Code section 285.1. The policy established by the board of directors shall apply to any fees charged. The board shall require that procedures be developed to implement the policy pursuant to these rules.

281—18.3(256) Eligibility for waiver, partial waiver or temporary waiver of student fees. The policy required by rule 18.2(256) shall include provisions for granting a waiver, partial waiver, or temporary waiver of student fees upon application by the student.

18.3(1) Waivers. At minimum, the policy shall include the following provisions relating to eligibility for the waivers:

a. Waiver. (9) Compliance with the faculty accreditation standards of the North Central Association of Colleges and Schools and with faculty standards required under specific programs offered by the community college that are accredited by other accrediting agencies. It is recommended that the plan provide for the uniform reports with substantiating data currently required for North Central Association of Colleges and Schools accreditation.

c. The department of education shall notify the community college when the department requires a modified quality faculty plan be submitted. The department shall review the plan during the state accreditation on-site visits to ensure each community college's compliance and progress in implementing a quality faculty plan as approved by the local board of directors. (3) "Temporary/seasonal faculty" means those nonadministrative instructors, counselors, and librarians who are employed, full-time or part-time, by the college for short periods of time for specific purposes.

Eligible expenditures for the moneys appropriated are for salary expenditures and the required college contribution to FICA and IPERS or alternative retirement benefits system. These moneys shall then be considered as part of the instructor's salary in future years.

e. Moneys distributed to a community college hereunder shall be allocated to all full-time faculty and shall include part-time faculty covered by a collective bargaining agreement. The moneys shall be allocated pursuant to any existing negotiated agreements according to Iowa Code chapter 20. 21.4(4) *Programs for the handicapped.* Surveys shall be conducted in each merged area to determine the educational needs of persons who, due to academic, socioeconomic, or other handicaps, are prevented from succeeding in regular educational programs. The comprehensive evaluation will be conducted no less than once each ten-year period, and the interim evaluation will be conducted five years following each comprehensive evaluation.

21.11(2) Accreditation team. The size and composition of the accreditation team shall be determined by the director, but the team shall include members of the department of education staff and staff members from community colleges other than the community college being evaluated for accreditation.

21.11(3) Accreditation team action. A community college may respond to the accreditation team's report.

21.11(4) State board of education consideration of accreditation. All community colleges shall be deemed accredited on October 1, 1997. The state board of education shall determine whether a community college shall remain accredited. Approval of a community college by the state board of education shall be based on the recommendation of the director of the department of education after study of the factual and evaluative evidence on record pursuant to the standards described in this chapter, and based upon the timely submission of information required by the department of education in a format provided by the department of education.

a. Accreditation granted. Continuation of accreditation, if granted, shall be for a term of ten years; however, approval for a lesser term may be granted by the state board of education if it determines conditions so warrant.

The deadline for correction of deficiencies under a plan shall be no later than June 30 of the year following the on-site visit of the accreditation team. The plan is subject to approval of the state board of education. Plans shall include components which address correcting deficiencies, sharing or merger options, discontinuance of specific programs or courses of study, and any other options proposed by the state board of education or the accreditation team to allow the college to meet the standards.

c. Implementation of plan. During the time specified in the plan for its implementation, the community college remains accredited. The accreditation team shall revisit the community college and shall determine whether the deficiencies in the standards have been corrected and shall make a report and recommendation to the director and the state board of education. The state board of education shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected.

e. Failure to correct deficiencies. If the deficiencies have not been corrected in a program of a community college, the community college board shall take one of the following actions within 60 days from removal of accreditation:

DIVISION III
INSTRUCTIONAL COURSE FOR DRINKING DRIVERS

281—21.30(321J) Purpose. The purpose of the instructional course for drinking drivers is designed to inform the offender about drinking and driving and encourage the offender to assess the offender's own drinking and driving behavior in order to select practical alternatives.

281—21.31(321J) Course. A course provided according to this chapter shall be offered on a regular basis at each community college or by a substance abuse treatment program licensed under Iowa Code chapter 125, and may be offered at a state correctional facility listed in Iowa Code section 904.102. However, a community college shall not be required to offer the course if a substance abuse treatment program licensed under Iowa Code chapter 125 offers the course within the merged area served by the community college.

Enrollment in the course is not limited to persons ordered to enroll, attend, and successfully complete the course required under Iowa Code sections 321J.1 and 321J.17, subsection 2. However, any person under the age of 18 who is required to attend the courses for violation of Iowa Code section 321J.2 or 321J.17 must attend a course offered by a substance abuse treatment program licensed under Iowa Code chapter 125.

Any instructional course shall be approved by the department of education in consultation with the community colleges, substance abuse treatment programs licensed under Iowa Code chapter 125, the Iowa department of public health, and the Iowa department of corrections. Each course of instruction shall establish the following:

1. An understanding that alcohol-related problems could happen to anyone and that a person's drinking choices matter. The course illustrates common views of society that prevent people from taking drinking choices seriously. Research is presented to challenge common views with an understanding that alcohol problems are related to lifestyle choices.
2. An understanding that specific low-risk choices will help reduce the risk of experiencing alcohol-related problems at any point in life. The course presents research-based, low-risk guidelines.
3. Methods of providing support for making low-risk choices.
4. An accurate description of the progression of drinking to the development of alcoholism to help people weigh the risk involved with high-risk drinking and to see how high-risk choices may jeopardize their lives and the lives of others.
5. Opportunities to develop a specific plan of action to follow through with low-risk choices. A list of community resources is provided for ongoing support and treatment as needed.

281—21.32(321J) Tuition fee established.

1. Each person enrolled in an instructional course for drinking drivers shall pay to the community college, a substance abuse treatment program licensed under Iowa Code chapter 125, or a state correctional facility a tuition fee of \$85 for the approved 12-hour course, plus a reasonable book fee or \$185 for the court-ordered approved 28-hour weekend course, plus a reasonable book fee. For the court-ordered approved 28-hour weekend course, the community college or the substance abuse treatment program licensed under Iowa Code chapter 125 shall set a reasonable fee for lodging, meals, and security.

2. A person shall not be denied enrollment in a course by reason of a person's indigency. For court-ordered placement, the court shall determine a person's indigency. In all other instances, the community college, substance abuse treatment program licensed under Iowa Code chapter 125, or state correctional facility shall determine indigence upon application.

281—21.33(321J) Administrative fee established.

21.33(1) Students enrolled in Iowa. Beginning January 1, 2003, each person enrolled in Iowa in an instructional course for drinking drivers under this chapter shall be charged an administrative fee of \$10. This fee is in addition to tuition and shall be collected by the provider of the instructional course in conjunction with the tuition fee established under 281—21.32(321J). The administrative fee shall be

forwarded to the department of education on a quarterly basis as prescribed by the department. If a student has been declared by the court as indigent, no administrative fee will be charged to that student.

21.33(2) *Students enrolled in another state.* Beginning January 1, 2004, each person enrolled outside the state of Iowa in an instructional course for drinking drivers under this chapter shall be charged an administrative fee of \$25. This fee is in addition to tuition and shall be paid directly to the department of education by the student. Upon payment of the fee, the department of education shall review the educational component of the course taken by the student and shall inform the department of transportation whether the educational component is approved by the department of education.

STATE COMMUNITY COLLEGE FUNDING PLAN

281—21.45(260C) Purpose. A distribution plan for general state financial aid to Iowa's community colleges is established for the fiscal year commencing July 1, 1999, and succeeding fiscal years. Funds appropriated by the general assembly to the department of education for general financial aid to community colleges shall be allocated to each community college in the manner defined in this chapter.

21.45(1) Definitions. For the purpose of this rule, the following definitions shall apply:

"Academic year" means a period of time which begins with the first day of the fall term for each community college and continues through the day preceding the start of the next fall term as indicated in the official college calendar.

"Base funding" means the amount of general state financial aid each community college received as an allocation from appropriations made from the state general fund in the base year.

"Base year" means the fiscal year ending during the calendar year in which a budget is certified.

"Contact hour" for a noncredit course equals 50 minutes of contact between an instructor and students in a scheduled course offering for which students are registered.

"Credit hour," for purposes of community college funding distribution, shall be as defined in subrule 21.2(13).

"Eligible credit courses" means all credit courses that are eligible for general state financial aid and which must be part of an approved program of study. Developmental education courses that award credit hours are eligible for inclusion in the FTEE calculation. The department of education shall review and provide a determination should a question of eligibility occur.

"Eligible noncredit courses" means all noncredit courses eligible for general state financial aid that must fit one of the following ten eligible categories for noncredit courses:

1. Community resource development: courses that provide participants with information which may result in improved and enhanced community resources or community development programs.
2. State-mandated or state-approved: organized educational instruction designed to meet legislated or licensing requirements as defined in the Code of Iowa. The educational curriculum for such instruction is approved by the department of education, licensing boards, or state departments.
3. Legal and consumer rights: a group of instructional courses that provide the opportunity to become a better-informed and more thoughtful consumer and identify the consumer's rights and obligations under a contract.
4. Health: courses designed to enhance understanding, attitudes, and practices relating to individual, family, and community health. Instruction is based on scientific facts that serve as a foundation for decision making and action to achieve health potentials.

5. Employment and business: learning activities that are designed to develop skills needed to obtain and enhance employment. The activities will provide an understanding of business principles and practices having applications in business and industry locally, regionally, nationally, and internationally.

6. Programs for individuals with restricted incomes: a group of instructional courses designed for individuals living on a restricted income. These individuals include the elderly, widows and widowers, unemployed or those receiving financial aid from federal and state welfare agencies and organizations. Each course offered in this classification must clearly indicate that it is offered for restricted-income individuals, and enrollment efforts must be directed to these individuals.

7. Environmental education: instructional courses designed to assist individuals to understand the effect upon one's health and well-being of environmental factors such as water supply, pollution control, food contamination, air pollution, radiation exposure, and hazardous materials.

8. Consumer and homemaking adult education: instructional courses designed to include instruction on child development, care and guidance; clothing and textiles; consumer education; family/individual health; family living and parenthood; food and nutrition; home management (including resource management); and housing, home furnishing and equipment.

9. Adult vocational training/retraining education: individual vocational courses, each complete in itself and designed for the specific purposes of training persons for upgrading the skills of persons presently employed, and retraining persons for new employment.

10. ABE/adult high school completion/ESL: includes adult basic education, adult high school completion and English as a second language.

The department of education shall review and provide a determination should a question of eligibility occur.

"Eligible student" means a student enrolled in eligible credit or eligible noncredit courses. Ineligible students include students enrolled in courses that deal with recreation, hobbies, casual culture, or self-enjoyment subjects; programs or contracts funded from 260E sources; students in high school completion programs registered with a community college on or before the third Friday in September, which are claimed for funding by a K-12 school district; students registered as a part of the department of corrections contracts through the state penal institutions; students served for the sole purpose of testing; or students who reside in nursing homes. The department of education shall review and provide a determination should a question of eligibility occur.

"Enrollment," for the purposes of calculating the distribution of the proportional share of state general aid, means full-time equivalent enrollment (FTEE).

"Fiscal year" means a year beginning July 1 of a given calendar year and ending June 30 of the next calendar year.

"Full-time equivalent enrollment (FTEE)" means that one FTEE equals 24 credit hours for credit courses or 600 contact hours for noncredit courses generated by all eligible students enrolled in eligible courses.

"Inflation rate" shall be calculated by determining the percent change in the consumer price index for all urban consumers (CPI-U) as a percent change from the value for the quarter ending June 30 twelve months prior to the beginning of the base year to the value for the quarter ending June 30 prior to the base year.

21.45(2) Moneys appropriated by the general assembly from the general fund to the department of education for community college purposes for general state financial aid for a fiscal year shall be allocated to each community college by the department of education based on each community college's base funding, the inflation rate, and the college's proportional share of the total FTEE. The appropriations shall be allocated in the following manner and sequence:

a. Base funding. The amount of general state financial aid each community college received as an allocation from appropriations made from the state general fund in the base year.

b. Inflation rate. After the base funding has been determined, a 2 percent inflation increase shall be multiplied by each college's state aid allocation from the base year.

c. If the increase in the total state general aid exceeds 2 percent, an amount up to 1 percent shall be distributed based upon each college's most recently determined proportional share of FTEE.

d. Additional inflation rate. If the inflation rate exceeds 2 percent and the increase in total state aid permits, each community college's allocation shall be increased until the inflation rate is satisfied.

e. Additional proportional share of total FTEE. If the increase in the total state general aid exceeds the funds needed to meet the allocation requirements in paragraphs "*a*" through "*d*" above, the remaining amount shall be distributed based on each college's most recent proportional share of total FTEE.

If the total increase in total state general aid is equal to or less than 2 percent, the increase shall be distributed as inflation.

21.45(3) Program length for the associate of applied sciences (AAS) degree in vocational-technical subjects and for the associate of applied arts (AAA) degrees shall consist of an academic program being the equivalent of a maximum of four semesters and two summer sessions of instruction. AAS and AAA degree programs shall not exceed a maximum of 86 credit hours unless the department of education has granted a waiver pursuant to 21.45(5).

21.45(4) All credit-bearing courses required for program admittance or graduation, or both, must be included in the 86-credit-hour maximum, with the exception of developmental credit hours. Prerequisites that provide an option to students for credit or noncredit shall be counted toward the program maximum of 86 credit hours. Noncredit prerequisites will not be counted toward the 86-credit-hour maximum.

21.45(5) AAS and AAA programs that receive accreditation from nationally recognized accrediting bodies may appeal maximum credit-hour-length requirements to the department of education for consideration of a waiver. All AAS and AAA degree programs over the 86-semester-hour maximum must have approved program-length waivers.

21.45(6) All credit certificate and diploma programs as defined in subrule 21.2(10) shall not exceed 48 credit hours.

21.45(7) Each community college shall provide information in the manner and form as determined by the department of education to implement this chapter. If the community college fails to provide the information as requested, the department shall estimate the FTEE of that college.

21.45(8) Each community college is required to complete and submit an annual student enrollment audit to the department of education. Adjustments to community college state general aid allocations shall be made based on student enrollment audit outcomes.

This rule is intended to implement Iowa Code sections 260C.14(21) and 260C.49.

The purpose of quality instructional centers is to stimulate the pursuit of excellence in community college instruction by promoting the creation or enhancement of high quality, unique, high cost, capital intensive, or highly specialized vocational-technical and occupational programs, which cannot be practically or economically offered at more than a few colleges.

281—21.58(260C) Definitions.

"*Center*" refers to a program or programs of instruction (not to a facility) and to any related instructional activities that have been approved to receive quality instructional center funds.

"*Excellence 2000*" refers to the account from which funds will be allocated for quality instructional centers.

"*Occupational education*" includes career option degree programs at community colleges.

A proposed quality instructional center that has as its central component a new or existing approved full-time vocational-technical or occupational, diploma or degree program shall be considered for approval. In addition, the program must be unique, and the proposal shall demonstrate improvement of quality that exceeds previous or normally expected student and instructional outcomes. A new program, or an existing program that requires significant modification to meet quality instructional center evaluation criteria, shall be approved prior to the first term of operation.

281—21.60(260C) Timelines. The department shall solicit and receive proposals by November 1 of the calendar year prior to the fiscal year for which funds are to be appropriated. Applications for the continuation of approved quality instructional centers shall be subject to the same submission and evaluation process as applications for new centers. Proposals shall be organized according to the following criteria:

21.61(1) Background. For existing programs, a brief history shall be provided. For new programs, a three-year plan shall be outlined and described. This section shall include current and projected enrollment and placement data, and advisory committee participation.

21.61(2) Description of the program. The proposal shall include a brief description of the purpose of the program, current and projected faculty, curriculum, equipment, facilities, articulation, business/industry linkages, and current and projected student participation figures. A center may be proposed as unique to a geographic area or the state. In this case, the central program must be either an existing program or a proposed new program that does not exist in the state or specified geographic area.

21.61(3) Opportunity for enhancement. This section of the proposal shall:

- a. Provide a brief rationale for the center as a quality instructional center (if a center is proposed for a geographic region or the state, rationale shall be provided and the geographic area shall be clearly defined);
- b. Identify how Excellence 2000 funds will raise the practice of the program to an exemplary level;
- c. Delineate changes that will occur with Excellence 2000 funding;
- d. Explain how these changes will enhance student access, student outcomes and institutional effectiveness;
- e. Specify center objectives for enhancing program quality and measuring program effectiveness including how the center will meet the needs of members of special populations;
- f. Address how advisory committee members will be involved in program enhancement; and
- g. For continuation applications, explain how the institution is reducing its reliance on Excellence 2000 funds for the continuation of the program.

21.61(4) Budget and budget narrative. For an existing program, the current base budget shall be identified, and the areas to be enhanced shall be identified and explained, including specific

expenditures and overall budget activity. For a new program, the proposal shall include a detailed listing and explanation of planned expenditures. Excellence 2000 funds shall be used to supplement, not to supplant, existing institutional resources.

21.61(5) Evaluation. An evaluation plan shall be included in the proposal. This plan shall include strategies for evaluating:

- a. The center's effectiveness in enhancing quality by meeting the stated goals and objectives;

CHAPTER 22
POSTSECONDARY ENROLLMENT OPTIONS

281—22.1(261C) Definitions.

“Act” means the postsecondary enrollment options Act, Iowa Code chapter 261C.

“Part-time enrollment” at an eligible institution shall be defined according to the policies of the eligible institution.

281—22.2(261C) Enrollment procedures. A student who first enrolls under the Act at the beginning of grade 11 may enroll in postsecondary courses for secondary credit for a period of time not to exceed four semesters, or six quarters, or the equivalent of two academic years. A student who first enrolls under the Act at the beginning of grade 12 may enroll in postsecondary courses for secondary credit for a period of time not to exceed two semesters, or three quarters, or the equivalent of one academic year. An eleventh or twelfth grade student enrolling for the first time under this Act in a postsecondary course for secondary credit during the school year shall have participation eligibility reduced proportionally. A ninth or tenth grade student who is identified as a gifted and talented student according to the school district’s criteria and procedures is eligible to enroll under this Act.

Students are eligible for summer enrollment of up to seven earned semester hours of credit if they have completed the eleventh grade but have not yet completed the requirements for graduation, and if the student pays the cost of attendance of those summer credit hours.

281—22.3(261C) Student eligibility. Persons who have graduated from high school are not eligible under Iowa Code chapter 261C.

Eligible students shall be residents of Iowa.

Nonpublic school students meeting all other eligibility requirements may apply to take courses under the Act in the public school district where the nonpublic school student attends, provided that neither the nonpublic school nor the public school district of attendance offers a comparable course.

Postsecondary institutions may require students to meet appropriate standards or requirements for entrance into a course. Such requirements may include prerequisite courses, scores on national academic aptitude and achievement tests, or other evaluation procedures to determine competency. Acceptance of a student into a course by a postsecondary institution is not a guarantee that a student will be enrolled in all requested courses.

Priority may be given to postsecondary students before enrolling eleventh and twelfth grade students in courses. However, once an eleventh or twelfth grade student has enrolled in a postsecondary course, the student cannot be displaced by another student for the duration of the course.

Students shall not “audit” postsecondary courses. The student must take the course for credit and must meet all of the requirements of the course which are required of postsecondary students.

In order to assist students and their parents or guardians to make knowledgeable decisions regarding participation and to assist school districts to plan for the following school year, school districts shall inform their students of the availability of the opportunity provided by the Act.

A student anticipating enrollment under this Act shall inform the school district and the authorities in charge of an accredited nonpublic school of the intent to participate, apply at the postsecondary institution, and sign a statement indicating that the student and parent or guardian have received information about the Act.

The school district or accredited nonpublic school shall certify the eligibility of its students for participation under this Act. A student shall not be eligible for participation until the school district or accredited nonpublic school completes the certification of eligibility.

281—22.4(261C) Eligible postsecondary courses. These rules are intended to implement the policy of the state to promote rigorous academic pursuits. Therefore, postsecondary courses eligible for students to enroll in under Iowa Code chapter 261C shall be limited to:

Nonsectarian courses;

Courses that are not comparable to courses offered by the school district where the student attends which are defined in rules adopted by the board of directors of the public school district;

Credit-bearing courses that lead to an educational degree;

Courses in the discipline areas of mathematics, science, social sciences, humanities, vocational-technical education, and also the courses in career option programs offered by area schools established under the authorization provided in Iowa Code chapter 260C.

A school district or accredited nonpublic school district shall grant academic or vocational-technical credit to an eligible pupil enrolled in an eligible postsecondary course.

281—22.5(261C) Request for payment time frames. By May 1 of each calendar year, postsecondary institutions shall send to local school districts a request for payment for participation in the postsecondary enrollment options Act. The request shall identify the students, courses, credits, and charges.

A pupil attending an accredited nonpublic school shall be counted as a shared-time student in the school district in which the nonpublic school of attendance is located.

281—22.6(261C) Tuition reimbursements and adjustments. The failure of a pupil to complete or otherwise to receive credit for an enrolled course requires the pupil, if 18 years of age or older, to reimburse the school district for the cost of the enrolled course. If the pupil is under 18 years of age, the pupil's parent, guardian, or custodian shall sign the student registration form indicating that they assume all responsibility for the costs directly related to the incomplete or failed coursework. A waiver verification form shall be available from the area education agency for use by the pupil or pupil's parent, guardian or legal custodian to cite legitimate reasons for the pupil's inability to complete or pass the coursework.

An eligible postsecondary institution shall make pro rata adjustments to tuition reimbursement amounts based upon federal guidelines established pursuant to 20 U.S.C. §1091b.

These rules are intended to implement Iowa Code Supplement chapter 261C.

23.1(2) State advisory council. A state advisory council shall be established for adult education as determined by the director of the department of education and shall be appointed by the director and composed of 15 members, one from each community college district representing a cross section of the population of the state. The council shall meet at regularly scheduled times. The actual cost of meals and lodging for the advisory council shall be paid by the department of education. Expenses for travel will be reimbursed at the allowable state rate. Each meeting shall be open to the public.

23.1(3) Participatory planning committee. The department of education shall involve a participatory planning committee in the development of the plan. The participatory planning committee shall include representatives of various agencies, groups, and organizations. The state plan shall provide for the selection of representatives and the manner in which the representatives will be involved in the development of the state plan. If the participatory planning committee is not able to agree upon a final plan, the department of education shall make the final decision. The state plan shall include notation of recommendations rejected and the reason for the rejection.

281—23.2(260C) Final plan. The final plan after approval by all parties concerned shall be implemented statewide. A copy of the final plan shall be made available to all individuals in the state upon request to the department of education.

These rules are intended to implement Iowa Code section 260C.1.

- c. Meet educational needs of the students and employment community, including students with disabilities, both male and female students, and students from diverse racial and ethnic groups.
- d. Enable students enrolled to perform the minimum competencies independently.
- e. Are articulated/integrated with the total school curriculum.
- f. Enable students with a secondary vocational background to pursue other educational interests in a postsecondary setting, if desired.
- g. Provide students with support services and eliminate access barriers to education and employment for both traditional and nontraditional students, men and women, persons from diverse racial and ethnic groups, and persons with disabilities.

24.5(5) *Quality faculty plan.* The community college shall establish a quality faculty committee consisting of instructors and administrators to develop and maintain a plan for hiring and developing quality faculty. The committee shall have equal representatives of arts and sciences and career and technical faculty with no more than a simple majority of members of the same gender. Faculty shall be appointed by the certified employee organization representing faculty, if any, and administrators shall be appointed by the college's administration. If no faculty-certified employee organization representing faculty exists, the faculty shall be appointed by administration pursuant to Iowa Code section 260C.48(4). The committee shall submit the plan to the board of directors for consideration, approval and submittal to the department of education.

a. For purposes of this subrule, the following definitions shall apply.

(1) "Counselor" means those who are classified as counselors as defined in the college's collective bargaining agreement or written policy.

(2) "Media specialist" means those who are classified as media specialists as defined in the college's collective bargaining agreement or written policy.

b. The institutional quality faculty plan is applicable to all community college-employed faculty teaching college credit courses, counselors, and media specialists. The plan requirements may be differentiated for each type of employee. The plan shall include, at a minimum, each of the following components:

(1) Plan maintenance. The quality faculty committee shall submit proposed plan modifications to the board of directors for consideration and approval. It is recommended that the plan be updated at least annually.

(2) A determination of the faculty and staff to be included in the plan including, but not limited to, all instructors teaching college credit courses, counselors, and media specialists.

(3) Orientation for new faculty. It is recommended that new faculty orientation be initiated within six months from the hiring date. It is recommended that the orientation of new faculty be flexible to meet current and future needs and provide options other than structured college courses for faculty to improve teaching strategies, curriculum development and evaluation strategies. It is recommended that the college consider developing a faculty mentoring program.

(4) Continuing professional development for faculty. It is recommended that the plan clearly specify required components including time frame for continuing professional development for faculty. It is recommended that the plan include the number of hours, courses, workshops, professional and academic conferences or other experiences such as industry internships, cooperatives and exchange programs that faculty may use for continuing professional development. It is recommended that the plan include prescribed and elective topics such as discipline-specific content and educational trends and research. Examples of topics that may be considered include dealing with the complexities of learners, skills in teaching adults, curriculum development, assessment, evaluation, enhancing students' retention and success, reaching nontraditional and minority students, improving skills in implementing technology and applied learning, leadership development, and issues unique to a particular college. The institutional quality faculty plan shall include professional development components for all instructional staff, counselors, and media specialists and may include reciprocity features that facilitate movement from one college to another.

(5) Procedures for accurate record keeping and documentation for plan monitoring. It is recommended that the plan identify the college officials or administrators responsible for the

administration, record keeping and ongoing evaluation and monitoring of the plan. It is recommended the plan monitoring, evidence collected, and records maintained showing implementation of the plan be comprehensive in scope. It is recommended that the plan provide for the documentation that each faculty member appropriately possesses, attains or progresses toward attaining minimum competencies.

(6) Consortium arrangements where appropriate, cost-effective and mutually beneficial. It is recommended that the plan provide an outline of existing and potential consortium arrangements including a description of the benefits, cost-effectiveness, and method of evaluating consortium services.

(7) Specific activities that ensure that faculty attain and demonstrate instructional competencies and knowledge in their subject or technical areas. It is recommended that the plan identify faculty minimum competencies and explain the method or methods of determining and assessing competencies. It is recommended that the plan contain procedures for reporting faculty progress. It is recommended that faculty be notified at least once a year of their progress in attaining competencies. It is recommended that the plan include policies and provisions for length of provisional status for faculty who do not meet the minimum standards in Iowa Code section 260C.48. It is recommended that provisional status of individual faculty members not exceed five years.

(8) Procedures for collection and maintenance of records demonstrating that each faculty member has attained or documented progress toward attaining minimum competencies. It is recommended that the plan specify data collection procedures that demonstrate how each full-time faculty member has attained or has documented progress toward attaining minimum competencies. It is recommended that the plan incorporate the current department of education management information system data submission requirements by which each college submits complete human resources data files electronically as a part of the college's year-end reporting.

(9) Compliance with the faculty accreditation standards of the North Central Association of Colleges and Schools and with faculty standards required under specific programs offered by the community college that are accredited by other accrediting agencies. It is recommended that the plan provide for the uniform reports with substantiating data currently required for North Central Association of Colleges and Schools accreditation.

c. The department of education shall notify the community college when the department requires that a modified quality faculty plan be submitted. The department shall review the plan during the state accreditation on-site visits to ensure each community college's compliance and progress in implementing a quality faculty plan as approved by the local board of directors. The department shall review the following:

(1) Documents submitted by the college that demonstrate that the plan includes each component required by paragraph "b" of this subrule.

(2) Documentation submitted by the college that the board of directors approved the plan.

(3) Documentation submitted by the college that the college is implementing the approved plan, including, but not limited to, evidence of plan monitoring, evaluation and updating; evidence that the faculty has attained, or is progressing toward attaining, minimum competencies and standards contained in Iowa Code section 260C.48 as amended by 2008 Iowa Acts, House File 2679, and 2007 Iowa Acts, Senate File 588; evidence that faculty members have been notified of their progress toward attaining minimum competencies and standards; and evidence that the college meets the minimum accreditation requirements for faculty required by the North Central Association of Colleges and Schools.

(4) Documentation that the college administration encourages the continued development of faculty potential as defined in Iowa Code Supplement section 260C.36 as amended by 2008 Iowa Acts, House File 2679.

(5) Documentation of the human resources report submitted by the college through the department's community college management information system.

281—24.6(260C) Accreditation process.

24.6(1) Components. The community college accreditation process shall include the following components:

a. Each community college shall submit information on an annual basis to the department of education to comply with program evaluation requirements adopted by the state board of education.

b. The department of education shall conduct an on-site accreditation evaluation of each community college during the same year as the evaluation by the Higher Learning Commission.

24.6(2) *Accreditation team.* The size and composition of the accreditation team shall be determined by the director of the department, but the team shall include members of the department of education staff and staff members from community colleges other than the community college being evaluated for accreditation, and any other technical experts as needed.

24.6(3) *Accreditation team action.* After a visit to a community college, the accreditation team shall evaluate whether the accreditation standards have been met and shall make a report to the director of the department and the state board of education, together with a recommendation as to whether the community college should remain accredited. The accreditation team shall report strengths and opportunities for improvement, if any, for each standard and shall advise the community college of available resources and technical assistance to further enhance strengths and address areas for improvement. A community college may respond to the accreditation team's report.

24.6(4) *State board of education consideration of accreditation.* The state board of education shall determine whether a community college shall remain accredited. Approval of a community college by the state board of education shall be based on the recommendation of the director of the department after study of the factual and evaluative evidence on record pursuant to the standards described in this chapter, and based upon the timely submission of information required by the department of education in a format provided by the department of education. With the approval of the director of the department, a focus visit may be conducted if the situation at a particular college warrants such a visit.

a. *Accreditation granted.* Continuation of accreditation, if granted, shall be for a term consistent with the term of accreditation by the Higher Learning Commission; however, approval for a lesser term may be granted by the state board of education if the board determines that conditions so warrant.

b. *Accreditation denied or conditional accreditation.* If the state board of education denies accreditation or grants conditional accreditation, the director of the department of education, in cooperation with the board of directors of the community college, shall establish a plan prescribing the procedures that must be taken to correct deficiencies in meeting the standards and shall establish a deadline for correction of the deficiencies. The plan is subject to approval of the state board of education. The plan shall include components which address correcting deficiencies, sharing or merger options, discontinuance of specific programs or courses of study, and any other options proposed by the state board of education or the accreditation team to allow the college to meet the standards.

c. *Implementation of plan.* During the time specified in the plan for its implementation, the community college remains accredited. The accreditation team shall revisit the community college to evaluate whether the deficiencies in the standards have been corrected and shall make a report and recommendation to the director and the state board of education. The state board of education shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected.

d. *Removal of accreditation.* The director shall give a community college which fails to meet accreditation standards at least one year's notice prior to removal of accreditation. The notice shall be sent by certified mail or restricted certified mail addressed to the chief executive officer of the community college and shall specify the reasons for removal of accreditation. The notice shall also be sent to each member of the board of directors of the community college. If, during the year, the community college remedies the reasons for removal of accreditation and satisfies the director that the community college will comply with the accreditation standards in the future, the director shall continue the accreditation and shall transmit notice of the action to the community college by certified mail or restricted certified mail.

e. *Failure to correct deficiencies.* If the deficiencies have not been corrected in a program of a community college, the community college board shall take one of the following actions within 60 days from removal of accreditation:

- (1) Merge the deficient program or programs with a program or programs from another accredited community college.
 - (2) Contract with another educational institution for purposes of program delivery at the community college.
 - (3) Discontinue the program or programs which have been identified as deficient.
- f. Appeal process provided.* The action of the director to remove the accreditation of a community college may be appealed to the state board of education as provided in Iowa Code section 260C.47, subsection 7.

These rules are intended to implement Iowa Code chapter 260C.

CHAPTER 31
COMPETENT PRIVATE INSTRUCTION AND DUAL ENROLLMENT

[Prior to 9/7/88, see Public Instruction Department[670] Ch 63]

281—31.1(299) Purpose. It is the purpose of this chapter to give guidance to parents, guardians, and custodians, school boards, and teachers providing or assisting and supervising competent private instruction to children of compulsory attendance age outside the traditional school setting. This chapter also proposes to establish responsibilities related to dual enrollment.

281—31.2(299) Reports as to competent private instruction.

31.2(1) Reporting. The parent, guardian, or legal or actual custodian of a child of compulsory attendance age who does not enroll the child in a public school or Iowa accredited nonpublic school shall complete a report in duplicate on forms created by the department of education and provided by the resident public school district, indicating the parent, guardian, or custodian's intent to provide or arrange for competent private instruction for the child for each school year. The report shall be filed with the school board secretary by the first day of school in the resident district, except as otherwise provided by these rules.

a. The report shall include the following information:

- (1) The name and address of the parent, guardian, or custodian reporting;
- (2) The name and birth date of the child;
- (3) An indication of the number of days of instruction, which must be a minimum of 148 days per academic year;
- (4) The name and address of the person providing competent private instruction to the child and an indication of whether that person is the holder of a valid Iowa practitioner license or teaching certificate appropriate to the age and grade level of the child being taught;
- (5) An outline of the courses of study, including subjects covered, lesson plans, and time spent on the areas of study;
- (6) The titles and authors or publishers of the texts to be used;
- (7) Evidence of immunization of the child, as required by law, if the child is being placed under competent private instruction for the first time.

b. The report shall also seek the following information, which may be supplied by the person filing the report:

- (1) An indication of whether and to what extent dual enrollment of the child in the public school is desired;
- (2) An indication of whether the child is currently identified as a child requiring special education pursuant to the rules of special education;
- (3) An indication of which form of annual assessment, if applicable, is to be administered to the child and which test, if known, is desired.

31.2(2) Late reporting. If a parent, guardian, or legal or actual custodian decides, after enrolling a child of compulsory attendance age in a public or accredited nonpublic school and after the deadline for filing a report under subrule 31.2(1), that the parent wishes to provide competent private instruction to the child, the parent, guardian, legal or actual custodian shall file the report required no later than 14 calendar days after removing the child from the public or accredited nonpublic school. Days of the child's attendance in the public or nonpublic school up to the time of removal shall be applied to the 148-day minimum compulsory attendance requirement for the school year affected.

281—31.3(299) Duties of licensed practitioners.

31.3(1) Licensing requirements. A person who provides instruction to or instructional supervision of a student receiving competent private instruction shall be either the student's parent, guardian, or legal custodian or a person who possesses a valid Iowa teaching certificate or practitioner license which is appropriate to the age and grade level of the student under competent private instruction.

31.3(2) Duties. The duties of a certificated or licensed teacher practitioner who instructs or provides instructional supervision of a student shall include the following:

a. Contact with the student and the student's parent, guardian, or legal custodian at least twice per 45 days of instruction, during which time the teacher practitioner fulfills the duties described below. One of every two contacts shall be face-to-face with the student under competent private instruction.

However, if the instruction or instructional supervision is provided by a public or accredited nonpublic school in the form of a home school assistance program, the teacher practitioner shall have contact with the child and the child's parent, guardian, or legal custodian at least four times per quarter during the period of instruction. One of every two contacts shall be face-to-face with the student under competent private instruction.

b. Consulting with and advising the student's parent, guardian, or legal custodian with respect to the following during the course of the year's visits:

- (1) Lesson plans;
- (2) Textbook and supplementary materials;
- (3) Setting educational goals and objectives;
- (4) Teaching and learning techniques;
- (5) Forms of assessment and evaluation of student learning;
- (6) Diagnosing student strengths and weaknesses;
- (7) Interpretation of test results;
- (8) Planning;
- (9) Record keeping; and
- (10) Other duties as requested or agreed upon.

c. Providing formal and informal assessments of the student's progress to the student and the student's parent, guardian, or legal custodian.

d. Annually maintaining a diary, record, or log of visitations and assistance provided.

e. Referring to the child's district of residence for evaluation a child who the practitioner has reason to believe may be in need of special education.

31.3(3) Limitations. A licensed Iowa practitioner who is employed or agrees to provide instruction or instructional supervision of programs of competent private instruction shall not serve in that capacity on behalf of more than 25 families, or more than 50 children of compulsory attendance age, in an academic year unless the service is provided pursuant to the teacher's employment with a nonaccredited nonpublic school.

A licensed Iowa practitioner who is employed by a public or accredited nonpublic school to provide instruction or instructional supervision through a home school assistance program, as defined in subrule 31.4(5), shall not serve in that capacity on behalf of more than 20 families, or more than 40 children of compulsory attendance age, in an academic year.

A licensed practitioner or authorities in charge of a public or accredited private school may seek exemption from the above limitation by submitting a written request to the director of education. Exemptions shall be granted when the director is satisfied that the limitation will pose a substantial hardship on the person or the school providing instruction or instructional supervision, and that the best interests of all children being served by the practitioner or school will continue to be met.

281—31.4(299A) School district duties related to competent private instruction.

31.4(1) Reports.

a. The secretary of a public school district shall make available reporting forms developed by the department of education and shall receive reports as to competent private instruction, maintaining one copy in the district and forwarding one copy to the area education agency as required by law.

b. The secretary of the district shall provide forms to any accredited nonpublic school located within the district for the purpose of reporting the nonpublic school's student enrollment data as required by law. The district secretary shall notify the appropriate school districts of nonresident students enrolled in accredited nonpublic schools within the district.

c. The district shall review the completed form to ascertain whether the person filing has complied with the reporting requirements of the law and these rules. Specifically, the district shall determine from the report that the person providing the instruction is either the child's parent, guardian, custodian or a person with a valid Iowa practitioner's license appropriate to the age and grade level of the child; that the designated period of instruction is at least 148 days per academic year; that immunization evidence is provided for children placed under competent private instruction for the first time; and that the report is timely under these rules.

d. The district shall annually report to the department of education by April 1 the names of all resident children who are subject to an annual assessment and what form of assessment has been chosen by the child's parent, guardian, or legal custodian. The district shall cooperate with the department in gathering standardized test reports or portfolio evaluation reports for each child subject to annual assessment.

e. The district shall report noncompliance with the reporting, immunization, attendance, instructor qualifications, and assessment requirements of the compulsory attendance law and these rules to the county attorney for the county of residence of the child's parent, guardian, or legal custodian.

f. Upon the request of a parent, guardian, or legal custodian of a child of compulsory attendance age who is under competent private instruction, or upon the referral of a licensed practitioner who provides instruction or instructional supervision of a child of compulsory attendance age who is under competent private instruction, the district shall refer a child who may require special education to the area education agency division of special education for evaluation.

31.4(2) *Testing assistance.*

a. If a child is under dual enrollment, the district shall administer standardized tests, when the standardized test option has been selected by the child's parent, guardian, or legal custodian, to the child or may delegate the test administration to the appropriate area education agency. If the child is under dual enrollment, no fee is charged to the parent, guardian, or legal custodian.

b. If a child under competent private instruction, and not under dual enrollment, is to be administered a standardized test for purposes of assessment, the district shall charge and collect from the child's parent, guardian, or legal custodian a fee for the actual cost of the testing if administered by the public school or area education agency. The fee shall include the cost of the test materials, a prorated fee reflective of the personnel costs of administration based upon the number of students taking the test, and the cost of scoring.

c. If a student has been administered an approved standardized test by a nonpublic school during the academic school year for which testing is required, and the administration of the test has met the terms or protocol of the test publisher, the results may be submitted to the resident district and the department of education in original form by either the test administrator or the parent, guardian, or legal custodian of the child being tested, in satisfaction of the annual assessment option. The submitted test results shall be accompanied by a certification statement signed by the test administrator to the effect that the publisher's protocol or terms required for test administration have been met.

d. The district shall maintain as any other confidential education record the standardized testing results for each resident child for whom the district or area education agency administers the test.

31.4(3) *Finance.* A public school district may count a competent private instruction student for purposes of its certified enrollment only under the following circumstances:

a. A resident student or the student's parent, guardian, or legal custodian has requested dual enrollment, in which case the student is counted as authorized by law. However, if the student is receiving special education services or instruction, the student shall qualify for additional weighting pursuant to the provisions of Iowa Code section 257.6; or

b. The school district provides an Iowa licensed practitioner to instruct or to assist and supervise parents, guardians, or legal custodians providing competent private instruction and the child has been enrolled in the district's home school assistance program.

31.4(4) *Provision of instructional materials.*

a. A public school district may not make monetary payments directly or indirectly to the parent, guardian, or legal custodian or to a child receiving competent private instruction.

b. A district may provide to children receiving competent private instruction available texts or supplementary materials on the same basis as they are provided to enrolled students, and shall provide available texts or supplemental instructional materials on the same basis as they are provided to enrolled students when a child is under dual enrollment or in a home school assistance program. If a fee, such as a textbook or towel rental fee, is charged to regularly enrolled students for participation in a class or extracurricular activity, that fee may also be charged to dual-enrolled students on the same basis as it is charged to enrolled students, but only for the specific class or extracurricular activity taken.

c. The parent, guardian or legal custodian who provides competent private instruction to a child of compulsory attendance age may access the services and materials available from the area education agency by requesting assistance through the school district of residence. The AEA shall make services and materials available to the child on the same basis as they are available to regularly enrolled students of the district if the child is dual enrolled or enrolled in a home school assistance program. The district of residence shall act as liaison between the parent, guardian, or legal custodian of a child who is receiving competent private instruction and the area education agency.

31.4(5) *Home school assistance programs.* A school district or accredited nonpublic school may offer an assistance program for parents, guardians, or legal custodians providing private instruction to a child of compulsory attendance age. A parent, guardian, or legal custodian of a child of compulsory attendance age may enroll the child in a home school or private instruction assistance program in a school district or accredited nonpublic school.

An assistance program offered by a school district or accredited nonpublic school shall, at a minimum, meet state licensure standards for accredited school personnel in designating a practitioner to provide instruction or instructional supervision of a competent private instruction program, including special education instruction, and shall meet the applicable provisions of rule 31.3(299). The district may impose additional requirements upon children enrolled in its home school assistance program.

A home school assistance program is not dual enrollment, but the parent, guardian, or legal custodian of a child enrolled in a home school assistance program may request dual enrollment in addition to enrollment in a home school assistance program.

281—31.5(299A) Dual enrollment.

31.5(1) The parent, guardian, or legal custodian of a child of compulsory attendance age who is receiving competent private instruction may enroll the child in the public school district of residence of the child under dual enrollment. The parent, guardian, or legal custodian desiring dual enrollment shall notify the district of residence of the child not later than September 15 of the school year for which dual enrollment is sought.

31.5(2) A child under dual enrollment may participate in academic or instructional programs of the district on the same basis as any regularly enrolled student.

31.5(3) A child under dual enrollment may participate in any extracurricular activity offered by the district on the same basis as regularly enrolled students. If a child under dual enrollment was under competent private instruction the previous semester, the provisions of 281—subrule 36.15(2), paragraph “c,” shall not apply. However, other rules and policies of the state and district related to eligibility for extracurricular activities shall apply to the child. If a student seeking dual enrollment is enrolled in a nonaccredited nonpublic school that is an “associate member” of the Iowa Girls High School Athletic Union or Iowa High School Athletic Association the student is eligible and may participate in interscholastic athletic competition only for the associate member school or a school with which the associate member school is in a cooperative sharing program as outlined in 281—36.20(280).

31.5(4) The district shall notify the child’s parent, guardian, or legal custodian of the academic and extracurricular activities available to the child.

31.5(5) A child under dual enrollment is eligible to receive the services and assistance of the appropriate area education agency on the same basis as are children otherwise enrolled in the district. The district shall act as liaison between the parent, guardian, or legal custodian of a child who is receiving competent private instruction and the area education agency.

281—31.6(299) Open enrollment.

31.6(1) The parent, guardian, or legal custodian of a child receiving competent private instruction may request open enrollment to another public school district by following the procedures of the open enrollment law, Iowa Code section 282.18.

31.6(2) A district receiving a nonresident open enrollment student who is under competent private instruction may not bill the resident district for the costs of instructing the student unless the receiving district complies with the applicable provisions of rules 31.3(299) and 31.4(299A).

31.6(3) In the event that the parent, guardian, or legal custodian of a nonresident open enrollment student under private instruction fails to comply with state law and these rules related to competent private instruction, the receiving district shall notify the secretary of the school district of residence of the child's parent regarding the noncompliance.

281—31.7(299A) Baseline testing and annual assessment.

31.7(1) *When required.* When a parent, guardian, or legal custodian of a child of compulsory attendance age provides private instruction to a child without the assistance or supervision of a validly licensed Iowa practitioner as required by law and these rules, and the parent, guardian, or legal custodian does not hold a valid Iowa practitioner license appropriate to the ages and grade levels of the child under competent private instruction, the child is subject to initial baseline testing and an annual evaluation.

For the 1992-93 school year and thereafter, a child who is at least seven years old by September 15, who begins a program of competent private instruction and is subject to the annual assessment requirement, shall be administered a baseline test for the purposes of obtaining educational data. The baseline test shall be taken by June 30, 1993, for programs of competent private instruction begun in school years 1991-92 and 1992-93, and shall be taken by May 1 in ensuing school years. Any test listed in subrule 31.7(2) may be used to fulfill the baseline test requirement, provided that the copyright date of the test publisher's published national norms that are used for the test results being reported is within eight years of the school year in which the test is administered.

The parent, guardian, or legal custodian may select either standardized testing or portfolio assessment for purposes of fulfilling the annual evaluation requirement of the law.

31.7(2) *Standardized testing.* A parent, guardian, or legal custodian of a child, who chooses standardized testing for the purpose of determining whether the child is making adequate educational progress, shall select one of the following instruments for the child to take:

Braille or large print editions of the above tests are available for vision-impaired children. Testing norms are available for the vision- and hearing-impaired child.

In the event that the parent, guardian, or legal custodian of a child under competent private instruction and subject to the annual assessment requirement wishes to have the child take a standardized test not listed above, the parent shall request permission of the director of the department of education to use a different test. The decision of the director shall be final.

A child under competent private instruction and subject to an annual evaluation whose educational program and instructional materials are designed for students in grades 1 through 5 shall, at a minimum, be tested in the areas of reading, language, and mathematics. A child whose educational program and instructional materials are designed for students in grades 6 through 12 shall, at a minimum, be tested in the areas of reading or literary materials, language or written expression, mathematics or quantitative thinking, science, and social studies.

A child subject to the annual assessment requirement, who takes a standardized test from the above list, shall take a grade level form of the test that corresponds most closely to the child's chronological age unless permission is granted by the test administrator to take another grade level form of the test. When a parent, guardian, or legal custodian requests another form of the test, the test administrator shall make a decision based upon the following:

- (1) A review of the instructional materials used by the child in the education program;
 - (2) Results of curriculum-based measurement techniques including the administering of probes;
- and
- (3) A review of current samples of the child's work product.

The decision of the test administrator as to the appropriate grade level form of the standardized test to be taken shall be final.

If retesting is desired, a different form of the same test or a different test shall be administered to the child sufficiently in advance to allow for processing of the test results prior to the first day of classes of the succeeding school year of the resident school district.

31.7(3) *Testing times and sites.* Standardized test results are normed against a population taking the same test at approximately the same time of year. Norms for the above listed tests exist for fall, winter, and spring. Because the annual assessment is used, in part, to determine whether the child has made at

least six months' progress from the previous test, annual standardized tests used for determining whether adequate progress has been achieved shall be taken at approximately the same time each year.

The school district of residence of the child shall annually, by October 1, provide the following notification to a parent, guardian, or legal custodian who has selected the standardized testing form of evaluation for a child under competent private instruction:

a. The times and dates when standardized tests will be administered by the public school district and the area education agency over the school year, including fall, winter, and spring testing times. A school district or area education agency shall administer standardized tests at the child's home when testing in the home is requested;

b. A data sheet showing the costs associated with each test listed in subrule 31.7(2); and

c. A reply form for the parent, guardian, or legal custodian to complete indicating the date, location, and test selected, including the grade level form of the test; an indication of whether the parent, guardian, or legal custodian wishes to be present for testing; and any special requests such as Braille or large print forms of the test.

School districts and area education agencies shall cooperate in the purchasing and processing of test materials to reduce the cost of testing insofar as possible.

Unless the child is under dual enrollment, the parent, guardian, or legal custodian of a child who has selected the standardized testing option of annual assessment shall timely reimburse the school district for the cost of testing the child.

31.7(4) *Portfolio assessment or evaluation.* In lieu of standardized testing for purposes of annual assessment, a parent, guardian, or legal custodian of a child under competent private instruction and subject to the annual assessment requirement may arrange to have a qualified, licensed, Iowa practitioner review a portfolio of evidence of the child's progress by May 1, 1993, and annually by May 1 thereafter, subject to the following requirements:

a. Portfolio evaluators. A single evaluator shall be designated by each parent, guardian, or custodian who has selected the portfolio evaluation option for annual assessment. The evaluator so identified shall be approved by the superintendent of the local school district or the superintendent's designee, and shall hold a valid Iowa practitioner license or teacher certificate appropriate to the ages and grade levels of the children whose portfolios are being assessed.

For children whose grade level of study is any of grades 1 through 5, the portfolio evaluator shall hold a valid Iowa license as an elementary practitioner or an elementary endorsement.

For children whose grade level of study is in any of grades 6 through 9, the portfolio evaluator shall hold a valid Iowa license as either an elementary or a secondary practitioner or hold either an elementary or a secondary endorsement. For children whose grade level of study is in any of grades 10 through 12, the portfolio evaluator shall hold a valid Iowa license as a secondary practitioner or hold a secondary endorsement.

A portfolio evaluator may not evaluate the portfolios of more than 25 students per year without permission of the director of the department of education.

b. Contents of portfolio. The child's portfolio shall contain evidence of academic progress in the minimum curriculum areas of reading, language arts, and mathematics if the child under private instruction is in grade levels 1 through 5. For children in grade levels 6 through 12, the portfolio shall contain evidence in the minimum curriculum areas of reading, language arts, mathematics, science, and social studies.

For each curriculum area, the portfolio shall include a book of lesson plans, a diary, or other written record indicating the subject matter taught and activities in which the child has been engaged, and an outline of the curriculum used by the child. The portfolio may also include a list of, a reference to, or material from the textbooks and resource materials used by the student in each subject area.

The portfolio shall also include copies of tests or other formal and informal assessment instruments used to measure student progress over the current academic year if given, a copy of the baseline test, and the most recent assessment report of the student's annual progress.

For each subject area to be evaluated, the portfolio shall include examples of the student's work, and may include self-assessments by the student.

c. The parents of a child subject to the annual assessment requirement who has a physical or mental disability so significant that the results of a standardized test would be meaningless for assessment purposes may request the department's approval of an alternative evaluation.

d. For a child subject to annual assessment who is enrolled as a student of a correspondence school which is a member of a national or regional accrediting association which is recognized by the United States Secretary of Education and accredited for elementary and secondary education, the department may accept as an alternative assessment the annual report of progress sent by the correspondence school to the child's parents, if the annual report of progress includes a listing of subjects taken and grades received. A passing grade in all content areas for which annual assessment is required shall be deemed evidence of adequate progress for the purpose of annual assessment.

281—31.8(299A) Reporting assessment results.

31.8(1) *Baseline tests.* The baseline test results of each child subject to the baseline test requirement of Iowa Code section 299B.4 and subrule 31.7(1) shall be reported by the test administrator to the school district of residence of the child and to the department of education by June 30 of the year in which the test was taken.

The baseline test shall serve only as data from which subsequent progress shall be measured; the baseline test alone is not an indication of educational progress or a lack of progress.

31.8(2) *Standardized tests.* The results of a standardized test taken by a child subject to the annual assessment requirements shall be reported by the test administrator to the district of residence of the child and to the department of education by June 30 of the year in which the test was taken. The results shall be submitted in original form as received from the agency responsible for scoring the test.

31.8(3) *Portfolio assessments.* The assessment results of a child's educational portfolio made by a qualified Iowa licensed practitioner or practitioners shall be submitted by the portfolio evaluator(s) to the child's parent, guardian or legal custodian, the district of residence of the child, and the department of education by June 30 of the year in which the assessment was done.

The report shall be in narrative form and shall include assessments of the child's achievement and progress in the curriculum areas including reading, language arts, and mathematics for children whose grade level of study is fifth grade and below, and those subjects plus the additional areas of science and social studies for students whose grade level of study is sixth grade and above. The report shall include a statement as to whether the child has demonstrated adequate progress in each of the areas of study for which the portfolio evaluator is qualified to provide an assessment. The report shall be signed by each evaluator.

281—31.9(299A) Special education students. When a child has been identified as currently requiring special education, the child is eligible to receive competent private instruction with the written approval of the director of special education of the area education agency of the child's district of residence.

The director of special education of each area education agency shall issue a written decision, approving, conditioning approval on modification of the proposed program, or denying approval, based upon the appropriateness of the proposed competent private instruction program for the child requiring special education, considering the child's individual disability.

The request for approval for placement under Competent Private Instruction by the parent or guardian may be presented to the special education director at any time during the calendar year. If the special education director denies approval or if no written decision has been rendered within 30 calendar days, that decision or the absence thereof is subject to review by an impartial administrative law judge under provisions of 20 U.S.C. Section 1401 et seq., federal regulations adopted thereunder, and Iowa Code section 256B.6 and rules adopted thereunder found at 281—41.112(17A,256B,290) et seq.

If a parent, guardian, or legal custodian of a child requiring special education provides private instruction without the approval of the director of special education, the director may either request an impartial hearing before an administrative law judge under the rules of special education, 281—41.112(17A,256B,290), or notify the secretary of the child's district of residence for referral of the matter to the county attorney pursuant to Iowa Code section 256B.6, incorporating chapter 299.

A program of competent private instruction provided to a student requiring special education is not a program of special education for purposes of federal and state law.

The director of special education shall advise the parent, guardian, or legal custodian of a child requiring special education of the probable consequences of placing the child under private instruction and withdrawing the child from specialized instruction and services to which the child is entitled. The director of special education may require the parent, guardian, or legal custodian of a child requiring special education to accept full responsibility for the parent's, guardian's or legal custodian's decision to reject special education programs and services, forgoing a later request for compensatory education for the period of time when the child was under private instruction.

These rules are intended to implement Iowa Code chapters 299 and 299A.

CHAPTER 33
EDUCATING THE HOMELESS

281—33.1(256) Purpose. The purpose of these rules is to facilitate the enrollment of homeless children of school age and, where appropriate, of preschool age in the public school districts of Iowa to enable the children to have access to a free, appropriate public education, and to be free of being stigmatized on the basis of their status as homeless.

281—33.2(256) Definitions.

“District of origin” is defined as the public school district in Iowa in which the child was last enrolled or which the child last attended when permanently housed.

“Guardian” is defined as a person of majority age with whom a homeless child or youth of school age is living or a person of majority age who has accepted responsibility for the homeless child or youth, whether or not the person has legal guardianship over the child or youth.

“Homeless child or youth” is defined as a child or youth from the age of 3 years through 21 years who lacks a fixed, regular, and adequate nighttime residence and includes the following:

1. A child or youth who is sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; is living in a motel, hotel, trailer park, or camping grounds due to the lack of alternative adequate accommodations; is living in an emergency or transitional shelter; is abandoned in a hospital; or is awaiting foster care placement;
2. A child or youth who has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
3. A child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station, or similar setting; or
4. A migratory child or youth who qualifies as homeless because the child or youth is living in circumstances described in paragraphs “1” through “3” above.

“Preschool child” is defined as a child who is three, four, or five years of age before September 15.

“Unaccompanied youth” is defined as a youth not in the physical custody of a parent or guardian.

281—33.3(256) Responsibilities of the board of directors. The board of directors of a public school district shall do all of the following:

33.3(1) The board shall locate and identify homeless children or youth within the district, whether or not they are enrolled in school.

33.3(2) The board shall post, at community shelters and other locations in the district where services or assistance is provided to the homeless, information regarding the educational rights of homeless children and youth and encouraging homeless children and youth to enroll in the public school.

33.3(3) The board shall examine and revise, if necessary, existing school policies or rules that create barriers to the enrollment of homeless children or youth, consistent with these rules. School districts are encouraged to cooperate with agencies and organizations for the homeless to explore comprehensive, equivalent alternative educational programs and support services for homeless children and youth when necessary to implement the intent of these rules.

33.3(4) The board shall enact a policy prohibiting the segregation of a homeless child or youth from other students enrolled in the public school district.

33.3(5) The board shall immediately enroll a homeless child or youth, pending resolution of any dispute regarding in which school the child or youth should be enrolled.

33.3(6) The board shall determine school placement based on the best interests of a homeless child or youth. The board shall, to the extent feasible, keep a homeless child or youth in the school of origin, except when doing so is contrary to the wishes of the child’s or youth’s parent or guardian. If the child or youth becomes permanently housed during an academic year, enrollment shall continue in the school of origin for the remainder of that academic year unless the parents agree otherwise.

33.3(7) The board shall designate an appropriate staff person as the district’s local educational agency liaison for homeless children and youth to carry out the following duties:

- a.* Ensure that a homeless child or youth is identified by school personnel and through coordination activities with other entities and agencies;
- b.* Ensure that a homeless child or youth is enrolled in, and has a full and equal opportunity to succeed in, schools of the district;
- c.* Ensure that homeless families, children, and youth receive educational services for which such families, children, and youth are eligible, including Head Start and Even Start programs, tuition-free preschool programs administered by the district, and referrals to health care services, dental services, mental health services, and other appropriate services;
- d.* Ensure that the parents or guardians of homeless children and youth are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
- e.* Ensure that public notice of the educational rights of homeless children and youth is disseminated where such children and youth receive services under the federal McKinney-Vento Homeless Assistance Act, such as schools, family shelters, and soup kitchens;
- f.* Ensure that enrollment disputes are mediated in accordance with 42 U.S.C. Section 11432(g)(3)(E), which requires the following:
 - (1) The child or youth shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute;
 - (2) The parent or guardian of the child or youth shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or youth to appeal the decision;
 - (3) The child, youth, parent, or guardian shall be referred to the local educational agency liaison designated under this subrule, who shall carry out the dispute resolution process set forth in rule 33.9(256);
 - (4) In the case of an unaccompanied youth, the local educational agency liaison shall ensure that the youth is immediately enrolled in the school in which enrollment is sought pending resolution of the dispute;
- g.* Ensure that the parent or guardian of a homeless child or youth, or the unaccompanied youth, is fully informed of all transportation services and is assisted in accessing transportation to the school of enrollment;
- h.* Coordinate and collaborate with state coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youth.

281—33.4(256) School records; student transfers. The school records of each homeless child or youth shall be maintained so that the records are available in a timely fashion when a child or youth enters a new school district, and in a manner consistent with federal statutes and regulations related to student records.

Upon notification that a homeless student intends to transfer out of the district, a school district shall immediately provide copies of the student's permanent and cumulative records, or other evidence of placement or special needs, to the homeless child or youth or the parent or guardian of a homeless child or youth who may take the copies with them.

Upon the enrollment of a homeless child or youth, a school district shall accept copies of records, or other evidence of placement provided by the homeless child, youth, or the parent or guardian of the homeless child or youth, for purposes of immediate placement and delivery of education and support services. Thereafter, the receiving school shall request copies of the official records from the sending school. The receiving school shall not dismiss or deny further education to the homeless child or youth solely on the basis that the prior school records are unavailable.

281—33.5(256) Immunization requirements. Consistent with the provisions of Iowa Code section 139A.8 and rules of the department of public health, a public school shall not refuse to enroll or exclude a homeless child or youth for lack of immunization records if any of the following situations exist.

The parent or guardian of a homeless child or youth or a homeless child or youth:

1. Offers a statement signed by a doctor licensed by the state board of medical examiners specifying that in the doctor's opinion the immunizations required would be injurious to the health and well-being of the child or youth or to any member of the child or youth's family or household.

2. Provides an affidavit stating that the immunization conflicts with the tenets and practices of a recognized religious denomination of which the homeless child or youth is a member or adherent, unless the state board of health has determined and the director of health has declared an emergency or epidemic exists.

3. Offers a statement that the child or youth has begun the required immunizations and is continuing to receive the necessary immunizations as rapidly as is medically feasible, or

4. States that the child or youth is a transfer student from any other school, and that school confirms the presence of the immunization record.

The school district shall make every effort to locate or verify the official immunization records of a homeless child or youth based upon information supplied by the child, youth, parent, or guardian. In circumstances where it is admitted that the homeless child or youth has not received some or all of the immunizations required by state law for enrollment and none of the exemptions listed above is applicable, the district shall refer the child, youth, and parent or guardian to the local board of health for the purpose of immunization, and the school shall provisionally enroll the child or youth in accordance with item "3" or "4" above.

281—33.6(256) Waiver of fees and charges encouraged. If a child or youth is determined to be homeless as defined by these rules, a school district is encouraged, subject to state law, to waive any fees or charges that would present a barrier to the enrollment or transfer of the child or youth, such as fees or charges for textbooks, supplies, or activities.

A homeless child or youth, or the parent or guardian of a homeless child or youth, who believes a school district has denied the child or youth entry to or continuance of an education in the district on the basis that mandatory fees cannot be paid may appeal to the department of education using the dispute resolution mechanism in rule 33.9(256).

281—33.7(256) Waiver of enrollment requirements encouraged; placement.

33.7(1) If a homeless child or youth seeks to enroll or to remain enrolled in a public school district, the district is encouraged to waive any requirements, such as mandatory enrollment in a minimum number of courses, which would constitute barriers to the education of the homeless child or youth.

33.7(2) In the event that a school district is unable to determine the appropriate grade or placement for a homeless child or youth because of inadequate, nonexistent, or missing student records, the district shall administer tests or utilize otherwise reasonable means to determine the appropriate grade level for the child or youth.

281—33.8(256) Residency of homeless child or youth.

33.8(1) A child or youth, a preschool child if the school offers tuition-free preschool, or a preschool child with a disability who meets the definition of homeless in these rules is entitled to receive a free, appropriate public education and necessary support services in either of the following:

- a. The district in which the homeless child or youth is actually residing, or
- b. The district of origin.

The deciding factor as to which district has the duty to enroll the homeless child or youth shall be the best interests of the child or youth. In determining the best interests of the child or youth, the district(s) shall, to the extent feasible, keep a homeless child or youth in the district of origin, except when doing so is contrary to the wishes of the parent or guardian of the child or youth. In the case of an unaccompanied youth, the local educational agency liaison shall assist in the placement or enrollment decision, taking into consideration the views of the unaccompanied youth. If the child or youth is placed or enrolled in a school other than within the district of origin or other than a school requested by the parent or guardian or unaccompanied youth, the district shall provide a written explanation, including notice of the right to appeal under rule 33.9(256), to the parent or guardian or unaccompanied youth.

33.8(2) The choice regarding placement shall be made regardless of whether the child or youth is living with a homeless parent or has been temporarily placed elsewhere by the parent(s); or, if the child or youth is a runaway or otherwise without benefit of parent or legal guardian, where the child or youth has elected to reside.

33.8(3) Insofar as possible, a school district shall not require a homeless student to change attendance centers within a school district when a homeless student changes places of residence within the district, unless the change of residence takes the student out of the category of homeless.

33.8(4) If a homeless child or youth is otherwise eligible and has made proper application to utilize the provisions of Iowa Code section 282.18, "Open Enrollment," the child or youth shall not be denied the opportunity for open enrollment on the basis of homelessness.

281—33.9(256) Dispute resolution. If a homeless child or youth is denied access to a free, appropriate public education in either the district of origin or the district in which the child or youth is actually living, or if the child or youth's parent or guardian believes that the child or youth's best interests have not been served by the decision of a school district, an appeal may be made to the department of education as follows:

33.9(1) If the child is identified as a special education student under Iowa Code chapter 256B, the manner of appeal shall be by letter from the homeless child or youth, or the homeless child or youth's parent or guardian, to the department of education as established in Iowa Code section 256B.6 and Iowa Administrative Code 281—41.32(17A,256B,290). The letter shall not be rejected for lack of notarization, however. Representatives of the public school district where the child or youth desires to attend and of the corresponding area education agency, as well as the child, youth, or parent or guardian of the child or youth, shall present themselves at the time and place designated by the department of education for hearing on the issue. The hearing shall be held in accordance with the rules established in 281—41.32(17A,256B,290).

33.9(2) If the child is not eligible for special education services, the manner of appeal shall be by letter from the homeless child or youth or the homeless child or youth's parent or guardian to the director of the department of education. The appeal shall not be refused for lack of notarization, however. Representatives of the public school districts denying access to the homeless child or youth and the child, youth, or parent or guardian of the child or youth shall present themselves at the time and place designated by the department of education for hearing on the issue. The provisions of 281—Chapter 6 shall be applicable insofar as possible; however, the hearing shall take place in the district where the homeless child or youth is located, or at a location convenient to the appealing party.

33.9(3) At any time a school district denies access to a homeless child or youth, the district shall notify in writing the child or youth, and the child or youth's parent or guardian, if any, of the right to appeal and manner of appeal to the department of education for resolution of the dispute, and shall document the notice given. The notice shall contain the name, address, and telephone number of the legal services office in the area.

33.9(4) This chapter shall be considered by the presiding officer or administrative law judge assigned to hear the case.

33.9(5) Nothing in these rules shall operate to prohibit mediation and settlement of the dispute short of hearing.

33.9(6) While dispute resolution is pending, the child or youth shall be enrolled immediately in the school of choice of the child's parent or guardian or the school of choice of the unaccompanied youth. The school of choice must be an attendance center either within the district of residence or the district of origin of the child or youth.

281—33.10(256) Transportation of homeless children and youth.

33.10(1) Intent. A child or youth, a preschool child if the school offers tuition-free preschool, or a preschool child with a disability who meets the definition of homeless in these rules shall not be denied access to a free, appropriate public education solely on the basis of transportation. The necessity for and feasibility of transportation shall be considered, however, in deciding which of two districts would be in

the best interests of the homeless child or youth. The dispute resolution procedures in rule 33.9(256) are applicable to disputes arising over transportation issues.

33.10(2) Entitlement. Following the determination of the homeless child or youth's appropriate school district under rule 33.8(256) or 33.9(256), transportation shall be provided to the child or youth in the following manner:

a. If the appropriate district is determined to be the district in which the child or youth is actually living, transportation for the homeless child or youth shall be provided on the same basis as for any resident child of the district, as established by Iowa Code section 285.1 or local board policy.

b. If the appropriate district is determined to be a district other than the district in which the child or youth is actually living, the district in which the child or youth is actually living (sending district) and the district of origin shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the receiving district. If these districts are unable to agree upon such method, the responsibility and costs for transportation shall be shared equally.

c. Rescinded IAB 7/7/04, effective 8/11/04.

281—33.11(256) School services.

33.11(1) The school district designated for the homeless child's or youth's enrollment shall make available to the child or youth all services and assistance, including but not limited to the following services, on the same basis as those services and assistance are provided to resident pupils:

- a.* Compensatory education;
- b.* Special education;
- c.* English as a Second Language;
- d.* Vocational and technical education courses or programs;
- e.* Programs for gifted and talented pupils;
- f.* Health services;
- g.* Preschool (including Head Start and Even Start);
- h.* Before and after school child care;
- i.* Food and nutrition programs.

33.11(2) A district must include homeless students in its academic assessment and accountability system under the federal No Child Left Behind Act, P.L. 107-110. Assessments should be included in the economically disadvantaged category for reporting purposes. Schools are not required to disaggregate information regarding homeless students as a separate category, but may be asked to do so in accordance with the duties of the United States Secretary of Education and the Office of the State Coordinator.

These rules are intended to implement the provisions of the Stewart B. McKinney Homeless Assistance Act, as reauthorized in January 2002 as the McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11431, et seq.).

CHAPTER 34
FUNDING FOR CHILDREN RESIDING IN STATE INSTITUTIONS
OR MENTAL HEALTH INSTITUTES

281—34.1(218) Scope. These rules apply to the funding and provision of appropriate educational services to children residing in the following institutions under the jurisdiction of the director of human services: the Mental Health Institute, Cherokee, Iowa; the Mental Health Institute, Independence, Iowa; the State Training School, Eldora, Iowa; and the Iowa Juvenile Home, Toledo, Iowa.

281—34.2(218) Definitions. For the purposes of these rules, the following definitions shall apply:

“AEA” means an area education agency.

“Aggregate days” means the sum of the number of days of attendance, excluding days absent, for all school-age pupils who are enrolled during the school year. A student is considered enrolled after being placed in the institution and taking part in the educational program. Enrollment begins on the date that the student begins taking part in the educational program and ends on the date that the student leaves the institution or receives a high school diploma or its equivalent, whichever occurs first.

“Average daily attendance” or *“ADA”* means the average obtained by dividing the total of the aggregate days of attendance by the total number of student contact days. ADA for purposes of this chapter shall be calculated on the regular school year exclusive of summer session.

“Department” means the state department of education.

“Individualized education program” or *“IEP”* means the written record of an eligible individual’s special education and related services developed in accordance with 281—Chapter 41. The IEP document records the decisions reached at the IEP meeting and sets forth in writing a commitment of resources necessary to enable an eligible individual to receive needed special education and related services appropriate to the individual’s special learning needs. There is one IEP which specifies all the special education and related services for an eligible individual.

“Institution” means the Mental Health Institute, Cherokee, Iowa; the Mental Health Institute, Independence, Iowa; the State Training School, Eldora, Iowa; and the Iowa Juvenile Home, Toledo, Iowa.

“Proposed educational program” means a written description of the general education program, special education services, transition activities, and summer school programs that are proposed to be implemented in order to provide appropriate educational services for each child residing in an institution.

“Proposed educational program budget” means a document that outlines the costs for providing the proposed educational program as defined in these rules.

“Regular school year” means the number of days that school is in session, not to exceed 180 days. The regular school year for each institution shall begin on the first day of school established by the school district in which each institution is located.

“School-age pupil” means a student who is a resident of the state of Iowa and who is at least 5 years of age but less than 21 years of age on September 15 of the school year, or a younger age if served pursuant to an IEP.

“School district of the child’s residence” means the school district in which the parent or guardian of the child resides or as defined under operation of law.

281—34.3(218) General principles.

34.3(1) *Availability.* All children who reside in state institutions and mental health institutes shall be provided appropriate educational services in accordance with these rules. Special education services to eligible individuals in institutions shall be provided in accordance with 281—Chapter 41.

34.3(2) *Responsibility of institutions.* It is the responsibility of institutions to provide or make provision for appropriate educational services to children residing in these institutions and to ensure appropriate transition of children back to the school district of residence. The institution may make provision by contracting with the AEA or the school district in which the institution is located.

34.3(3) *Basis for funding.* Funding for general education programs at the institutions is determined using a formula similar to the formula used for the determination of funding for local school districts while considering the unique setting of the institutions. The amount of special education funding is determined by comparing the structure of the general education program at each institution to the nature and extent of services required for students with special education needs beyond what is provided to all students by the general education program.

34.3(4) *Responsibility of the AEA.* It is the responsibility of the AEA in which the institution is located to provide media services, educational services, and special education support services. The nature and extent of these services shall be comparable to those provided to school districts in the AEA.

281—34.4(218) Notification.

34.4(1) *Students served at mental health institutes.* The Mental Health Institute, Cherokee, Iowa, and the Mental Health Institute, Independence, Iowa, shall notify the district of residence of each child who on the date specified in Iowa Code section 257.6, subsection 1, is residing in these institutions. 34.4(2) *Students served at the State Training School at Eldora and the Iowa Juvenile Home at Toledo.* The State Training School at Eldora and the Iowa Juvenile Home at Toledo shall notify the AEA in which the institution is located and the district of residence of each child who on the date specified in Iowa Code section 257.6, subsection 1, is residing in these institutions if the child's release date is known and the release date is within the current school year. The notification shall occur on or before October 10. For students served pursuant to an IEP, the State Training School at Eldora and the Iowa Juvenile Home at Toledo shall by the last Friday in October also notify the AEA in which the institution is located and the district of residence of each child residing in these institutions if the child's release date is known and the release date is within the current school year. Notifications shall be in writing or in a printable electronic medium and shall include the child's name, birth date, and grade level and the names and addresses of the child's parents or guardians.

281—34.5(218) Program submission and approval. Educational programs shall be submitted, reviewed, modified, and approved using the following procedures:

34.5(1) *Submission.* Each institution shall submit a proposed educational program to the department of education and the department of human services by January 1 for the following school year. The proposed program shall be submitted on forms provided or in the manner prescribed by the department and shall include a description of the following:

- c. Procedures that will be implemented to ensure the effective transition of each child back to the school district of the child's residence.

34.5(2) Approval. The department shall review and approve or modify the proposed educational program by February 1 and communicate this action to each institution. The department shall also notify the department of revenue of its action by February 1.

The proposed budget shall be based on the average daily attendance of the children residing in the institution and shall be submitted to the department of education and the department of human services on forms provided by the department. The average daily attendance used for the proposed budget shall be the average daily attendance for the school year that ended the previous June 30.

34.6(2) Students not served pursuant to an IEP. The budget shall be calculated as the sum of the following:

a. Average daily attendance multiplied by the state cost per pupil for the budget year established pursuant to Iowa Code section 257.9.

b. Average daily attendance multiplied by the per pupil media services funding for the AEA in which the institution is located as established by Iowa Code section 257.37.

c. Average daily attendance multiplied by the per pupil educational services funding for the AEA in which the institution is located as established by Iowa Code section 257.37.

d. The State Training School at Eldora and the Iowa Juvenile Home at Toledo may include in their budgets an amount that represents the difference between the amount established pursuant to Iowa Code (2003) section 282.28 and approved by the department for the 2003-2004 fiscal year included in the fiscal year beginning July 1, 2003, and the amount each institution has budgeted under paragraph 34.6(3) “c.” The budget amount shall increase annually by the allowable growth rate established for that year.

e. In addition to the amount each institution has budgeted as specified in paragraph 34.6(3) “c,” the mental health institutes at Cherokee and Independence may include annually in their budgets an amount not to exceed \$200,000 based on the budget calculation specified in paragraph 34.6(2) “a.” This budgeted amount may be adjusted to an amount that exceeds \$200,000 in circumstances when there is a significant increase in the number of students in attendance. This additional amount shall increase annually by the allowable growth rate established for that year.

34.6(4) Approval. The department shall review and approve or modify the proposed educational program budget by February 1 and communicate this action to each institution. The department shall also notify the department of revenue of its action by February 1.

281—34.8(218) Payments to the AEA. Within ten days of receiving its payment, the institution shall pay to the AEA in which the institution is located one-tenth of the total funding included in its approved budget for AEA media services, educational services, and special education support services.

At the end of the school year, each institution shall calculate the average daily attendance for students served pursuant to an IEP and the average daily attendance for students not served pursuant to an IEP. This information shall be reported with the accounting for the actual program costs submitted to the department by August 1.

281—34.11(218) Accounting for actual program costs. Each institution shall submit an accounting for the actual cost of the program to the department by August 1 of the following school year on forms provided by the department.

34.11(1) Instructional costs. Actual costs include salaries and benefits of instructional staff, instructional supplies and materials, professional development for instructional staff, student transportation, contracted services related to instruction or instructional staff, and instructional equipment.

34.11(2) Administrative costs. Costs for administering the educational program may be included in actual costs based on the average daily attendance of students in the institution. Costs shall be limited to the salary and benefits of the full-time equivalent education administrators and clerical support for the instructional program. However, the full-time equivalent at any institution shall not exceed 1.0 for education administration and 1.0 for clerical support.

34.11(7) Maximum costs for students served pursuant to an IEP. Actual costs for students served pursuant to an IEP shall not exceed the amount calculated in subrule 34.6(3).

34.11(8) Approval of expenditures. The department shall review and approve or modify all expenditures incurred in compliance with the guidelines adopted pursuant to Iowa Code section 256.7, subsection 10, and shall notify the department of revenue of the approved accounting amount. The approved accounting amount shall be compared with any amounts paid by the department of revenue to the department of human services and any differences added to or subtracted from the October payment made under these rules for the next school year.

34.11(9) Costs of courses. Costs include the actual expenses, if reasonable and customary, for tuition, textbooks, course materials, and fees directly related to courses taken pursuant to rule 281—34.15(218,233A,261C) by students who are residents of the state of Iowa.

281—34.12(218) Audit. Each institution shall make the records related to providing educational services to students residing within the institution available to independent auditors, state auditors and department of education staff upon request.

281—34.13(218) Hold-harmless provision. Notwithstanding rule 281—34.6(218), any institution that would receive less funding in its proposed budget pursuant to these rules for the instructional program for the 2003-2004 school year than it had received in funding for the instructional program for the 2002-2003 school year shall be held harmless. The institution shall receive an amount equal to the amount it was funded in 2002-2003. This provision shall continue until the first year in which the proposed budget pursuant to these rules would equal or exceed the amount it had received for the instructional program for the 2002-2003 school year. The hold-harmless provision shall cease beginning with the first year in which the proposed budget pursuant to these rules equals or exceeds the 2002-2003 funding amount.

281—34.14(218,256B,34CFR300) AEA services. Each institution shall purchase from the AEA in which the institution is located support, related and other services necessary to provide appropriate educational programs to students requiring special education, and payment for the purchased services shall be made in accordance with rule 281—34.8(218). The nature and extent of such services shall be comparable to those provided to school districts in the AEA.

281—34.15(218,233A,261C) Postsecondary credit courses. Eleventh and twelfth grade students who attend an institution and are residents of the state of Iowa are eligible to be enrolled in college courses offered by an eligible postsecondary institution as defined in Iowa Code section 261C.3(1) and to receive both secondary and postsecondary credit therefor.

36.14(1) Physical examination. Every year each student shall present to the student's superintendent a certificate signed by a licensed physician and surgeon, osteopathic physician and surgeon, osteopath, qualified doctor of chiropractic, licensed physician assistant, or advanced registered nurse practitioner, to the effect that the student has been examined and may safely engage in athletic competition.

36.14(2) Sportsmanship. It is the clear obligation of member and associate member schools to ensure that their contestants, coaches, and spectators in all interscholastic competitions practice the highest principles of sportsmanship, conduct, and ethics of competition. The governing organization shall have authority to penalize any member school, associate member school, contestant, or coach in violation of this obligation.

36.14(3) Awards.

a. Awards from the student's school. A student will be permitted to receive only the customary ribbon or medal for participation in an interscholastic athletic contest. A student will be allowed to receive from the student's school, for participation in the interscholastic athletic program, an award whose value cannot exceed \$25. Nothing in this subrule shall preclude or prevent the awarding and the acceptance of an inexpensive, unmounted, unframed paper certificate of recognition as an award, or an inexpensive table favor which is given to everyone attending a banquet.

b. Awards for participation in school programs from other than the student's school. No student shall receive any award from an individual or outside organization for high school participation while enrolled in high school, except that nothing in this subrule shall preclude the giving of a complimentary

dinner by local individuals, organizations, or groups, with approval of the superintendent, to members of the local high school athletic squad. No student shall accept any trip or excursion of any kind by any individual, organization, or group outside the student's own school or the governing organization, with the exception of bona fide recruiting trips that meet NCAA requirements. Nothing in this subrule shall preclude or prevent the awarding and the acceptance of an inexpensive, unmounted, unframed paper certificate of recognition as an award, or an inexpensive table favor which is given to everyone attending a banquet.

c. Awards for participation in nonschool programs. If a student participates in an outside school activity during the school year, the student may not receive any award the value of which exceeds \$25. During the summer months, a student may enter an event in any sport as an individual or as a member of a team not representing the student's school, subject to subrule 36.15(6). If the student wins an award, the student may accept the award provided it does not violate the amateur award rule of the amateur sanctioning body for that sport.

d. Absolute prohibition on cash or cash equivalent. At no time may any student accept an award of cash or cash equivalent.

e. Compliance. The superintendent or designee shall be held responsible for compliance with this subrule. Questions or interpretation regarding medals or awards shall be referred to the executive board.

36.14(4) Interstate competition. Every student participating in interstate athletic competition on behalf of the student's school must meet the eligibility rules.

36.14(5) Competition seasons. The length of training periods and competition seasons shall be determined solely by the governing organization.

36.14(6) Tournaments. The number and type of state tournaments for the various sports shall be determined by the organization. In scheduling and conducting these tournaments, the organization shall have the final authority for determining the tournament eligibility of all participants. Organization bylaws shall provide for a timely method of seeking an internal review of initial decisions regarding tournament eligibility.

36.14(7) Ineligible player competition. Member or associate member schools that permit or allow a student to compete in an interscholastic competition in violation of the eligibility rules or that permit or allow a student who has been suspended to so compete shall be subject to penalties imposed by the executive board. The penalties may include, but are not limited to, the following: forfeiture of contests or events or both, involving any ineligible student(s); adjustment or relinquishment of conference/district/tournament standings; and return of team awards or individual awards or both.

If a student who has been declared ineligible or who has been suspended is permitted to compete in an interscholastic competition because of a current restraining order or injunction against the school, registered organization, or department of education, and if such restraining order or injunction subsequently is voluntarily vacated, stayed, reversed, or finally determined by the courts not to justify injunctive relief, the penalties listed above may be imposed.

This rule is intended to implement Iowa Code section 280.13.

281—36.15(280) Eligibility requirements.

36.15(1) Local eligibility and student conduct rules. Local boards of education may impose additional eligibility requirements not in conflict with these rules. Nothing herein shall be construed to prevent a local school board from declaring a student ineligible to participate in interscholastic competition by reason of the student's violation of rules adopted by the school pursuant to Iowa Code sections 279.8 and 279.9. A member or associate member school shall not allow any student, including any transfer student, to compete until such time as the school has reasonably reliable proof that the student is eligible to compete for the member or associate member school under these rules.

36.15(2) Scholarship rules.

a. All contestants must be enrolled and in good standing in a school that is a member or associate member in good standing of the organization sponsoring the event.

b. All contestants must be under 20 years of age.

c. All contestants shall be enrolled students of the school in good standing. They shall receive credit in at least four subjects, each of one period or “hour” or the equivalent thereof, at all times. To qualify under this rule, a “subject” must meet the requirements of 281—Chapter 12. Coursework taken from a postsecondary institution and for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. No student shall be denied eligibility if the student’s school program deviates from the traditional two-semester school year.

(1) Each contestant shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. Grading period, graduation requirements, and any interim periods of ineligibility are determined by local policy. For purposes of this subrule, “grading period” shall mean the period of time at the end of which a student in grades 9 through 12 receives a final grade and course credit is awarded for passing grades.

(2) If at the end of any grading period a contestant is given a failing grade in any course for which credit is awarded, the contestant is ineligible to dress for and compete in the next occurring interscholastic athletic contests and competitions in which the contestant is a contestant for 30 consecutive calendar days.

d. A student with a disability who has an individualized education program shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives on the student’s individualized education program.

e. A student who meets all other qualifications may be eligible to participate in interscholastic athletics for a maximum of eight consecutive semesters upon entering the ninth grade for the first time. However, a student who engages in athletics during the summer following eighth grade is also eligible to compete during the summer following twelfth grade. Extenuating circumstances, such as health, may be the basis for an appeal to the executive board which may extend the eligibility of a student when the executive board finds that the interests of the student and interscholastic athletics will be benefited.

f. All member schools shall provide appropriate interventions and necessary academic supports for students who fail or who are at risk to fail, and shall report to the department regarding those interventions on the comprehensive school improvement plan.

g. A student is academically eligible upon entering the ninth grade.

h. A student is not eligible to participate in an interscholastic sport if the student has, in that same sport, participated in a contest with or against, or trained with, a National Collegiate Athletic Association (NCAA), National Junior College Athletic Association (NJCAA), National Association of Intercollegiate Athletics (NAIA), or other collegiate governing organization’s sanctioned team. A student may not participate with or against high school graduates if the graduates represent a collegiate institution or if the event is sanctioned or sponsored by a collegiate institution. Nothing in this subrule shall preclude a student from participating in a one-time tryout with or against members of a college team with permission from the member school’s administration and the respective collegiate institution’s athletic administration.

i. No student shall be eligible to participate in any given interscholastic sport if the student has engaged in that sport professionally.

j. The local superintendent of schools, with the approval of the local board of education, may give permission to a dropout student to participate in athletics upon return to school if the student is otherwise eligible under these rules.

k. Remediation of a failing grade by way of summer school or other means shall not affect the student’s ineligibility. All failing grades shall be reported to any school to which the student transfers.

36.15(3) General transfer rule. A student who transfers from a school in another state or country or from one member or associate member school to another member or associate member school shall be ineligible to compete in interscholastic athletics for a period of 90 consecutive school days, as defined in rule 281—12.1(256), exclusive of summer enrollment, unless one of the exceptions listed in paragraph 36.15(3)“a” applies. The period of ineligibility applies only to varsity level contests and competitions. (“Varsity” means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.) In

ruling upon the eligibility of transfer students, the executive board shall consider the factors motivating student changes in residency. Unless otherwise provided in these rules, a student intending to establish residency must show that the student is physically present in the district for the purpose of making a home and not solely for school or athletic purposes.

a. Exceptions. The executive officer or executive board shall consider and apply the following exceptions in formally or informally ruling upon the eligibility of a transfer student and may make eligibility contingent upon proof that the student has been in attendance in the new school for at least ten days:

(1) Upon a contemporaneous change in parental residence, a student is immediately eligible if the student transfers to the new district of residence or to an accredited nonpublic member or associate member school located in the new school district of residence. In addition, if with a contemporaneous change in parental residence, the student had attended an accredited nonpublic member or associate member school immediately prior to the change in parental residence, the student may have immediate eligibility if the student transfers to another accredited nonpublic member or associate member school.

(2) If the student is attending in a school district as a result of a whole-grade sharing agreement between the student's resident district and the new school district of attendance, the student is immediately eligible.

(3) A student who has attended high school in a district other than where the student's parent(s) resides, and who subsequently returns to live with the student's parent(s), becomes immediately eligible in the parent's resident district.

(4) Pursuant to Iowa Code section 256.46, a student whose residence changes due to any of the following circumstances is immediately eligible provided the student meets all other eligibility requirements in these rules and those set by the school of attendance:

1. Adoption.
2. Placement in foster or shelter care.
3. Participation in a foreign exchange program, as evidenced by a J-1 visa issued by the United States government, unless the student attends the school primarily for athletic purposes.
4. Placement in a juvenile correction facility.
5. Participation in a substance abuse program.
6. Participation in a mental health program.
7. Court decree that the student is a ward of the state or of the court.
8. The child is living with one of the child's parents as a result of divorce, separation, death, or other change in the child's parents' marital relationship, or pursuant to other court-ordered decree or order of custody.

(5) A transfer student who attends in a member or associate member school that is a party to a cooperative student participation agreement, as defined in rule 36.20(280), with the member or associate member school the student previously attended is immediately eligible in the new district to compete in those interscholastic athletic activities covered by the cooperative agreement.

(6) Any student whose parents change district of residence but who remains in the original district without interruption in attendance continues to be eligible in the member or associate member school of attendance.

(7) A special education student whose attendance center changes due to a change in placement agreed to by the district of residence is eligible in either the resident district or the district of attendance, but not both.

(8) In any transfer situation not provided for elsewhere in this chapter, the executive board shall exercise its administrative authority to make any eligibility ruling which it deems to be fair and reasonable. The executive board shall consider the motivating factors for the student transfer. The determination shall be made in writing with the reasons for the determination clearly delineated.

b. In ruling upon the transfer of students who have been emancipated by marriage or have reached the age of majority, the executive board shall consider all circumstances with regard to the transfer to determine if it is principally for school or athletic purposes, in which case participation shall not be approved.

c. A student who participates in the name of a member or associate member school during the summer following eighth grade is ineligible to participate in the name of another member or associate member school in the first 90 consecutive school days of ninth grade unless a change of residence has occurred after the student began participating in the summer.

d. A school district that has more than one high school in its district shall set its own eligibility policies regarding intradistrict transfers.

36.15(4) *Open enrollment transfer rule.* A student in grades 9 through 12 whose transfer of schools had occurred due to a request for open enrollment by the student's parent or guardian is ineligible to compete in interscholastic athletics during the first 90 school days of transfer except that a student may participate immediately if the student is entering grade 9 for the first time and did not participate in an interscholastic athletic competition for another school during the summer immediately following eighth grade. The period of ineligibility applies only to varsity level contests and competitions. ("Varsity" means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.) This period of ineligibility does not apply if the student:

a. Participates in an athletic activity in the receiving district that is not available in the district of residence; or

b. Participates in an athletic activity for which the resident and receiving districts have a cooperative student participation agreement pursuant to rule 36.20(280); or

c. Has paid tuition for one or more years to the receiving school district prior to making application for and being granted open enrollment; or

d. Has attended in the receiving district for one or more years prior to making application for and being granted open enrollment under a sharing or mutual agreement between the resident and receiving districts; or

e. Has been participating in open enrollment and whose parents/guardians move out of their district of residence but exercise either the option of remaining in the original open enrollment district or enrolling in the new district of residence. If the pupil has established athletic eligibility under open enrollment, it is continued despite the parent's or guardian's change in residence; or

f. Has not been participating in open enrollment, but utilizes open enrollment to remain in the original district of residence following a change of residence of the student's parent(s). If the pupil has established athletic eligibility, it is continued despite the parent's or guardian's change in residence; or

g. Obtains open enrollment due to the dissolution and merger of the former district of residence under Iowa Code subsection 256.11(12); or

h. Obtains open enrollment due to the pupil's district of residence entering into a whole-grade sharing agreement on or after July 1, 1990, including the grade in which the pupil would be enrolled at the start of the whole-grade sharing agreement; or

i. Participates in open enrollment and the parent/guardian is an active member of the armed forces and resides in permanent housing on government property provided by a branch of the armed services.

36.15(5) *Eligibility for other enrollment options.*

a. *Shared-time students.* A nonpublic school student who is enrolled only part-time in the public school district of the student's residence under a "shared-time" provision or for driver education is not eligible to compete in interscholastic athletics in the public school district.

b. *Dual enrollment.* A student who receives competent private instruction, not in an accredited nonpublic or public school, may seek dual enrollment in the public school of the student's resident district and is eligible to compete in interscholastic athletic competition in the resident school district provided the student meets the eligibility requirements of these rules and those set by the public school of attendance.

If a student seeking such dual enrollment is enrolled in an associate member school of the Iowa Girls' High School Athletic Union or Iowa High School Athletic Association, the student is eligible for and may participate in interscholastic athletic competition only for the associate member school or a school with which the associate member school is in a cooperative sharing agreement. (Eligibility in such case is governed by 281 IAC 36.1(280).)

Any ineligibility imposed under this chapter shall begin with the first day of participation under dual enrollment. Any period of ineligibility applies only to varsity level contests and competitions. (“Varsity” means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.)

c. Competent private instruction. A student who receives competent private instruction, and is not dual-enrolled in a public school, may participate in and be eligible for interscholastic athletics at an accredited nonpublic school if the student is accepted by that school and the student meets the eligibility requirements of this chapter and those set by the accredited nonpublic school where the student participates. Application shall be made to the accredited nonpublic school on a form provided by the department of education.

If a student seeking such participation is enrolled in an associate member school of the Iowa Girls’ High School Athletic Union or Iowa High School Athletic Association, the student is eligible for and may participate in interscholastic athletic competition only for the associate member school or a school with which the associate member school is in a cooperative sharing agreement. (Eligibility in such case is governed by 281 IAC 36.1(280).)

Any ineligibility imposed under this chapter shall begin with the first day of participation with the accredited nonpublic school. Any period of ineligibility applies only to varsity level contests and competitions. (“Varsity” means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.)

36.15(6) *Summer camps and clinics and coaching contacts out of season.*

a. School personnel, whether employed or volunteers, of a member or associate member school shall not coach that school’s student athletes during the school year in a sport for which the school personnel are currently under contract or are volunteers, outside the period from the official first day of practice through the finals of tournament play. Nor shall volunteer or compensated coaching personnel require students to participate in any activities outside the season of that coach’s sport as a condition of participation in the coach’s sport during its season.

b. A summer team or individual camp or clinic held at a member or associate member school facility shall not conflict with sports in season. Summertime coaching activities shall not conflict with sports in season.

c. A member or associate member school may open its gym or athletic facilities for the purpose of making recreational activities available for all students or the community. When students are participating in open gym in the hours immediately before or after school, school personnel shall be assigned to supervise. Open gyms are subject to the following restrictions:

- (1) The supervisor shall not engage in any type of coaching nor participate during supervision.
- (2) Attendance by students is voluntary.
- (3) Volunteer or paid coaches may not directly or indirectly require the attendance of students or require the performance of activities by students prior to the legal practice period for that coach’s sport.
- (4) Open gym shall not be called or posted for specific sports.
- (5) An open gym notice shall be posted on the general student information bulletin board and shall be signed or initialed by a school administrator other than the coach supervising the open gym.

d. Penalty. A school whose volunteer or compensated coaching personnel violate this rule is ineligible to participate in a governing organization-sponsored event in that sport for one year with the violator(s) coaching.

36.15(7) *Nonschool team participation.* The local school board shall by policy determine whether or not participation in nonschool athletic events during the same season is permitted and provide penalties for students who may be in violation of the board’s policy.

This rule is intended to implement Iowa Code sections 256.46, 280.13 and 282.18.

281—36.16(280) Executive board review. A student, parent of a minor student, or school contesting the ruling of a student’s eligibility based on these rules, other than subrule 36.15(1), or a school contesting a penalty imposed under subrule 36.15(6), paragraph “b,” shall be required to state the basis of the objections in writing and may also request an oral hearing, addressed to the executive officer of the

board of the governing organization. The executive officer shall schedule a hearing before the executive board on or before the next regularly scheduled meeting of the executive board, but not later than 20 days following the receipt of the objections unless a later time is mutually agreeable. The executive board shall give at least 5 days' written notice of the hearing. The executive board shall consider the evidence presented and issue findings and conclusions in a written decision within 5 days of the hearing, and shall mail a copy to appellant.

281—36.17(280) Appeals to director. If the claimant is still dissatisfied, an appeal may be made in writing to the director of education by giving written notice of the appeal to the state director of education with a copy by registered mail to the executive officer of the governing organization. An appeal shall be in the form of an affidavit and shall be filed within 10 days after the date of mailing of the decision of the governing organization. The director of education shall establish a date for hearing within 20 days of receipt of written notice of appeal by giving at least 5 days' written notice of hearing to appellant unless another time is mutually agreeable. The procedures for hearing adopted by the state board of education and found at 281—Chapter 6 shall be applicable, except that the decision of the director is final. Appeals to the executive board and the state director are not contested cases under Iowa Code subsection 17A.2(2).

281—36.18(280) Organization policies. The constitution or bylaws of organizations sponsoring contests for participation by member schools shall reflect the following policies:

36.18(1) Expenditure policy. It shall be the expenditure policy of each organization, after payment of costs incurred in 36.6(280) to 36.9(280) and legitimate expenses for housing, equipment and supplies including by agreement with other organizations having a mutual interest in interscholastic activities, to use all receipts to promote and fiscally sponsor those extracurricular interscholastic contests and competitions deemed by it to be most beneficial to all eligible students enrolled in member schools. Organizations with large revenues may provide assistance in staff, space, equipment and the transfer of funds to other organizations whose contests or competitions do not generate sufficient moneys to carry out an adequate program in their areas of service. Each organization shall make an annual payment to the federation to cover the necessary expenditures of the federation. The amount of this payment shall be determined by the federation.

36.18(2) Federation survey. A survey shall be made at least biennially, using a sampling procedure selected by the executive committee of the federation to determine in what extracurricular interscholastic contests or competitions students of member secondary schools would like to participate. The organizations shall put high priority on the findings of the survey in the determination of what interscholastic activities are to be sponsored.

36.18(3) Calendar of events. The federation shall establish yearly in advance a calendar of events for the interscholastic contests and competitions sponsored by the organizations.

36.18(4) Information to local member schools. The federation shall distribute to member schools the yearly calendar of events and other information believed by officers of the federation to be helpful to local school officials in providing a comprehensive program of extracurricular interscholastic contests or competitions.

36.18(5) "All-star" contests. A student enrolled in a member or associate member school will be ineligible for 12 calendar months in the sport in which the violation occurred if the student participates in an all-star contest.

36.18(6) Team participation. Participation in interscholastic contests or competitions shall be by school teams only and not selected individuals, with the exception of individual sports events such as wrestling, track, cross country, golf, tennis, and music and speech activities.

36.18(7) Contests outside Iowa. Out-of-state contest participation by a member school shall be limited to regularly scheduled interscholastic activities.

36.18(8) Promoting interstate contests. No activity organization shall sponsor interstate contests or competition between individuals, teams or groups.

36.18(9) Chaperones. It is the responsibility of all school districts to see that all teams or contestants are properly chaperoned when engaged in interscholastic activities.

36.18(10) Membership. Membership in an organization shall be limited to schools accredited by the department or approved by the department solely for purposes of associate membership in a registered organization.

281—36.19(280) Eligibility in situations of district organization change. Notwithstanding any other provision of this chapter, in the event eligibility of one or more students is jeopardized or in question as a result of actions beyond their control due to pending reorganization of school districts approved by the voters under Iowa Code chapter 275; action of the district boards of directors under Iowa Code section 274.37; or the joint employment of personnel and sharing of facilities under Iowa Code section 280.15 and the result is a complete discontinuance of the high school grades, or discontinuance of the high school grades pursuant to Iowa Code section 282.7, first paragraph, the boards of directors of the school districts involved may, by written agreement, determine the eligibility of students for the time the district of residence does not provide an activity program governed by this chapter. When the respective boards have not provided by written agreement for the eligibility of students whose eligibility is jeopardized or questioned four weeks prior to the normal established time for beginning the activity, students or parents of students involved may request a determination of eligibility from the governing body of the organization involved. All parties directly interested shall be given an opportunity to present their views to the governing board.

A determination of eligibility by the governing board shall be based upon fairness and the best interests of the students.

In the event that one or more parties involved in the request for determination before the governing board are dissatisfied with the decision of the governing board, an appeal may be made by the dissatisfied party to the director of the department under the provisions of 36.17(280). A decision of the director in the matter shall be final.

The above provisions shall apply insofar as applicable to changes of organization entered into between two or more nonpublic schools.

This rule is intended to implement Iowa Code section 280.13.

281—36.20(280) Cooperative student participation. Notwithstanding any other provision of this chapter, in the event a member or associate member school does not directly make participation in an interscholastic activity available to its students, the governing board of the member or associate member school may, by formally adopted policy if among its own attendance centers, or by written agreement with the governing board of another member or associate member school, provide for the eligibility of its students in interscholastic activities provided by another member or associate member school. The eligibility of students under a policy, insofar as applicable, or a written agreement is conditioned upon the following:

36.20(1) All terms and conditions of the agreement are in writing;

36.20(2) The attendance boundary of each school that is party to the agreement is contiguous to or contained within the attendance boundary of one of the other schools, unless the activity is not offered at any school contiguous to the party district, or all schools that are contiguous refuse to negotiate an agreement with the party district, in which case the contiguous requirement may be waived by the applicable governing organization. For the purposes of this rule, a nonpublic school member will utilize the attendance boundaries of the public school in which its attendance center is located;

36.20(3) Any interscholastic activity not available to students of the schools participating in the agreement may be included in the agreement. A school's students may be engaged in cooperative activities under the terms of only one agreement;

However, if several schools are in a consortia cooperative agreement for a specific activity, they are not precluded from having a separate agreement with one or more of the same schools for a different activity as long as all schools of the consortia agree to such a separate agreement.

36.20(4) Agreements shall be for a minimum of one school year. Amendments may be made to agreements, including allowing additional member schools to join an existing agreement, without necessarily extending the time of existence of the agreement.

36.20(5) All students participating under the agreement are enrolled in one of the schools, are in good standing and meet all other eligibility requirements of these rules;

36.20(6) A copy of the written agreement between the governing boards of the particular schools involved, and all amendments to the agreement, shall be filed with the appropriate governing organization(s) no later than April 30 for the subsequent year, unless exception is granted by the organization for good cause shown. The agreements and amendments shall be deemed approved unless denied by the governing organization(s) within ten days;

36.20(7) Interscholastic competition is engaged in only under the name of the host school. It is the purpose of this rule to allow individual students participation in interscholastic competition in activities not available to them at the school they attend, through local policy or arrangements made between the governing boards of the schools involved, so long as the interscholastic activities of other schools are not substantially prejudiced. Substantial prejudice shall include, but not necessarily be limited to, situations where a cooperative effort may result in an unfair domination of an activity, or substantial disruption of activity classifications and management. In the event an activity organization determines, after investigation, that an agreement between schools developed under the terms of these subrules results in substantial prejudice to other schools engaged in the activity, or the terms of the agreement are not in conformity with the purpose and terms of this rule, the activity organization may give timely notice to the schools involved that the local policy or agreement between them is null and void for the purposes of this rule, insofar as cooperative student participation is concerned with a particular activity. Determinations are appealable to the director of education under the applicable terms of 36.17(280). For notice to be timely, it must be given at least 45 days prior to the beginning of the activity season.

This rule shall become effective on January 8, 1986. However, prior written agreements in existence at the time of this rule's adoption shall continue in force and effect until terminated by the parties or by the terms of the existing agreement.

This rule is intended to implement Iowa Code section 280.13.

CHAPTER 37
EXTRACURRICULAR ATHLETIC ACTIVITY
CONFERENCE FOR MEMBER SCHOOLS

281—37.1(280) Policy and purpose. It is the purpose of this chapter to provide a procedure ensuring that a school desiring to be a member of a conference providing extracurricular athletic contests and competitions for students is granted this opportunity. Membership shall be with other schools of comparable size and within reasonable geographic proximity. For purposes of this chapter, member school means a school or school district granted such status by any corporation, association, or organization registered with the state department of education pursuant to Iowa Code section 280.13, and includes associate members.

281—37.2(280) Initial responsibility. The initial authority and responsibility for conference development, membership, and alignment rests with the board of directors of each public school district and the authorities in charge of each nonpublic school.

281—37.3(280) Complaint to the director, department of education. A member school that believes it has been unfairly excluded or prevented from obtaining membership in an athletic activity conference that would provide the opportunity for participation of its students in athletic events or contests with students from other member schools of comparable size and within reasonable geographic proximity may file a complaint stating this concern with the director of the department of education. The complaint shall set forth in a plain and concise manner the reasons the member school believes the director should intervene in conference alignment decisions and the specific relief requested by the member school. The complaint shall be signed by the president of the board of directors of a public school district or a representative of the officials in charge of an accredited nonpublic school. The director or the director's designee shall, within ten days, acknowledge to the member school receipt of the complaint in writing.

281—37.4(280) Mediation. The director of the department of education shall require that the executive director of the Iowa High School Athletic Association (hereinafter association) and the executive secretary of the Iowa Girls' High School Athletic Union (hereinafter union) organizations recognized in 281—Chapter 36, or their designees, form a mediation team to meet with the complainant and representatives of other affected member schools. If the complaint involves conference alignment for athletic activities represented by only one of the organizations, only that organization shall be involved in the mediation. A copy of all materials filed with the director by the complainant member school shall be provided to the mediation team.

The mediation team shall meet with administrators or board members of schools potentially affected by changes in conference alignment related to the complaint. Schools shall send representatives who have knowledge of the impact of a conference realignment and full authority to respond on behalf of their member school. Factors to be weighed in reaching resolution will include, but not be limited to, school enrollment figures (current and projected), travel distances, comparability of instructional programs, traditional rivalries, number of existing and proposed schools in the conference, and comparability of athletic programs and other school-sponsored programs.

281—37.5(280) Resolution or recommendation of the mediation team. If mediation results in resolution of the complaint, no further action shall be necessary on the part of the director, and the implementation of the mediation agreement shall be left with the boards of directors of school districts and the authorities in charge of nonpublic schools. If no resolution is reached within 50 days of the start of the mediation process, the mediation team shall make a recommendation to the director as to the best resolution of the complaint. Copies of this recommendation shall be given to all affected member schools. The director shall establish a time for a hearing on this recommendation within 45 days of the receipt of the mediation team's recommendation. The director or director's designee shall conduct the hearing at which time all affected parties shall be given the opportunity to provide oral or

written testimony or submit other evidence. The director or director's designee shall reserve the right to establish time limits on appearances at the hearing.

281—37.6(280) Decision. In reaching a decision on the complaint, the director shall consider information gathered by the mediation team and its recommendation as well as the written and oral testimony from the hearing. In addition, the director or the director's designee may consult with other individuals, organizations, or conference representatives able to provide input on a decision. If a designee of the director conducts the hearing and review process, the findings of the designee shall be reviewed by the director. A final decision on the complaint shall be made by the director. The decision may affect conference realignment or direct other appropriate relief to remedy the complaint. The director shall make a decision within 60 days of the hearing, and copies of the decision shall be provided to all affected parties.

281—37.7(280) Effective date of the decision. If the decision requires conference realignment, the date of this change shall be made with deference given to existing contracts and commitments. Alignment changes shall be made for four-year periods with automatic review by the director after two years so that further necessary changes take effect at the conclusion of the four-year period, unless agreement exists that implementation of the changes can occur at an earlier date.

These rules are intended to implement Iowa Code section 280.13.

SPECIAL EDUCATION

[Prior to 9/7/88, see Public Instruction Department[670] Ch 12]

DIVISION I
PURPOSE AND APPLICABILITY

281—41.1(256B,34CFR300) Purposes. The purposes of this chapter are as follows:

1. To ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;
2. To ensure that the rights of children with disabilities and their parents are protected;
3. To assist local educational agencies, area education agencies, and state agencies to provide for the education of all children with disabilities and to allocate responsibilities among those agencies; and
4. To assess and ensure the effectiveness of efforts to educate children with disabilities.

281—41.2(256B,34CFR300) Applicability of this chapter. An AEA or LEA may ask, but not require, parents of children with disabilities to use public insurance or benefits or private insurance proceeds to pay for services if they would not incur a financial cost, as described in rule 41.154(256B,34CFR300).

281—41.46 to 41.49 Reserved.

281—41.50(256B,34CFR300) Other definitions associated with identification of eligible individuals. The following terms may be encountered in the identification of children with disabilities.

41.50(1) Autism. “Autism” means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before the age of three, which

adversely affects a child's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. Autism does not apply if a child's educational performance is adversely affected primarily because the child has a behavior disorder, as defined in subrule 41.50(2). A child who manifests the characteristics of autism after the age of three could be identified as having autism if the criteria in the first sentence of this subrule are satisfied. This term includes all conditions described by the term "autism spectrum disorder," which adversely affects a child's educational performance.

41.50(2) *Behavior disorder.* "Behavior disorder" (or emotional disturbance) means any condition that exhibits one or more of the following five characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance.

41.50(4) *Deafness.* "Deafness" means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, and that adversely affects a child's educational performance.

41.50(5) *Hearing impairment.* "Hearing impairment" means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance but that is not included under the definition of deafness in 41.50(4).

41.50(6) *Mental disability.* "Mental disability" means significantly subaverage general intellectual functioning, that exists concurrently with deficits in adaptive behavior and is manifested during the developmental period, and which adversely affects a child's educational performance.

41.50(7) *Multiple disabilities.* "Multiple disabilities" means concomitant impairments, such as mental disability-blindness or mental disability-orthopedic impairment, the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. Multiple disabilities does not include deaf-blindness.

41.50(8) *Orthopedic impairment.* "Orthopedic impairment" means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes impairments caused by a congenital anomaly; impairments caused by disease, e.g., poliomyelitis or bone tuberculosis; and impairments from other causes, e.g., cerebral palsy, amputations, and fractures or burns that cause contractures.

41.50(9) *Other health impairment.* "Other health impairment" means having limited strength, vitality, or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that:

- a. Is due to a chronic or acute health problem such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, sickle cell anemia, and Tourette syndrome; and
- b. Adversely affects a child's educational performance.

41.50(10) *Specific learning disability.* "Specific learning disability" means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. Specific learning disability does not include learning problems that are primarily the result of visual, hearing, or motor disabilities, of mental disability, of emotional disturbance, or of environmental, cultural, or economic disadvantage.

41.50(11) *Speech or language impairment.* “Speech or language impairment” means a communication disorder, such as stuttering, impaired articulation, a language impairment, or a voice impairment, that adversely affects a child’s educational performance.

41.50(12) *Traumatic brain injury.* “Traumatic brain injury” means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a child’s educational performance. Traumatic brain injury applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. Traumatic brain injury does not apply to brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma.

41.50(13) *Visual impairment.* “Visual impairment,” including blindness, means an impairment in vision that, even with correction, adversely affects a child’s educational performance. The term includes both partial sight and blindness. Individuals who have a medically diagnosed expectation of visual deterioration in adolescence or early adulthood may qualify for instruction in Braille reading and writing.

41.51(7) *General curriculum.* “General curriculum” means the curriculum adopted by an LEA or schools within the LEA for all children from preschool through secondary school.

41.51(8) *General education environment.* “General education environment” includes, but is not limited to, the classes, classrooms, services, and nonacademic and extracurricular services and activities made available by an agency to all students. For preschool children who require special education, the general education environment is the environment where appropriate activities occur for children of similar age without disabilities.

41.51(9) *General education interventions.* “General education interventions” means attempts to resolve presenting problems or behaviors of concern in the general education environment prior to conducting a full and individual evaluation as described in rule 41.312(256B,34CFR300).

41.51(10) *Head injury.* “Head injury” means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects an individual’s educational performance. The term applies to open or closed head injuries resulting in impairments in one or more areas such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; and speech. The term does not apply to brain injuries that are congenital or degenerative or brain injuries induced by birth trauma.

41.51(12) *School district of the child’s residence.* “School district of the child’s residence” or “district of residence of the child” is that school district in which the parent of the individual resides, subject to the following:

a. If an eligible individual is physically present (“lives”) in a district other than the district of residence of the individual’s parent for a primary purpose other than school attendance, then the district

of residence of the individual is the district in which the individual resides, and that district becomes responsible for providing and funding the special education and related services.

b. If an eligible individual is physically present (“lives”) in a district other than the district of residence of the individual’s parent solely for the purpose of school attendance, the district of residence remains that of the parent; therefore, the parent must pay tuition to the receiving district. The district of residence cannot be held responsible for tuition payment.

c. “Children living in a foster care facility” are individuals requiring special education who are living in a licensed child foster care facility as defined in Iowa Code section 237.1 or in a facility providing residential treatment as defined in Iowa Code section 125.2. District of residence of an individual living in a foster care facility and financial responsibility for special education and related services are determined pursuant to subrule 41.907(5).

d. “Children placed by the district court” are pupils requiring special education for whom parental rights have been terminated and who have been placed in a facility or home by a district court. Financial responsibility for special education and related services of individuals placed by the district court is determined pursuant to subrule 41.907(6).

To be eligible for assistance under Part B of the Act for a fiscal year, the state shall submit a plan that provides assurances to the Secretary that the state has in effect policies and procedures to ensure that the state meets the conditions in rules 41.101(256B,34CFR300) to 41.176(256B).

281—41.101(256B,34CFR300) Free appropriate public education (FAPE).

41.101(2) FAPE for children beginning at the age of three. The state shall ensure that:

a. The obligation to make FAPE available to each eligible child residing in the state begins no later than the child’s third birthday; and

b. An IEP is in effect for the child by that date.

c. If a child’s third birthday occurs during the summer, the child’s IEP team shall determine the date when services under the IEP will begin.

41.101(3) Children advancing from grade to grade. FAPE shall be available to any individual child with a disability who needs special education and related services, even though the child has not failed or been retained in a course or grade and is advancing from grade to grade. The determination that a child described in the first sentence of this subrule is eligible under this chapter must be made on an individual basis by the group responsible within the child’s LEA for making eligibility determinations.

281—41.102(256B,34CFR300) Limitation—exceptions to FAPE for certain ages.

41.102(1) Exceptions. The obligation to make FAPE available to all children with disabilities does not apply with respect to the following:

a. Children over the age provided in Iowa Code chapter 256B, unless otherwise provided in this rule.

b. Certain children incarcerated in adult prisons.

(1) General. A child aged 18 to 21 who, in the last educational placement prior to incarceration in an adult correctional facility:

1. Was not actually identified as being a child with a disability under this chapter; and
2. Did not have an IEP under Part B of the Act.

(2) Inapplicability of exception. The exception in 41.102(1)“*b*”(1) does not apply to a child with disabilities, aged 18 to 21, who:

1. Had been identified as a child with a disability under this chapter and had received services in accordance with an IEP, but who left school prior to incarceration; or
2. Did not have an IEP in the child’s last educational setting, but who had actually been identified as a child with a disability under this chapter.

c. Graduates with a regular high school diploma.

(1) General. Children with disabilities who have graduated from high school with a regular high school diploma.

(2) Inapplicability of exception. The exception in 41.102(1)“*c*”(1) does not apply to children who have graduated from high school, but have not been awarded a regular high school diploma.

(3) Graduation is a change in placement. Graduation from high school with a regular high school diploma constitutes a change in placement requiring written prior notice in accordance with rule 41.503(256B,34CFR300).

(4) Rule of construction. As used in 41.102(1)“*c*”(1) to (3), the term “regular high school diploma” does not include an alternative degree that is not fully aligned with the state’s academic standards, such as a certificate or a general educational development credential (GED).

d. Reserved.

e. Eligibility beyond period specified in Iowa Code chapter 256B. An agency may continue the special education and related services of an eligible individual beyond the time period specified in the Iowa Code if the person had an accident or prolonged illness that resulted in delays in the initiation of or in the interruption of that individual’s special education program. The AEA director of special education must request approval from the department, which may be granted for up to the individual’s twenty-fourth birthday.

41.102(2) Documents relating to exceptions. The state must ensure that the information it has provided to the Secretary regarding the exceptions in subrule 41.102(1) is current and accurate.

281—41.103(256B,34CFR300) FAPE—methods and payments.

41.103(1) All means available to meet Part B requirements. The state may use whatever state, local, federal, and private sources of support are available in the state to meet the requirements of Part B of the Act.

41.103(2) Third-party obligations not eliminated. Nothing in this chapter relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

41.103(3) No delay in implementing an IEP. Consistent with rule 41.323(256B,34CFR300), there shall be no delay in implementing an eligible individual’s IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined.

281—41.104(256B,34CFR300) Residential placement. If placement in a public or private residential program is necessary to provide special education and related services to an eligible individual, the program, including nonmedical care and room and board, must be at no cost to the parents of the child.

281—41.105(256B,34CFR300) Assistive technology.

41.105(1) General. Each public agency must ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in rules 41.5(256B,34CFR300) and 41.6(256B,34CFR300), respectively, are made available to a child with a disability if required as a part of the child’s:

- a. Special education under rule 41.39(256B,34CFR300);
- b. Related services under rule 41.34(256B,34CFR300); or
- c. Supplementary aids and services under rule 41.42(256B,34CFR300) and 41.114(2) “b.”

41.105(2) *Use of assistive technology devices at home or in other settings.* On a case-by-case basis, the use of school-purchased assistive technology devices in a child’s home or in other settings is required if the child’s IEP team determines that the child needs access to those devices in order to receive FAPE.

281—41.106(256B,34CFR300) Extended school year services.

41.106(1) *General.* Each public agency must ensure that extended school year services are available as necessary to provide FAPE.

a. Extended school year services must be provided only if a child’s IEP team determines, on an individual basis, in accordance with rules 41.320(256B,34CFR300) to 41.324(256B,34CFR300), that the services are necessary for the provision of FAPE to the child.

b. In implementing the requirements of this rule, a public agency may not limit extended school year services to particular categories of disability or unilaterally limit the type, amount, or duration of those services.

41.106(2) *Definition.* As used in this rule, the term “extended school year services” means special education and related services that meet the standards of the SEA and are provided to a child with a disability beyond the normal school year of the public agency, in accordance with the child’s IEP and at no cost to the parents of the child.

281—41.107(256B,34CFR300) Nonacademic services.

41.107(1) *General.* Each public agency must take steps, including the provision of supplementary aids and services determined appropriate and necessary by the child’s IEP team, to provide nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities an equal opportunity for participation in those services and activities.

41.107(2) *Definition.* Nonacademic and extracurricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the public agency, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the public agency and assistance in making outside employment available.

281—41.108(256B,34CFR300) Physical education. All public agencies in the state shall comply with the following:

41.108(1) *General.* Physical education services, specially designed if necessary, must be made available to every child with a disability receiving FAPE, unless the public agency enrolls children without disabilities and does not provide physical education to children without disabilities in the same grades.

41.108(2) *Regular physical education.* Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to nondisabled children unless the child is enrolled full-time in a separate facility or the child needs specially designed physical education, as prescribed in the child’s IEP.

41.108(3) *Special physical education.* If specially designed physical education is prescribed in a child’s IEP, the public agency responsible for the education of that child must provide the services directly or make arrangements for those services to be provided through other public or private programs.

41.108(4) *Education in separate facilities.* The public agency responsible for the education of a child with a disability who is enrolled in a separate facility must ensure that the child receives appropriate physical education services in compliance with this rule.

281—41.109(256B,34CFR300) Full educational opportunity goal (FEOG). Each public agency shall ensure the provision of full educational opportunity to children requiring special education. Each public agency shall have in effect policies and procedures to demonstrate that the agency has established a goal

of providing full educational opportunity to all children with disabilities, aged birth to 21, and a detailed timetable for accomplishing that goal.

281—41.110(256B,34CFR300) Program options. Each public agency shall take steps to ensure that its children with disabilities have available to them the variety of educational programs and services available to nondisabled children in the area served by the agency, including art, music, industrial arts, consumer and homemaking education, and vocational education.

281—41.111(256B,34CFR300) Child find.

41.111(1) General. All children with disabilities residing in the state, including children with disabilities who are homeless children or are wards of the state and children with disabilities who attend private schools, regardless of the severity of their disability, and who are in need of special education and related services, must be identified, located, and evaluated; and a practical method must be developed and implemented to determine which children are currently receiving needed special education and related services.

41.111(2) Reserved.

41.111(3) Other children in child find. Child find also must include the following:

a. A child who is suspected of being a child with a disability and in need of special education, even though the child is advancing from grade to grade; and

b. Highly mobile children, including migrant children.

41.111(4) Classification based on disability not required. Nothing in the Act requires that children be classified by their disability so long as each child who has a disability that is listed in 34 CFR Section 300.8 and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under Part B of the Act.

281—41.112(256B,34CFR300) Individualized education programs (IEPs). An IEP, or an IFSP that meets the requirements of Section 636(d) of the Act (for eligible individuals aged birth to three), is developed, reviewed, and revised for each child with a disability in accordance with rules 41.320(256B,34CFR300) to 41.324(256B,34CFR300), except as provided in 41.300(2) “d”(2).

281—41.113(256B,34CFR300) Routine checking of hearing aids and external components of surgically implanted medical devices.

41.113(1) Hearing aids. Each public agency must ensure that hearing aids worn in school by children with hearing impairments, including deafness, are functioning properly.

41.113(2) External components of surgically implanted medical devices.

a. Subject to 41.113(2) “b,” each public agency must ensure that the external components of surgically implanted medical devices are functioning properly.

b. For a child with a surgically implanted medical device who is receiving special education and related services under this chapter, a public agency is not responsible for the postsurgical maintenance, programming, or replacement of the medical device that has been surgically implanted or of an external component of the surgically implanted medical device.

281—41.114(256B,34CFR300) Least restrictive environment (LRE).

41.114(1) General. Except as provided in 41.324(4) “a” regarding children with disabilities in adult prisons, each public agency in the state shall have policies and procedures in place to meet the LRE requirements of this rule and rules 41.115(256B,34CFR300) to 41.120(256B,34CFR300).

41.114(2) Public agency assurances. Each public agency must ensure and maintain adequate documentation that:

a. To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and

b. Special classes, separate schooling, or other removal of children with disabilities from the general education environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

41.114(3) *State funding mechanism.* A state funding mechanism must not result in placements that violate the requirements of this rule; and the state must not use a funding mechanism by which funds are distributed on the basis of the type of setting in which a child is served or which will result in the failure to provide a child with a disability FAPE according to the unique needs of the child, as described in the child's IEP.

281—41.115(256B,34CFR300) Continuum of alternative services and placements.

41.115(1) *General.* Each public agency must ensure that a continuum of alternative services and placements is available to meet the needs of children with disabilities for special education and related services.

41.115(2) *Requirements.* The continuum required in subrule 41.115(1) must meet the following requirements:

a. Include the alternative placements listed in the definition of special education under rule 41.39(256B,34CFR300) (instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions); and

b. Make provision for supplementary services, such as resource room or itinerant instruction, to be provided in conjunction with regular class placement.

281—41.116(256B,34CFR300) Placements.

41.116(1) *General.* In determining the educational placement of a child with a disability, including a preschool child with a disability, each public agency must ensure the following:

a. The placement decision shall be made:

(1) By a group of persons, including the parents and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and

(2) In conformity with the LRE provisions of this chapter, including rules 41.114(256B,34CFR300) to 41.118(256B,34CFR300);

b. The child's placement shall be:

(1) Determined at least annually;

(2) Based on the child's IEP; and

(3) Located as close as possible to the child's home;

c. Unless the IEP of a child with a disability requires some other arrangement, the child shall be educated in the school that he or she would attend if nondisabled;

d. In selecting the LRE, the agency shall consider any potential harmful effect on the child or on the quality of services that he or she needs; and

e. A child with a disability shall not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

41.116(2) *Special rule: Iowa Code section 282.9.* For eligible individuals subject to Iowa Code section 282.9, any decision of educational setting for such eligible individuals shall be made in accordance with this rule.

41.116(3) *Special rule: disciplinary placements.* If a child is placed in an interim alternative educational setting pursuant to rules 41.530(256B,34CFR300) and 41.531(256B,34CFR300), that setting shall be determined by the IEP team.

41.116(4) *Special considerations.* The team establishing the eligible individual's placement must answer the following questions.

a. Questions concerning least restrictive environment. When developing an eligible individual's IEP and placement, the team shall consider the following questions, as well as any other factor appropriate under the circumstances, regarding the provision of special education and related services:

(1) What accommodations, modifications and adaptations does the individual require to be successful in a general education environment?

(2) Why is it not possible for these accommodations, modifications and adaptations to be provided within the general education environment?

(3) What supports are needed to assist the teacher and other personnel in providing these accommodations, modifications and adaptations?

(4) How will receipt of special education services and activities in the general education environment impact this individual?

(5) How will provision of special education services and activities in the general education environment impact other students?

b. Additional questions concerning special school placement. When some or all of an eligible individual's special education is to be provided in a special school, the individual's IEP, or an associated or attached document, shall include specific answers to the following additional four questions:

(1) What are the reasons the eligible individual cannot be provided an education program in an integrated school setting?

(2) What supplementary aids and supports are needed to support the eligible individual in the special education program?

(3) Why is it not possible for these aids and supports to be provided in an integrated setting?

(4) What is the continuum of placements and services available for the eligible individual?

41.116(5) Out-of-state placements. When special education and related services appropriate to an eligible individual's needs are not available within the state, or when appropriate special education and related services in an adjoining state are nearer than the appropriate special education and related services in Iowa, the director may certify an eligible individual for appropriate special education and related services outside the state in accordance with Iowa Code section 273.3 when it has been determined by the department that the special education and related services meet standards set forth in these rules.

41.116(6) Department approval for out-of-state placement. Contracts may be negotiated with out-of-state agencies, in accordance with Iowa Code section 273.3(5), with department approval. The department uses the following procedures to determine if an out-of-state agency meets the rules of the board:

a. When requested to determine an agency's approval status, the department contacts the appropriate state education agency to determine if that state's rules are comparable to those of the board and whether the specified out-of-state agency meets those rules.

b. If the appropriate state education agency's rules are not comparable, the department will contact the out-of-state agency to ascertain if its special education complies with the rules of the board.

41.116(7) Trial placements. Prior to transfer from a special education program or service, an eligible individual may be provided a trial placement in the general education setting of not more than 45 school days. A trial placement shall be incorporated into this individual's IEP.

281—41.117(256B,34CFR300) Nonacademic settings. In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in rule 41.107(256B,34CFR300), each public agency must ensure that each child with a disability participates with nondisabled children in the extracurricular services and activities to the maximum extent appropriate to the needs of that child. The public agency must ensure that each child with a disability has the supplementary aids and services determined by the child's IEP team to be appropriate and necessary for the child to participate in nonacademic settings.

281—41.118(256B,34CFR300) Children in public or private institutions. Except as provided in rule 41.149(256B,34CFR300) regarding agency responsibility for general supervision for some individuals in adult prisons, the department must ensure that rule 41.114(256B,34CFR300) is effectively implemented, including, if necessary, making arrangements with public and private institutions such as a memorandum of agreement or special implementation procedures.

281—41.119(256B,34CFR300) Technical assistance and training activities. The state shall carry out activities to ensure that teachers and administrators in all public agencies are fully informed about their responsibilities for implementing rule 41.114(256B,34CFR300) and are provided with technical assistance and training necessary to assist them in this effort. If a public agency is having difficulty

in locating an appropriate placement for an eligible individual, the public agency may contact the department for potential assistance.

281—41.120(256B,34CFR300) Monitoring activities. The state shall carry out activities to ensure that rule 41.114(256B,34CFR300) is implemented by each public agency. If there is evidence that a public agency makes placements that are inconsistent with rule 41.114(256B,34CFR300), the department must review the public agency's justification for its actions and assist in planning and implementing any necessary corrective action. Failure of the public agency to implement any necessary corrective action may result in adverse determinations under rule 41.603(256B,34CFR300) or any other available enforcement action.

281—41.121(256B,34CFR300) Procedural safeguards. Each public agency in the state shall meet the requirements of rules 41.500(256B,34CFR300) to 41.536(256B,34CFR300), and children with disabilities and their parents must be afforded the procedural safeguards identified in those rules.

281—41.122(256B,34CFR300) Evaluation. Children with disabilities must be evaluated in accordance with rules 41.300(256B,34CFR300) to 41.313(256B,34CFR300), and each AEA shall develop and use procedures to implement those rules.

281—41.123(256B,34CFR300) Confidentiality of personally identifiable information. All public agencies in the state shall comply with rules 41.610(256B,34CFR300) to 41.626(256B,34CFR300) related to protecting the confidentiality of any personally identifiable information collected, used, or maintained under Part B of the Act.

281—41.124(256B,34CFR300) Transition of children from the Part C program to preschool programs. Each public agency shall comply with the state's policies concerning the transition of infants and toddlers from programs under Part C to programs under Part B of the Act and shall ensure the following regarding such transition:

41.124(1) *Smooth transition.* Children participating in early intervention programs assisted under Part C of the Act, and who will participate in preschool programs assisted under Part B of the Act, experience a smooth and effective transition to those preschool programs in a manner consistent with Section 637(a)(9) of the Act;

41.124(2) *IEP developed.* By the third birthday of a child described in subrule 41.124(1), an IEP has been developed and is being implemented for the child consistent with subrule 41.101(2); and

41.124(3) *Participating agencies.* Each affected LEA will participate in transition planning conferences arranged by the designated lead agency under Section 635(a)(10) of the Act.

281—41.125 to 41.128 Reserved.

281—41.129(256B,34CFR300) Responsibility regarding children in private schools. Each public agency shall meet the private school requirements in rules 41.130(256,256B,34CFR300) to 41.148(256B,34CFR300).

281—41.130(256,256B,34CFR300) Definition of parentally placed private school children with disabilities. "Parentally placed private school children with disabilities" means children with disabilities enrolled by their parents in accredited nonpublic, including religious, schools or facilities that meet the definition of elementary school in rule 41.13(256B,34CFR300) or secondary school in rule 41.36(256B,34CFR300), other than children with disabilities covered under rules 41.145(256B,34CFR300) to 41.147(256B,34CFR300).

281—41.131(256,256B,34CFR300) Child find for parentally placed private school children with disabilities.

41.131(1) General. Each AEA must locate, identify, and evaluate all children with disabilities who are enrolled by their parents in accredited nonpublic, including religious, elementary schools and secondary schools located in the school district served by the AEA, in accordance with subrules 41.131(2) to 41.131(5), and rules 41.111(256B,34CFR300) and 41.201(256B,34CFR300).

41.131(2) Child find design. The child find process must be designed to ensure:

- a. The equitable participation of parentally placed private school children; and
- b. An accurate count of those children.

41.131(3) Activities. In carrying out the requirements of this rule, the AEA or, if applicable, the SEA must undertake activities similar to the activities undertaken for the agency's public school children.

41.131(4) Cost. The cost of carrying out the child find requirements in this rule, including individual evaluations, may not be considered in determining if an AEA has met its obligation under rule 41.133(256,256B,34CFR300).

41.131(5) Completion period. The child find process must be completed in a time period comparable to that for students attending public schools in the AEA consistent with rule 41.301(256B,34CFR300).

41.131(6) Out-of-state children. Each AEA in which accredited nonpublic, including religious, elementary schools and secondary schools are located must, in carrying out the child find requirements in this rule, include parentally placed private school children who reside in a state other than the state in which the accredited nonpublic schools that they attend are located.

281—41.132(256,256B,34CFR300) Provision of services for parentally placed private school children with disabilities: basic requirement.

41.132(1) General. To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in accredited nonpublic, including religious, elementary schools and secondary schools located in the area served by the AEA, provision is made for the participation of those children in the program assisted or carried out under Part B of the Act by providing them with special education and related services, including direct services determined in accordance with rule 41.137(256,256B,34CFR300), unless the Secretary has arranged for services to those children under the bypass provisions in 34 CFR Sections 300.190 to 300.198.

41.132(2) IEP for parentally placed private school children with disabilities. In accordance with subrule 41.132(1) and rules 41.137(256,256B,34CFR300) to 41.139(256,256B,34CFR300), as well as Iowa Code section 256.12, an IEP must be developed and implemented for each private school child with a disability who has been designated by the AEA in which the private school is located to receive special education and related services under this chapter.

41.132(3) Record keeping. Each AEA must maintain in its records, and provide to the state, the following information related to parentally placed private school children covered under rules 41.130(256,256B,34CFR300) to 41.144(256,256B,34CFR300):

- a. The number of children evaluated;
- b. The number of children determined to be children with disabilities; and
- c. The number of children served.

281—41.133(256,256B,34CFR300) Expenditures.

41.133(1) Formula. To meet the requirement of subrule 41.132(1), each AEA must spend the following on providing special education and related services, including direct services, to parentally placed private school children with disabilities:

a. For children aged 3 to 21, an amount that is the same proportion of the AEA's total subgrant under Section 611(f) of the Act as the number of private school children with disabilities aged 3 to 21 who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district served by the AEA, is to the total number of children with disabilities in its jurisdiction aged 3 to 21.

b. Additional calculation for children aged 3 through 5.

(1) For children aged 3 through 5, an amount that is the same proportion of the AEA's total subgrant under Section 619(g) of the Act as the number of parentally placed private school children with disabilities aged 3 through 5 who are enrolled by their parents in a private, including religious, elementary school located in the school district served by the AEA, is to the total number of children with disabilities in its jurisdiction aged 3 through 5.

(2) As described in 41.133(1)"b"(1), children aged 3 through 5 are considered to be parentally placed private school children with disabilities enrolled by their parents in private, including religious, elementary schools, if and only if they are enrolled in a private school that meets the definition of elementary school in rule 41.13(256B,34CFR300).

c. If an AEA has not expended for equitable services all of the funds described in 41.133(1)"a" and "b" by the end of the fiscal year for which Congress appropriated the funds, the AEA must obligate the remaining funds for special education and related services, including direct services, to parentally placed private school children with disabilities during a carry-over period of one additional year.

41.133(2) *Calculating proportionate amount.* The state shall calculate each AEA's proportionate share from data provided by each AEA after each AEA has completed the consultation described in rule 41.134(256,256B,34CFR300) and the child count described in rule 41.131(256,256B,34CFR300) and subrule 41.133(3).

41.133(3) *Annual count of the number of parentally placed private school children with disabilities.*

a. Each AEA must:

(1) After timely and meaningful consultation with representatives of parentally placed private school children with disabilities, consistent with rule 41.134(256,256B,34CFR300), determine the number of parentally placed private school children with disabilities attending private schools located in the AEA; and

(2) Ensure that the count is conducted on any date between October 1 and December 1, inclusive, of each year.

b. The count must be used to determine the amount that the AEA must spend on providing special education and related services to parentally placed private school children with disabilities in the next subsequent fiscal year.

41.133(4) *Supplement, not supplant.* State and local funds may supplement, and in no case supplant, the proportionate amount of federal funds required to be expended for parentally placed private school children with disabilities under this chapter.

281—41.134(256,256B,34CFR300) Consultation. To ensure timely and meaningful consultation, an AEA or, if appropriate, an SEA must consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children regarding the following:

41.134(1) *Child find.* The child find process shall determine:

a. How parentally placed private school children suspected of having a disability can participate equitably; and

b. How parents, teachers, and private school officials will be informed of the process.

41.134(2) *Proportionate share of funds.* An explanation that the proportionate share shall be calculated by the state based on data submitted by the AEA, consistent with rule 41.133(256,256B,34CFR300).

41.134(3) *Consultation process.* The consultation process among the AEA, private school officials, and representatives of parents of parentally placed private school children with disabilities, including how the process will operate throughout the school year to ensure that parentally placed children with disabilities identified through the child find process can meaningfully participate in special education and related services.

41.134(4) *Provision of special education and related services.* How, where, and by whom special education and related services funded by Part B of the Act under rules 41.130(256,256B,34CFR300) to 41.147(256B,34CFR300) will be provided for parentally placed private school children with disabilities, including a discussion of the following:

- a. The types of services, including direct services and alternate service delivery mechanisms;
- b. How special education and related services will be apportioned if funds are insufficient to serve all parentally placed private school children;
- c. How and when decisions regarding 41.134(4) “a” and “b” will be made;
- d. That the consultation process concerns only funds under Part B of the Act, and does not concern special education and related services provided under Iowa Code section 256.12. The consultation process may, but is not required to, include discussions of special education and related services provided under Iowa Code section 256.12.

41.134(5) *Written explanation by AEA regarding services.* How, if the AEA disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the AEA will provide to the private school officials a written explanation of the reasons why the AEA chose not to provide services directly or through a contract.

281—41.135(256,256B,34CFR300) Written affirmation. When timely and meaningful consultation, as required by rule 41.134(256,256B,34CFR300), has occurred, the AEA must obtain a written affirmation signed by the representatives of participating private schools. If the representatives do not provide the affirmation within a reasonable period of time, the AEA must forward the documentation of the consultation process to the department.

281—41.136(256,256B,34CFR300) Compliance.

41.136(1) *General.* A private school official has the right to submit a complaint to the department that the AEA:

- a. Did not engage in consultation that was meaningful and timely; or
- b. Did not give due consideration to the views of the private school official.

41.136(2) *Procedure.*

- a. If the private school official wishes to submit a complaint, the official must provide to the department the basis of the noncompliance by the AEA with the applicable private school provisions in this chapter; and
- b. The AEA must forward the appropriate documentation to the department.
- c. If the private school official is dissatisfied with the decision of the department, the official may submit a complaint to the Secretary by providing the information on noncompliance described in 41.136(2) “a.” The department must forward the appropriate documentation to the Secretary.

281—41.137(256,256B,34CFR300) Equitable services determined.

41.137(1) *Nature and scope of individual right to special education and related services.* Each parentally placed private school child with a disability has a right to receive any special education or related services permitted by Iowa Code section 256.12. Funding for and accounting for such services shall be determined by the provisions of Part B of the Act, this chapter, and Iowa Code section 256.12.

41.137(2) *Decisions.* Decisions about the services that will be provided to parentally placed private school children with disabilities funded by Part B of the Act under rules 41.130(256,256B,34CFR300) to 41.144(256,256B,34CFR300) must be made in accordance with subrules 41.134(3) and 41.137(3). The AEA must make the final decisions with respect to the services to be provided to eligible parentally placed private school children with disabilities and funded by Part B of the Act.

41.137(3) *IEP for parentally placed private school children with disabilities.* The AEA or LEA must offer to develop an IEP for each child with a disability who is enrolled in a religious or other private school by the child’s parents and develop an IEP if one is requested, pursuant to this chapter. An IEP is offered and prepared pursuant to Iowa Code section 256.12. There is no need to prepare a services plan (see rule 41.37(34CFR300)) for such a student. A parent of a child with a disability who is voluntarily enrolled in a private school may not reject an IEP and demand a services plan instead. At any IEP team meeting for a parentally placed private school student with a disability, the AEA or LEA must ensure that a representative of the private school attends each meeting. If the representative cannot attend, the

AEA or LEA shall use other methods to ensure participation by the private school, including individual or conference telephone calls.

281—41.138(256,256B,34CFR300) Equitable services provided.

41.138(1) General. The services provided to parentally placed private school children with disabilities must be provided by personnel meeting the same standards as personnel providing services in the public schools, except that private elementary school and secondary school teachers who are providing equitable services to parentally placed private school children with disabilities do not have to meet the highly qualified special education teacher requirements of rule 41.18(256B,34CFR300). Parentally placed private school children with disabilities receive the special education and related services required by Iowa Code section 256.12, although the source of the funding for such education and services may be different than funding for education and services for children with disabilities in public schools.

41.138(2) Services provided in accordance with an IEP. Each parentally placed private school child with a disability who will receive special education and related services pursuant to the Act and Iowa Code section 256.12 must have an IEP developed in accordance with this chapter.

41.138(3) Provision of equitable services. The provision of services pursuant to this rule and rules 41.139(256,256B,34CFR300) to 41.143(256,256B,34CFR300) must be provided by employees of a public agency or through contract by the public agency with an individual, association, agency, organization, or other entity.

41.138(4) Secular, neutral and nonideological. Special education and related services, including materials and equipment, provided to parentally placed private school children with disabilities, including children attending religious schools, must be secular, neutral, and nonideological.

281—41.139(256,256B,34CFR300) Location of services and transportation.

41.139(1) Services on private school premises. Services to parentally placed private school children with disabilities may be provided on the premises of private, including religious, schools to the extent consistent with Iowa Code section 256.12.

41.139(2) Transportation.

a. General.

(1) If necessary for the child to benefit from or participate in the services provided under this chapter, a parentally placed private school child with a disability must be provided transportation from the child's school or the child's home to a site other than the private school and from the service site to the private school or to the child's home, depending on the timing of the services.

(2) AEAs or LEAs are not required to provide transportation from the child's home to the private school.

b. Cost of transportation. The cost of the transportation described in 41.139(2) "a"(1) may be included in calculating whether the AEA has met the requirement of rule 41.133(256,256B,34CFR300).

281—41.140(256,256B,34CFR300) Due process complaints and state complaints.

41.140(1) When due process complaints available. Pursuant to Iowa Code section 256.12, parents of children with disabilities who are voluntarily placed in accredited nonpublic schools may file a due process complaint as provided in rules 41.504(256B,34CFR300) to 41.519(256B,34CFR300), except as provided in subrule 41.140(2).

41.140(2) When due process complaints unavailable. The procedures in rules 41.504(256B,34CFR300) to 41.519(256B,34CFR300) may not be used to challenge the particular amount of services funded by Part B that a parentally placed private school child with disabilities receives, unless the allegation is made that the child was denied FAPE under Iowa Code section 256.12, but a parent of a child with a disability may file a due process complaint alleging the AEA failed to comply with the child find requirements of rule 41.131(256,256B,34CFR300). A private school official may not file a due process complaint under this chapter.

41.140(3) *State complaints.* Any complaint that an SEA or AEA has failed to meet the requirements in rules 41.132(256,256B,34CFR300) to 41.135(256,256B,34CFR300) and 41.137(256,256B,34CFR300) to 41.144(256,256B,34CFR300) must be filed in accordance with the procedures described in rules 41.151(256B,34CFR300) to 41.153(256B,34CFR300). A complaint filed by a private school official under subrule 41.136(1) must be filed with the SEA in accordance with the procedures in subrule 41.136(2).

281—41.141(256,256B,34CFR300) Requirement that funds not benefit a private school.

41.141(1) *Funds may not benefit private school.* An AEA may not use funds provided under Section 611 or 619 of the Act to finance the existing level of instruction in a private school or to otherwise benefit the private school.

41.141(2) *Funds only for special education.* The AEA must use funds provided under Part B of the Act to meet the special education and related services needs of parentally placed private school children with disabilities, but not for meeting either of the following needs:

- a. The needs of a private school; or
- b. The general needs of the students enrolled in the private school.

281—41.142(256,256B,34CFR300) Use of personnel.

41.142(1) *Use of public school personnel.* An AEA may use funds available under Sections 611 and 619 of the Act to make public school personnel available in other than public facilities based on the following two criteria:

- a. If and to the extent necessary to provide services under rules 41.130(256,256B,34CFR300) to 41.144(256,256B,34CFR300) for parentally placed private school children with disabilities; and
- b. If those services are not normally provided by the private school.

41.142(2) *Use of private school personnel.* An AEA may use funds available under Sections 611 and 619 of the Act to pay for the services of an employee of a private school to provide services under rules 41.130(256,256B,34CFR300) to 41.144(256,256B,34CFR300) if the following two conditions are met:

- a. The employee performs the services outside of the employee's regular hours of duty; and
- b. The employee performs the services under public supervision and control.

281—41.143(256,256B,34CFR300) Separate classes prohibited. An AEA may not use funds available under Section 611 or 619 of the Act for classes that are organized separately on the basis of school enrollment or religion of the children if the classes are at the same site; and the classes include both children enrolled in public schools and children enrolled in private schools.

281—41.144(256,256B,34CFR300) Property, equipment, and supplies.

41.144(1) *General.* A public agency must control and administer the funds used to provide special education and related services under rules 41.137(256,256B,34CFR300) to 41.139(256,256B,34CFR300) and hold title to and administer materials, equipment, and property purchased with those funds for the uses and purposes provided in the Act.

41.144(2) *Equipment and supplies on private school premises only while needed.* The public agency may place equipment and supplies in a private school for the period of time needed for the Part B program.

41.144(3) *Public agency to supervise placement and use of equipment and supplies.* The public agency must ensure that the equipment and supplies placed in a private school are used only for Part B purposes and can be removed from the private school without remodeling the private school facility.

41.144(4) *Duty to remove equipment and supplies.* The public agency must remove equipment and supplies from a private school if the equipment and supplies are no longer needed for Part B purposes or removal is necessary to avoid unauthorized use of the equipment and supplies for other than Part B purposes.

41.144(5) *No Part B funds for repair or construction.* No funds under Part B of the Act may be used for repairs, minor remodeling, or construction of private school facilities.

281—41.145(256B,34CFR300) Applicability of rules 41.146(256B,34CFR300) to 41.147(256B,34CFR300). Rules 41.146(256B,34CFR300) and 41.147(256B,34CFR300) apply only to children with disabilities who are or have been placed in or referred to a private school or facility by a public agency as a means of providing special education and related services.

281—41.146(256B,34CFR300) Responsibility of department. The department must ensure the following for each child with a disability who is placed in or referred to a private school or facility by a public agency.

41.146(1) FAPE. The child is provided special education and related services in conformance with an IEP that meets the requirements of rules 41.320(256B,34CFR300) to 41.325(256B,34CFR300) and at no cost to the parents.

41.146(2) Meet state standards. The child is provided an education that meets the standards that apply to education provided by the SEA and LEAs, including the requirements of this chapter except for rule 41.18(256B,34CFR300) and subrule 41.156(3).

41.146(3) All rights. The child has all of the rights of a child with a disability who is served by a public agency.

281—41.147(256B,34CFR300) Implementation by department. In implementing rule 41.146(256B,34CFR300), the department must monitor compliance through procedures such as written reports, on-site visits, and parent questionnaires; disseminate copies of applicable standards to each private school and facility to which a public agency has referred or placed a child with a disability; and provide an opportunity for those private schools and facilities to participate in the development and revision of state standards that apply to them.

281—41.148(256B,34CFR300) Placement of children by parents when FAPE is at issue.

41.148(1) General. An LEA or AEA is not required to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made FAPE available to the child and the parents elected to place the child in a private school or facility. However, the public agency must include that child in the population whose needs are addressed consistent with rules 41.131(256,256B,34CFR300) to 41.144(256,256B,34CFR300) and Iowa Code section 256.12.

41.148(2) Disagreements about FAPE. Disagreements between the parents and a public agency regarding the availability of a program appropriate for the child, and the question of financial reimbursement, are subject to the due process procedures in rules 41.504(256B,34CFR300) to 41.520(256B,34CFR300).

41.148(3) Reimbursement for private school placement. If the parents of a child with a disability who previously received special education and related services under the authority of a public agency enroll the child in a private preschool, elementary school, or secondary school without the consent of or referral by the public agency, a court or an administrative law judge may require the agency to reimburse the parents for the cost of that enrollment if the court or administrative law judge finds that the agency had not made FAPE available to the child in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by an administrative law judge or a court even if it does not meet the state standards that apply to education provided by the SEA and LEAs.

41.148(4) Limitation on reimbursement. The cost of reimbursement described in subrule 41.148(3) may be reduced or denied in any of the following cases.

a. At the most recent IEP team meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP team that they were rejecting the placement proposed by the public agency to provide FAPE to their child, including stating their concerns and their intent to enroll their child in a private school at public expense;

b. At least ten business days, including any holidays that occur on a business day, prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in 41.148(4)“a”;

c. If, prior to the parents’ removal of the child from the public school, the public agency informed the parents, through the notice requirements described in 41.503(1)“a,” of its intent to evaluate the child, including a statement of the purpose of the evaluation that was appropriate and reasonable, but the parents did not make the child available for the evaluation; or

d. Upon a judicial finding of unreasonableness with respect to actions taken by the parents.

41.148(5) Exceptions. Notwithstanding the notice requirement in 41.148(4)“a” and “b,” the cost of reimbursement:

a. Must not be reduced or denied for failure to provide the notice if:

(1) The school prevented the parents from providing the notice;

(2) The parents had not received notice, pursuant to rule 41.504(256B,34CFR300), of the notice requirement in 41.148(4)“a” and “b”; or

(3) Compliance with 41.148(4)“a” and “b” would likely result in physical harm to the child; and

b. May, in the discretion of the court or an administrative law judge, not be reduced or denied for failure to provide this notice if:

(1) The parents are not literate or cannot write in English; or

(2) Compliance with 41.148(4)“a” and “b” would likely result in serious emotional harm to the child.

281—41.149(256B,34CFR300) SEA responsibility for general supervision. The state shall exercise general supervision over the implementation of Part B of the Act and this chapter. Part B of the Act does not limit the responsibility of agencies other than educational agencies for providing or paying for some or all of the costs of FAPE to eligible individuals.

281—41.150 Reserved.

281—41.151(256B,34CFR300) Adoption of state complaint procedures.

41.151(1) General. The state maintains written procedures for the following:

a. Resolving any complaint, including a complaint filed by an organization or individual from another state, that meets the requirements of rule 41.153(256B,34CFR300) by providing for the filing of a complaint with the department.

b. Widely disseminating to parents and other interested individuals, including parent training and information centers, protection and advocacy agencies, independent living centers, and other appropriate entities, the state procedures under rules 41.151(256B,34CFR300) to 41.153(256B,34CFR300).

41.151(2) Remedies for denial of appropriate services. In resolving a complaint in which the state has found a failure to provide appropriate services, the state, pursuant to its general supervisory authority under Part B of the Act, shall address the following:

a. The failure to provide appropriate services, including corrective action appropriate to address the needs of the child, such as compensatory services or monetary reimbursement; and

b. Appropriate future provision of services for all children with disabilities.

281—41.152(256B,34CFR300) Minimum state complaint procedures.

41.152(1) Time limit; minimum procedures. The state shall include in its complaint procedures a time limit of 60 days after a complaint is filed under rule 41.153(256B,34CFR300) to do the following:

a. Carry out an independent on-site investigation, if the state determines that an investigation is necessary;

b. Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;

c. Provide the public agency with the opportunity to respond to the complaint, including, at a minimum:

- (1) At the discretion of the public agency, a proposal to resolve the complaint; and
- (2) An opportunity for a parent who has filed a complaint and the public agency to voluntarily engage in mediation consistent with rules 41.506(256B,34CFR300) and 41.1002(256B,34CFR300);

d. Review all relevant information and make an independent determination as to whether the public agency is violating a requirement of Part B of the Act or of this chapter; and

e. Issue a written decision to the complainant that addresses each allegation in the complaint and contains:

- (1) Findings of fact and conclusions; and
- (2) The reasons for the state's final decision.

41.152(2) *Time extension; final decision; implementation.* The state's procedures described in subrule 41.152(1) shall do the following:

a. Permit an extension of the time limit under subrule 41.152(1) only if:

- (1) Exceptional circumstances exist with respect to a particular complaint; or
- (2) The parent or individual or organization and the public agency involved agree to extend the time to engage in mediation pursuant to 41.152(1) "c"(2), or to engage in other alternative means of dispute resolution, if available in the state; and

b. Include procedures for effective implementation of the state's final decision, if needed, including:

- (1) Technical assistance activities;
- (2) Negotiations; and
- (3) Corrective actions to achieve compliance.

41.152(3) *Complaints filed under this rule and due process hearings.* If a written complaint is received that is also the subject of a due process hearing under rule 41.507(256B,34CFR300) or 41.530(256B,34CFR300) to 41.532(256B,34CFR300), or that contains multiple issues of which one or more are part of that hearing, the state must set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing. However, any issue in the complaint that is not a part of the due process action must be resolved using the time limit and procedures described in subrules 41.152(1) and 41.152(2). If an issue raised in a complaint filed under this rule has previously been decided in a due process hearing involving the same parties, the due process hearing decision is binding on that issue and the state must inform the complainant to that effect. A complaint alleging a public agency's failure to implement a due process hearing decision must be resolved by the state.

281—41.153(256B,34CFR300) Filing a complaint.

41.153(1) *Complainant.* An organization or individual may file a signed written complaint under the procedures described in rules 41.151(256B,34CFR300) and 41.152(256B,34CFR300).

41.153(2) *Contents of complaint.* The complaint must include the following:

a. A statement that a public agency has violated a requirement of Part B of the Act or of this chapter;

b. The facts on which the statement is based;

c. The signature and contact information for the complainant; and

d. If alleging violations with respect to a specific child:

- (1) The name and address of the residence of the child;
- (2) The name of the school the child is attending;
- (3) In the case of a homeless child or youth within the meaning of Section 725(2) of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11434a(2), available contact information for the child, and the name of the school the child is attending;

(4) A description of the nature of the problem of the child, including facts relating to the problem; and

(5) A proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed.

41.153(3) *Time limit.* The complaint must allege a violation that occurred not more than one year prior to the date that the complaint is received in accordance with rule 41.151(256B,34CFR300).

41.153(4) *Complainant must provide copy of complaint to AEA and LEA.* The party filing the complaint must forward a copy of the complaint to the AEA and LEA or public agency serving the child at the same time the party files the complaint with the state.

41.153(5) *Failure to comply with due process hearing decision, mediation agreement, resolution meeting agreement.* A complainant may allege a public agency has failed to comply with a due process hearing decision, or a mediation agreement, or a resolution meeting agreement. If the complaint is substantiated, the state will grant appropriate relief.

281—41.154(256B,34CFR300) Methods of ensuring services.

41.154(1) *Interagency agreements.* An interagency agreement or other mechanism for interagency coordination shall be developed between each noneducational public agency described in subrule 41.154(2) and the SEA, in order to ensure that all services described in 41.154(2) “a” that are needed to ensure FAPE are provided, including the provision of these services during the pendency of any dispute under paragraph “c” of this subrule. The agreement or mechanism must include the following:

a. An identification of, or a method for defining, the financial responsibility of each agency for providing services described in 41.154(2) “a” to ensure FAPE to children with disabilities. The financial responsibility of each noneducational public agency described in subrule 41.154(2), including the state Medicaid agency and other public insurers of children with disabilities, must precede the financial responsibility of the LEA (or the state agency responsible for developing the child’s IEP).

b. The conditions, terms, and procedures under which an LEA must be reimbursed by other agencies.

c. Procedures for resolving interagency disputes, including procedures under which LEAs may initiate proceedings, under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

d. Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in 41.154(2) “a.”

41.154(2) *Obligation of noneducational public agencies.*

a. General rule.

(1) If any public agency other than an educational agency is otherwise obligated under federal or state law, or assigned responsibility under state policy or pursuant to subrule 41.154(1), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in rule 41.5(256B,34CFR300) relating to assistive technology devices, rule 41.6(256B,34CFR300) relating to assistive technology services, rule 41.34(256B,34CFR300) relating to related services, rule 41.42(256B,34CFR300) relating to supplementary aids and services, and rule 41.43(256B,34CFR300) relating to transition services) that are necessary for ensuring FAPE to children with disabilities within the state, the public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to subrule 41.154(1) or an agreement pursuant to subrule 41.154(3).

(2) A noneducational public agency described in 41.154(2) “a”(1) may not disqualify an eligible service for Medicaid reimbursement because that service is provided in a school context.

b. Failure to comply with general rule. If a public agency other than an educational agency fails to provide or pay for the special education and related services described in 41.154(2) “a,” the LEA (or state agency responsible for developing the child’s IEP) must provide or pay for these services to the child in a timely manner. The LEA or state agency is authorized to claim reimbursement for the services from the noneducational public agency that failed to provide or pay for these services, and that agency must reimburse the LEA or state agency in accordance with the terms of the interagency agreement or other mechanism described in subrule 41.154(1).

41.154(3) *Special rule.* The requirements of subrule 41.154(1) may be met through the following:

a. State statute or regulation;

b. Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

c. Other appropriate written methods as determined by the chief executive officer of the state or designee of that officer and approved by the Secretary.

41.154(4) *Children with disabilities who are covered by public benefits or insurance.*

a. *General.* A public agency may use the Medicaid or other public benefits or insurance programs in which a child participates to provide or pay for services required under this chapter, as permitted under the public benefits or insurance program, except as provided in 41.154(4) “b.”

b. *Exceptions to ability to use public benefits or insurance.* With regard to services required to provide FAPE to an eligible child under this chapter, the public agency:

(1) May not require parents to sign up for or enroll in public benefits or insurance programs in order for their child to receive FAPE under Part B of the Act;

(2) May not require parents to incur an out-of-pocket expense such as the payment of a deductible or copay amount incurred in filing a claim for services provided pursuant to this chapter but, pursuant to 41.154(6) “b,” may pay the cost that the parents otherwise would be required to pay;

(3) May not use a child’s benefits under a public benefits or insurance program if that use would do any of the following:

1. Decrease available lifetime coverage or any other insured benefit;

2. Result in the family’s paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time the child is in school;

3. Increase premiums or lead to the discontinuation of benefits or insurance; or

4. Risk loss of eligibility for home- and community-based waivers, based on aggregate health-related expenditures; and

(4) Must obtain parental consent, consistent with rule 41.9(256B,34CFR300), each time that access to public benefits or insurance is sought and notify parents that the parents’ refusal to allow access to their public benefits or insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

41.154(5) *Children with disabilities who are covered by private insurance.*

a. *General.* With regard to services required to provide FAPE to an eligible child under this chapter, a public agency may access the parents’ private insurance proceeds only if the parents provide consent consistent with rule 41.9(256B,34CFR300).

b. *Obtaining access to private insurance proceeds.* Each time the public agency proposes to access the parents’ private insurance proceeds, the agency must:

(1) Obtain parental consent in accordance with 41.154(5) “a”; and

(2) Inform the parents that their refusal to permit the public agency to access their private insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

41.154(6) *Use of Part B funds.*

a. *Agency unable to obtain consent.* If a public agency is unable to obtain parental consent to use the parents’ private insurance, or public benefits or insurance when the parents would incur a cost for a specified service required under this chapter, to ensure FAPE, the public agency may use its Part B funds to pay for the service.

b. *Use of Part B funds to avoid cost to parents.* To avoid financial cost to parents who otherwise would consent to use private insurance, or public benefits or insurance if the parents would incur a cost, the public agency may use its Part B funds to pay the cost that the parents otherwise would have to pay to use the parents’ benefits or insurance (e.g., the deductible or copay amounts).

41.154(7) *Proceeds from public benefits or insurance or private insurance.* Proceeds from public benefits or insurance or private insurance will not be treated as program income for purposes of 34 CFR 80.25. If a public agency spends reimbursements from federal funds (e.g., Medicaid) for services under this chapter, those funds will not be considered state or local funds for purposes of the maintenance of effort provisions in rules 41.163(256B,34CFR300) and 41.203(256B,34CFR300).

41.154(8) *Rule of construction.* Nothing in this chapter should be construed to alter the requirements imposed on a state Medicaid agency, or any other agency administering a public benefits or insurance program by federal statute, regulations or policy under Title XIX or Title XXI of the Social Security

Act, 42 U.S.C. 1396 through 1396v and 42 U.S.C. 1397aa through 1397jj, or any other public benefits or insurance program.

281—41.155(256B,34CFR300) Hearings relating to AEA or LEA eligibility. The department shall not make any final determination that an AEA or LEA is not eligible for assistance under Part B of the Act without first giving the AEA or LEA reasonable notice and an opportunity for a hearing under 34 CFR 76.401(d).

281—41.156(256B,34CFR300) Personnel qualifications.

41.156(1) General. The SEA must establish and maintain qualifications to ensure that personnel necessary to carry out the purposes of Part B of the Act and of this chapter are appropriately and adequately prepared and trained, including ensuring that those personnel have the content knowledge and skills to serve children with disabilities.

41.156(2) Related services personnel and paraprofessionals. The qualifications under subrule 41.156(1) must include qualifications for related services personnel and paraprofessionals that:

a. Are consistent with any state-approved or state-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services; and

b. Ensure that related services personnel who deliver services in their discipline or profession:

(1) Meet the requirements of 41.156(2)“*a*”; and

(2) Have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

(3) Allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with state law, regulation, or written policy, in meeting the requirements of this chapter to be used to assist in the provision of special education and related services under this chapter to children with disabilities.

41.156(3) Qualifications for special education teachers. The qualifications described in subrule 41.156(1) must ensure that each person employed as a public school special education teacher in the state who teaches in an elementary school, middle school, or secondary school is highly qualified as a special education teacher by the deadline established in Section 1119(a)(2) of the ESEA.

41.156(4) Policy. In implementing this rule, the state must adopt a policy that includes a requirement that AEAs and LEAs in the state take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services under Part B of the Act and this chapter to children with disabilities.

41.156(5) Rule of construction. Notwithstanding any other individual right of action that a parent or student may maintain under this chapter, nothing in this chapter shall be construed to create a right of action on behalf of an individual student or a class of students for the failure of a particular SEA, AEA, or LEA employee to be highly qualified, or to prevent a parent from filing a complaint about staff qualifications with the SEA as provided for under this chapter.

281—41.157 to 41.161 Reserved.

281—41.162(256B,34CFR300) Supplementation of state, local, and other federal funds.

41.162(1) Expenditures. Funds paid to a state under this chapter must be expended in accordance with all the provisions of this chapter.

41.162(2) Prohibition against commingling.

a. Funds paid to a state under this chapter must not be commingled with state funds.

b. The requirement in 41.162(2)“*a*” is satisfied by the use of a separate accounting system that includes an audit trail of the expenditure of funds paid to a state under this chapter. Separate bank accounts are not required. (See 34 CFR 76.702, fiscal control and fund accounting procedures.)

41.162(3) State-level nonsupplanting.

a. Except as provided in rule 41.202(256B,34CFR300), funds paid to a state under Part B of the Act must be used to supplement the level of federal, state, and local funds, including funds that are not under the direct control of the SEA or LEAs, expended for special education and related services provided to children with disabilities under Part B of the Act, and in no case to supplant those federal, state, and local funds.

b. If the state provides clear and convincing evidence that all children with disabilities have available to them FAPE, the Secretary may waive, in whole or in part, the requirements of 41.162(3) “*a*” if the Secretary concurs with the evidence provided by the state under 34 CFR Section 300.164.

281—41.163(256B,34CFR300) Maintenance of state financial support. The state must not reduce the amount of state financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

281—41.164 Reserved.

281—41.165(256B,34CFR300) Public participation.

41.165(1) General. Prior to the adoption of any policies and procedures needed to comply with Part B of the Act, including any amendments to those policies and procedures, the state must ensure that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

41.165(2) State plan. Before submitting a state plan under this chapter, the state must comply with the public participation requirements in subrule 41.165(1) and those in 20 U.S.C. 1232d(b)(7).

281—41.166(256B,34CFR300) Rule of construction. In complying with rules 41.162(256B,34CFR300) and 41.163(256B,34CFR300), the state may not use funds paid to it under this chapter to satisfy state-mandated funding obligations to LEAs, including funding based on student attendance or enrollment, or inflation.

281—41.167(256B,34CFR300) State advisory panel. An advisory panel is established and maintained for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the state.

281—41.168(256B,34CFR300) Advisory panel membership.

41.168(1) General. The advisory panel must consist of members appointed by the director of education, be representative of the state population and be composed of individuals involved in or concerned with the education of children with disabilities, including:

- a.* Parents of children with disabilities aged birth to 26;
- b.* Individuals with disabilities;
- c.* Teachers;
- d.* Representatives of institutions of higher education that prepare special education and related services personnel;
- e.* State and local education officials, including officials who carry out activities under Subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11431 et seq.;
- f.* Administrators of programs for children with disabilities;
- g.* Representatives of other state agencies involved in the financing or delivery of related services to children with disabilities;
- h.* Representatives of private schools and public charter schools;
- i.* At least one representative of a vocational, community, or business organization concerned with the provision of transition services to children with disabilities;
- j.* A representative from the state child welfare agency responsible for foster care; and
- k.* Representatives from the state juvenile and adult corrections agencies.

41.168(2) *Special rule.* A majority of the members of the panel must be individuals with disabilities or parents of children with disabilities aged birth to 26.

281—41.169(256B,34CFR300) Advisory panel duties. The advisory panel must:

1. Advise the department of unmet needs within the state in the education of children with disabilities;
2. Comment publicly on any rules or regulations proposed by the state regarding the education of children with disabilities;
3. Advise the department in developing evaluations and reporting on data to the Secretary under Section 618 of the Act;
4. Advise the department in developing corrective action plans to address findings identified in federal monitoring reports under Part B of the Act;
5. Advise the department in developing and implementing policies relating to the coordination of services for children with disabilities; and
6. Advise the department on eligible individuals with disabilities in adult prisons.

281—41.170(256B,34CFR300) Suspension and expulsion rates.

41.170(1) *General.* The department must examine data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities:

- a.* Among LEAs in the state; or
- b.* Compared to the rates for nondisabled children within an LEA.

41.170(2) *Review and revision of policies.* If the discrepancies described in subrule 41.170(1) are occurring, the department must review and, if appropriate, revise (or require the affected state agency or LEA to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards to ensure that these policies, procedures, and practices comply with the Act.

281—41.171 Reserved.

281—41.172(256B,34CFR300) Access to instructional materials.

41.172(1) *General.* The state:

- a.* Adopts the National Instructional Materials Accessibility Standard (NIMAS) published in the Federal Register on July 19, 2006, (71 Fed. Reg. 41084) for the purposes of providing instructional materials to blind persons or other persons with print disabilities in a timely manner; and
- b.* Establishes the following definition of “timely manner” for purposes of this chapter: Providing instructional materials in accessible formats to children with disabilities in a “timely manner” means delivering those accessible instructional materials at the same time as other children receive instructional materials.

41.172(2) *Public agencies.* All public agencies must comply with rule 41.210(256B,34CFR300).

41.172(3) *Assistive technology.* In carrying out this rule, the department, to the maximum extent possible, must work collaboratively with the state agency responsible for assistive technology programs.

281—41.173(256B,34CFR300) Overidentification and disproportionality. Each public agency shall implement policies and procedures developed by the department designed to prevent the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment.

281—41.174(256B,34CFR300) Prohibition on mandatory medication.

41.174(1) *General.* No public agency personnel are permitted to require parents to obtain a prescription for substances identified under Schedule I, II, III, IV, or V in Section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)) for a child as a condition of attending school, receiving an evaluation or services under Part B or this chapter.

41.174(2) *Rule of construction.* Nothing in subrule 41.174(1) shall be construed to create a federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under rule 41.111(256B,34CFR300) related to child find.

281—41.175 Reserved.

281—41.176(256B) Special school provisions.

41.176(1) *Providers.* Special schools for eligible individuals who require special education outside the general education environment may be maintained by individual LEAs, jointly by two or more LEAs, by the AEA, jointly by two or more AEAs, by the state directly, or by approved private providers.

41.176(2) *Department recognition.* Department recognition of agencies providing special education and related services shall be of two types:

a. Recognition of nonpublic agencies and state-operated programs providing special education and related services in compliance with these rules.

b. Approval for nonpublic agencies to provide special education and related services and to receive special education funds for the special education and related services contracted for by an LEA or an AEA.

281—41.177(256B) Facilities.

41.177(1) *Equivalent to general education.* Each agency providing special education and related services shall supply facilities which shall be at least equivalent in quality to general education classrooms in the system, located in buildings housing regularly enrolled individuals of comparable ages, and readily accessible to individuals with disabilities.

41.177(2) *Personnel space and assistance.* Each agency providing special education shall ensure that special education personnel are provided adequate access to telephone service and clerical assistance and sufficient and appropriate work space regularly available for their use that is readily accessible to individuals with disabilities.

281—41.178(256B) Materials, equipment and assistive technology.

41.178(1) *Provision for materials, equipment, and assistive technology.* Each LEA shall make provision for special education and related services, facility modifications, assistive technology, necessary equipment and materials, including both durable items and expendable supplies; provided that, where an AEA, pursuant to appropriate arrangements authorized by the Iowa Code, furnishes special education and related services, performance by the AEA shall be accepted in lieu of performance by the LEA.

41.178(2) *Acquire and maintain equipment.* Each agency providing special education and related services shall have a comprehensive program in operation under which equipment for special education is acquired, inventoried, maintained, calibrated and replaced on a planned and regular basis.

281—41.179 to 41.185 Reserved.

281—41.186(256B,34CFR300) Assistance under other federal programs. Part B of the Act may not be construed to permit a state to reduce medical and other assistance available, or to alter eligibility, under Titles V and XIX of the Social Security Act with respect to the provision of FAPE to children with disabilities in the state.

281—41.187(256B) Research, innovation, and improvement.

41.187(1) *Evaluation and improvement.* Each agency, in conjunction with other agencies, the department, or both, shall implement activities designed to evaluate and improve special education. These activities shall document the individual performance resulting from the provision of special education.

41.187(2) *Research.* Each agency shall cooperate in research activities designed to evaluate and improve special education when such activities are sponsored by an LEA, an AEA or the department, or another agency, when approved by the department, to assess and ensure the effectiveness of efforts to educate all children with disabilities.

41.187(3) *Support and facilitation.* State rules, regulations, and policies under Part B of the Act must support and facilitate AEA, LEA and school-level system improvement designed to enable children with disabilities to meet the challenging state student academic achievement standards.

281—41.188 to 41.199 Reserved.

DIVISION IV
LEA AND AEA ELIGIBILITY, IN GENERAL

281—41.200(256B,34CFR300) Condition of assistance. An AEA or an LEA is eligible for assistance under Part B of the Act for a fiscal year if the agency submits a plan that provides assurances to the state that the LEA meets each of the conditions in rules 41.201(256B,34CFR300) to 41.213(256B,34CFR300).

41.200(1) *Required descriptions, policies and procedures.* Each AEA shall submit to the department the policies and procedures identified in subrules 41.407(1) and 41.407(2) and other descriptions that may be required by the department for approval. Any modifications to an AEA's descriptions, policies or procedures shall be submitted to the department for approval.

41.200(2) *AEA application.* Each AEA shall submit to the department, 45 calendar days prior to the start of the project year, an application for federal funds under Part B of the Act, implementing federal regulations, and this chapter. An AEA application shall receive department approval only when there is an approved AEA comprehensive plan as described in rule 281—72.9(273) on file at the department and the requirements of subrule 41.200(1) have been met. The application, on forms provided by the department, shall include the following:

- a. *General information.*
- b. *Utilization of funds.*
- c. *Assurances.*

281—41.201(256B,34CFR300) Consistency with state policies. The AEA or LEA, in providing for the education of children with disabilities within its jurisdiction, must have in effect policies, procedures, and programs that are consistent with the state policies and procedures established under 41.101(256B,34CFR300) to 41.163(256B,34CFR300) and 41.165(256B,34CFR300) to 41.187(256B).

281—41.202(256B,34CFR300) Use of amounts.

41.202(1) *General.* Amounts provided to the AEA or LEA under Part B of the Act must be:

- a. Expended in accordance with the applicable provisions of Part B of the Act and this chapter;
- b. Used only to pay the excess costs of providing special education and related services to children with disabilities, consistent with subrule 41.202(2); and
- c. Used to supplement state, local, and other federal funds, and not to supplant those funds.

41.202(2) *Excess cost requirement.*

a. *General.*

(1) The excess cost requirement prevents an AEA or LEA from using funds provided under Part B of the Act to pay for all of the costs directly attributable to the education of a child with a disability, subject to 41.202(2) "a"(2).

(2) The excess cost requirement does not prevent an AEA or LEA from using Part B funds to pay for all of the costs directly attributable to the education of a child with a disability aged 3 to 5 or 18 to 20 if no local or state funds are available for nondisabled children of these ages. However, the AEA or LEA must comply with the nonsupplanting and other requirements of Part B of the Act and of this chapter in providing the education and services for these children.

b. *Meeting excess cost requirement.*

(1) An AEA or LEA meets the excess cost requirement if it has spent at least a minimum average amount for the education of its children with disabilities before funds under Part B of the Act are used.

(2) The amount described in 41.202(2) “b”(1) is determined in accordance with the definition of excess costs in rule 41.16(256B,34CFR300). That amount may not include capital outlay or debt service.

c. Joint establishment of eligibility. If two or more AEAs or LEAs jointly establish eligibility in accordance with rule 41.223(256B,34CFR300), the minimum average amount is the average of the combined minimum average amounts determined in accordance with the definition of excess costs in rule 41.16(256B,34CFR300) in those agencies for elementary or secondary school students, as the case may be.

281—41.203(256B,34CFR300) Maintenance of effort.

41.203(1) General. Except as provided in rules 41.204(256B,34CFR300) and 41.205(256B,34CFR300), funds provided to an AEA or LEA under Part B of the Act must not be used to reduce the level of expenditures for the education of children with disabilities made by the AEA or LEA from local funds below the level of those expenditures for the preceding fiscal year.

41.203(2) Standard.

a. Except as provided in 41.203(2) “b,” the SEA must determine that an AEA or LEA complies with subrule 41.203(1) for purposes of establishing the LEA’s eligibility for an award for a fiscal year if the AEA or LEA budgets, for the education of children with disabilities, at least the same total or per capita amount from either of the following sources as the LEA spent for that purpose from the same source for the most recent prior year for which information is available:

(1) Local funds only.

(2) The combination of state and local funds.

b. An AEA or LEA that relies on 41.203(2) “a”(1) for any fiscal year must ensure that the amount of local funds it budgets for the education of children with disabilities in that year is at least the same, either in total or per capita, as the amount it spent for that purpose in the most recent fiscal year for which information is available and the standard in 41.203(2) “a”(1) was used to establish its compliance with this rule.

c. The SEA may not consider any expenditures made from funds provided by the federal government for which the SEA is required to account to the federal government or for which the AEA or LEA is required to account to the federal government directly or through the SEA in determining an AEA’s or LEA’s compliance with the requirement in subrule 41.203(1).

281—41.204(256B,34CFR300) Exception to maintenance of effort. Notwithstanding the restriction in subrule 41.203(1), an AEA or LEA may reduce the level of expenditures by the AEA or LEA under Part B of the Act below the level of those expenditures for the preceding fiscal year if the reduction is attributable to any of the following:

41.204(1) Departure of personnel. The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.

41.204(2) Decrease in enrollment. A decrease in the enrollment of children with disabilities.

41.204(3) Termination of obligation to provide an “exceptionally costly” program to a particular child. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:

a. Has left the jurisdiction of the agency;

b. Has reached the age at which the obligation of the agency to provide FAPE to the child has terminated; or

c. No longer needs the program of special education.

41.204(4) Termination of costly expenditures for long-term purchases. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment.

41.204(5) High-cost fund. The assumption of cost by the high-cost fund operated by the state under this chapter.

281—41.205(256B,34CFR300) Adjustment to local fiscal efforts in certain fiscal years.

41.205(1) *Amounts in excess.* Notwithstanding 41.202(1) “b,” 41.202(2), and 41.203(1), and except as provided in 41.205(4) and 41.230(5) “b,” for any fiscal year for which the allocation received by an LEA under rule 41.705(256B,34CFR300) exceeds the amount the LEA received for the previous fiscal year, the LEA may reduce the level of expenditures otherwise required by subrule 41.203(1) by not more than 50 percent of the amount of that excess.

41.205(2) *Use of amounts to carry out activities under ESEA.* If an LEA exercises the authority under subrule 41.205(1), the LEA must use an amount of local funds equal to the reduction in expenditures under subrule 41.205(1) to carry out activities that could be supported with funds under the ESEA regardless of whether the LEA is using funds under the ESEA for those activities.

41.205(3) *State prohibition.* Notwithstanding subrule 41.205(1), if the SEA determines that an LEA is unable to establish and maintain programs of FAPE that meet the requirements of Section 613(a) of the Act and of this chapter or the SEA has taken action against the LEA under Section 616 of the Act and rules 41.600(256B,34CFR300) to 41.609(256B,34CFR300), the SEA must prohibit the LEA from reducing the level of expenditures under subrule 41.205(1) for that fiscal year.

41.205(4) *Special rule.* The amount of funds expended by an LEA for early intervening services under rule 41.226(256B,34CFR300) shall count toward the maximum amount of expenditures that the LEA may reduce under subrule 41.205(1).

281—41.206(256B,34CFR300) Schoolwide programs under Title I of the ESEA.

41.206(1) *General.* Notwithstanding the provisions of rules 41.202(256B,34CFR300) and 41.203(256B,34CFR300) or any other provision of Part B of the Act, an LEA may use funds received under Part B of the Act for any fiscal year to carry out a schoolwide program under Section 1114 of the ESEA, except that the amount used in any schoolwide program may not exceed the amount received by the LEA under Part B of the Act for that fiscal year; divided by the number of children with disabilities in the jurisdiction of the LEA; and multiplied by the number of children with disabilities participating in the schoolwide program.

41.206(2) *Funding conditions.* The funds described in subrule 41.206(1) are subject to the following conditions:

a. The funds must be considered as federal Part B funds for purposes of the calculations required by 41.202(1) “b” and “c.”

b. The funds may be used without regard to the requirements of 41.202(1) “a.”

41.206(3) *Meeting other Part B requirements.* Except as provided in subrule 41.206(2), all other requirements of Part B of the Act must be met by an LEA using Part B funds in accordance with subrule 41.206(1), including ensuring that children with disabilities in schoolwide program schools:

a. Receive services in accordance with a properly developed IEP; and

b. Are afforded all of the rights and services guaranteed to children with disabilities under the Act.

281—41.207(256B,34CFR300) Personnel development. Each public agency must ensure that all personnel necessary to carry out Part B of the Act are appropriately and adequately prepared, subject to the requirements of rule 41.156(256B,34CFR300) related to personnel qualifications and Section 2122 of the ESEA.

281—41.208(256B,34CFR300) Permissive use of funds.

41.208(1) *Uses.* Notwithstanding rule 41.202(256B,34CFR300) and subrules 41.203(1) and 41.162(2), funds provided to an LEA under Part B of the Act may be used for the following activities:

a. Services and aids that also benefit nondisabled children. For the costs of special education and related services and supplementary aids and services provided in a regular class or other education-related setting to a child with a disability in accordance with the IEP of the child, even if one or more nondisabled children benefit from these services. This provision may not be construed to apply to rules 41.172(256B,34CFR300) and 41.210(256B,34CFR300).

b. Early intervening services. To develop and implement coordinated, early intervening educational services in accordance with rule 41.226(256B,34CFR300). Such development and implementation may be required by the SEA under subrule 41.646(2).

c. High-cost special education and related services. To establish and implement cost- or risk-sharing funds, consortia, or cooperatives for the LEA itself, or for LEAs working in a consortium of which the LEA is a part, to pay for high-cost special education and related services.

41.208(2) *Administrative case management.* An LEA may use funds received under Part B of the Act to purchase appropriate technology for record keeping, data collection, and related case management activities of teachers and related services personnel providing services described in the IEP of children with disabilities, that is needed for the implementation of those case management activities.

281—41.209(256B,34CFR300) Treatment of charter schools and their students.

41.209(1) *Rights of children with disabilities.* Children with disabilities who attend public charter schools and their parents retain all rights under this chapter.

41.209(2) *Charter schools that are public schools of the LEA.*

a. General. In carrying out Part B of the Act and these rules with respect to charter schools that are public schools of the LEA, the LEA must:

(1) Serve children with disabilities attending those charter schools in the same manner as the LEA serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the LEA has a policy or practice of providing such services on the site to its other public schools; and

(2) Provide funds under Part B of the Act to those charter schools:

1. On the same basis as the LEA provides funds to the LEA's other public schools, including proportional distribution based on relative enrollment of children with disabilities; and

2. At the same time as the LEA distributes other federal funds to the LEA's other public schools, consistent with the state's charter school law.

b. Relationship to rule 41.705(256B,34CFR300). If the public charter school is a school of an LEA that receives funding under rule 41.705(256B,34CFR300) and includes other public schools:

(1) The LEA is responsible for ensuring that the requirements of this chapter are met, unless state law assigns that responsibility to some other entity; and

(2) The LEA must meet the requirements of 41.209(2) "a."

281—41.210(256B,34CFR300) Purchase of instructional materials.

41.210(1) *General.* An AEA, an LEA, or any other public agency, when purchasing print instructional materials, must acquire those instructional materials for children who are blind or for other persons with print disabilities in a manner consistent with subrule 41.210(3) and ensure delivery of those materials in a timely manner to those children.

41.210(2) *Rights and responsibilities of AEA or LEA.* Nothing in this rule relieves the LEA or AEA or any other public agency of its responsibility to ensure that children with disabilities who need instructional materials in accessible formats, but who are not included under the definition of blind persons or other persons with print disabilities in 41.210(4) "a" or who need materials that cannot be produced from NIMAS files, receive those instructional materials in a timely manner, as defined in 41.172(1) "b."

41.210(3) *Preparation and delivery of files.* Because the state chooses to coordinate with the NIMAC, an AEA, an LEA, or any other public agency must:

a. As part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, enter into a written contract with the publisher of the print instructional materials to:

(1) Require the publisher to prepare and, on or before delivery of the print instructional materials, provide to NIMAC electronic files containing the contents of the print instructional materials using the NIMAS; or

(2) Purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

b. Provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

41.210(4) Definitions. The following definitions apply to this rule and rule 41.172(256B,34CFR300), and apply to each state and LEA, regardless of whether the state or LEA chooses to coordinate with the NIMAC:

a. “Blind persons or other persons with print disabilities” means children served under this chapter who may qualify to receive books and other publications produced in specialized formats in accordance with 2 U.S.C. 135a and 36 CFR 701.6. Persons who may receive material in specialized formats include persons who are blind, who have visual disabilities, have certain physical disabilities, or who have reading disabilities resulting from organic dysfunction, as those terms are defined in 36 CFR 701.6(b)(1), and who have obtained certification from a “competent authority,” as defined in 36 CFR 701.6(b)(2).

b. “National Instructional Materials Access Center” or “NIMAC” means the center established pursuant to Section 674(e) of the Act.

c. “National Instructional Materials Accessibility Standard” or “NIMAS” has the meaning given the term in Section 674(e)(3)(B) of the Act.

d. “Print instructional materials” has the meaning given the term in Section 674(e)(3)(C) of the Act.

e. “Specialized formats” has the meaning given the term in Section 674(e)(3)(D) of the Act.

281—41.211(256B,34CFR300) Information for department. Each public agency shall provide the department with information necessary to enable the department to carry out its duties under Part B of the Act and this chapter, including, with respect to 34 CFR Sections 300.157 and 300.160, information relating to the performance of children with disabilities participating in programs carried out under Part B of the Act. This information, including such quantitative and qualitative data as the department may require, shall be submitted in a manner and at a time determined by the department. Failure to submit timely and accurate information may be considered by the department in making the determinations under rule 41.603(256B,34CFR300) or in taking any other action to enforce Part B of the Act or this chapter.

281—41.212(256B,34CFR300) Public information. Each public agency must make available to parents of children with disabilities and to the general public all documents relating to the eligibility of the agency under Part B of the Act.

281—41.213(256B,34CFR300) Records regarding migratory children with disabilities. Each AEA or LEA must cooperate in the Secretary’s efforts under Section 1308 of the ESEA to ensure the linkage of records pertaining to migratory children with disabilities for the purpose of electronically exchanging, among the states, health and educational information regarding those children.

281—41.214 to 41.219 Reserved.

281—41.220(256B,34CFR300) Exception for prior local plans.

41.220(1) General. If an AEA or LEA or a state agency described in rule 41.228(256B,34CFR300) has on file with the SEA policies and procedures that demonstrate that the AEA or LEA or state agency meets any requirement of 41.200(256B,34CFR300), including any policies and procedures filed under Part B of the Act as in effect before December 3, 2004, the SEA must consider the AEA or LEA or state agency to have met that requirement for purposes of receiving assistance under Part B of the Act.

41.220(2) Modification made by an AEA or LEA or state agency. Subject to subrule 41.220(3), policies and procedures submitted by an LEA or a state agency remain in effect until the AEA or LEA or state agency submits to the SEA the modifications that the AEA or LEA or state agency determines are necessary.

41.220(3) *Modifications required by the SEA.* The SEA may require an AEA or LEA or a state agency to modify its policies and procedures, but only to the extent necessary to ensure the LEA's or state agency's compliance with Part B of the Act or state law, if:

- a. After December 3, 2004, the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the applicable provisions of the Act, or the regulations developed to carry out the Act, are amended;
- b. There is a new interpretation of an applicable provision of the Act by federal or state courts; or
- c. There is an official finding of noncompliance with federal or state law or regulations.

281—41.221(256B,34CFR300) Notification of AEA or LEA or state agency in case of ineligibility. If the state determines that an AEA or LEA or state agency is not eligible under Part B of the Act, then the state must notify the AEA or LEA or state agency of that determination and provide the AEA or LEA or state agency with reasonable notice and an opportunity for a hearing. This hearing shall not be considered a contested case under Iowa Code chapter 17A.

281—41.222(256B,34CFR300) AEA or LEA and state agency compliance.

41.222(1) *General.* If the state, after reasonable notice and an opportunity for a hearing, finds that an AEA or LEA or state agency that has been determined to be eligible under this chapter is failing to comply with any requirement described in rules 41.201(256B,34CFR300) to 41.213(256B,34CFR300), the state must reduce or must not provide any further payments to the AEA or LEA or state agency until the state is satisfied that the AEA or LEA or state agency is complying with that requirement.

41.222(2) *Notice requirement.* Any state agency or AEA or LEA in receipt of a notice described in subrule 41.222(1), by means of public notice, must take the measures necessary to bring the pendency of an action pursuant to this rule to the attention of the public within the jurisdiction of the agency.

41.222(3) *Consideration.* In carrying out its responsibilities under this rule, the state must consider any decision resulting from a hearing held under rules 41.511(256B,34CFR300) to 41.533(256B,34CFR300) that is adverse to the AEA or LEA or state agency involved in the decision.

281—41.223(256B,34CFR300) Joint establishment of eligibility.

41.223(1) *General.* The state may require an AEA or LEA to establish its eligibility jointly with another AEA or LEA if the state determines that the AEA or LEA will be ineligible because the agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

41.223(2) Reserved.

41.223(3) *Amount of payments.* If the state requires the joint establishment of eligibility under subrule 41.223(1), the total amount of funds made available to the affected AEAs or LEAs must be equal to the sum of the payments that each AEA or LEA would have received under rule 41.705(256B,34CFR300) if the agencies were eligible for those payments.

281—41.224(256B,34CFR300) Requirements for jointly establishing eligibility.

41.224(1) *Requirements for AEAs or LEAs in general.* AEAs or LEAs that establish joint eligibility under this rule must:

- a. Adopt policies and procedures that are consistent with the state's policies and procedures under rules 41.101(256B,34CFR300) to 41.163(256B,34CFR300) and 41.165(256B,34CFR300) to 41.187(256B); and
- b. Be jointly responsible for implementing programs that receive assistance under Part B of the Act.

41.224(2) *Requirements for educational service agencies in general.* If an educational service agency is required by state law to carry out programs under Part B of the Act, the joint responsibilities given to AEAs or LEAs under Part B of the Act:

- a. Do not apply to the administration and disbursement of any payments received by that educational service agency; and

b. Must be carried out only by that educational service agency.

41.224(3) Additional requirement. Notwithstanding any other provision of rule 41.223(256B,34CFR300) and this rule, an educational service agency must provide for the education of children with disabilities in the least restrictive environment, as required by this chapter.

281—41.225 Reserved.

281—41.226(256B,34CFR300) Early intervening services.

41.226(1) General. An AEA or LEA may not use more than 15 percent of the amount the AEA or LEA receives under Part B of the Act for any fiscal year, less any amount reduced by the AEA or LEA pursuant to rule 41.205(256B,34CFR300), if any, in combination with other amounts, which may include amounts other than education funds, to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12, with a particular emphasis on students in kindergarten through grade 3, who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment.

41.226(2) Activities. In implementing coordinated, early intervening services under this rule, an AEA or LEA may carry out activities that include:

a. Professional development, which may be provided by other entities, for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction and, where appropriate, instruction on the use of adaptive and instructional software; and

b. Providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

41.226(3) Construction. Nothing in this rule shall be construed to either limit or create a right to FAPE under Part B of the Act or to delay appropriate evaluation of a child suspected of having a disability.

41.226(4) Reporting: in general. Each AEA or LEA that develops and maintains coordinated, early intervening services under this rule must annually report to the SEA on:

a. The number of children served under this rule who received early intervening services; and

b. The number of children served under this rule who received early intervening services and subsequently receive special education and related services under Part B of the Act during the preceding two-year period.

41.226(5) Reporting: disproportionality. If an LEA is required to reserve the maximum amount available under this rule for early intervening services because of a determination of significant disproportionality under rule 41.646(256B,34CFR300), that LEA must make additional reports on the use of funds under this rule and rule 41.646(256B,34CFR300), as required by the SEA.

41.226(6) Coordination with ESEA. Funds made available to carry out this rule may be used to carry out coordinated, early intervening services aligned with activities funded by and carried out under the ESEA if those funds are used to supplement, and not supplant, funds made available under the ESEA for the activities and services assisted under this rule.

281—41.227 Reserved.

281—41.228(256B,34CFR300) State agency eligibility. Any state agency that desires to receive a subgrant for any fiscal year under rule 41.705(256B,34CFR300) must demonstrate to the satisfaction of the state that all children with disabilities who are participating in programs and projects funded under Part B of the Act receive FAPE, and that those children and their parents are provided all the rights and procedural safeguards described in this chapter; and the agency meets the other conditions of this chapter that apply to LEAs.

281—41.229(256B,34CFR300) Disciplinary information.

41.229(1) Requirement of transmittal of disciplinary records. Pursuant to Iowa Code section 279.9A, the state requires that a public agency include in the records of a child with a disability a

statement of any current or previous disciplinary action that has been taken against the child and transmit the statement to the same extent that the disciplinary information is included in, and transmitted with, the student records of children without disabilities.

41.229(2) *Contents of transmittal.* The transmittal shall include an accurate record of any suspension or expulsion actions taken and the basis for those actions taken. It may include any other information that is relevant to the safety of the child and other individuals involved with the child, to the extent that information is transmitted for children without disabilities.

41.229(3) *Additional contents of transmittal.* If the child transfers from one school to another, the transmission of any of the child's records must include both the child's current IEP and any statement of current or previous disciplinary action that has been taken against the child.

41.229(4) *When transmittal must occur.* Pursuant to Iowa Code section 279.9A, a transmittal of records under this rule shall occur if requested by officials of the school to which the student seeks to transfer or has transferred.

41.229(5) *Additional state law requirement.* Pursuant to Iowa Code section 279.9A, this rule applies also to accredited nonpublic schools, as well as AEAs.

281—41.230(256B,34CFR300) SEA flexibility. The department reserves to itself the flexibility provided by 34 CFR Section 300.230.

281—41.231 to 41.299 Reserved.

DIVISION V
EVALUATION, ELIGIBILITY, IEPs, AND PLACEMENT DECISIONS

281—41.300(256B,34CFR300) Parental consent and participation.

41.300(1) *Parental consent for initial evaluation.*

a. General.

(1) The public agency proposing to conduct an initial evaluation to determine if a child qualifies as a child with a disability under this chapter must, after providing notice consistent with rules 41.503(256B,34CFR300) and 41.504(256B,34CFR300), obtain informed consent, consistent with rule 41.9(256B,34CFR300), from the parent of the child before conducting the evaluation.

(2) Parental consent for an initial evaluation must not be construed as consent for initial provision of special education and related services.

(3) The public agency must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability.

b. Special rule: initial evaluation for a child who is a ward of the state and not residing with a parent. For initial evaluations only, if the child is a ward of the state and is not residing with the child's parent, the public agency is not required to obtain informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability if:

(1) Despite reasonable efforts to do so, the public agency cannot discover the whereabouts of the parent of the child;

(2) The rights of the parents of the child have been terminated in accordance with state law; or

(3) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

c. Parental refusal to provide consent for initial evaluation.

(1) If the parent of a child enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation under 41.300(1) "a," or the parent fails to respond to a request to provide consent, the public agency may, but is not required to, pursue the initial evaluation of the child by utilizing the procedural safeguards in this chapter, including the mediation procedures under rule 41.506(256B,34CFR300) or the due process procedures under rules 41.507(256B,34CFR300) to 41.516(256B,34CFR300), if appropriate, except to the extent inconsistent with state law relating to such parental consent.

(2) The public agency does not violate its obligation under rules 41.111(256B,34CFR300) and 41.301(256B,34CFR300) to 41.311(256B,34CFR300) if it declines to pursue the evaluation under 41.300(1)“c”(1).

41.300(2) Parental consent for services.

a. A public agency that is responsible for making FAPE available to a child with a disability must obtain informed consent from the parent of the child before the initial provision of special education and related services to the child.

b. The public agency must make reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the child.

c. If the parent of a child fails to respond or refuses to consent to services under 41.300(2)“a,” the public agency may not use the procedural safeguards of this chapter, including the mediation procedures or the due process procedures under this chapter, to obtain agreement or a ruling that the services may be provided to the child.

d. If the parent of the child refuses to consent to the initial provision of special education and related services, or the parent fails to respond to a request to provide consent for the initial provision of special education and related services, the public agency:

(1) Will not be considered to be in violation of the requirement to make available FAPE to the child for the failure to provide the child with the special education and related services for which the public agency requests consent; and

(2) Is not required to convene an IEP team meeting or develop an IEP for the child for the special education and related services for which the public agency requests such consent.

41.300(3) Parental consent for reevaluations.

a. General. Subject to 41.300(3)“b”:

(1) Each public agency must obtain informed parental consent, in accordance with 41.300(1)“a,” prior to conducting any reevaluation of a child with a disability.

(2) If the parent refuses to consent to the reevaluation, the public agency may, but is not required to, pursue the reevaluation by using the consent override procedures described in 41.300(1)“c.”

(3) The public agency does not violate its obligation under rules 41.111(256B,34CFR300) and 41.301(256B,34CFR300) to 41.311(256B,34CFR300) if it declines to pursue the evaluation or reevaluation.

b. Exception. The informed parental consent described in 41.300(3)“a” need not be obtained if the public agency can demonstrate that:

(1) It made reasonable efforts to obtain such consent; and

(2) The child’s parent has failed to respond.

41.300(4) Other consent requirements.

a. When parental consent not required. Parental consent is not required before:

(1) A review of existing data as part of an evaluation or a reevaluation; or

(2) Administration of a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.

b. Additional consent requirements. In addition to the parental consent requirements described in subrule 41.300(1), the state may require parental consent for other services and activities under Part B of the Act and of this chapter if it ensures that each public agency in the state establishes and implements effective procedures to ensure that a parent’s refusal to consent does not result in a failure to provide the child with FAPE.

c. Limitation on public agency’s use of failure to give consent. A public agency may not use a parent’s refusal to consent to one service or activity under 41.300(1) or 41.300(4)“b” to deny the parent or child any other service, benefit, or activity of the public agency, except as required by this chapter.

d. Children who are home schooled or placed by their parents in private schools.

(1) If a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the public agency may not use the consent override procedures described in 41.300(1)“c” and 41.300(3)“a”; and

(2) The public agency is not required to consider the child as eligible for services under rules 41.132(256B,34CFR300) to 41.144(256B,34CFR300).

e. Documenting reasonable efforts. To meet the reasonable efforts requirement in 41.300(1)“a”(3), 41.300(1)“b”(1), 41.300(2)“b,” and 41.300(3)“b”(1), the public agency must document its attempts to obtain parental consent using the procedures in subrule 41.322(4).

41.300(5) Parent participation. The identification process shall include interactions with the individual, the individual’s parents, school personnel, and others having specific responsibilities for or knowledge of the individual. AEA and LEA personnel shall seek active parent participation throughout the process, directly communicate with parents, and encourage parents to participate at all decision points.

281—41.301(256B,34CFR300) Full and individual initial evaluations.

41.301(1) General. Each public agency must conduct a full and individual initial evaluation, in accordance with rules 41.305(256B,34CFR300) and 41.306(256B,34CFR300), before the initial provision of special education and related services to a child with a disability under this chapter.

41.301(2) Request for initial evaluation. Consistent with the consent requirements in rule 41.300(256B,34CFR300), either a parent of a child or a public agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

41.301(3) Procedures for initial evaluation. The initial evaluation:

a. Must be conducted within 60 calendar days of receiving parental consent for the evaluation;

b. Must consist of procedures:

(1) To determine if the child is a child with a disability under this chapter; and

(2) To determine the educational needs of the child.

41.301(4) Exception. The time frame described in 41.301(3)“a” does not apply to a public agency if:

a. The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or

b. A child enrolls in a school of another public agency after the relevant time frame in 41.301(3)“a” has begun, and prior to a determination by the child’s previous public agency as to whether the child is a child with a disability under this chapter.

41.301(5) Applicability of exception in 41.301(4)“b.” The exception in 41.301(4)“b” applies only if the subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation and the parent and the subsequent public agency agree to a specific time when the evaluation will be completed.

41.301(6) Content of full and individual initial evaluation. The purpose of the evaluation is to determine the educational interventions that are required to resolve the presenting problem, behaviors of concern, or suspected disability, including whether the educational interventions are special education. An evaluation shall include:

a. A n objective definition of the presenting problem, behaviors of concern, or suspected disability.

b. Analysis of existing information about the individual, as described in 41.305(1)“a.”

c. Identification of the individual’s strengths or areas of competence relevant to the presenting problem, behaviors of concern, or suspected disability.

d. Collection of additional information needed to design interventions intended to resolve the presenting problem, behaviors of concern, or suspected disability, including, if appropriate, assessment or evaluation of health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, adaptive behavior and motor abilities.

281—41.302(256B,34CFR300) Screening for instructional purposes is not evaluation. The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

281—41.303(256B,34CFR300) Reevaluations.

41.303(1) General. A public agency must ensure that a reevaluation of each child with a disability is conducted in accordance with rules 41.304(256B,34CFR300) to 41.311(256B,34CFR300):

- a. If the public agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
- b. If the child's parent or teacher requests a reevaluation.

41.303(2) Limitation. A reevaluation conducted under subrule 41.303(1):

- a. May occur not more than once a year, unless the parent and the public agency agree otherwise; and
- b. Must occur at least once every three years, unless the parent and the public agency agree that a reevaluation is unnecessary.

281—41.304(256B,34CFR300) Evaluation procedures.

41.304(1) Notice. The public agency must provide notice to the parents of a child with a disability, in accordance with rule 41.503(256B,34CFR300), that describes any evaluation procedures the agency proposes to conduct.

41.304(2) Conduct of evaluation. In conducting the evaluation, the public agency must:

- a. Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent, that may assist in determining:

- (1) Whether the child is a child with a disability under this chapter; and
- (2) The content of the child's IEP, including information related to enabling the child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities);

- b. Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child; and

- c. Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

41.304(3) Other evaluation procedures. Each public agency must ensure that:

- a. Assessments and other evaluation materials used to assess a child under this chapter:
 - (1) Are selected and administered so as not to be discriminatory on a racial or cultural basis;
 - (2) Are provided and administered in the child's native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;

- (3) Are used for the purposes for which the assessments or measures are valid and reliable;

- (4) Are administered by trained and knowledgeable personnel; and

- (5) Are administered in accordance with any instructions provided by the producer of the assessments.

- b. Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.

- c. Assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

- d. The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

- e. Assessments of children with disabilities who transfer from one public agency to another public agency in the same school year are coordinated with those children's prior and subsequent schools,

as necessary and as expeditiously as possible, consistent with 41.301(4) “b” and 41.301(5), to ensure prompt completion of full evaluations.

f. The evaluation of each child with a disability under rules 41.304(256B,34CFR300) to 41.306(256B,34CFR300) is sufficiently comprehensive to identify all of the child’s special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.

g. Assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.

281—41.305(256B,34CFR300) Additional requirements for evaluations and reevaluations.

41.305(1) *Review of existing evaluation data.* As part of an initial evaluation, if appropriate, and as part of any reevaluation under this chapter, the IEP team and other qualified professionals, as appropriate, must:

- a. Review existing evaluation data on the child, including:
 - (1) Evaluations and information provided by the parents of the child;
 - (2) Current classroom-based, local, or state assessments, and classroom-based observations; and
 - (3) Observations by teachers and related services providers; and
- b. On the basis of that review, and input from the child’s parents, identify what additional data, if any, are needed to determine:
 - (1) Whether the child is a child with a disability, as defined in this chapter, and the educational needs of the child or, in the case of a reevaluation of a child, whether the child continues to have such a disability, and the educational needs of the child;
 - (2) The present levels of academic achievement and related developmental needs of the child;
 - (3) Whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and
 - (4) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum.

41.305(2) *Conduct of review.* The group described in subrule 41.305(1) may conduct its review without a meeting.

41.305(3) *Source of data.* The public agency must administer such assessments and other evaluation measures as may be needed to produce the data identified under subrule 41.305(1).

41.305(4) *Requirements if additional data are not needed.*

a. If the IEP team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability or to determine the child’s educational needs, the public agency must notify the child’s parents of:

- (1) The determination and the reasons for the determination; and
- (2) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child’s educational needs.

b. The public agency is not required to conduct the assessment described in 41.305(4) “a”(2) unless requested to do so by the child’s parents.

41.305(5) *Evaluations before change in eligibility.*

a. Except as provided in 41.305(5) “b,” a public agency must evaluate a child with a disability in accordance with these rules before determining that the child is no longer a child with a disability.

b. The evaluation described in 41.305(5) “a” is not required before the termination of a child’s eligibility under this chapter due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for FAPE under state law.

c. For a child whose eligibility terminates under circumstances described in 41.305(5) “b,” a public agency must provide the child with a summary of the child’s academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child’s postsecondary goals.

41.305(6) *At no cost to parent.* Evaluations or reevaluations under this chapter, including any outside consultations or evaluations, shall be at no cost to the parent. AEAs or LEAs may access a parent's private insurance or public benefits or insurance, however, provided that a parent gives informed consent consistent with rule 41.9(256B,34CFR300) and subrules 41.154(4) and 41.154(5).

281—41.306(256B,34CFR300) Determination of eligibility.

41.306(1) *General.* Upon completion of the administration of assessments and other evaluation measures:

a. A group of qualified professionals and the parent of the child determine whether the child is a child with a disability, as defined in this chapter, in accordance with subrule 41.306(2) and the educational needs of the child; and

b. The public agency provides a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent.

41.306(2) *Special rule for eligibility determination.* A child must not be determined to be a child with a disability under this chapter:

a. If the determinant factor for that determination is:

(1) Lack of appropriate instruction in reading, including the essential components of reading instruction, as defined in Section 1208(3) of the ESEA;

(2) Lack of appropriate instruction in math; or

(3) Limited English proficiency; and

b. If the child does not otherwise meet the eligibility criteria under this chapter.

41.306(3) *Procedures for determining eligibility and educational need.*

a. In interpreting evaluation data for the purpose of determining if a child is a child with a disability under this chapter, and the educational needs of the child, each public agency must:

(1) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child's physical condition, social or cultural background, and adaptive behavior; and

(2) Ensure that information obtained from all of these sources is documented and carefully considered.

b. If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with these rules.

c. All determinations of eligibility must be based on the individual's disability (progress and discrepancy) and need for special education.

41.306(4) *Director's certification.* If a child is determined to be an eligible individual pursuant to these rules, the AEA director of special education shall certify the individual's entitlement for special education. A confidential record, subject to audit by the department, registering the name and required special education and related services of each eligible individual shall be maintained by the AEA, and provision shall be made for its periodic revision.

281—41.307(256B,34CFR300) Specific learning disabilities.

41.307(1) *General.* The state adopts, consistent with rule 41.309(256B,34CFR300), criteria for determining whether a child is an eligible individual on the basis of a specific learning disability as defined in subrule 41.50(10). In addition, the criteria adopted by the state:

a. Requires the use of a process based on the child's response to scientific, research-based intervention or the use of other alternative research-based procedures for determining whether a child has a specific learning disability, as defined in subrule 41.50(10); and

b. Prohibits the use of a severe discrepancy between intellectual ability and achievement for determining whether a child is an eligible individual on the basis of a specific learning disability.

41.307(2) *Consistency with state criteria.* A public agency must use the state criteria adopted pursuant to subrule 41.307(1) in determining whether a child is an eligible individual on the basis of a specific learning disability.

41.307(3) Rule of construction: “Labelling.” Nothing in this rule or rules 41.308(256B,34CFR300) to 41.311(256B,34CFR300) shall be construed as requiring children evaluated under these rules to be classified as having a specific learning disability, as long as the child is regarded as a child with a disability or an eligible individual under this chapter.

41.307(4) Rule of construction: Use of rules 41.307(256B,34CFR300) to 41.310(256B,34CFR300). Nothing in this rule or rule 41.308(256B,34CFR300) or 41.311(256B,34CFR300) shall be construed as limiting its applicability solely to determining whether a child is an eligible individual on the basis of a specific learning disability. The procedures, methods, etc. listed in this rule and rules 41.308(256B,34CFR300) and 41.310(256B,34CFR300) may be employed in evaluating any child suspected of being an eligible individual, if appropriate in the child’s circumstances.

281—41.308(256B,34CFR300) Additional group members. The determination of whether a child suspected of being an eligible individual due to the presence of a specific learning disability is a child with a disability as defined in this chapter, must be made by the child’s parents and a team of qualified professionals, which must include the following persons:

41.308(1) Required teachers.

- a. The child’s general education teacher; or
- b. If the child does not have a general education teacher, a general education teacher qualified to teach a child of his or her age; or
- c. For a child of less than school age, an individual qualified by the SEA to teach a child of his or her age.

41.308(2) Individual qualified to conduct diagnostic examinations. At least one person qualified to conduct individual diagnostic examinations of children, such as a school psychologist, speech-language pathologist, or a remedial reading teacher.

281—41.309(256B,34CFR300) Determining the existence of a specific learning disability.

41.309(1) Required determinations. The group described in rule 41.306(256B,34CFR300) may determine that a child has a specific learning disability, as defined in subrule 41.50(10), after considering the following three factors:

a. *Lack of adequate achievement.* The child does not achieve adequately for the child’s age, grade-level expectations or such grade-level standards the SEA may choose to adopt in one or more of the following areas, when provided with learning experiences and instruction appropriate for the child’s age or grade-level expectations or such grade-level standards the SEA may choose to adopt:

- (1) Oral expression.
- (2) Listening comprehension.
- (3) Written expression.
- (4) Basic reading skill.
- (5) Reading fluency skills.
- (6) Reading comprehension.
- (7) Mathematics calculation.
- (8) Mathematics problem solving.

b. *Lack of adequate progress.*

(1) The child does not make sufficient progress to meet age expectations, grade-level expectations, or such state-approved grade-level standards as the state may choose to adopt in one or more of the areas identified in 41.309(1)“a” when using a process based on the child’s response to scientific, research-based intervention; or

(2) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, grade-level expectations, such state-approved grade-level standards as the state may choose to adopt, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments, consistent with rules 41.304(256B,34CFR300) and 41.305(256B,34CFR300).

c. Exclusionary factors. The group determines that its findings under 41.309(1)“a” and 41.309(1)“b” are not primarily the result of:

- (1) A visual, hearing, or motor disability;
- (2) Mental disability;
- (3) Emotional disturbance;
- (4) Cultural factors;
- (5) Environmental or economic disadvantage; or
- (6) Limited English proficiency.

41.309(2) Review of data. To ensure that underachievement in a child suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation described in rules 41.304(256B,34CFR300) to 41.306(256B,34CFR300):

a. Data that demonstrate that prior to, or as a part of, the referral process, the child was provided appropriate instruction in regular education settings, delivered by qualified personnel; and

b. Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child’s parents.

41.309(3) When consent required. The public agency must promptly request parental consent to evaluate the child to determine if the child needs special education and related services and must adhere to the time frames described in rules 41.301(256B,34CFR300) and 41.303(256B,34CFR300):

a. If, prior to a referral, a child has not made adequate progress after an appropriate period of time when provided instruction, as described in 41.309(2)“a” and “b”; and

b. Whenever a child is referred for an evaluation.

41.309(4) Rule of construction. Subparagraph 41.309(1)“b”(2) shall not be construed to require a child with a pattern of strengths and weaknesses in performance, achievement, or both, to be identified as an eligible individual, absent a determination that the child has a disability and needs special education and related services.

41.309(5) Rule of construction. A process by which a child’s response to intervention is measured is a component of a full and individual evaluation and is not, considered alone, a full and individual evaluation, unless the response to intervention process contains all required elements of a full and individual evaluation under this chapter.

281—41.310(256B,34CFR300) Observation.

41.310(1) Observation required. The public agency must ensure that the child is observed in the child’s learning environment, including the regular classroom setting, to document the child’s academic performance and behavior in the areas of difficulty.

41.310(2) Who must observe. The group described in 41.306(1)“a,” in determining whether a child has a specific learning disability, must decide to:

a. Use information from an observation in routine classroom instruction and monitoring of the child’s performance that was done before the child was referred for an evaluation, consistent with rules 41.306(256B,34CFR300), 41.309(256B,34CFR300), 41.312(256B,34CFR300) and 41.313(256B,34CFR300); or

b. Have at least one member of the group described in 41.306(1)“a” conduct an observation of the child’s academic performance in the regular classroom after the child has been referred for an evaluation and parental consent, consistent with subrule 41.300(1), is obtained.

41.310(3) Child less than school age or out of school. In the case of a child of less than school age or out of school, a group member must observe the child in an environment appropriate for a child of that age. This subrule also applies to school-age children who must be evaluated during school breaks.

281—41.311(256B,34CFR300) Specific documentation for the eligibility determination.

41.311(1) *Documentation required.* For a child suspected of having a specific learning disability, the documentation of the determination that the child is an eligible individual, as required in 41.306(1) “b,” must contain a statement of:

- a. Whether the child has a specific learning disability;
- b. The basis for making the determination, including an assurance that the determination has been made in accordance with 41.306(3) “a”;
- c. The relevant behavior, if any, noted during the observation of the child and the relationship of that behavior to the child’s academic functioning;
- d. The educationally relevant medical findings, if any;
- e. The determination that:
 - (1) The child does not achieve adequately for the child’s age or to meet grade-level expectations or such grade-level standards the SEA may choose to adopt consistent with 41.309(1) “a”; and
 - (2) The child does not make sufficient progress for the child’s age or to meet grade-level expectations or such grade-level standards the SEA may choose to adopt consistent with 41.309(1) “b”(1); or the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to the child’s age or to meet grade-level expectations, such grade-level standards the SEA may choose to adopt, or intellectual development consistent with 41.309(1) “b”(2);
- f. The determination of the group concerning the effects of a visual, hearing, or motor disability; mental disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the child’s achievement level; and
- g. If the child has participated in a process that assesses the child’s response to scientific, research-based intervention:
 - (1) The instructional strategies used and the student-centered data collected; and
 - (2) The documentation that the child’s parents were notified about:
 - 1. The state’s policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided;
 - 2. Strategies for increasing the child’s rate of learning; and
 - 3. The parents’ right to request an evaluation.

41.311(2) *Certification required.* Each group member must certify in writing whether the report reflects the member’s conclusion. If it does not reflect the member’s conclusion, the group member must submit a separate statement presenting the member’s conclusions.

281—41.312(256B,34CFR300) General education interventions. Each LEA, in conjunction with the AEA, shall attempt to resolve the presenting problem or behaviors of concern in the general education environment prior to conducting a full and individual evaluation. In circumstances when the development and implementation of general education interventions are not appropriate to the needs of the individual, the IEP team and, as appropriate, other qualified professionals, may determine that a full and individual initial evaluation shall be conducted. Documentation of the rationale for such action shall be included in the individual’s educational record.

41.312(1) *Notice to parents.* Each LEA shall provide general notice to parents on an annual basis about the provision of general education interventions that occur as a part of the agency’s general program and that may occur at any time throughout the school year.

41.312(2) *Nature of general education interventions.* General education interventions shall include teacher consultation with special education support and instructional personnel working collaboratively to improve an individual’s educational performance. The activities shall be documented and shall include measurable and goal-directed attempts to resolve the presenting problem or behaviors of concern, communication with parents, collection of data related to the presenting problem or behaviors of concern, intervention design and implementation, and systematic progress monitoring to measure the effects of interventions.

41.312(3) *Referral for full and individual initial evaluation.* If the referring problem or behaviors of concern are shown to be resistant to general education interventions or if interventions are demonstrated

to be effective but require continued and substantial effort that may include the provision of special education and related services, the agency shall then conduct a full and individual initial evaluation.

41.312(4) *Parent may request evaluation at any time.* The parent of a child receiving general education interventions may request that the agency conduct a full and individual initial evaluation at any time during the implementation of such interventions.

281—41.313(256B,34CFR300) Systematic problem-solving process.

41.313(1) *Definition.* When used by an AEA in its identification process, “systematic problem-solving” means a set of procedures that is used to examine the nature and severity of an educationally related problem. These procedures primarily focus on variables related to developing effective educationally related interventions.

41.313(2) *Parent participation in systematic problem-solving process.* Active parent participation is an integral aspect of the process and is solicited throughout.

41.313(3) *Components.* At a minimum, a systematic problem-solving process includes the following components.

a. Description of problem. The presenting problem or behavior of concern shall be described in objective, measurable terms that focus on alterable characteristics of the individual and the environment. The individual and environment shall be examined through systematic data collection. The presenting problem or behaviors of concern shall be defined in a problem statement that describes the degree of discrepancy between the demands of the educational setting and the individual’s performance.

b. Data collection and problem analysis. A systematic, data-based process for examining all that is known about the presenting problem or behaviors of concern shall be used to identify interventions that have a high likelihood of success. Data collected on the presenting problem or behaviors of concern shall be used to plan and monitor interventions. Data collected shall be relevant to the presenting problem or behaviors of concern and shall be collected in multiple settings using multiple sources of information and multiple data collection methods. Data collection procedures shall be individually tailored, valid, and reliable, and allow for frequent and repeated measurement of intervention effectiveness.

c. Intervention design and implementation. Interventions shall be designed based on the preceding analysis, the defined problem, parent input, and professional judgments about the potential effectiveness of interventions. The interventions shall be described in an intervention plan that includes goals and strategies, a progress monitoring plan, a decision-making plan for summarizing and analyzing progress monitoring data, and responsible parties. Interventions shall be implemented as developed and modified on the basis of objective data and with the agreement of the responsible parties.

d. Progress monitoring. Systematic progress monitoring shall be conducted which includes regular and frequent data collection, analysis of individual performance across time, and modification of interventions as frequently as necessary based on systematic progress monitoring data.

e. Evaluation of intervention effects. The effectiveness of interventions shall be evaluated through a systematic procedure in which patterns of individual performance are analyzed and summarized. Decisions regarding the effectiveness of interventions focus on comparisons with initial levels of performance.

41.313(4) *Rule of construction.* A systematic problem-solving process may be used for any child suspected of being an eligible individual, and nothing in this chapter nor in Part B of the Act shall be construed to limit the applicability of a systematic problem-solving process to children suspected of having a certain type of disability.

281—41.314 to 41.319 Reserved.

281—41.320(256B,34CFR300) Definition of individualized education program.

41.320(1) *General.* As used in this chapter, the term “individualized education program” or “IEP” means a written statement for each child with a disability that is developed, reviewed, and revised in a meeting in accordance with these rules, and that must include:

a. A statement of the child's present levels of academic achievement and functional performance, including:

(1) How the child's disability affects the child's involvement and progress in the general education curriculum (i.e., the same curriculum as for nondisabled children); or

(2) For preschool children, as appropriate, how the disability affects the child's participation in appropriate activities;

b. A statement of measurable annual goals, including academic and functional goals designed to meet:

(1) The child's needs that result from the child's disability to enable the child to be involved in and make progress in the general education curriculum; and

(2) Each of the child's other educational needs that result from the child's disability;

c. For children with disabilities who take alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives;

d. A description of:

(1) How the child's progress toward meeting the annual goals described in 41.320(1) "b" will be measured; and

(2) When periodic reports on the progress the child is making toward meeting the annual goals, such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards, will be provided;

e. A statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided to enable the child:

(1) To advance appropriately toward attaining the annual goals;

(2) To be involved in and make progress in the general education curriculum in accordance with 41.320(1) "a," and to participate in extracurricular and other nonacademic activities; and

(3) To be educated and participate with other children with disabilities and nondisabled children in the activities described in this rule;

f. An explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in the activities described in 41.320(1) "e";

g. A statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on state and districtwide assessments consistent with Section 612(a)(16) of the Act; and, if the IEP team determines that the child must take an alternate assessment instead of a particular regular state or districtwide assessment of student achievement, a statement of why the child cannot participate in the regular assessment and why the particular alternate assessment selected is appropriate for the child; and

h. The projected date for the beginning of the services and modifications described in 41.320(1) "e" and the anticipated frequency, location, and duration of those services and modifications.

41.320(2) Transition services. Beginning not later than the first IEP to be in effect when the child turns 14, or younger if determined appropriate by the IEP team, and updated annually, thereafter, the IEP must include:

a. Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills; and

b. The transition services, including courses of study, needed to assist the child in reaching those goals.

41.320(3) Transfer of rights at age of majority. Beginning not later than one year before the child reaches the age of majority under state law, the IEP must include a statement that the child has been informed of the child's rights under Part B of the Act, if any, that will transfer to the child on reaching the age of majority under rule 41.520(256B,34CFR300).

41.320(4) Construction. Nothing in this rule shall be construed to require:

a. That additional information be included in a child's IEP beyond what is explicitly required in Section 614 of the Act; or

b. The IEP team to include information under one component of a child's IEP that is already contained under another component of the child's IEP.

41.320(5) *Special considerations.* The IEP, or an associated document, must contain the answers to the questions contained in subrule 41.116(4).

41.320(6) *Prohibited practices.* An IEP shall not include practices that are precluded by constitution, statute, this chapter, or any other applicable law.

281—41.321(256B,34CFR300) IEP team.

41.321(1) *General.* The public agency must ensure that the IEP team for each child with a disability includes the following:

- a.* The parents of the child;
- b.* At least one regular education teacher of the child if the child is, or may be, participating in the regular education environment;
- c.* At least one special education teacher of the child or, where appropriate, at least one special education provider of the child;
- d.* A representative of the public agency who:
 - (1) Is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities;
 - (2) Is knowledgeable about the general education curriculum; and
 - (3) Is knowledgeable about the availability of resources of the public agency.
- e.* An individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in 41.321(1) "b" to "f";
- f.* At the discretion of the parent or the agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate; and
- g.* Whenever appropriate, the child with a disability.

41.321(2) *Transition services participants.*

a. In accordance with 41.321(1) "g," the public agency must invite a child with a disability to attend the child's IEP team meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals under subrule 41.320(2).

b. If the child does not attend the IEP team meeting, the public agency must take other steps to ensure that the child's preferences and interests are considered.

c. To the extent appropriate, with the consent of the parents or a child who has reached the age of majority, in implementing the requirements of 41.321(2) "a," the public agency must invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

41.321(3) *Determination of knowledge and special expertise.* The determination of the knowledge or special expertise of any individual described in 41.321(1) "f" must be made by the party (parents or public agency) who invited the individual to be a member of the IEP team.

41.321(4) *Designating a public agency representative.* A public agency may designate a public agency member of the IEP team to also serve as the agency representative, if the criteria in 41.321(1) "d" are satisfied.

41.321(5) *IEP team attendance.*

a. A member of the IEP team described in 41.321(1) "b" to "e" is not required to attend an IEP team meeting, in whole or in part, if the parent of a child with a disability and the public agency agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

b. A member of the IEP team described in 41.321(5) "a" may be excused from attending an IEP team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if:

- (1) The parent, in writing, and the public agency consent to the excusal; and
- (2) The member submits, in writing to the parent and the IEP team, input into the development of the IEP prior to the meeting.

41.321(6) *Initial IEP team meeting for child under Part C.* In the case of a child who was previously served under Part C of the Act, an invitation to the initial IEP team meeting must, at the request of the parent, be sent to the Part C service coordinator or other representatives of the Part C system to assist with the smooth transition of services.

281—41.322(256B,34CFR300) Parent participation.

41.322(1) *Public agency responsibility—general.* Each public agency must take steps to ensure that one or both of the parents of a child with a disability are present at each IEP team meeting or are afforded the opportunity to participate, including:

- a.* Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and
- b.* Scheduling the meeting at a mutually agreed-upon time and place.

41.322(2) *Information provided to parents.*

- a.* The notice required under 41.322(1) “*a*” must:

- (1) Indicate the purpose, time, and location of the meeting and who will be in attendance (name and position); and

- (2) Inform the parents of the provisions in 41.321(1) “*f*” and 41.321(3) relating to the participation of other individuals on the IEP team who have knowledge or special expertise about the child and subrule 41.321(6) relating to the participation of the Part C service coordinator or other representatives of the Part C system at the initial IEP team meeting for a child previously served under Part C of the Act.

- b.* For a child with a disability, beginning not later than the first IEP to be in effect when the child turns 14, or younger if determined appropriate by the IEP team, the notice also must:

- (1) Indicate that a purpose of the meeting will be the consideration of the postsecondary goals and transition services for the child, in accordance with subrule 41.320(2), and that the agency will invite the student; and

- (2) Identify any other agency that will be invited to send a representative.

41.322(3) *Other methods to ensure parent participation.* If neither parent can attend an IEP team meeting, the public agency must use other methods to ensure parent participation, including individual or conference telephone calls, consistent with rule 41.328(256B,34CFR300) related to alternative means of meeting participation.

41.322(4) *Conducting an IEP team meeting without a parent in attendance.* A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case, the public agency must keep a record of its attempts to arrange a mutually agreed-upon time and place, including:

- a.* Detailed records of telephone calls made or attempted and the results of those calls;
- b.* Copies of correspondence sent to the parents and any responses received; and
- c.* Detailed records of visits made to the parent’s home or place of employment and the results of those visits.

41.322(5) *Use of interpreters or other action, as appropriate.* The public agency must take whatever action is necessary to ensure that the parent understands the proceedings of the IEP team meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.

41.322(6) *Parent copy of child’s IEP.* The public agency must give the parent a copy of the child’s IEP at no cost to the parent.

41.322(7) *Rule of construction: “final” versus “draft” IEPs.* An agency shall not present a completed and finalized IEP to parents before there has been a full discussion with the parents regarding the eligible individual’s need for special education and related services and the services the agency will provide to the individual. An agency may come prepared with evaluation findings, proposed statements of present levels of educational performance, proposed recommendations regarding annual goals or

instructional objectives, and proposals concerning the nature of special education and related services to be provided. The agency shall inform the parents at the outset of the meeting that the proposals are only recommendations for review and discussion with the parents.

281—41.323(256B,34CFR300) When IEPs must be in effect.

41.323(1) General. An IEP must be in effect before special education and related services are provided to eligible individuals. At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in rule 41.320(256B,34CFR300).

41.323(2) Reserved.

41.323(3) Initial IEPs; provision of services. Each public agency must ensure that:

a. A meeting to develop an IEP for a child is conducted within 30 days of a determination that the child needs special education and related services; and

b. As soon as possible following development of the IEP, special education and related services are made available to the child in accordance with the child's IEP.

41.323(4) Accessibility of child's IEP to teachers and others. Each public agency must ensure that:

a. The child's IEP is accessible to each regular education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and

b. Each teacher and provider described in 41.323(4) "a" is informed of:

(1) His or her specific responsibilities related to implementing the child's IEP; and

(2) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

41.323(5) IEPs for children who transfer public agencies in the same state. If a child with a disability who had an IEP that was in effect in a previous public agency in this state transfers to a new public agency in this state and enrolls in a new school within the same school year, the new public agency, in consultation with the parents, must provide FAPE to the child including services comparable to those described in the child's IEP from the previous public agency until the new public agency either:

a. Adopts the child's IEP from the previous public agency; or

b. Develops, adopts, and implements a new IEP that meets the applicable requirements in these rules.

41.323(6) IEPs for children who transfer from another state. If a child with a disability who had an IEP that was in effect in a previous public agency in another state transfers to a public agency in this state and enrolls in a new school within the same school year, the receiving public agency, in consultation with the parents, must provide the child with FAPE, including services comparable to those described in the child's IEP from the previous public agency, until the receiving public agency:

a. Conducts an evaluation pursuant to these rules if determined to be necessary by the receiving public agency; and

b. Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in these rules.

41.323(7) Transmittal of records. To facilitate the transition for a child described in subrules 41.323(5) and 41.323(6):

a. The receiving public agency in which the child enrolls must take all reasonable steps to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous public agency in which the child was enrolled, pursuant to 34 CFR Section 99.31(a)(2); and

b. The previous public agency in which the child was enrolled must take all reasonable steps to promptly respond to the request from the receiving public agency.

41.323(8) Other. It is expected that an IEP of an eligible individual will be implemented immediately after an IEP team meeting. Exceptions to this would be when the meeting occurs during the summer or vacation period, unless the child requires services during that period, or where there are circumstances requiring a short delay (e.g., making transportation arrangements); however, there can be no undue delay in providing special education and related services to an eligible individual.

281—41.324(256B,34CFR300) Development, review, and revision of IEP.**41.324(1) *Development of IEP.***

a. General. In developing each child's IEP, the IEP team must consider:

- (1) The strengths of the child;
- (2) The concerns of the parents for enhancing the education of their child;
- (3) The results of the initial or most recent evaluation of the child; and
- (4) The academic, developmental, and functional needs of the child.

b. Consideration of special factors. The IEP team must:

(1) In the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

(2) In the case of a child with limited English proficiency, consider the language needs of the child as those needs relate to the child's IEP;

(3) In the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media, including an evaluation of the child's future needs for instruction in Braille or the use of Braille, that instruction in Braille or the use of Braille is not appropriate for the child;

(4) Consider the communication needs of the child and, in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and

(5) Consider whether the child needs assistive technology devices and services.

c. Requirement with respect to regular education teacher. A regular education teacher of a child with a disability, as a member of the IEP team, must, to the extent appropriate, participate in the development of the IEP of the child, including the determination of:

(1) Appropriate positive behavioral interventions and supports and other strategies for the child; and

(2) Supplementary aids and services, program modifications, and support for school personnel consistent with 41.320(1) "e."

d. Agreement.

(1) In making changes to a child's IEP after the annual IEP team meeting for a school year, the parent of a child with a disability and the public agency may agree not to convene an IEP team meeting for the purposes of making those changes and instead may develop a written document to amend or modify the child's current IEP.

(2) If changes are made to the child's IEP in accordance with 41.324(1) "d"(1), the public agency must ensure that the child's IEP team is informed of those changes.

(3) A public agency may only agree to make changes pursuant to 41.324(1) "d"(1) concerning resources the public agency has the authority to commit.

e. Consolidation of IEP team meetings. To the extent possible, the public agency must encourage the consolidation of reevaluation meetings for the child and other IEP team meetings for the child.

f. Amendments. Changes to the IEP may be made either by the entire IEP team at an IEP team meeting or as provided in 41.324(1) "d" by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments incorporated.

41.324(2) *Review and revision of IEPs.*

a. General. Each public agency must ensure that, subject to 41.324(2) "b" and "c," the IEP team:

(1) Reviews the child's IEP periodically, but not less frequently than annually, to determine whether the annual goals for the child are being achieved; and

(2) Revises the IEP, as appropriate, to address the following:

1. Any lack of expected progress toward the annual goals described in 41.320(1) "b," and in the general education curriculum, if appropriate;

2. The results of any reevaluation conducted under rule 41.303(256B,34CFR300);
3. Information about the child provided to or by the parents, as described in 41.305(1)“b”;
4. The child’s anticipated needs; or
5. Other matters.

b. Consideration of special factors. In conducting a review of the child’s IEP, the IEP team must consider the special factors described in 41.324(1)“b.”

c. Requirement with respect to regular education teacher. A regular education teacher of the child, as a member of the IEP team, must, consistent with 41.324(1)“c,” participate in the review and revision of the IEP of the child.

41.324(3) Failure to meet transition objectives.

a. Participating agency failure. If a participating agency, other than the public agency, fails to provide the transition services described in the IEP in accordance with subrule 41.320(2), the public agency must reconvene the IEP team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

b. Construction. Nothing in this chapter relieves any participating agency, including a state vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.

41.324(4) Children with disabilities in adult prisons.

a. Requirements that do not apply. The following requirements do not apply to children with disabilities who are convicted as adults under state law and incarcerated in adult prisons:

(1) The requirements contained in Section 612(a)(16) of the Act and 41.320(1)“g” relating to participation of children with disabilities in general assessments.

(2) The requirements in subrule 41.320(2) relating to transition planning and transition services do not apply with respect to the children whose eligibility under Part B of the Act will end because of their age before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.

b. Modifications of IEP or placement.

(1) Subject to 41.324(4)“b”(2), the IEP team of a child with a disability who is convicted as an adult under state law and incarcerated in an adult prison may modify the child’s IEP or placement if the state has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(2) The requirements in rules 41.320(256B,34CFR300) relating to IEPs and 41.114(256B,34CFR300) relating to LRE do not apply with respect to the modifications described in 41.324(4)“b”(1).

41.324(5) Interim IEP. An IEP must be in effect before special education and related services are provided to an eligible individual. This does not preclude the development of an interim IEP which meets all the requirements of rule 41.320(256B,34CFR300) when the IEP team determines that it is necessary to temporarily provide special education and related services to an eligible individual as part of the evaluation process, before the IEP is finalized, to aid in determining the appropriate services for the individual. An interim IEP may also be developed when an eligible individual moves from one LEA to another and a copy of the current IEP is not available, or either the LEA or the parent believes that the current IEP is not appropriate or that additional information is needed before a final decision can be made regarding the specific special education and related services that are needed. IEP teams cannot use interim IEPs to circumvent the requirements of this division. It is essential that the temporary provision of service not become the final special education for the individual before the IEP is finalized. In order to ensure that this does not happen, IEP teams shall take the following actions:

a. Specific conditions and timelines. Develop an interim IEP for the individual that sets out the specific conditions and timelines for the temporary service. An interim IEP shall not be in place for more than 30 school days.

b. Parent agreement and involvement. Ensure that the parents agree to the interim service before it is carried out and that they are involved throughout the process of developing, reviewing, and revising the individual's IEP.

c. Complete evaluation and make judgments. Set a specific timeline for completing the evaluation and making judgments about the appropriate services for the individual.

d. Conduct meeting. Conduct an IEP meeting at the end of the trial period in order to finalize the individual's IEP.

281—41.325(256B,34CFR300) Private school placements by public agencies.

41.325(1) Developing IEPs.

a. Before a public agency places a child with a disability in, or refers a child to, a private school or facility, the agency must initiate and conduct a meeting to develop an IEP for the child in accordance with these rules.

b. The agency must ensure that a representative of the private school or facility attends the meeting. If the representative cannot attend, the agency must use other methods to ensure participation by the private school or facility, including individual or conference telephone calls.

41.325(2) Reviewing and revising IEPs.

a. After a child with a disability enters a private school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the private school or facility at the discretion of the public agency.

b. If the private school or facility initiates and conducts these meetings, the public agency must ensure that the parents and an agency representative are involved in any decision about the child's IEP and agree to any proposed changes in the IEP before those changes are implemented.

41.325(3) Responsibility. Even if a private school or facility implements a child's IEP, responsibility for compliance with this chapter remains with the public agency and the SEA.

281—41.326(256B,34CFR300) Other rules concerning IEPs.

41.326(1) Children from birth to the age of three. A fully developed IFSP shall be considered to have met the requirements of an IEP for an eligible individual younger than the age of three.

41.326(2) Support services only. An IEP that satisfies the requirements of this chapter shall be developed for eligible individuals who require only special education support services. The special education support service specialist with knowledge in the area of need shall have primary responsibility for recommending the need for support service, the type or model of service to be provided, and the amount of service to be provided; however, the determination that an individual is eligible for special education shall be based on these rules. Attendance at IEP meetings for students shall be determined in accordance with rule 41.325(256B,34CFR300).

281—41.327(256B,34CFR300) Educational placements. Consistent with subrule 41.501(3), each public agency must ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of the child.

281—41.328(256B,34CFR300) Alternative means of meeting participation. When conducting IEP team meetings and placement meetings under this chapter and carrying out administrative matters under Section 615 of the Act, such as scheduling, exchange of witness lists, and status conferences, the parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

281—41.329 to 41.399 Reserved.

f. An LEA shall make the document describing its delivery system readily available to LEA personnel and members of the public.

g. A director may grant an adjusted caseload status for good cause shown, if an LEA submits a request to the AEA for such status because class size, including the size of a class served by a teacher employed less than full-time, exceeds those limits specified in the portion of the plan required by 41.408(2)“b”(2).

281—41.409(256B,34CFR300) Support services. Support services are the specially designed instruction and activities that augment, supplement or support the educational program of eligible individuals. These services include special education consultant services, educational strategist services, audiology, occupational therapy, physical therapy, school psychology, school social work services, special education nursing services, and speech-language services. Support services are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the board, by another qualified agency.

281—41.410(256B,34CFR300) Itinerant services. Special education may be provided to eligible individuals on an itinerant basis.

41.410(1) School based. Special education may be provided on an itinerant basis whenever the number, age, severity, or location of eligible individuals to be served does not justify the provision of professional personnel on a full-time basis to an attendance center. These services are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the AEA board, by the LEA or another qualified agency.

41.410(2) Home service or hospital service. Special education shall be provided to eligible individuals whose condition precludes their participation in the general and special education provided in schools or related facilities. Home or hospital instructional services shall in ordinary circumstances be provided by the LEA but may be provided by contractual agreement, subject to the approval of the LEA board, by the AEA or another qualified agency. Home or hospital support or related services are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the AEA board, by the LEA or another qualified agency. The provision of services in a home or hospital setting shall satisfy the following:

- a. The service and the location of the service shall be specified in the individual's IEP.
- b. The status of these individuals shall be periodically reviewed to substantiate the continuing need for and the appropriateness of the service.
- c. Procedural safeguards shall be afforded to individuals receiving special education through itinerant services in a home or hospital setting. A need for itinerant services in a home or hospital setting must be determined at a meeting to develop or revise the individual's IEP, and parents must give consent or be given notice, as appropriate.

281—41.411(256B,34CFR300) Related services, supplementary aids and services. Related services and supplementary aids and services shall be provided to an eligible individual in accordance with an IEP. Such services that are also support services under rule 41.409(256B,34CFR300) are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the board, by another qualified agency. Other such services are usually provided by the LEA but may be provided by contractual agreement, subject to the approval of the board, by another qualified agency.

281—41.412(256B,34CFR300) Transportation. Transportation of eligible individuals shall generally be provided as for other individuals, when appropriate. Specialized transportation of an eligible individual to and from a special education instructional service is a function of that service and, therefore, an appropriate expenditure of special education instructional funds generated through the weighting plan. Transportation includes travel to and from school and between schools; travel in and around school buildings; and specialized equipment, such as special or adapted buses, lifts, and ramps, if required to provide special transportation for a child with a disability.

41.412(1) Special arrangements. Transportation of an eligible individual to and from a special education support service is a function of that service, shall be specified in the IEP, and be considered an appropriate expenditure of funds generated for special education support services. When, because of an eligible individual's educational needs or because of the location of the program, the IEP team determines that unique transportation arrangements are required and the arrangements are specified in the IEP, the resident LEA shall be required to provide one or more of the following transportation arrangements for instructional services and the AEA for support services:

- a. Transportation from the eligible individual's residence to the location of the special education services and back to the individual's residence, or child care placement for eligible individuals below the age of six.
- b. Special assistance or adaptations in getting the eligible individual to and from and on and off the vehicle, en route to and from the special education services.
- c. Reimbursement of the actual costs of transportation when by mutual agreement the parents provide transportation for the eligible individual to and from the special education services.

d. Agencies are not required to provide reimbursement to parents who elect to provide transportation in lieu of agency-provided transportation.

41.412(2) Responsibility for transportation.

a. The AEA shall provide the cost of transportation of eligible individuals to and from special education support services. The AEA shall provide the cost of transportation necessary for the provision of special education support services to nonpublic school eligible individuals if the cost of that transportation is in addition to the cost of transportation provided for special education instructional services.

b. When individuals enrolled in nonpublic schools are dually enrolled in public schools to receive special education instructional services, transportation provisions between nonpublic and public attendance centers will be the responsibility of the school district of residence.

c. Transportation of individuals, when required for educational diagnostic purposes, is a special education support service and, therefore, an appropriate expenditure of funds generated for special education support services.

41.412(3) Purchase of transportation equipment. When it is necessary for an LEA to purchase equipment to transport eligible individuals to special education instructional services, this equipment shall be purchased from the LEA's general fund. The direct purchase of transportation equipment is not an appropriate expenditure of special education instructional funds generated through the weighting plan. A written schedule of depreciation for this transportation equipment shall be developed by the LEA. An annual charge to special education instructional funds generated through the weighting plan for depreciation of the equipment shall be made and reported as a special education transportation cost in the LEA Certified Annual Report. Annual depreciation charges, except in unusual circumstances, shall be calculated by the LEA according to the directions provided with the Annual Transportation Report and adjusted to reflect the proportion of special education mileage to the total annual mileage.

41.412(4) Lease of transportation equipment. An LEA may elect to lease equipment to transport eligible individuals to special education instructional services. Cost of the lease, or that portion of the lease attributable to special education transportation expense, shall be considered a special education transportation cost and reported in the LEA Certified Annual Report.

41.412(5) Transportation equipment safety standards. All transportation equipment, either purchased or leased by an LEA to transport eligible individuals to special education instructional services or provided by an AEA, must conform to the transportation equipment safety and construction standards contained in 281—Chapters 43 and 44.

41.412(6) Transportation for students in interdistrict and intradistrict school choice programs, such as open enrollment. The following provisions apply to the transportation of eligible individuals who participate in school choice programs.

a. A parent who elects to have an eligible individual attend another school within an LEA may be required by the LEA to provide transportation to that eligible individual, even if transportation is listed on the eligible individual's IEP as a service.

b. If a parent elects to have an eligible individual with transportation listed as a service on the individual's IEP attend a school in a different LEA under the open enrollment provisions of Iowa Code section 282.18 and Iowa Administrative Code 281—Chapter 17, and the resident district informs the parent it will not be providing transportation for the eligible individual to the receiving district, a parent who chooses to proceed with open enrollment will be deemed, as a matter of law, to have waived the transportation listed as a service on the IEP.

c. If a parent of an eligible individual with transportation listed as a service on the individual's IEP elects to have the eligible individual attend a school in a different LEA under the open enrollment provisions of Iowa Code section 282.18 and Iowa Administrative Code 281—Chapter 17, and the resident district elects to provide that transportation as a service, such transportation as a related service may be provided by the resident district, regardless of consent granted or refused by the receiving district and notwithstanding any other statute or rule to the contrary.

d. If a parent of an eligible individual with transportation listed as a service on the individual's IEP elects to have the eligible individual attend a school in a different LEA under the open enrollment

provisions of Iowa Code section 282.18 and Iowa Administrative Code 281—Chapter 17, and the receiving district elects to provide that transportation as a service, such transportation as a related service may be provided by the receiving district, regardless of consent granted or refused by the resident district and notwithstanding any other statute or rule to the contrary, but the costs of such transportation shall not be paid by the individual's resident district.

e. If an eligible individual's placement team proposes placement in a district other than the district of residence based on a tuition arrangement, regardless of whether the eligible individual's IEP lists transportation as a related service, and the other district agrees to accept the eligible individual as an open enrollment student but not as a tuition student, the receiving district must provide transportation as a related service, regardless of consent granted or refused by the receiving district and notwithstanding any other statute or rule to the contrary.

f. Except as expressly provided in this subrule, nothing in this subrule creates or expands any right, license, or privilege concerning transportation of persons who are not eligible individuals or transportation of eligible individuals who do not have transportation listed as a service on an IEP.

281—41.413(256,256B,34CFR300) Additional rules relating to accredited nonpublic schools.

41.413(1) *State and local funds under Iowa Code section 256.12.* State and local funds expended to provide special education and related services to eligible individuals who receive special education and related services in accredited nonpublic schools under Iowa Code section 256.12 must be expended on services, including materials and equipment, that are secular, neutral, and nonideological and, unless a provision of section 256.12 specifically requires the contrary, are subject to the restrictions contained in rules 41.138(256,256B,34CFR300) to 41.144(256,256B,34CFR300).

41.413(2) *Placements by public agencies.* State and local funds expended to provide special education and related services to eligible individuals who receive special education and related services in accredited nonpublic schools pursuant to a placement made or referred by a public agency pursuant to rules 41.145(256B,34CFR300) to 41.147(256B,34CFR300) must be expended on services, including materials and equipment, that are secular, neutral, and nonideological and, unless a provision of law specifically requires the contrary, are subject to the restrictions contained in rules 41.138(256,256B,34CFR300) to 41.144(256, 256B,34CFR300).

281—41.414 to 41.499 Reserved.

DIVISION VII
PROCEDURAL SAFEGUARDS

281—41.500(256B,34CFR300) Responsibility of SEA and other public agencies. The department shall ensure that each public agency establishes, maintains, and implements procedural safeguards that meet the requirements of rules 41.500(256B,34CFR300) to 41.536(256B,34CFR300).

281—41.501(256B,34CFR300) Opportunity to examine records; parent participation in meetings.

41.501(1) *Opportunity to examine records.* The parents of a child with a disability must be afforded, in accordance with the procedures of rules 41.613(256B,34CFR300) to 41.621(256B,34CFR300), an opportunity to inspect and review all education records with respect to:

- a.* The identification, evaluation, and educational placement of the child; and
- b.* The provision of FAPE to the child.

41.501(2) *Parent participation in meetings.*

a. The parents of a child with a disability must be afforded an opportunity to participate in meetings with respect to:

- (1) The identification, evaluation, and educational placement of the child; and
- (2) The provision of FAPE to the child.

b. Each public agency must provide notice consistent with 41.322(1)“a” and 41.322(2)“b” to ensure that parents of children with disabilities have the opportunity to participate in meetings described in 41.501(2)“a.”

c. A meeting does not include informal or unscheduled conversations involving public agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that public agency personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

41.501(3) *Parent involvement in placement decisions.*

a. Each public agency must ensure that a parent of each child with a disability is a member of any group that makes decisions on the educational placement of the parent's child.

b. In implementing the requirements of 41.501(3) "a," the public agency must use procedures consistent with the procedures described in 41.322(1) to 41.322(2) "a."

c. If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the public agency must use other methods to ensure their participation, including individual or conference telephone calls, or video conferencing.

d. A placement decision may be made by a group without the involvement of a parent, if the public agency is unable to obtain the parent's participation in the decision. In this case, the public agency must have a record of its attempt to ensure parental involvement.

281—41.502(256B,34CFR300) Independent educational evaluation.

41.502(1) *General.*

a. The parents of a child with a disability have the right to obtain an independent educational evaluation of the child, subject to subrules 41.502(2) to 41.502(5).

b. Each public agency must provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained and the agency criteria applicable for independent educational evaluations as set forth in subrule 41.502(5).

c. For the purposes of this division:

(1) "Independent educational evaluation" means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question; and

(2) "Public expense" means that the AEA either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent.

41.502(2) *Parent right to evaluation at public expense.*

a. A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the AEA, subject to the conditions in 41.502(2) "b" to "d."

b. If a parent requests an independent educational evaluation at public expense, the AEA must, without unnecessary delay, either:

(1) File a due process complaint to request a hearing to show that its evaluation is appropriate; or

(2) Ensure that an independent educational evaluation is provided at public expense, unless the AEA demonstrates in a hearing pursuant to these rules that the evaluation obtained by the parent did not meet agency criteria.

c. If the AEA files a due process complaint notice to request a hearing and the final decision is that the AEA's evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

d. If a parent requests an independent educational evaluation, the AEA may ask for the parent's reason why the parent objects to the public evaluation. However, the AEA may not require the parent to provide an explanation and may not unreasonably delay either providing the independent educational evaluation at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation.

e. A parent is entitled to only one independent educational evaluation at public expense each time a public agency conducts an evaluation with which the parent disagrees.

41.502(3) *Parent-initiated evaluations.* If the parent obtains an independent educational evaluation at public expense or shares with a public agency an evaluation obtained at private expense, the results of the evaluation:

a. Must be considered by the public agency, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the child; and

b. May be presented by any party as evidence at a hearing on a due process complaint under this chapter regarding that child.

41.502(4) *Requests for evaluations by administrative law judges.* If an administrative law judge requests an independent educational evaluation as part of a hearing on a due process complaint, the cost of the evaluation must be at public expense.

41.502(5) *Agency criteria.*

a. If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

b. Except for the criteria described in 41.502(5) "*a*," a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

c. Each AEA shall establish policy and procedures for implementing this rule.

281—41.503(256B,34CFR300) Prior notice by the public agency; content of notice.

41.503(1) *Notice.* Written notice that meets the requirements of subrule 41.503(2) must be given to the parents of a child with a disability within a reasonable time before the public agency:

a. Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or

b. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.

41.503(2) *Content of notice.* The notice required under subrule 41.503(1) must include the following:

a. A description of the action proposed or refused by the agency;

b. An explanation of why the agency proposes or refuses to take the action;

c. A description of each evaluation procedure, assessment, record, or report the agency used as a basis for the proposed or refused action;

d. A statement that the parents of a child with a disability have protection under the procedural safeguards of this chapter and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;

e. Sources for parents to contact to obtain assistance in understanding the provisions of this chapter;

f. A description of other options that the IEP team considered and the reasons why those options were rejected; and

g. A description of other factors that are relevant to the agency's proposal or refusal.

41.503(3) *Notice in understandable language.*

a. The notice required under subrule 41.503(1) must be written in language understandable to the general public, and must be provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

b. If the native language or other mode of communication of the parent is not a written language, the public agency must take steps to ensure the following:

(1) The notice is translated orally or by other means to the parent in the parent's native language or other mode of communication;

(2) The parent understands the content of the notice; and

(3) There is written evidence that the requirements in 41.503(3) "*b*" (1) and (2) have been met.

281—41.504(256B,34CFR300) Procedural safeguards notice.

41.504(1) *General.* A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only once a school year, except that a copy also must be given to the parents as follows:

a. Upon initial referral or parent request for evaluation;

b. Upon receipt of the first state complaint under rules 41.151(256B,34CFR300) to 41.153(256B,34CFR300) and upon receipt of the first due process complaint under 41.507(256B,34CFR300) in a school year;

c. In accordance with the discipline procedures in subrule 41.530(8); and

d. Upon request by a parent.

41.504(2) *Internet Web site.* A public agency may place a current copy of the procedural safeguards notice on its Internet Web site if a Web site exists.

41.504(3) *Contents.* The procedural safeguards notice must include a full explanation of all the procedural safeguards available under this chapter relating to the following:

a. Independent educational evaluations;

b. Prior written notice;

c. Parental consent;

d. Access to education records;

e. Opportunity to present and resolve complaints through the due process complaint and state complaint procedures, and must explain:

(1) The time period in which to file a complaint;

(2) The opportunity for the agency to resolve the complaint; and

(3) The difference between the due process complaint and the state complaint procedures, including the jurisdiction of each procedure, what issues may be raised, filing and decisional timelines, and relevant procedures;

f. The availability of mediation;

g. The child's placement during the pendency of any due process complaint;

h. Procedures for students who are subject to placement in an interim alternative educational setting;

i. Requirements for unilateral placement by parents of children in private schools at public expense;

j. Hearings on due process complaints, including requirements for disclosure of evaluation results and recommendations;

k. Civil actions, including the time period in which to file those actions; and

l. Attorneys' fees.

41.504(4) *Notice in understandable language.* The notice required under subrule 41.504(1) must meet the requirements of subrule 41.503(3).

41.504(5) *"Summaries" of procedural safeguards limited.* An AEA or LEA may only provide a document summarizing the procedural safeguards notice if that document has been approved by the department. Any summary must inform parents that the summary is only provided for the convenience of the reader and is not a replacement for the procedural safeguards notice. Any approved summary of the procedural safeguards notice shall be given along with the procedural safeguards notice and shall not be given in place of the procedural safeguards notice.

281—41.505(256B,34CFR300) *Electronic mail.* A parent of a child with a disability may elect to receive notices required by these rules by an electronic mail communication, if the public agency makes that option available.

281—41.506(256B,34CFR300) *Mediation.*

41.506(1) *General.* Each public agency must ensure that procedures are established and implemented to allow parties involved in disputes relating to any matter under this chapter, including matters arising prior to the filing of a due process complaint, to resolve disputes through a mediation process.

41.506(2) *Requirements.* The procedures must meet the following requirements:

a. The procedures must ensure that the mediation process:

(1) Is voluntary on the part of the parties;

(2) Is not used to deny or delay a parent's right to a hearing on the parent's due process complaint, or to deny any other rights afforded under Part B of the Act; and

(3) Is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

b. A public agency may establish procedures to offer to parents and schools that choose not to use the mediation process, an opportunity to meet, at a time and location convenient to the parents, with a disinterested party:

(1) Who is under contract with an appropriate alternative dispute resolution entity, or a parent training and information center or community parent resource center in the state established under Section 671 or 672 of the Act; and

(2) Who would explain the benefits of, and encourage the use of, the mediation process to the parents.

c. State responsibility for mediation.

(1) The state must maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.

(2) The SEA must select mediators on a random, rotational, or other impartial basis.

d. The state must bear the cost of the mediation process, including the costs of meetings described in 41.506(2) "b."

e. Each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute.

f. If the parties resolve a dispute through the mediation process, the parties must execute a legally binding agreement that sets forth that resolution and that:

(1) States that all discussions that occurred during the mediation process will remain confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding; and

(2) Is signed by both the parent and a representative of the agency who has the authority to bind the agency.

g. A written, signed mediation agreement is enforceable in any state court of competent jurisdiction or in a district court of the United States. Discussions that occur during the mediation process must be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding of any federal court or state court.

41.506(3) *Impartiality of mediator.*

a. An individual who serves as a mediator under this chapter:

(1) May not be an employee of the SEA or the LEA that is involved in the education or care of the child; and

(2) Must not have a personal or professional interest that conflicts with the person's objectivity.

b. A person who otherwise qualifies as a mediator is not an employee of an LEA or state agency described under rule 41.228(256B,34CFR300) solely because the person is paid by the agency to serve as a mediator.

41.506(4) *Special definition.* In this chapter and in Iowa practice, a request for mediation filed before the filing of a due process complaint is referred to as a "request for a special education preappeal conference," further described in rule 41.1002(256B,34CFR300).

281—41.507(256B,34CFR300) Filing a due process complaint.

41.507(1) *General.*

a. Subject matter of due process complaint. A parent or a public agency may file a due process complaint on any of the matters described in subrule 41.503(1) relating to the identification, evaluation or educational placement of a child with a disability, or the provision of FAPE to the child.

b. The due process complaint must allege a violation that occurred not more than two years before the date the parent or public agency knew or should have known about the alleged action that forms the basis of the due process complaint, except that the exceptions to the timeline described in subrule 41.511(6) apply to the timeline in this rule.

41.507(2) *Information for parents.* The public agency must inform the parent of any free or low-cost legal and other relevant services available in the area if the parent requests the information or the parent or the agency files a due process complaint under this rule.

41.507(3) *Synonymous term.* Whenever the term “request for due process hearing” is used in prior department rules and documents, that term shall be construed to mean “due process complaint.”

281—41.508(256B,34CFR300) Due process complaint.

41.508(1) *General.* A due process complaint shall be provided to the department, and a copy shall be provided to each party to the complaint.

41.508(2) *Content of complaint.* The due process complaint required in subrule 41.508(1) must include the following information:

- a. The name of the child;
- b. The address of the residence of the child;
- c. The name of the school the child is attending;
- d. In the case of a homeless child or youth within the meaning of Section 725(2) of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11434a(2), available contact information for the child and the name of the school the child is attending;
- e. A description of the nature of the problem of the child relating to the proposed or refused initiation or change, including facts relating to the problem; and
- f. A proposed resolution of the problem to the extent known and available to the party at the time.

41.508(3) *Notice required before a hearing on a due process complaint.* A party may not have a hearing on a due process complaint until the party, or the attorney representing the party, files a due process complaint that meets the requirements of subrule 41.508(2).

41.508(4) *Sufficiency of complaint.*

a. *General.* The due process complaint required by this rule must be deemed sufficient unless the party receiving the due process complaint notifies the administrative law judge and the other party in writing, within 15 days of receipt of the due process complaint, that the receiving party believes the due process complaint does not meet the requirements in subrule 41.508(2).

b. *Determination.* Within five days of receipt of notification under 41.508(4)“a,” the administrative law judge must make a determination on the face of the due process complaint of whether the due process complaint meets the requirements of subrule 41.508(2), and must immediately notify the parties in writing of that determination.

c. *Amending due process complaint.* A party may amend its due process complaint only if:

(1) The other party consents in writing to the amendment and is given the opportunity to resolve the due process complaint through a meeting held pursuant to rule 41.510(256B,34CFR300); or

(2) The administrative law judge grants permission, except that the administrative law judge may only grant permission to amend at any time not later than five days before the due process hearing begins.

d. *Timelines after amendment.* If a party files an amended due process complaint, the timelines for the resolution meeting in subrule 41.510(1) and the time period to resolve in 41.510(2) begin again with the filing of the amended due process complaint.

41.508(5) *LEA response to a due process complaint.*

a. *General.* If the LEA has not sent a prior written notice to the parent regarding the subject matter contained in the parent’s due process complaint, the LEA must, within ten days of receiving the due process complaint, send to the parent a response that includes the following:

(1) An explanation of why the agency proposed or refused to take the action raised in the due process complaint;

(2) A description of other options that the IEP team considered and the reasons why those options were rejected;

(3) A description of each evaluation procedure, assessment, record, or report the agency used as the basis for the proposed or refused action; and

(4) A description of the other factors that are relevant to the agency’s proposed or refused action.

b. Rule of construction. A response by an LEA under 41.508(5)“a” shall not be construed to preclude the LEA from asserting that the parent’s due process complaint was insufficient, where appropriate.

41.508(6) Other party response to a due process complaint. Except as provided in subrule 41.508(5), the party receiving a due process complaint must, within ten days of receiving the due process complaint, send to the other party a response that specifically addresses the issues raised in the due process complaint.

281—41.509(256B,34CFR300) Model forms.

41.509(1) Forms available. The department shall develop model forms to assist parents and public agencies in filing a due process complaint and to assist parents and other parties in filing a state complaint; however, the department or LEA may not require the use of the model forms.

41.509(2) Use of forms. Parents, public agencies, and other parties may use the appropriate model form described in subrule 41.509(1), or another form or other document, so long as the form or document that is used meets, as appropriate, the content requirements in subrule 41.508(2) for filing a due process complaint, or the requirements in subrule 41.153(2) for filing a state complaint.

281—41.510(256B,34CFR300) Resolution process.

41.510(1) Resolution meeting.

a. General. Within 15 days of receiving notice of the parent’s due process complaint, and prior to the initiation of a due process hearing, the LEA must convene a meeting with the parent and the relevant member or members of the IEP team who have specific knowledge of the facts identified in the due process complaint that:

(1) Includes a representative of the public agency who has decision-making authority on behalf of that agency; and

(2) May not include an attorney of the LEA unless the parent is accompanied by an attorney.

b. Purpose of meeting. The purpose of the meeting is for the parent of the child to discuss the due process complaint and the facts that form the basis of the due process complaint so that the LEA has the opportunity to resolve the dispute that is the basis for the due process complaint.

c. When meeting not necessary. The meeting described in 41.510(1)“a” and “b” need not be held if the parent and the LEA agree in writing to waive the meeting, or the parent and the LEA agree to use the mediation process described in rule 41.506(256B,34CFR300).

d. Determining relevant members of IEP team. The parent and the LEA determine the relevant members of the IEP team to attend the meeting.

41.510(2) Resolution period.

a. General. If the LEA has not resolved the due process complaint to the satisfaction of the parent within 30 days of the receipt of the due process complaint, the due process hearing may occur.

b. Timeline for decision. Except as provided in subrule 41.510(3), the timeline for issuing a final decision under rule 41.515(256B,34CFR300) begins at the expiration of this 30-day period.

c. Failure of parent to participate: delay of timeline. Except where the parties have jointly agreed to waive the resolution process or to use mediation, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.

d. Failure of parent to participate: dismissal of complaint. If the LEA is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made and documented using the procedures in subrule 41.322(4), the LEA may, at the conclusion of the 30-day period, request that the administrative law judge dismiss the parent’s due process complaint.

e. Failure of LEA to hold meeting. If the LEA fails to hold the resolution meeting specified in subrule 41.510(1) within 15 days of receiving notice of a parent’s due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of the administrative law judge to begin the due process hearing timeline.

41.510(3) *Adjustments to 30-day resolution period.* The 45-day timeline for the due process hearing in subrule 41.515(1) starts the day after one of the following events:

- a.* Both parties agree in writing to waive the resolution meeting;
- b.* After either the mediation or resolution meeting starts but before the end of the 30-day period, the parties agree in writing that no agreement is possible;
- c.* If all parties agree in writing to continue the mediation at the end of the 30-day resolution period, but later the parent or public agency withdraws from the mediation process.

41.510(4) *Written settlement agreement.* If a resolution to the dispute is reached at the meeting described in 41.510(1) “*a*” and “*b*,” the parties must execute a legally binding agreement that is:

- a.* Signed by both the parent and a representative of the agency who has the authority to bind the agency; and
- b.* Enforceable in any state court of competent jurisdiction or in a district court of the United States, or, by the department, including but not limited to through the state complaint process.

41.510(5) *Agreement review period.* If the parties execute an agreement pursuant to subrule 41.510(4), a party may void the agreement within three business days of the agreement’s execution.

281—41.511(256B,34CFR300) Impartial due process hearing.

41.511(1) *General.* Whenever a due process complaint is received under this division, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing, consistent with the procedures in this chapter.

41.511(2) *SEA responsible for conducting the due process hearing.* The hearing described in subrule 41.511(1) must be conducted by the department.

41.511(3) *Administrative law judge.*

- a. Minimum qualifications.* At a minimum, an administrative law judge:
 - (1) Must not be an employee of the SEA or the LEA that is involved in the education or care of the child or a person having a personal or professional interest that conflicts with the person’s objectivity in the hearing;
 - (2) Must possess knowledge of, and the ability to understand, the provisions of the Act, federal and state regulations pertaining to the Act, and legal interpretations of the Act by federal and state courts;
 - (3) Must possess the knowledge and ability to conduct hearings in accordance with appropriate, standard legal practice; and
 - (4) Must possess the knowledge and ability to render and write decisions in accordance with appropriate, standard legal practice.
- b. Rule of construction.* A person who otherwise qualifies to conduct a hearing under 41.511(3) “*a*” is not an employee of the agency solely because the person is paid by the agency to serve as an administrative law judge.
- c. SEA to maintain list of administrative law judges.* The department shall keep a list of the persons who serve as administrative law judges. The list must include a statement of the qualifications of each of those persons.

41.511(4) *Subject matter of due process hearings.* The party requesting the due process hearing may not raise issues at the due process hearing that were not raised in the due process complaint filed under subrule 41.508(2), unless each of the other parties agrees otherwise.

41.511(5) *Timeline for requesting a hearing.* A parent or agency must request an impartial hearing on the due process complaint within two years of the date the parent or agency knew or should have known about the alleged action that forms the basis of the due process complaint.

41.511(6) *Exceptions to the timeline.* The timeline described in subrule 41.511(5) does not apply to a parent if the parent was prevented from filing a due process complaint due to either of the following:

- a.* Specific misrepresentations by the LEA that it had resolved the problem forming the basis of the due process complaint; or
- b.* The LEA’s withholding of information from the parent that was required under this chapter to be provided to the parent.

281—41.512(256B,34CFR300) Hearing rights.

41.512(1) General. Any party to a hearing conducted pursuant to the rules of this division and Division XII has the right to:

- a. Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;
- b. Present evidence and confront, cross-examine, and compel the attendance of witnesses;
- c. Prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing;
- d. Obtain a written or, at the option of the parents, electronic, verbatim record of the hearing; and
- e. Obtain written or, at the option of the parents, electronic findings of fact and decisions.

41.512(2) Additional disclosure of information.

a. At least five business days prior to a hearing conducted pursuant to subrule 41.511(1), each party must disclose to all other parties all evaluations completed by that date and recommendations based on the offering party's evaluations that the party intends to use at the hearing.

b. An administrative law judge may bar any party that fails to comply with 41.512(2) "a" from introducing the relevant evaluation or recommendation at the hearing without the consent of the other party.

41.512(3) Parental rights at hearings. Parents involved in hearings must be given the right to:

- a. Have the child who is the subject of the hearing present;
- b. Open the hearing to the public; and
- c. Have the record of the hearing and the findings of fact and decisions described in 41.512(1) "d" and "e" provided at no cost to parents.

281—41.513(256B,34CFR300) Hearing decisions.

41.513(1) Decision of administrative law judge on the provision of FAPE.

a. Subject to 41.513(1) "b," an administrative law judge's determination of whether a child received FAPE must be based on substantive grounds.

b. In matters alleging a procedural violation, an administrative law judge may find that a child did not receive FAPE only if the procedural inadequacies:

- (1) Impeded the child's right to FAPE;
- (2) Significantly impeded the parent's opportunity to participate in the decision-making process regarding the provision of FAPE to the parent's child; or
- (3) Caused a deprivation of educational benefit.

c. Nothing in this subrule shall be construed to preclude an administrative law judge from ordering an LEA to comply with procedural requirements under this division.

41.513(2) Reserved.

41.513(3) Separate request for a due process hearing. Nothing in this division shall be construed to preclude a parent from filing a separate due process complaint on an issue separate from a due process complaint already filed.

41.513(4) Findings and decision to advisory panel and general public. The department, after deleting any personally identifiable information, must:

- a. Transmit the findings and decisions referred to in 41.512(1) "e" to the state advisory panel established under rule 41.167(256B,34CFR300); and
- b. Make those findings and decisions available to the public.

281—41.514(256B,34CFR300) Finality of decision. A decision made in a hearing conducted pursuant to this division is final, except that any party involved in the hearing may appeal the decision by filing a civil action in state or federal court.

281—41.515(256B,34CFR300) Timelines and convenience of hearings.

41.515(1) Timeline. The public agency must ensure that not later than 45 days after the expiration of the 30-day period under subrule 41.510(2), or the adjusted time periods described in subrule 41.510(3):

- a. A final decision is reached in the hearing; and
- b. A copy of the decision is mailed to each of the parties.

41.515(2) Reserved.

41.515(3) *Extensions of time or continuances.* An administrative law judge may grant specific extensions of time or continuances beyond the periods set out in subrule 41.515(1) at the request of either party.

41.515(4) *Hearing time.* Each hearing must be conducted at a time and place that is reasonably convenient to the parents and child involved.

281—41.516(256B,34CFR300) Civil action.

41.516(1) *General.* Any party aggrieved by the findings and decision made under this division has the right to bring a civil action with respect to the due process complaint notice requesting a due process hearing under this division. The action may be brought in any state court of competent jurisdiction or in a district court of the United States without regard to the amount in controversy.

41.516(2) *Time limitation.* The party bringing the action shall have 90 days from the date of the decision of the administrative law judge to file a civil action.

41.516(3) *Additional requirements.* In any action brought under subrule 41.516(1), the court:

- a. Receives the records of the administrative proceedings;
- b. Hears additional evidence at the request of a party; and
- c. Basing its decision on the preponderance of the evidence, grants the relief that the court determines to be appropriate.

41.516(4) *Jurisdiction of United States district courts.* The district courts of the United States have jurisdiction of actions brought under Section 615 of the Act without regard to the amount in controversy.

41.516(5) *Rule of construction.* Nothing in Part B of the Act or this chapter restricts or limits the rights, procedures, and remedies available under the Constitution, the Americans with Disabilities Act of 1990, Title V of the Rehabilitation Act of 1973, or other federal laws protecting the rights of children with disabilities, except that before the filing of a civil action under these laws seeking relief that is also available under Section 615 of the Act, the procedures under rules 41.507(256B,34CFR300) and 41.514(256B,34CFR300) must be exhausted to the same extent as would be required had the action been brought under Section 615 of the Act.

281—41.517(256B,34CFR300) Attorneys' fees.

41.517(1) *General.* In any action or proceeding brought under Section 615 of the Act, the court, in its discretion, may award reasonable attorneys' fees as part of the costs to any of the following:

- a. The prevailing party who is the parent of a child with a disability;
- b. To a prevailing party who is an SEA or LEA against the attorney of a parent who files a complaint or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or
- c. To a prevailing SEA or LEA against the attorney of a parent, or against the parent, if the parent's request for a due process hearing or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

41.517(2) *Prohibition on use of funds.*

- a. Funds under Part B of the Act may not be used to pay attorneys' fees or costs of a party related to any action or proceeding under Section 615 of the Act and this division.
- b. Paragraph 41.517(2) "a" does not preclude a public agency from using funds under Part B of the Act for conducting an action or proceeding under Section 615 of the Act.

41.517(3) *Award of fees.* A court awards reasonable attorneys' fees under Section 615(i)(3) of the Act consistent with the following:

- a. *Amount of fees.* Fees awarded under Section 615(i)(3) of the Act must be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded under this paragraph.

b. When fees and costs may not be awarded.

(1) Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under Section 615 of the Act for services performed subsequent to the time of a written offer of settlement to a parent if:

1. The offer is made within the time prescribed by Rule 68 of the federal Rules of Civil Procedure or, in the case of an administrative proceeding, at any time more than ten days before the proceeding begins;

2. The offer is not accepted within ten days; and

3. The court or administrative law judge finds that the relief finally obtained by the parents is not more favorable to the parents than the offer of settlement.

(2) Attorneys' fees may not be awarded relating to any meeting of the IEP team unless the meeting is convened as a result of an administrative proceeding or judicial action, or at the discretion of the state, for a mediation described in rule 41.506(256B,34CFR300).

(3) A meeting conducted pursuant to rule 41.510(256B,34CFR300) shall not be considered either of the following:

1. A meeting convened as a result of an administrative hearing or judicial action; or

2. An administrative hearing or judicial action for purposes of this rule.

c. Exception to offer of settlement subrule. Notwithstanding 41.517(3) "b" (1), an award of attorneys' fees and related costs may be made to a parent who is the prevailing party and who was substantially justified in rejecting the settlement offer.

d. Reduction in attorney fees. Except as provided in 41.517(3) "e," the court reduces, accordingly, the amount of the attorneys' fees awarded under Section 615 of the Act, if the court finds that:

(1) The parent, or the parent's attorney, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;

(2) The amount of the attorneys' fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;

(3) The time spent and legal services furnished were excessive considering the nature of the action or proceeding; or

(4) The attorney representing the parent did not provide to the LEA the appropriate information in the due process request notice in accordance with rule 41.508(256B,34CFR300).

e. Exception to reduction in fees subrule. The provisions of 41.517(3) "d" do not apply in any action or proceeding if the court finds that the state or local agency unreasonably protracted the final resolution of the action or proceeding or there was a violation of Section 615 of the Act.

281—41.518(256B,34CFR300) Child's status during proceedings.

41.518(1) General. Except as provided in rule 41.533(256B,34CFR300), during the pendency of any administrative or judicial proceeding regarding a due process complaint notice requesting a due process hearing under rule 41.507(256B,34CFR300), unless the state or local agency and the parents of the child agree otherwise, the child involved in the complaint must remain in his or her current educational placement.

41.518(2) Initial admission to public school. If the complaint involves an application for initial admission to public school, the child, with the consent of the parents, must be placed in the public school until the completion of all the proceedings.

41.518(3) Transition from Part C to Part B. If the complaint involves an application for initial services under this chapter from a child who is transitioning from Part C of the Act to Part B and is no longer eligible for Part C services because the child has reached the age of three, the public agency is not required to provide the Part C services that the child had been receiving. If the child is found eligible for special education and related services under Part B and the parent consents to the initial provision of special education and related services under subrule 41.300(2), then the public agency must provide those special education and related services that are not in dispute between the parent and the public agency.

41.518(4) *Administrative law judge decision.* If the administrative law judge in a due process hearing conducted by the SEA agrees with the child's parents that a change of placement is appropriate, that placement must be treated as an agreement between the state and the parents for purposes of subrule 41.518(1).

41.518(5) *Preappeal conference.* Except as provided in rule 41.533(256B,34CFR300), during the pendency of any preappeal conference under rule 41.506(256B,34CFR300) and for ten days after a preappeal conference at which no agreement is reached, unless the state or local agency and the parents of the child agree otherwise, the child involved in the preappeal conference must remain in his or her current educational placement.

281—41.519(256B,34CFR300) Surrogate parents.

41.519(1) *General.* Each public agency must ensure that the rights of a child are protected when:

- a. No parent as defined in rule 41.30(256B,34CFR300) can be identified;
- b. The public agency, after reasonable efforts, cannot locate a parent;
- c. The child is a ward of the state under the laws of the state; or
- d. The child is an unaccompanied homeless youth as defined in Section 725(6) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(6)).

41.519(2) *Duties of public agency.* The duties of a public agency under subrule 41.519(1) include the assignment of an individual to act as a surrogate for the parents. This must include a method for determining whether a child needs a surrogate parent and for assigning a surrogate parent to the child.

41.519(3) *Wards of the state.* In the case of a child who is a ward of the state, the surrogate parent alternatively may be appointed by the judge presiding in the child's case, provided that the surrogate meets the requirements in 41.519(4) "b"(1) and 41.519(5).

41.519(4) *Criteria for selection of surrogate parents.*

- a. The public agency may select a surrogate parent in any way permitted under state law.
- b. Public agencies must ensure that a person selected as a surrogate parent:
 - (1) Is not an employee of the SEA, the LEA, or any other public or private agency that is involved in the education or care of the child;
 - (2) Has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and
 - (3) Has knowledge and skills that ensure adequate representation of the child.

41.519(5) *Nonemployee requirement; compensation.* A person otherwise qualified to be a surrogate parent under subrule 41.519(4) is not an employee of the agency solely because the person is paid by the agency to serve as a surrogate parent.

41.519(6) *Unaccompanied homeless youth.* In the case of a child who is an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents without regard to 41.519(4) "b"(1), until a surrogate parent can be appointed that meets all of the requirements of subrule 41.519(4).

41.519(7) *Surrogate parent responsibilities.* The surrogate parent may represent the child in all matters relating to the identification, evaluation, and educational placement of the child, and the provision of FAPE to the child.

41.519(8) *Training of surrogate parents.* Training shall be conducted as necessary by each AEA using a training procedure approved by the department, which includes rights and responsibilities of a surrogate parent, sample forms used by LEAs and AEAs, specific needs of individuals with disabilities and resources for legal and instructional technical assistance. The department shall provide continuing education and assistance to AEAs upon request.

41.519(9) *SEA responsibility.* The department must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 days after a public agency determines that the child needs a surrogate parent. The department shall provide assistance to, and shall monitor, surrogate parent programs.

281—41.520(256B,34CFR300) Transfer of parental rights at age of majority.

41.520(1) General. The state provides, when a child with a disability (except for a child with a disability who has been determined to be incompetent under state law) reaches the age of majority under Iowa Code section 599.1, all of the following:

a. General rule.

(1) The public agency must provide any notice required by this chapter to both the child and the parents; and

(2) All rights accorded to parents under Part B of the Act transfer to the child.

b. Special rule: incarcerated eligible individuals. All rights accorded to parents under Part B of the Act transfer to children who are incarcerated in an adult or juvenile, state or local correctional institution.

c. Notice requirement. Whenever a state provides for the transfer of rights under Part B of the Act and this chapter pursuant to 41.520(1) “a” or “b,” the agency must notify the child and the parents of the transfer of rights.

41.520(2) Special rules. If a court appoints a guardian for an eligible individual who has attained the age of majority under subrule 41.520(1) and the court determines all decisions shall be made by the guardian or specifically determines all educational decisions should be made by the guardian, then rights under subrule 41.520(1) do not transfer but are exercised pursuant to any applicable orders of the court. If a court determines a child who has attained the age of majority under subrule 41.520(1) does not have capacity to make educational decisions under any other applicable statute, then rights under subrule 41.520(1) do not transfer and are exercised by the child’s parent or pursuant to court order. If and when state law provides that a competent authority may determine that an eligible individual who has attained the age of majority under subrule 41.520(1) and who has not been found incompetent by any court under this subrule, the department shall establish procedures for appointing the parent of a child with a disability, or, if the parent is not available, another appropriate individual, to represent the educational interests of the child throughout the period of the child’s eligibility under Part B of the Act if the child can be determined by the competent authority, by clear and convincing evidence, not to have the ability to provide informed consent with respect to the child’s educational program.

281—41.521 to 41.529 Reserved.

281—41.530(256B,34CFR300) Authority of school personnel.

41.530(1) Case-by-case determination. School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this rule, is appropriate for a child with a disability who violates a code of student conduct.

41.530(2) General.

a. School personnel under this rule may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten consecutive school days, to the extent those alternatives are applied to children without disabilities, and for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement under rule 41.536(256B,34CFR300).

b. After a child with a disability has been removed from his or her current placement for ten school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under subrule 41.530(4).

41.530(3) Additional authority. For disciplinary changes in placement that would exceed ten consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child’s disability pursuant to subrule 41.530(5), school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except as provided in subrule 41.530(4).

41.530(4) Services.

a. A child with a disability who is removed from the child's current placement pursuant to subrule 41.530(3) or 41.530(7) must receive the following:

(1) Educational services, as provided in subrule 41.101(1), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and

(2) As appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

b. The services required by 41.530(4) "a" and "c" to "e" may be provided in an interim alternative educational setting.

c. A public agency is required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for ten school days or less in that school year, only if it provides services to a child without disabilities who is similarly removed.

d. After a child with a disability has been removed from his or her current placement for ten school days in the same school year, if the current removal is for not more than ten consecutive school days and is not a change of placement under rule 41.536(256B,34CFR300), school personnel, in consultation with at least one of the child's teachers, shall determine the extent to which services are needed, as provided in subrule 41.101(1), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

e. If the removal is a change of placement under rule 41.536(256B,34CFR300), the child's IEP team determines appropriate services under 41.530(4) "a."

41.530(5) Manifestation determination.

a. Within ten school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the AEA, the LEA, the parent, and relevant members of the child's IEP team, as determined by the parent and the AEA and LEA, must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

(1) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

(2) If the conduct in question was the direct result of the failure by the AEA or LEA to implement the IEP.

b. The conduct must be determined to be a manifestation of the child's disability if the AEA, the LEA, the parent, and relevant members of the child's IEP team determine that a condition in either 41.530(5) "a"(1) or (2) was met.

c. If the AEA, the LEA, the parent, and relevant members of the child's IEP team determine the condition described in 41.530(5) "a"(2) was met, the public agency must take immediate steps to remedy those deficiencies.

41.530(6) Determination that behavior was a manifestation. If the AEA, the LEA, the parent, and relevant members of the IEP team make the determination that the conduct was a manifestation of the child's disability, the IEP team must proceed as follows:

a. Conduct a functional behavioral assessment, unless the AEA or LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or

b. If a behavioral intervention plan already has been developed, review the behavioral intervention plan and modify it, as necessary, to address the behavior; and

c. Except as provided in subrule 41.530(7), return the child to the placement from which the child was removed, unless the parent and the public agency agree to a change of placement as part of the modification of the behavioral intervention plan.

41.530(7) Special circumstances. School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child:

- a.* Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of an SEA or an LEA;
- b.* Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA; or
- c.* Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA.

41.530(8) Notification. On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must notify the parents of that decision and provide the parents the procedural safeguards notice described in rule 41.504(256B,34CFR300).

41.530(9) Definitions. For purposes of this rule, the following definitions apply:

- a. Controlled substance.* “Controlled substance” means a drug or other substance identified under Schedule I, II, III, IV, or V in Section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).
- b. Illegal drug.* “Illegal drug” means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health care professional or that is legally possessed or used under any other authority under that Act or under any other provision of federal law.
- c. Serious bodily injury.* “Serious bodily injury” has the meaning given the term “serious bodily injury” under paragraph (3) of subsection (h) of Section 1365 of Title 18, United States Code.
- d. Weapon.* “Weapon” has the meaning given the term “dangerous weapon” under paragraph (2) of the first subsection (g) of Section 930 of Title 18, United States Code. A “weapon” under Iowa law is not necessarily a weapon for purposes of this rule unless it meets this definition of a “dangerous weapon.”

281—41.531(256B,34CFR300) Determination of setting. The child’s IEP team determines the interim alternative educational setting for services under 41.530(3), 41.530(4) “e,” and 41.530(7).

281—41.532(256B,34CFR300) Appeal.

41.532(1) General. The parent of a child with a disability who disagrees with any decision regarding placement under rules 41.530(256B,34CFR300) and 41.531(256B,34CFR300), or the manifestation determination under subrule 41.530(5), or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to rule 41.507(256B,34CFR300) and subrules 41.508(1) and 41.508(2).

41.532(2) Authority of administrative law judge.

- a.* An administrative law judge under rule 41.511(256B,34CFR300) hears and makes a determination regarding an appeal under subrule 41.532(1).
- b.* In making the determination under subrule 41.532(1), the administrative law judge may do either of the following:
 - (1) Return the child with a disability to the placement from which the child was removed if the administrative law judge determines that the removal was a violation of rule 41.530(256B,34CFR300) or that the child’s behavior was a manifestation of the child’s disability; or
 - (2) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the administrative law judge determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.
- c.* The procedures under 41.532(1) and 41.532(2) “a” and “b” may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

41.532(3) Expedited due process hearing.

- a.* Whenever a hearing is requested under subrule 41.532(1), the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements

of rule 41.507(256B,34CFR300), subrules 41.508(1) to 41.508(3), and rules 41.510(256B,34CFR300) to 41.514(256B,34CFR300), except as provided in 41.532(3) “b” and “c.”

b. The department is responsible for arranging the expedited due process hearing, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The administrative law judge must make a determination within 10 school days after the hearing.

c. Unless the parents and LEA agree in writing to waive the resolution meeting described in this paragraph, or agree to use the mediation process described in rule 41.506(256B,34CFR300), the procedure is as follows:

(1) A resolution meeting must occur within 7 days of receiving notice of the due process complaint; and

(2) The due process hearing may proceed unless the matter has been resolved to the satisfaction of all parties within 15 days of the receipt of the due process complaint.

d. Reserved.

e. The decisions on expedited due process hearings are appealable consistent with rule 41.514(256B,34CFR300).

281—41.533(256B,34CFR300) Placement during appeals and preappeal mediations. When an appeal under rule 41.532(256B,34CFR300) or a request for a preappeal conference under rules 41.506(256B,34CFR300) and 41.1002(256B,34CFR300) has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the administrative law judge or until the expiration of the time period specified in subrule 41.530(3) or 41.530(7), whichever occurs first, unless the parent and the SEA or LEA agree otherwise.

281—41.534(256B,34CFR300) Protections for children not determined eligible for special education and related services.

41.534(1) General. A child who has not been determined to be eligible for special education and related services under this chapter and who has engaged in behavior that violated a code of student conduct may assert any of the protections provided for in this chapter if the public agency had knowledge, as determined in accordance with subrule 41.534(2), that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

41.534(2) Basis of knowledge. A public agency must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred any of the following occurred:

a. The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency or to a teacher of the child that the child is in need of special education and related services;

b. The parent of the child requested an evaluation of the child pursuant to this chapter; or

c. The teacher of the child, or other personnel of the LEA, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other supervisory personnel of the agency.

41.534(3) Exception. A public agency would not be deemed to have knowledge under subrule 41.534(2) under the following conditions:

a. The parent of the child has not allowed an evaluation of the child pursuant to this chapter or has refused services under Part B of the Act or this chapter; or

b. The child has been evaluated in accordance with this chapter and determined not to be a child with a disability under Part B of the Act and this chapter.

41.534(4) Conditions that apply if no basis of knowledge.

a. General. If a public agency does not have knowledge that a child is a child with a disability, in accordance with subrules 41.534(2) and 41.534(3), prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors consistent with 41.534(4) “b.”

b. Request for evaluation.

(1) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under rule 41.530(256B,34CFR300), the evaluation must be conducted in an expedited manner.

(2) Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

(3) If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency must provide special education and related services in accordance with Part B of the Act and this chapter, including the requirements of rules 41.530(256B,34CFR300) to 41.536(256B,34CFR300) and Section 612(a)(1)(A) of the Act.

281—41.535(256B,34CFR300) Referral to and action by law enforcement and judicial authorities.

41.535(1) *Rule of construction.* Nothing in Part B of the Act or this chapter prohibits an agency from reporting a crime committed by a child with a disability to appropriate authorities or prevents state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a child with a disability.

41.535(2) *Transmittal of records.*

a. An agency reporting a crime committed by a child with a disability must ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime.

b. An agency reporting a crime under this rule may transmit copies of the child's special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act, such as by obtaining consent (34 CFR Section 99.30) or in instances where disclosure without consent is permitted (34 CFR Section 99.31).

281—41.536(256B,34CFR300) Change of placement because of disciplinary removals.

41.536(1) *General.* For purposes of removals of a child with a disability from the child's current educational placement under rules 41.530(256B,34CFR300) to 41.535(256B,34CFR300), a change of placement occurs under the following circumstances:

a. The removal is for more than ten consecutive school days; or

b. The child has been subjected to a series of removals that constitute a pattern based on the following:

(1) The series of removals total more than ten school days in a school year;

(2) The child's behavior is substantially similar to the child's behavior in previous incidents that resulted in the series of removals; and

(3) Additional factors, such as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

41.536(2) *Rules of construction.*

a. The public agency determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.

b. This determination is subject to review through due process and judicial proceedings.

c. Nothing in this rule shall be construed to prohibit LEAs from establishing policies that a change of placement occurs on the eleventh cumulative day of removal, regardless of the factors set forth in 41.536(1) "b."

41.536(3) *In-school suspensions and other actions.* In determining whether an in-school suspension or other disciplinary action is to be considered a removal for purposes of this rule, an in-school suspension or other disciplinary action will not be considered a removal if all three of the following questions are answered in the affirmative:

a. Will the child be able to appropriately participate in the general education curriculum?

b. Will the child be able to receive the services specified in the child's IEP?

c. Will the child be able to participate with children without disabilities to the extent provided in the child's current placement?

281—41.537(256B,34CFR300) State enforcement mechanisms. Notwithstanding 41.506(2) “g” and 41.510(4) “b,” which provide for judicial enforcement of a written agreement reached as a result of mediation or a resolution meeting, there is nothing in Part B of the Act that would prevent the department from using other mechanisms to seek enforcement of that agreement, such as the state complaint procedure, provided that use of those mechanisms is not mandatory and does not delay or deny a party the right to seek enforcement of the written agreement in a state court of competent jurisdiction or in a district court of the United States.

281—41.538 to 41.599 Reserved.

DIVISION VIII
MONITORING, ENFORCEMENT, CONFIDENTIALITY, AND PROGRAM INFORMATION

281—41.600(256B,34CFR300) State monitoring and enforcement.

41.600(1) General. The state must monitor the implementation of Part B of the Act and this chapter, enforce this chapter in accordance with rule 41.604(256B,34CFR300), and annually report on performance under Part B of the Act and this chapter.

41.600(2) Primary focus of monitoring activity. The primary focus of the state’s monitoring activities must be on the following:

- a. Improving educational results and functional outcomes for all children with disabilities; and
- b. Ensuring that public agencies meet the program requirements under Part B of the Act, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities.

41.600(3) Indicators of performance and compliance. As a part of its responsibilities under subrule 41.600(1), the state must use quantifiable indicators and such qualitative indicators as are needed to adequately measure performance in the priority areas identified in subrule 41.600(4) and the indicators established by the Secretary for the state performance plans.

41.600(4) Priority indicators. The state must monitor the LEAs located in the state, using quantifiable indicators in each of the following priority areas and using such qualitative indicators as are needed to adequately measure performance in those areas:

- a. Provision of FAPE in the least restrictive environment.
- b. State exercise of general supervision, including child find, effective monitoring, the use of resolution meetings, mediation, and a system of transition services as defined in rule 41.43(256B,34CFR300) and in 20 U.S.C. 1437(a)(9).
- c. Disproportionate representation of racial and ethnic groups in special education and related services, to the extent the representation is the result of inappropriate identification.

281—41.601(256B,34CFR300) State performance plans and data collection.

41.601(1) General. Each state must have in place a performance plan that evaluates the state’s efforts to implement the requirements and purposes of Part B of the Act and describes how the state will improve such implementation.

a. Each state must submit the state’s performance plan to the Secretary for approval in accordance with the approval process described in Section 616(c) of the Act.

b. Each state must review its state performance plan at least once every six years and submit any amendments to the Secretary.

c. As part of the state performance plan, each state must establish measurable and rigorous targets for the indicators established by the Secretary under the priority areas described in 34 CFR Section 300.600(d).

41.601(2) Data collection.

a. The state must collect valid and reliable information as needed to report annually to the Secretary on the indicators established by the Secretary for the state performance plans.

b. If the Secretary permits states to collect data on specific indicators through state monitoring or sampling, and the state collects the data through state monitoring or sampling, the state must collect data on those indicators for each LEA at least once during the period of the state performance plan.

281—41.602(256B,34CFR300) State use of targets and reporting.

41.602(1) General. The state shall use the targets established in the state's performance plan under rule 41.601(256B,34CFR300) and the priority areas described in subrule 41.600(4) to analyze the performance of each LEA.

41.602(2) Public reporting and privacy.

a. *Public report.* The state must:

(1) Report annually to the public on the performance of each LEA located in the state on the targets in the state's performance plan; and

(2) Make the state's performance plan available through public means, including by posting on the Web site of the department, distribution to the media, and distribution through public agencies.

(3) If the state collects performance data through state monitoring or sampling, the state must include in its report under 41.602(2) "a"(1) the most recently available performance data on each LEA, and the date the data were obtained.

b. *State performance report.* The state shall report annually to the Secretary on the performance of the state under the state's performance plan.

c. *Privacy.* The state shall not report to the public or the Secretary any information on performance that would result in the disclosure of personally identifiable information about individual children or where the available data are insufficient to yield statistically reliable information.

281—41.603(256B,34CFR300) Department review and determination regarding public agency performance.

41.603(1) Review. The state shall annually review the performance of each LEA and AEA, including but not limited to data on indicators identified in the state's performance plan, information obtained through monitoring visits, and any other public information made available.

41.603(2) Determination. Based on the information obtained and reviewed by the state, the state shall determine whether each LEA and AEA:

a. Meets the requirements and purposes of Part B of the Act and of this chapter;

b. Needs assistance in implementing the requirements of Part B of the Act and of this chapter;

c. Needs intervention in implementing the requirements of Part B of the Act and of this chapter;

or

d. Needs substantial intervention in implementing the requirements of Part B of the Act and of this chapter.

41.603(3) Criteria for determination. The department shall develop criteria for making the determinations required by subrule 41.603(2).

41.603(4) Variance of determination. In making the determination required by subrule 41.603(2), the SEA in its discretion may adjust or vary from the criteria described in subrule 41.603(3) based on unusual, unanticipated, or extraordinary aggravating or mitigating factors, on a case-by-case basis.

41.603(5) Notice and opportunity for a hearing. For determinations made under 41.603(2) "a" or "b," the state shall provide reasonable notice of its determination. For determinations made under 41.603(2) "c" or "d," the state shall provide reasonable notice of its determination and may, in its sound discretion, grant an informal hearing to an AEA or LEA; however, if withholding of funds is a remedy associated with a particular determination, the state shall provide a hearing under rule 41.605(256B,34CFR300). Under any hearing granted under this rule or rule 41.605(256B,34CFR300), the AEA or LEA must demonstrate that the state abused its discretion in making the determination described in subrule 41.603(2).

281—41.604(256B,34CFR300) Enforcement.

41.604(1) Needs assistance. If the state determines for two consecutive years that an LEA or AEA needs assistance under 41.603(2) “b” in implementing the requirements of Part B of the Act, the state may take one or more of the following actions:

a. Advise the LEA or AEA of available sources of technical assistance that may help the LEA or AEA to address the areas in which it needs assistance, which may include assistance from the Iowa department of education, other state agencies, technical assistance providers approved by the Secretary, and other federally funded and state-funded nonprofit agencies, and require it to work with appropriate entities. Such technical assistance may include any of the following:

(1) The provision of advice by experts to address the areas in which the LEA or AEA needs assistance, including explicit plans for addressing the area for concern within a specified period of time;

(2) Assistance in identifying and implementing professional development, instructional strategies, and methods of instruction that are based on scientifically based research;

(3) Designating and using distinguished superintendents, principals, special education administrators, special education teachers and other teachers to provide advice, technical assistance, and support; and

(4) Devising additional approaches to providing technical assistance, such as collaborating with institutions of higher education, educational service agencies, national centers of technical assistance supported under Part D of the Act, and private providers of scientifically based technical assistance.

b. Identify the LEA or AEA as a high-risk grantee and impose special conditions on its grant under Part B of the Act.

41.604(2) Needs intervention. If the state determines for three or more consecutive years that an LEA or AEA needs intervention under 41.603(2) “c” in implementing the requirements of Part B of the Act, the following shall apply:

a. The state may take any of the actions described in subrule 41.604(1).

b. The state may take one or more of the following actions:

(1) Require the LEA or AEA to prepare a corrective action plan or improvement plan if the state determines that the LEA or AEA should be able to correct the problem within one year.

(2) Withhold, in whole or in part, any further payments to the AEA or LEA under Part B of the Act.

41.604(3) Needs substantial intervention. Notwithstanding subrule 41.604(1) or 41.604(2), at any time that the state determines that an LEA or AEA needs substantial intervention in implementing the requirements of Part B of the Act or of this chapter or that there is a substantial failure to comply with any condition of an LEA’s eligibility or an AEA’s eligibility under Part B of the Act or this chapter, the state may take one or more of the following actions:

a. Withhold, in whole or in part, any further payments to the LEA or AEA under Part B of the Act.

b. Refer the matter for appropriate enforcement action, which may include referral to the Iowa department of justice or the auditor of state.

41.604(4) Rule of construction. The listing of specific enforcement mechanisms in this rule shall not be construed to limit the enforcement mechanisms at the state’s disposal in its enforcement of this rule or any other rule in this chapter.

281—41.605(256B,34CFR300) Withholding funds.

41.605(1) General. As a consequence of a determination made under rule 41.603(256B,34CFR300) or enforcement of any provision of Part B of the Act and this chapter, the state may withhold some or all of the funds from an AEA or LEA or a program or service of an AEA or LEA, or may direct an AEA to withhold all or some funds from an LEA or a program or service of an LEA.

41.605(2) Hearing. If the state intends to withhold funds, the state shall provide notice and an opportunity for a hearing to the AEA or LEA. If a hearing is requested, the state may suspend payments to an AEA or LEA, or suspend the authority of the AEA or LEA to obligate funds, or both, until a decision is made after the hearing. A hearing under this rule, which shall not be a contested case under Iowa Code chapter 17A, shall be requested within 30 days of notice of withholding by requesting a hearing before the director of the Iowa department of education or the director’s designee. The

presiding officer at the hearing shall consider the purposes of Part B of the Act and of this chapter and shall determine whether the state abused its discretion in its decision under subrule 41.605(1).

41.605(3) Reinstatement. If the LEA or AEA substantially rectifies the condition that prompted the initial withholding under subrule 41.605(1), then the state may reinstate payments to the LEA or AEA. If an LEA or AEA disagrees with the state's decision that it has not substantially rectified the condition that prompted the initial withholding under subrule 41.605(1), the LEA or AEA may request a hearing under subrule 41.605(2).

281—41.606(256B,34CFR300) Public attention. Any LEA or AEA that has received notice under 41.603(2) “b,” “c,” or “d” must, by means of a public notice, take such measures as may be necessary to notify the public within the LEA or AEA of such notice and of the pendency of an action taken pursuant to rule 41.604(256B,34CFR300).

281—41.607 Reserved.

281—41.608(256B,34CFR300) State enforcement.

41.608(1) Prohibition on reduction of maintenance of effort. If the state determines that an LEA or AEA is not meeting the requirements of Part B of the Act, including the targets in the state's performance plan, the state must prohibit the LEA or AEA from reducing its maintenance of effort under rule 41.203(256B,34CFR300) for any fiscal year.

41.608(2) Rule of construction. Nothing in this chapter shall be construed to restrict the state from utilizing any other authority available to it to monitor and enforce the requirements of Part B of the Act or of this chapter.

281—41.609(256B,34CFR300) State consideration of other state or federal laws. In making the determinations required by rule 41.603(256B,34CFR300), in ordering actions pursuant to rule 41.604(256B,34CFR300), and in taking any other action under this chapter, the department may consider whether any agency has complied with any other applicable state or federal law, including but not limited to education law or disability law, or with any corrective action ordered by any competent authority for violation of any such law.

281—41.610(256B,34CFR300) Confidentiality. The state shall take appropriate action, in accordance with Section 444 of the General Education Provisions Act, to ensure the protection of the confidentiality of any personally identifiable data, information, and records collected or maintained by the state and by LEAs and AEAs pursuant to Part B of the Act and this chapter, and consistent with rules 41.611(256B,34CFR300) to 41.626(256B,34CFR300).

281—41.611(256B,34CFR300) Definitions. The following definitions apply to rules 41.611(256B,34CFR300) to 41.625(256B,34CFR300).

41.611(1) Destruction. “Destruction” means physical destruction or removal of personal identifiers from information so that the information is no longer personally identifiable.

41.611(2) Education records. “Education records” means the type of records covered under the definition of “education records” in 34 CFR Part 99 (the regulations implementing the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA)).

41.611(3) Participating agency. “Participating agency” means any agency or institution that collects, maintains, or uses personally identifiable information, or from which information is obtained, under Part B of the Act or this chapter.

281—41.612(256B,34CFR300) Notice to parents.

41.612(1) General. The department must give notice that is adequate to fully inform parents about the requirements of rule 41.123(256B,34CFR300), including the following information:

a. A description of the extent that the notice is given in the native languages of the various population groups in the state;

b. A description of the children on whom personally identifiable information is maintained, the types of information sought, the methods the state intends to use in gathering the information, including the sources from whom information is gathered, and the uses to be made of the information;

c. A summary of the policies and procedures that participating agencies must follow regarding storage, disclosure to third parties, retention, and destruction of personally identifiable information; and

d. A description of all of the rights of parents and children regarding this information, including the rights under FERPA and implementing regulations in 34 CFR Part 99.

41.612(2) *Media announcements required.* Before any major identification, location, or evaluation activity, the notice must be published or announced in newspapers or other media, or both, with circulation adequate to notify parents throughout the state of the activity.

281—41.613(256B,34CFR300) Access rights.

41.613(1) *General.* Each participating agency must permit parents to inspect and review any education records relating to their children that are collected, maintained, or used by the agency under this chapter. The agency must comply with a request without unnecessary delay and before any meeting regarding an IEP, or any hearing pursuant to rule 41.507(256B,34CFR300) or rules 41.530(256B,34CFR300) to 41.532(256B,34CFR300), or resolution session pursuant to rule 41.510(256B,34CFR300), and in no case more than 45 days after the request has been made.

41.613(2) *Extent of right to inspect and review.* The right to inspect and review education records under this rule includes the following:

a. The right to a response from the participating agency to reasonable requests for explanations and interpretations of the records;

b. The right to request that the agency provide copies of the records containing the information if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records; and

c. The right to have a representative of the parent inspect and review the records.

41.613(3) *Who may inspect and review.* An agency may presume that the parent has authority to inspect and review records relating to the parent's child unless the agency has been advised that the parent does not have the authority under applicable state law governing such matters as guardianship, separation, and divorce.

281—41.614(256B,34CFR300) Record of access. Each participating agency must keep a record of parties that obtain access to education records collected, maintained, or used under Part B of the Act, except access by parents and authorized employees of the participating agency, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

281—41.615(256B,34CFR300) Records on more than one child. If any education record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child or to be informed of that specific information.

281—41.616(256B,34CFR300) List of types and locations of information. Each participating agency must provide parents on request a list of the types and locations of education records collected, maintained, or used by the agency.

281—41.617(256B,34CFR300) Fees.

41.617(1) *Fees for copies in certain circumstances.* Each participating agency may charge a fee for copies of records that are made for parents under this chapter if the fee does not effectively prevent the parents from exercising their right to inspect and review those records.

41.617(2) *No fees permitted for record retrieval.* A participating agency may not charge a fee to search for or to retrieve information under this chapter.

281—41.618(256B,34CFR300) Amendment of records at parent's request.

41.618(1) *Parent may request amendment.* A parent who believes that information in the education records collected, maintained, or used under this chapter is inaccurate or misleading or violates the privacy or other rights of the child may request the participating agency that maintains the information to amend the information.

41.618(2) *Agency to act on parent's request.* The agency must decide whether to amend the information in accordance with the request within a reasonable period of time of receipt of the request.

41.618(3) *Agency to inform parent of hearing rights.* If the agency decides to refuse to amend the information in accordance with the request, it must inform the parent of the refusal and advise the parent of the right to a hearing under rule 41.619(256B,34CFR300).

281—41.619(256B,34CFR300) Opportunity for a hearing. The agency must, on request, provide an opportunity for a hearing to challenge information in education records to ensure that it is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child.

41.620(3) *Explanation placed in student records.* Any explanation placed in the records of the child under this rule must be maintained by the agency as part of the records of the child as long as the record or contested portion is maintained by the agency; and, if the records of the child or the contested portion is disclosed by the agency to any party, the explanation must also be disclosed to the party.

However, the public agency must provide any notice required under Section 615 of the Act to the student and the parents.

281—41.626(256B,34CFR300) Enforcement. The state must have in effect policies and procedures, including sanctions that the state uses, to ensure that its policies and procedures consistent with rules 41.611(256B,34CFR300) to 41.625(256B,34CFR300) are followed and that the requirements of the Act and the rules in this chapter are met.

41.641(3) *Count each child under only one disability category.* The SEA may not report a child under more than one disability category.

41.641(4) *Child with more than one disability.* If a child with a disability has more than one disability, the SEA must report that child in accordance with the following procedure:

a. If a child has only two disabilities and those disabilities are deafness and blindness, and the child is not reported as having a developmental delay, that child must be reported under the category "deaf-blindness."

b. A child who has more than one disability and is not reported as having deaf-blindness or as having a developmental delay must be reported under the category “multiple disabilities.”

281—41.642(256B,34CFR300) Data reporting.

41.642(1) *Protection of personally identifiable data.* The data described in Section 618(a) of the Act and in rule 41.641(256B,34CFR300) must be publicly reported by each state in a manner that does not result in disclosure of data identifiable to individual children.

281—41.644(256B,34CFR300) Annual report of children served—criteria for counting children. The SEA may include in its report children with disabilities who are enrolled in a school or program that is operated or supported by a public agency, and that provides them with both special education and related services that meet state standards; provides them only with special education, if a related service is not required, that meets state standards; or, in the case of children with disabilities enrolled by their parents in private schools, counts those children who are eligible under the Act and receive special education or related services or both that meet state standards under rules 41.132(256,256B,34CFR300) to 41.144(256,256B,34CFR300).

In addition to meeting the other requirements of rules 41.640(256B,34CFR300) to 41.644(256B,34CFR300), the SEA must establish procedures to be used by LEAs and other educational institutions in counting the number of children with disabilities receiving special education and related services; set dates by which those agencies and institutions must report to the SEA to ensure that the state complies with rule 41.640(256B,34CFR300); obtain certification from each agency and institution that an unduplicated and accurate count has been made; aggregate the data from the count obtained from each agency and institution, and prepare the reports required under rules 41.640(256B,34CFR300) to 41.644(256B,34CFR300); and ensure that documentation is maintained that enables the state and the Secretary to audit the accuracy of the count.

281—41.646(256B,34CFR300) Disproportionality.

41.646(1) *General.* The state shall collect and examine data to determine if significant disproportionality based on race and ethnicity is occurring in the state and the LEAs of the state with respect to the following:

a. The identification of children as children with disabilities, including the identification of children as children with disabilities in accordance with a particular impairment described in Section 602(3) of the Act;

b. The placement in particular educational settings of these children; and

c. The incidence, duration, and type of disciplinary actions, including suspensions and expulsions.

41.646(2) *Review and revision of policies, practices, and procedures.* In the case of a determination of significant disproportionality with respect to the identification of children as children with disabilities, or the placement in particular educational settings of these children, or the incidence, duration, and type of disciplinary actions, in accordance with subrule 41.646(1), the state must proceed as follows:

a. Provide for the review and, if appropriate, revision of the policies, procedures, and practices used in the identification or placement to ensure that the policies, procedures, and practices comply with the requirements of the Act;

b. Require any LEA identified under subrule 41.646(1) to reserve the maximum amount of funds under rule 41.226(256B,34CFR300) to provide comprehensive coordinated early intervening services

to serve children in the LEA, particularly, but not exclusively, children in those groups that were significantly overidentified under subrule 41.646(1); and

No state or LEA, or other public institution or agency, may receive a grant or enter into a contract or cooperative agreement under Subpart 2 or 3 of Part D of the Act that relates exclusively to programs, projects, and activities pertaining to children aged three through five years, unless the state is eligible to receive a grant under Section 619(b) of the Act.

281—41.903(256B,282) Contractual agreements.

41.903(1) General. Any special education instructional program not provided directly by an LEA or any special education support service not provided by an AEA can only be provided through a contractual agreement. The board shall approve contractual agreements for AEA-operated special education instructional programs and contractual agreements permitting special education support services to be provided by agencies other than the AEA.

41.903(2) *Specific requirements.* Each agency contracting with other agencies to provide special education and related services for individuals or groups of individuals shall maintain responsibility for individuals receiving such special education and related services by:

- a.* Ensuring that all the requirements related to the development of each eligible individual's IEP are met.
- b.* Requiring and reviewing periodic progress reports to ensure the adequacy and appropriateness of the special education and related services provided.
- c.* Conditioning payments on delivery of special education and related services in accordance with the eligible individual's IEP and in compliance with these rules.

Approved extended school year programs for special education support services, when provided by the AEA for eligible individuals, shall be funded through procedures as provided for special education support services. Approved extended school year instructional programs shall be funded through procedures as provided for special education instructional programs.

281—41.907(256B,282,34CFR300,303) Program costs.

41.907(1) *Nonresident individual.* Subject to subrule 41.131(6), the program costs charged by an LEA or an AEA for an instructional program for a nonresident eligible individual shall be the actual costs incurred in providing that program.

41.907(2) *Contracted special education.* An AEA or LEA may make provisions for resident eligible individuals through contracts with public or private agencies that provide appropriate and approved special education. The program costs charged by or paid to a public or private agency for special education instructional programs shall be the actual costs incurred in providing that program.

41.907(3) *LEA responsibility.* The resident LEA shall be liable only for instructional costs incurred by an agency for those individuals certified as eligible in accordance with these rules unless required by 34 CFR Section 300.104.

The costs of the special education, however, shall be paid by the school district of residence of the eligible individual. If the school district of residence of the eligible individual cannot be determined and this individual is not included in the weighted enrollment of any LEA in the state, the LEA in which the facility is located may certify the costs to the director of education by August 1 of each year for the preceding fiscal year. Payment shall be made from the general fund of the state.

41.907(6) *Responsibility for special education for individuals after termination of parental rights.* For eligible individuals placed by the district court, and for whom parental rights have been terminated by the district court, the LEA in which the facility or home is located must provide special education. Costs shall be certified to the director of education by August 1 of each year for the preceding

fiscal year by the director of the AEA in which this individual has been placed. Payment shall be made from the general fund of the state.

41.907(7) *Proper use of special education instructional and support service funds.* Special education instructional funds generated through the weighting plan may be utilized to provide special education instructional services both in state and out of state with the exceptions of itinerant instructional services and special education consultant services which shall utilize special education support service funds for both in-state and out-of-state placements.

41.907(8) *Funding of ECSE instructional options.* Eligible individuals below the age of six may be designated as full-time or part-time students depending on the needs of the child. Funding shall be based on individual needs as determined by the IEP team. Special education instructional funds generated through the weighting plan can be used to pay tuition, transportation, and other necessary special education costs, but shall not be used to provide child care.

a. Full-time ECSE instructional services shall include 20 hours or more of instruction per week. The total hours of participation in special education and general education may be combined to constitute a full-time program.

41.907(9) *Funding for instructional services.* After an LEA board approves a delivery system for instructional services as described in subrule 41.408(2), the director, in accordance with Iowa Code sections 256B.9 and 273.5, will assign the appropriate special education weighting to each eligible individual by designating a level of service. The level of service refers to the relationship between the general education program and specially designed instruction for an eligible individual. The level of service is determined based on an eligible individual's educational need and independent of the environment in which the specially designed instruction is provided. The level of service assigned shall not be a factor in a services or placement decision, and shall be made only after those decisions have been made. One of three levels of service shall be assigned by the director:

a. Level I. A level of service that provides specially designed instruction for a limited portion or part of the educational program. A majority of the general education program is appropriate. This level of service includes modifications and adaptations to the general education program. (Reference Iowa Code section 256B.9(1)“b”)

b. Level II. A level of service that provides specially designed instruction for a majority of the educational program. This level of service includes substantial modifications, adaptations, and special education accommodations to the general education program. (Reference Iowa Code section 256B.9(1)“c”)

c. Level III. A level of service that provides specially designed instruction for most or all of the educational program. This level of service requires extensive redesign of curriculum and substantial modification of instructional techniques, strategies and materials. (Reference Iowa Code section 256B.9(1)“d”)

281—41.908(256B,282) Accountability. The responsible agency shall provide special education and related services in accordance with the individual's IEP; but the agency, teacher, or other person is not held accountable if an individual does not achieve the growth projected in the annual goals and objectives of the IEP, so long as the individual's IEP was reasonably calculated to confer education benefit and was implemented. Nothing in this rule or this chapter shall be construed to create a right of action against any individual.

281—41.909 to 41.999 Reserved.

DIVISION XII

281—41.1000(17A,256B,290) Applicability. In addition to rules in Division VII, this division applies to matters under this chapter brought before administrative law judges or mediators.

41.1002(1) *Procedures.* The parent, the LEA or the AEA may request a special education preappeal conference on any decision relating to the identification, evaluation, educational placement, or the provision of FAPE. The preappeal conference shall comply with the requirements of rule 41.506(256B,34CFR300).

a. A request for a special education preappeal conference shall be made in the form of a letter which identifies the student, LEA and AEA, sets forth the facts, the issues of concern, or the reasons for the conference. The letter shall be mailed to the department.

b. Within five business days of receipt of the request for the conference, the department shall contact all pertinent parties to determine whether participation is desired. A checklist shall be sent by the department to the LEA or AEA to receive information about the student.

c. A preappeal conference will be scheduled and held at a time and place reasonably convenient to all parties involved. Written notice will be sent to all parties by the department.

d. The LEA or the AEA shall submit the special education preappeal checklist to the department and shall provide a copy to the parent within ten business days after receiving the request.

e. The student’s complete school record shall be made available for review by the parent prior to the conference, if requested in writing at least ten calendar days before the preappeal.

f. The individual’s complete school record shall be available to the participants at the preappeal conference.

g. A mediator provided by the department shall preside over the preappeal conference.

h. If an agreement is reached, a document meeting the requirements of 41.506(2) “f” shall be executed.

41.1002(2) *Placement during proceedings.* Pursuant to rule 41.518(256B,34CFR300), unless the parties agree otherwise, the student involved in the preappeal must remain in the student’s present educational placement during the pendency of the proceedings.

41.1002(3) *Withdrawals or automatic closures.* The initiating party may request a withdrawal of the preappeal prior to the conference. Automatic closure of the department file will occur if any of the following circumstances apply:

a. One of the parties refuses to participate in the voluntary process.

b. The preappeal conference is held but parties are not able to reach an agreement. There will be a ten-calendar-day waiting period after the preappeal to continue the placement as described in subrule 41.1002(2) in the event a party wishes to pursue a hearing.

c. The preappeal conference is held and parties are able to reach an agreement and the agreement does not specify a withdrawal date. If a withdrawal date is part of the agreement, an agency withdrawal will occur on the designated date.

41.1002(4) Confidentiality of discussions. Discussions that occur during the special education preappeal conference must be confidential, except as may be provided in Iowa Code chapter 679C, and may not be used as evidence in any subsequent due process hearings or civil proceedings; however, the parties may stipulate to agreements reached at the conference. Prior to the start of the conference, the parties and the mediator will be required to sign an Agreement to Mediate form containing this confidentiality provision.

The director of education or designee shall, within five business days after the receipt of the appeal, notify the proper officials with the LEA and the AEA of the filing of the due process complaint and shall request in writing that the proper school officials file with the department all records relevant to the due process complaint. The officials shall, within 20 business days after receipt of the request, file with the department all records relevant to the decision appealed.

41.1003(4) Free or low-cost legal services. The department shall inform the parent of any free or low-cost legal and other relevant services available in the area if the parent requests the information or the parent or the agency initiates a hearing.

41.1003(5) Written notice. The director of education or designee shall provide notice in writing delivered by fax, personal service as in civil actions, or by certified mail, return receipt requested, to all parties at least ten calendar days prior to the hearing unless the ten-day period is waived by both parties. Such notice shall include the time and the place where the matter of appeal shall be heard. A copy of the appeal hearing rules shall be included with the notice.

41.1003(6) Mediation conference. The department shall contact the parties to determine whether they wish to participate in a mediation conference under rule 41.506(256B,34CFR300). Discussions that occur during the mediation process must be confidential, except as may be provided in Iowa Code chapter 679C, and may not be used as evidence in any subsequent due process hearings or civil proceedings; however, the parties may stipulate to agreements reached in mediation. Prior to the start of the mediation, the parties to the mediation conference and the mediator will be required to sign an Agreement to Mediate form containing a confidentiality provision.

41.1003(7) Dismissal. The appellant may make a request for dismissal by the administrative law judge at any time. A request or motion to dismiss made by the appellee shall be granted upon a determination by the administrative law judge that any of the following circumstances apply:

a. The appeal relates to an issue that does not reasonably fall under any of the appealable issues of identification, evaluation, placement, or the provision of a free appropriate public education.

b. The issue(s) raised is moot.

c. The individual is no longer a resident of the LEA or AEA against whom the appeal was filed.

d. The relief sought by the appellant is beyond the scope and authority of the administrative law judge to provide.

e. Circumstances are such that no case or controversy exists between the parties.

f. An appeal may be dismissed administratively when an appeal has been in continued status for more than one school year. Prior to an administrative dismissal, the administrative law judge shall notify the appellant at the last known address and give the appellant an opportunity to give good cause as to

why an extended continuance shall be granted. An administrative dismissal issued by the administrative law judge shall be without prejudice to the appellant.

281—41.1004(17A,256B) Participants in the hearing.

41.1004(1) *Conducting hearing.* The administrative law judge shall conduct the hearing.

a. Any person serving or designated to serve as an administrative law judge is subject to disqualification for bias, prejudice, interest, or any other cause for which a judge is or may be disqualified.

b. Any party may timely request the disqualification of an administrative law judge after receipt of notice indicating that the person will preside or upon discovering facts establishing grounds for disqualification whichever is later.

c. A person whose disqualification is requested shall determine whether to grant the request, stating facts and reasons for the determination.

d. If another administrative law judge is required because the appointed administrative law judge is disqualified or becomes unavailable for any other reason, the director of education shall appoint a substitute administrative law judge from the list of other qualified administrative law judges.

41.1004(2) *Counsel.* Any party to a hearing has a right to be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of individuals with disabilities.

41.1004(3) *Opportunity to be heard—appellant.* The appellant or representative shall have the opportunity to be heard.

41.1004(4) *Opportunity to be heard—appellee.* The appellee or representative shall have the opportunity to be heard.

41.1004(5) *Opportunity to be heard—director.* The director or designee shall have the opportunity to be heard.

41.1004(6) *Opportunity to be heard—third party.* A person or representative who was neither the appellant nor appellee, but was a party in the original proceeding, may be heard at the discretion of the administrative law judge.

281—41.1005(17A,256B) Convening the hearing.

41.1005(1) *Announcements and inquiries by administrative law judge.* At the established time, the administrative law judge shall announce the name and nature of the case and inquire whether the respective parties or their representatives are present.

41.1005(2) *Proceeding with the hearing.* When it is determined that parties or their representatives are present, or that absent parties have been properly notified, the hearing may proceed. When any absent party has been properly notified, the means of notification shall be entered into the record. When notice to an absent party has been sent by certified mail, return receipt requested, the return receipt shall be placed in the record. If the notice was in another manner, sufficient details of the time and manner of notice shall be entered into the record. If it is not determined whether absent parties have been properly notified, the proceedings may be recessed at the discretion of the administrative law judge.

41.1005(3) *Types of hearing.* The administrative law judge shall establish with the parties that the hearing shall be conducted as one of three types:

a. A hearing based on the stipulated record.

b. An evidentiary hearing.

c. A mixed evidentiary and stipulated record hearing.

41.1005(4) *Evidentiary hearing scheduled.* An evidentiary hearing shall be held unless both parties agree to a hearing based upon the stipulated record or a mixed evidentiary and stipulated record hearing.

41.1005(5) *Educational record part of hearing.* The educational record submitted to the department by the educational agency shall, subject to timely objection by the parties, become part of the record of the hearing.

281—41.1006(17A,256B) Stipulated record hearing.

41.1006(1) *Record hearing is nonevidentiary.* A hearing based on the stipulated record is nonevidentiary in nature. No witnesses shall be heard nor evidence received. The controversy shall be decided on the basis of the record certified by the proper official and the arguments presented on behalf of the respective parties. The parties shall be so reminded by the administrative law judge at the outset of the proceeding.

41.1006(2) *Materials to illustrate an argument.* Materials such as charts and maps may be used to illustrate an argument, but may not be used as new evidence to prove a point in controversy.

41.1006(3) *One spokesperson per party.* Unless the administrative law judge determines otherwise, each party shall have one spokesperson.

41.1006(4) *Arguments and rebuttal.* The appellant shall present argument first. The appellee then presents argument and rebuttal of the appellant's argument. A third party, at the discretion of the administrative law judge, may be allowed to make remarks. The appellant may then rebut the preceding arguments but may not introduce new arguments.

41.1006(5) *Time to present argument.* Appellant and appellee shall have equal time to present their arguments and the appellant's total time shall not be increased by the right of rebuttal. The administrative law judge shall set the time limit for argument.

41.1006(6) *Written briefs.* Any party may submit written briefs. Written briefs by a person who is not a party may be accepted at the discretion of the administrative law judge. A brief shall provide legal authority for an argument, but shall not be considered as evidence. Copies of written briefs shall be delivered to all parties and, if desired, each party may submit reply briefs at the conclusion of the hearing or at a mutually agreeable time. A final decision shall be reached and a copy of the decision shall be mailed to the parties not later than 45 calendar days after the receipt of the request for the hearing unless the administrative law judge granted an extension of time beyond the 45 calendar days. The time for filing briefs may extend the time for final decision.

281—41.1007(17A,256B) Evidentiary hearing.

41.1007(1) *Testimony and other evidence.* An evidentiary hearing provides for the testimony of witnesses, introduction of records, documents, exhibits or objects.

41.1007(2) *Appellant statement.* The appellant may begin by giving a short opening statement of a general nature, which may include the basis for the appeal, the type and nature of the evidence to be introduced and the conclusions the appellant believes the evidence shall substantiate.

41.1007(3) *Appellee statement.* The appellee may present an opening statement of a general nature and may discuss the type and nature of evidence to be introduced and the conclusions the appellee believes the evidence shall substantiate.

41.1007(4) *Third-party statement.* With the permission of the administrative law judge, a third party may make an opening statement of a general nature.

41.1007(5) *Witness testimony and other evidence.* The appellant may then call witnesses and present other evidence.

41.1007(6) *Witness under oath.* Each witness shall be administered an oath by the administrative law judge. The oath may be in the following form: "I do solemnly swear or affirm that the testimony or evidence which I am about to give in the proceeding now in hearing shall be the truth, the whole truth and nothing but the truth."

41.1007(7) *Cross-examination by appellee.* The appellee may cross-examine all witnesses and may examine and question all other evidence.

41.1007(8) *Witness testimony and other evidence.* Upon conclusion of the presentation of evidence by the appellant, the appellee may call witnesses and present other evidence. The appellant may cross-examine all witnesses and may examine and question all other evidence.

41.1007(9) *Questions by administrative law judge.* The administrative law judge may address questions to each witness at the conclusion of questioning by the appellant and the appellee. Said questioning shall be solely to clarify the record or witness testimony and shall be limited to the issues identified by the parties.

41.1007(10) *Rebuttal witnesses and additional evidence.* At the conclusion of the initial presentation of evidence and at the discretion of the administrative law judge, either party may be permitted to present rebuttal witnesses and additional evidence of matters previously placed in evidence. No new matters of evidence may be raised during this period of rebuttal.

41.1007(11) *Appellant final argument.* The appellant may make a final argument, not to exceed a length of time established by the administrative law judge, in which the evidence presented may be reviewed, the conclusions which the appellant believes most logically follow from the evidence may be outlined and a recommendation of action may be made to the administrative law judge.

41.1007(12) *Appellee final argument.* The appellee may make a final argument for a period of time not to exceed that granted to the appellant in which the evidence presented may be reviewed, the conclusions which the appellee believes most logically follow from the evidence may be outlined and a recommendation of action may be made to the administrative law judge.

41.1007(13) *Third-party final argument.* At the discretion of the administrative law judge, a third party directly involved in the original proceeding may make a final argument.

41.1007(14) *Rebuttal of final argument.* At the discretion of the administrative law judge, either side may be given an opportunity to rebut the other's final argument. No new arguments may be raised during rebuttal.

41.1007(15) *Written briefs.* Any party may submit written briefs. Written briefs by a person who is not a party may be accepted at the discretion of the administrative law judge. A brief shall provide legal authority for an argument, but shall not be considered as evidence. Copies of written briefs shall be delivered to all parties and, if desired, each party may submit reply briefs at the conclusion of the hearing or at a mutually agreeable time. A final decision shall be reached and a copy of the decision shall be mailed to the parties within the time period provided by 41.515(1), unless the administrative law judge granted an extension of time or continuance pursuant to 41.515(3). The time for filing briefs may be a ground to extend the time for final decision.

281—41.1008(17A,256B) Mixed evidentiary and stipulated record hearing.

41.1008(1) *Written evidence of portions of record may be used.* A written presentation of the facts or portions of the certified record that are not contested by the parties may be placed into the hearing record by any party, unless there is timely objection by the other party. No party may later contest such evidence or introduce evidence contrary to that matter which has been stipulated.

41.1008(2) *Conducted as evidentiary hearing.* All oral arguments, testimony by witnesses and written briefs may refer to evidence contained in the material as any other evidentiary material entered at the hearing. The hearing is conducted as an evidentiary hearing pursuant to rule 41.1007(17A,256B).

281—41.1009(17A,256B) Witnesses.

41.1009(1) *Subpoenas.* The director of education shall have the power to issue, but not to serve, subpoenas for witnesses and to compel the attendance of those thus served and the giving of evidence by them. The subpoenas shall be given to the requesting parties whose responsibility it is to serve to the designated witnesses. Requests for subpoenas may be denied or delayed if not submitted to the department at least five business days prior to the hearing date.

41.1009(2) *Attendance of witness compelled.* Any party may compel by subpoena the attendance of witnesses, subject to limitations imposed by state law.

41.1009(3) *Cross-examination.* Witnesses at the hearing shall be subject to cross-examination. An individual whose testimony has been submitted in written form, if available, shall be subject to cross-examination by any party necessary for a full and true disclosure of the facts. If the individual is not available and cross-examination is necessary for a full and true disclosure of the facts, the administrative law judge may exclude the individual's testimony in written form.

281—41.1010(17A,256B) Rules of evidence.

41.1010(1) *Receiving relevant evidence.* Because the administrative law judge must decide each case fairly, based on the information presented, it is necessary to allow for the reception of all relevant

evidence that will contribute to an informed result. The ultimate test of admissibility is whether the offered evidence is reliable, probative and relevant.

41.1010(2) *Acceptable evidence.* Irrelevant, immaterial or unduly repetitious evidence shall be excluded. The kind of evidence reasonably prudent persons rely on may be accepted even if it would be inadmissible in a jury trial. The administrative law judge shall give effect to the rules of privilege recognized by law. Objections to evidence may be made and shall be noted in the record. When a hearing is expedited and the interests of the parties are not prejudiced substantially, any part of the evidence may be required to be submitted in verified written form.

41.1010(3) *Documentary evidence.* Documentary evidence may be received in the form of copies or excerpts, if the original is not readily available. Upon request, parties shall be given an opportunity to compare the copy with the original, if available. Any party has the right to prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing.

41.1010(4) *Administrative notice and opportunity to contest.* The administrative law judge may take official notice of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the administrative law judge. Parties shall be notified at the earliest practicable time, either before or during the hearing or by reference in preliminary reports, and shall be afforded an opportunity to contest such facts before the decision is announced unless the administrative law judge determines as part of the record or decision that fairness to the parties does not require an opportunity to contest such facts.

41.1010(5) *Discovery.* Discovery procedures applicable to civil actions are available to all parties in due process hearings under this chapter. Evidence obtained in discovery may be used in the hearing before the agency if that evidence would otherwise be admissible in the agency hearing. The administrative law judge may exercise such control over discovery, including its nature, scope, frequency, duration, or sequence, as permitted by the Iowa rules of civil procedure, and for such grounds as those rules may provide.

41.1010(6) *Administrative law judge may evaluate evidence.* The administrative law judge's experience, technical competence and specialized knowledge may be utilized in the evaluation of the evidence.

41.1010(7) *Decision.* A decision shall be made upon consideration of the whole record or such portions that are supported by and in accordance with reliable, probative and substantial evidence.

281—41.1011(17A,256B) Communications.

41.1011(1) *Restrictions on communications—administrative law judge.* The administrative law judge shall not communicate directly or indirectly in connection with any issue of fact or law in that contested case with any person or party except upon notice and opportunity for all parties to participate.

41.1011(2) *Restrictions on communications—parties.* Parties or their representatives shall not communicate directly or indirectly in connection with any issue of fact or law with the administrative law judge except upon notice and opportunity for all parties to participate as are provided for by administrative rules. The recipient of any prohibited communication shall submit the communication, if written, or a summary of the communication, if oral, for inclusion in the record of the proceeding.

41.1011(3) *Sanctions.* Any or all of the following sanctions may be imposed upon a party who violates the rules regarding ex parte communications: censure, suspension or revocation of the privilege to practice before the department, or the rendering of a decision against a party who violates the rules.

281—41.1012(17A,256B) Record.

41.1012(1) *Open hearing.* Parents involved in hearings shall be given the right to open the hearing to the public. The hearing shall be recorded by mechanized means or by certified court reporters. Any party to a hearing or an appeal has the right to obtain a written or, at the option of the parents, electronic, verbatim record of the hearing and obtain written or, at the option of the parents, electronic findings of fact and decisions. The record of the hearing and the findings of fact and decisions described in this rule must be provided at no cost to parents.

41.1012(2) *Transcripts.* All recordings or notes by certified court reporters of oral proceedings or the transcripts thereof shall be maintained and preserved by the department for at least five years from the date of decision.

41.1012(3) *Hearing record.* The record of a hearing shall be maintained and preserved by the department for at least five years from the date of the decision. The record under this division shall include the following:

- a.* All pleadings, motions and intermediate rulings.
- b.* All evidence received or considered and all other submissions.
- c.* A statement of matters officially noted.
- d.* All questions and offers of proof, objections and rulings thereof.
- e.* All proposed findings and exceptions.
- f.* Any decision, opinion or report by the administrative law judge presented at the hearing.

281—41.1013(17A,256B) Decision and review.

41.1013(1) *Decision.* The administrative law judge, after due consideration of the record and the arguments presented, shall make a decision on the appeal.

41.1013(2) *Basis of decision.* The decision shall be based on the laws of the United States and the state of Iowa and the rules and policies of the department.

41.1013(3) *Time of decision.* The administrative law judge's decision shall be reached and mailed to the parties within the time period specified in 41.515(1), unless an extension of time or continuance has been granted pursuant to 41.515(3).

41.1013(4) *Impartial decision maker.* No individual who participates in the making of any decision shall have advocated in connection with the hearing, the specific controversy underlying the case or other pending factually related matters, nor shall any individual who participates in the making of any decision be subject to the authority, direction or discretion of any person who has advocated in connection with the hearing, the specific controversy underlying the hearing or a pending related matter involving the same parties.

281—41.1014(17A,256B) Finality of decision.

41.1014(1) *Decision final.* The decision of the administrative law judge is final. The date of postmark of the decision is the date used to compute time for purposes of appeal.

41.1014(2) *Notice to department of a civil action.* A party initiating a civil action in state or federal court under rule 41.516(256B,34CFR300) shall provide an informational copy of the petition or complaint to the department within 14 days of filing the action.

281—41.1015(256B,34CFR300) Disqualification of mediator. Any party may request an appointment of a new mediator for any reason listed in subrule 41.1004(1). The department shall determine whether such grounds exist and, if so, shall appoint a new mediator.

281—41.1016(17A) Correcting decisions of administrative law judges. An administrative law judge may, on the motion of any party or on the administrative law judge's own motion, correct any error in a decision or order under this chapter that does not substantively alter the administrative law judge's findings of fact, conclusions of law, or ordered relief, including but not limited to clerical errors, errors in grammar or spelling, and errors in the form of legal citation. Any such correction shall be made within 90 days of the date of the order or decision, shall relate back to the date of the order or decision, and shall not extend any applicable statute of limitations.

281—41.1017 to 41.1099 Reserved.

TITLE VIII
SCHOOL TRANSPORTATION

CHAPTER 43
PUPIL TRANSPORTATION

[Prior to 9/7/88, see Public Instruction Department[670] Ch 22]

DIVISION I
TRANSPORTATION ROUTES

281—43.1(285) Intra-area education agency routes.

43.1(1) Bus routes within the boundaries of transporting districts as well as within designated areas must be as efficient and economical as possible under existing conditions. Duplication of service facilities shall be avoided insofar as possible.

43.1(2) A route shall provide a load of at least 75 percent capacity of the bus.

43.1(3) The riding time, under normal conditions, from the designated stop to the attendance center, or on the return trip, shall not exceed 75 minutes for high school pupils or 60 minutes for elementary pupils. (These limits may be waived upon request of the parents.)

43.1(4) Pupils whose residence is within two miles of an established stop on a bus route are within the area served by the bus and are not eligible for parent or private transportation at public expense to the school served by the bus, except as follows:

a. Bus is fully loaded.

b. Physical handicap makes bus transportation impractical.

All parents or guardians who are required by their school district to furnish transportation for their children up to two miles to an established stop on a bus route shall be reimbursed pursuant to Iowa Code subsection 285.1(4).

43.1(5) Transporting districts shall arrange routes to provide the greatest possible convenience to the pupils. Distance pupils who are required to transport themselves to meet the bus shall be kept to the minimum consistent with road conditions, uniform standards and legal requirements for locating bus routes.

43.1(6) Each bus route shall be reviewed annually for safety hazards.

281—43.2(285) Interarea education agency routes.

43.2(1) Joint consultation shall be held by the area education agency boards involved. The initial steps may be undertaken by the area education agency administrators. If there are no difficulties and agreement is reached, the route is approved and no further action need be taken.

43.2(2) If agreement is not reached in the initial attempt, the administrator of the area education agency in which the applying school is located shall advise the superintendent of reasons for failure to reach agreement and request that the superintendent revise the transportation plan to meet the objection and resubmit same.

43.2(3) If the area education agency boards do not reach agreement on the route, the home area education agency administrator shall forward the complete record of the case together with disapproved transportation plan to the state department of education. Every effort should be made, however, to settle the matter locally.

43.2(4) All legal provisions, standards and regulations applying to approval and operation of bus routes apply equally to interarea education agency bus routes.

43.2(5) All interarea education agency bus routes must be approved each year. If there has been no change in the designations, nor in the proposed route, transportation plan may be made and agreement indicated by letter.

DIVISION II
PRIVATE CONTRACTORS

281—43.3(285) Contract required. All private contractors wishing to transport pupils to and from school in privately owned vehicles must be under contract with the board of education. This requirement will not apply to individuals who transport their own children or other children on a not-for-hire basis.

The contract form used shall be that provided by the department of education. (Form TR-F-4-497)

281—43.4(285) Uniform charge. The contract must provide for a uniform charge for all pupils transported. No differentiations may be made between pupils of different districts except as provided in Iowa Code section 285.1(12).

281—43.5(285) Board must be party. The contractor may not arrange with individual families for transportation. The contractor undertakes to transport only those families indicated by the board of education.

281—43.6(285) Contract with parents. Parents, guardians, or custodians undertaking to transport other children for hire, in addition to their own, are private contractors. These individuals must be under contract, and must obtain an appropriate driver's license and a school bus driver's authorization.

281—43.7(285) Vehicle requirements. Any vehicle used, other than that used by individuals to transport their own children or other children on a not-for-hire basis, is considered to be a school bus and must meet all requirements for the type of vehicle used. (This requirement is not intended to restrict the use of passenger cars during the time the vehicles are not actually engaged in transporting school pupils.)

DIVISION III
FINANCIAL RECORDS AND REPORTS

281—43.8(285) Required charges. Full pro rata costs must be charged and collected for the transportation of all nonresident pupils. No differentiation may be made in charges due to differences in distance or grade in school.

281—43.9(285) Activity trips deducted. Transporting school districts which use their equipment for activity trips, or educational tours, or other types of transportation services as permitted in Iowa Code sections 285.10(9) and 285.10(10), must deduct the cost of trips from the total yearly transportation cost. In other words, costs may not be included in the pro rata costs which determine the charge to sending districts.

Accurate and complete accounting records must be kept so that the cost of transportation to and from school may be ascertained.

DIVISION IV
USE OF SCHOOL BUSES

281—43.10(285) Permitted uses listed. School buses may be used to transport pupils under the following conditions:

43.10(1) The program is a part of the regular or extracurricular program of a public school and has been so adopted and made a matter of record in the minutes of all the boards involved.

43.10(2) The pupils are enrolled in a public school.

43.10(3) The program or activity must be sponsored by a school or group of schools cooperatively and be under the direct control of a qualified teacher or recreational or playground director of a school district.

a. A regularly certificated teacher must be in charge of the program. Several or all schools may engage the same instructor on a cooperative basis.

b. In transporting pupils to Red Cross swimming classes a superintendent of schools may be designated by action of the district board as the supervisor or director of the activity and may use the Red Cross instructor to carry on the actual instruction in swimming.

f. The number of the bus shall be printed in not less than 5-inch or more than 8-inch black letters, except as otherwise noted in this subrule, and shall be displayed on both sides, the front and the rear of the bus. The location of the bus number is at the discretion of the vehicle owner except that the number:

(1) Shall be located to the rear of the service door not more than 36 inches from the ground on the right side of the bus and at the same respective position on the left side of the bus.

(2) Shall be yellow if located on either the front or rear bumper.

(3) May be placed on the roof of the bus at a position representing the approximate lateral and longitudinal midpoint of the bus. The bus number shall be black and shall measure not less than 24 inches in length.

(4) Shall not be located on the same line as the name of the school district on either side of the bus, on the emergency door, or in a location that will interfere with the words "SCHOOL BUS."

g. Buses privately owned by individuals, a company, or a contractor shall also bear the name of the owner, followed by the word "OWNER" in not more than 2-inch characters printed approximately 6 inches below the bus capacity on the right side of the bus.

h. Symbols, characters or letters, for the purpose of vehicle or route identification by students, may be displayed in the lower, split-sash, glass portion of the third passenger window from the front on the service entrance side of the bus. Such symbols, characters or lettering, if used, shall not exceed 36 square inches. This requirement applies to all school buses regardless of date of purchase.

i. Symbols identifying the bus as equipped for or transporting students with special needs may be displayed. See subrule 44.5(7).

j. The words "UNLAWFUL TO PASS WHEN LIGHTS FLASH" shall be displayed on the rear emergency door of the bus between the upper and lower window glass sections. The letters shall be black and not less than 2 inches nor more than 6 inches in height. If there is not sufficient space on the emergency door, letter size may be reduced upon approval of the department of education.

k. Pressure-sensitive markings of vinyl material may be used for the above lettering in lieu of painting.

l. Any lettering, including the name of the school's athletic team(s), numbers, drawings, bumper stickers, characters, or mascot symbols other than the bus manufacturer's registered trademarks or those specifically noted in paragraphs "a" through "k" above are prohibited.

44.4(21) Inside height. Inside body height shall be 72 inches or more, measured metal to metal, at any point on the longitudinal centerline from the front vertical bow to the rear vertical bow. Inside body height of Type A-2 buses shall be 62 inches or more.

b. Roof bows shall be insulated in accordance with 44.4(22) "a."

44.4(23) Interior.

a. The interior of the bus shall be free of all unnecessary projections, including luggage racks and attendant handrails, to minimize the potential for injury. This standard requires inner lining on ceilings and walls. If the ceiling is constructed to contain lapped joints, the forward panel shall be lapped by the rear panel and exposed edges shall be beaded, hemmed, flanged, or otherwise treated to minimize sharp edges. Buses may be equipped with a storage compartment for tools, tire chains, and tow chains. See also subrule 44.4(44).

b. Radio speakers are permitted in the passenger compartment area only. No radio speaker, other than that which is necessary for use with two-way communication equipment, shall be located within the driver's compartment area. All radio speakers shall be flush-mounted with the roof or side panels and shall be free of sharp edges which could cause injury to a child.

c. The driver's area forward of the foremost padded barriers shall permit the mounting of required safety equipment and vehicle operation equipment.

d. Every school bus shall be constructed so that the noise level taken at the ear of the occupant nearest to the primary vehicle noise source shall not exceed 85 dBA when tested according to the procedure found in Appendix B, National School Transportation Specifications & Procedures Manual 2005, Missouri Safety Center, Central Missouri State University, Humphreys Suite 201, Warrensburg, Missouri 64093.

e. An access panel must be provided, front and rear, so lights and wiring for the 8-light warning system may be repaired or serviced without removing ceiling panels.

f. Ceiling material designed to reduce noise within the driver compartment or passenger compartment may be installed by the manufacturer.

g. An electronic "child check" monitor shall be installed. This monitor shall operate in such a way as to require the driver to physically walk to the back of the bus to disengage the monitor system after having first shut off the engine of the bus.

44.4(24) Lamps and signals.

a. All lamps and lamp components shall meet or exceed applicable standards established by the Society of Automotive Engineers (SAE), the American Association of Motor Vehicle Administrators (AAMVA), and FMVSS. These lamps shall be of incandescent or LED design.

(2) Two combination lamps with a minimum diameter of 4 inches or, if a shape other than round, a minimum of 12 square inches of illuminated area shall be placed on the rear of the body between the beltline and the floor line. The rear license plate lamp may be combined with one lower tail lamp. Stop lamps shall be activated by the service brakes and shall emit a steady light when illuminated. Type A-2 buses with bodies supplied by the chassis manufacturer may have the manufacturer's standard stop and tail lamps.

f. Items described in paragraphs "b," "c," "d," and "e" shall be connected to the headlamp switch.

g. Backup lamps. The bus body shall be equipped with two white rear backup lamps. All vehicles shall be equipped with lamps at least 4 inches in diameter or, if a shape other than round, a minimum of 13 square inches of illuminated area. All lamps shall have a white or clear lens and shall meet SAE specifications. If backup lamps are placed on the same line as the brake lamps and turn signal lamps, they shall be to the inside.

(1) Two amber reflectors, one on each side at the lower front and corner of the body approximately at floor level and back of the door on the right side, and at a similar location on the left side. For all buses over 30 feet long, an additional amber reflector is required on each side at or near the midpoint between the front and rear side reflectors.

(2) Four red reflectors, one at each side at or near the rear and two on the rear, one at each side.

(3) Reflectors are to be mounted at a height not more than 42 inches or less than 30 inches above the ground on which the vehicle stands.

k. Warning signal lamps.

(1) Buses shall be equipped with two red lamps at the rear of the vehicle and two red lamps at the front of the vehicle.

(2) In addition to the four red lamps described above, four amber lamps shall be installed so that one amber lamp is located near each red signal lamp, at the same level, but closer to the vertical centerline of the bus. The system of red and amber signal lamps shall be wired so that amber lamps are energized manually and the red lamps are automatically energized (sequential), with amber lamps being automatically de-energized, when the stop signal arm is extended or when the bus service door is opened. An amber pilot light and a red pilot light shall be installed adjacent to the driver controls for the flashing signal lamp to indicate to the driver which lamp system is activated.

(3) The area immediately around the lens of each alternately flashing signal lamp shall be black. In installations where there is no flat vertical portion of body immediately surrounding the entire lens of the lamp, there shall be a circular or square band of black immediately below and to both sides of the lens, on the body or roof area against which the signal lamp is seen from a distance of 500 feet along the axis of the vehicle. Black visors or hoods, with a minimum depth of 4 inches, may be provided.

(4) Red lamps shall flash at any time the stop signal arm is extended.

These signal lamps must be connected to the chassis hazard warning switch to cause simultaneous flashing of turning signal lamps when needed as a vehicular traffic hazard warning. Turn signal lamps are to be placed as far apart as practical and their centerline shall be approximately 8 inches below the rear window. Type A-2 conversion vehicle lamps must be at least 21 square inches in lens area and in the manufacturer's standard color.

(2) Buses shall be equipped with amber side-mounted turn signal lights. The turn signal lamp on the left side shall be mounted rearward of the stop signal arm and the turn signal lamp on the right side shall be mounted rearward of the service door.

m. A white flashing strobe light rated for outdoor use and weather-sealed shall be installed on the roof of the bus not less than 1 foot or more than 4 feet from the rear center of the bus. The strobe light shall be located to the rear of the rearmost emergency roof hatch to prevent the roof hatch from diminishing the effectiveness of the strobe light. In addition:

(1) The strobe light shall have a single clear lens emitting light 360 degrees around its vertical axis and may not extend above the roof more than the maximum legal height.

(2) The strobe light must be controlled by a separate switch with an indicator light which when lit will indicate that the strobe light is turned on.

(3) The light shall be used only in fog, rain, snow, or at times when visibility is restricted.

(4) Each model strobe shall be approved by the motor vehicle division, Iowa department of transportation.

44.4(25) Metal treatment.

a. All metal, except high-grade stainless steel or aluminum, used in construction of the bus body shall be zinc-coated or aluminum-coated to prevent corrosion. This requirement applies to, but is not limited to, such items as structural members, inside and outside panels, door panels and floor sills. Excluded are such items as door handles, grab handles, interior decorative parts and other interior plated parts.

44.4(26) Mirrors.

a. The interior mirror shall be either clear view laminated glass or clear view glass bonded to a backing that retains the glass in the event of breakage. The mirror shall have rounded corners and protected edges. All Type A buses shall have a minimum of a 6-inch × 16-inch mirror; and Type B, C, and D buses shall have a minimum of a 6-inch × 30-inch mirror.

b. Each school bus shall be equipped with exterior mirrors meeting the requirements of FMVSS 111. Mirrors shall be easily adjustable, but shall be rigidly braced so as to reduce vibration.

c. Heated right- and left-side rearview mirrors shall be provided.

d. Systems offering a design feature permitting the driver to remotely adjust mirrors from the driver's compartment may be utilized.

e. The right side rearview mirrors must be unobstructed by the unwiped section of the windshield.

44.4(27) Mounting.

b. Isolators shall be placed at all contact points between the body and chassis frame and shall be secured by a positive means to the chassis frame or body to prevent shifting, separation, or displacement of the isolators under severe operating conditions.

c. The body front shall be attached and sealed to the chassis cowl to prevent entry of water, dust, and fumes through the joint between the chassis cowl and body.

d. The refurbishing or reconditioning of a body-on-chassis school bus is restricted to the repair and replacement of school bus body or chassis components. The original body and chassis, as certified by the original equipment manufacturers, shall be retained as a unit upon completion of repairs. It is not permissible to exchange or interchange school bus bodies and chassis. The refurbisher or reconditioner shall certify that the vehicle meets all state and federal construction standards in effect as of the date of manufacture and shall provide suitable warranty on all work performed. See also subrule 44.7(1).

44.4(28) Mud flaps.

a. Mud flaps or guards are required and shall be provided and installed by the body manufacturer or manufacturer's representative for both front and rear wheels.

b. Front mud flaps or guards shall be of adequate size to protect body areas vulnerable to road debris from wheels and shall be mounted so as to be free of wheel movement at all times.

c. Rear mud flaps or guards shall be comparable in size to the width of the rear wheelhousing and shall reach within approximately 9 inches of the ground when the bus is empty. They shall be mounted

at a distance from the wheels to permit free access to spring hangers for lubrication and maintenance and to prevent their being pulled off while the vehicle is in reverse motion or damaged by tire chains.

d. All mud flaps shall be constructed of rubber. Vinyl or plastic is not acceptable.

44.4(29) Overall length. Overall length of the bus shall not exceed the maximum allowed by the Iowa department of transportation.

44.4(30) Overall width. Overall width of the bus shall not exceed the maximum allowed by the Iowa department of transportation.

44.4(32) Public address system. A public address system permitting interior or exterior communication with passengers, or both types of communication, may be installed.

44.4(33) Radio system. In the interest of safety for the children transported and the effective management of the school transportation program, a two-way radio communication system is highly recommended.

44.4(34) Retroreflective material.

a. Retroreflective material shall be provided in accordance with the following:

(1) The rear of the bus body shall be marked with strips of reflective NSBY material to outline the perimeter of the back of the bus using material which conforms with the "Retroreflective Sheeting Daytime Color Specification Proposal" of Appendix B, National School Transportation Specifications & Procedures Manual 2005, Central Missouri State University, Humphreys Suite 201, Warrensburg, Missouri 64093. The perimeter marking of rear emergency exits in accordance with FMVSS 217 and the use of reflective "SCHOOL BUS" signs partially accomplish the objective of this requirement. To complete the perimeter marking of the back of the bus, strips of at least 1¾-inch reflective NSBY material shall be applied horizontally above the rear windows and above the rear bumper, extending from the rear emergency exit perimeter marking outward to the left and right rear corners of the bus; and vertical strips shall be applied at the corners connecting these horizontal strips.

(2) "SCHOOL BUS" signs, if not of lighted design, shall be marked with reflective NSBY material comprising background for lettering of the front and rear "SCHOOL BUS" signs.

(3) Sides of the bus body shall be marked with reflective NSBY material at least 1¾ inches in width, extending the length of the bus body and located within 6 inches above or below the floor line or on the beltline.

b. Front and rear bumpers may be marked diagonally 45 degrees down to centerline of pavement with 2-inch +/- ¼ inch wide strips of noncontrasting reflective material. This material shall appear black during daylight hours; however, it will be seen as a reflective material during periods of reduced light conditions when a direct light source strikes the material.

44.4(35) Rub rails.

a. One rub rail located on each side of the bus at, or no more than 8 inches above, the seat level shall extend from the rear side of the entrance door completely around the bus body (except for emergency door or any maintenance access door) to the point of curvature near the outside cowl on the left side.

b. One rub rail located at, or no more than 10 inches above, the floor line shall cover the same longitudinal area as the upper rub rail, except at wheel housings, and shall extend only to radii of the right and left rear corners.

c. Rub rails at or above the floor line shall be attached at each body post and all other upright structural members.

d. Each rub rail shall be 4 inches or more in width in its finished form, shall be of 16-gauge steel or suitable material of equivalent strength, and shall be constructed in corrugated or ribbed fashion.

f. The bottom edge of the body side skirts shall be stiffened by application of a rub rail, or the edge may be stiffened by providing a flange or other stiffeners.

44.4(36) *Seat, driver.*

a. Type A school buses shall be equipped with a driver's seat of manufacturer's standard design meeting FMVSS.

b. All Type B, C, and D school buses shall have a driver's seat equipped with a one-piece high back designed to minimize the potential for head and neck injuries in rear impacts, providing minimum obstruction to the driver's view of passengers and meeting applicable requirements of FMVSS 222. The height of the seat back shall be sufficient to provide the specified protection for a 5th percentile adult female up to a 95th percentile adult male, as defined in FMVSS 208. The seat shall be centered behind the steering wheel with a backrest a minimum distance of 11 inches behind the steering wheel. The seat shall be securely mounted to the floor of the bus with Grade 5 or better bolts and shall be secured with locking nuts or lock washers and nuts.

The design shall incorporate a fixed female push-button type latch on the right side at seat level, and a male locking bar tongue on the left retracting side. The assembly shall be equipped with a single, dual-sensitive emergency locking retractor (ELR) for the lap and shoulder belt. This system shall be designed to minimize "cinching down" on air sprung and standard seats. The lap portion of the belt shall be anchored or guided at the seat frame by a metal loop or other such device attached to the right side of the seat to prevent the driver from sliding sideways out of the seat. There shall be a minimum of 7 inches of adjustment of the "D" loop of the driver's shoulder harness on a nonintegrated style of seat belt assembly. Shoulder belt tension shall be no greater than is necessary to provide reliable retraction of the belt and removal of excess slack. The seat belt assembly and anchorage shall meet applicable FMVSS.

Jump seats or portable seats are prohibited; however, use of a flip seat at any side emergency door location in conformance with FMVSS 222, including required aisle width to side door, is acceptable. Any flip seat shall be free of sharp projections on the underside of the seat bottom. The underside of the flip-up seat bottoms shall be padded or contoured to reduce the possibility of snagged clothing or injury during use. Flip seats shall be constructed to prevent passenger limbs from becoming entrapped between the seat back and the seat cushion when in an upright position. The seat cushion shall be designed to rise to a vertical position automatically when not occupied.

g. Seats, seat back cushions, and restraining barriers shall be covered with a material having 42-ounce finished weight, 54-inch width, and finished vinyl coating of 1.06 broken twill or other material with equal tensile strength, tear strength, seam strength, adhesion strength, and resistance to abrasion, cold and flex separation.

h. All fabric seams shall be chain- or lock-stitch sewn with two threads, each equal to or exceeding the tensile strength of "F"-rated nylon thread.

i. Crash barriers shall be installed conforming to FMVSS 222; however, all Type A-2 school bus bodies shall be equipped with padded crash barriers, one located immediately to the rear of the driver's seat and one at the service door entrance immediately to the rear of the step well.

j. Crash barriers and passenger seats may be constructed with materials that enable them to meet the criteria contained in the school bus seat upholstery fire block test specified in the National School Transportation Standards & Procedures Manual 2005, Central Missouri State University, Warrensburg, Missouri 64093. Fire block material, when used, shall include the covering of seat bottoms.

44.4(39) Passenger securement seating system.

a. Type A-1 vehicles shall conform to all FMVSS at date of manufacture.

b. Unless otherwise required by FMVSS, school bus seats may be equipped with passenger securement systems for passengers with disabilities in accordance with 281—Chapter 41 when it is determined by the child's individual education program staffing team that special seating and positioning are necessary during transportation. When the staffing team determines that a passenger securement system is necessary to safely transport a student with a disability, the need shall be documented in the student's individual education plan (IEP).

c. When a child securement system is required in 44.4(39) "b," the seat, including seat frame, seat cushion, belt attachment points, belts and hardware shall comply with all applicable FMVSS at the time of manufacture. When it is determined that the securement system is no longer necessary to provide seating assistance to a child with a disability, the securement system shall be removed from the seat frame.

- d. The stop arm blade shall be mounted in the area below the driver's window on the left side of the bus.
- e. Each stop arm blade shall be automatically extended upon activation of the red warning signal lamp system and remain extended until the red signal lamps are deactivated. In addition, each stop arm blade shall be equipped with two double-faced, 4-inch, alternately flashing red lights. The use of strobe lamps in the stop arm blade is acceptable.
- f. A wind guard shall be installed which prevents air currents from circulating behind the blade.
- g. The stop arm shall be vacuum-, electric-, or air-operated; and the system must positively hold the sign in extended or retracted position to prevent whipping in the wind.
- h. If the air for an air-operated stop arm comes from the regular air brake system, the body manufacturer shall provide the necessary check valve and pressure reduction valve to safeguard the air supply for brake application.
- i. A second stop signal arm may be installed on the left side at or near the left rear corner of the school bus and shall meet the requirements of FMVSS 131.

The signal must be either visible within the driver's forward field of view or audible. The signal must be continuous. (Note: FMVSS No. 105 was applicable to trucks and buses from September 1, 1975, to October 12, 1976, and from September 1, 1983, to the present. FMVSS No. 105 was not applicable to trucks and buses manufactured between October 12, 1976, and September 1, 1983. Motor carriers have the option of equipping those vehicles to meet either the indicator lamp requirements of FMVSS No. 105, or the indicator lamp requirements specified in this paragraph for vehicles which were not subject to FMVSS No. 105 on the date of manufacture.)

The parking brake shall be capable of holding the vehicle or combination of vehicles stationary under any condition of loading in which it is found on a public road (free of ice and snow). Hydraulic-braked

vehicles which were not subject to the parking brake requirements of FMVSS No. 571.105 (S5.2) must be equipped with a parking brake system that meets the requirements of paragraph (c) of this section.

(b) **Air-braked power units manufactured on or after March 1, 1975, and air-braked trailers manufactured on or after January 1, 1975.** Each air-braked bus, truck and truck tractor manufactured on and after March 1, 1975, and each air-braked trailer except an agricultural commodity trailer, converter dolly, heavy hauler trailer or pulpwood trailer, shall be equipped with a parking brake system as required by FMVSS No. 121 (S5.6) in effect at the time of manufacture. The parking brake shall be capable of holding the vehicle or combination of vehicles stationary under any condition of loading in which it is found on a public road (free of ice and snow). An agricultural commodity trailer, heavy hauler or pulpwood trailer shall carry sufficient chocking blocks to prevent movement when parked.

(c) **Vehicles not subject to FMVSS Nos. 105 and 121 on the date of manufacture.** (1) Each singly driven motor vehicle not subject to parking brake requirements of FMVSS Nos. 105 or 121 at the time of manufacturer, and every combination of motor vehicles must be equipped with a parking brake system adequate to hold the vehicle or combination on any grade on which it is operated, under any condition of loading in which it is found on a public road (free of ice and snow).

(c)(2) The parking brake system shall, at all times, be capable of being applied by either the driver's muscular effort or by spring action. (c)(3) The parking brake system shall be held in the applied position by energy other than fluid pressure, air pressure, or electric energy. The parking brake system shall not be capable of being released unless adequate energy is available to immediately reapply the parking brake with the required effectiveness.

§393.45 Brake tubing and hoses; hose assemblies and end fittings.

(a) **General construction requirements for tubing and hoses, assemblies, and end fittings.** All brake tubing and hoses, brake hose assemblies, and brake hose end fittings must meet the applicable requirements of FMVSS No. 106 (49 CFR 571.106).

(b) **Brake tubing and hose installation.** Brake tubing and hose must:

(b)(1) Be long and flexible enough to accommodate without damage all normal motions of the parts to which it is attached;

(b)(2) Be secured against chaffing, kinking, or other mechanical damage; and

(b)(3) Be installed in a manner that prevents it from contacting the vehicle's exhaust system or any other source of high temperatures.

(c) **Nonmetallic brake tubing.** Coiled nonmetallic brake tubing may be used for connections between towed and towing motor vehicles or between the frame of a towed vehicle and the unsprung subframe of an adjustable axle of the motor vehicle if:

(c)(1) The coiled tubing has a straight segment (pigtail) at each end that is at least 51 mm (2 inches) in length and is encased in a spring guard or similar device which prevents the tubing from kinking at the fitting at which it is attached to the vehicle; and

(c)(2) The spring guard or similar device has at least 51 mm (2 inches) of closed coils or similar surface at its interface with the fitting and extends at least 38 mm (1½ inches) into the coiled segment of the tubing from its straight segment.

(d) **Brake tubing and hose connections.** All connections for air, vacuum, or hydraulic braking systems shall be installed so as to ensure an attachment free of leaks, constrictions or other conditions which would adversely affect the performance of the brake system.

§393.50 Reservoirs required.

(a) **Reservoir capacity for air-braked power units manufactured on or after March 1, 1975, and air-braked trailers manufactured on or after January 1, 1975.** Buses, trucks, and truck-tractors manufactured on or after March 1, 1975, and air-braked trailers manufactured on or after January 1, 1975, must meet the reservoir requirements of FMVSS No. 121, S5.1.2, in effect on the date of manufacture.

(b) **Reservoir capacity for air-braked vehicles not subject to FMVSS No. 121 on the date of manufacture and all vacuum braked vehicles.** Each motor vehicle using air or vacuum braking must have either reserve capacity, or a reservoir, that would enable the driver to make a full service brake application with the engine stopped without depleting the air pressure or vacuum below 70 percent of that indicated by the air or vacuum gauge immediately before the brake application is made. For the purposes of this paragraph, a full service brake application means depressing the brake pedal or treadle valve to the limit of its travel.

(c) **Safeguarding of air and vacuum.** Each service reservoir system on a motor vehicle shall be protected against a loss of air pressure or vacuum due to a failure or leakage in the system between the service reservoir and the source of air pressure or vacuum, by check valves or equivalent devices whose proper functioning can be checked without disconnecting any air or vacuum line, or fitting.

(d) **Drain valves for air braked vehicles.** Each reservoir must have a condensate drain valve that can be manually operated. Automatic condensate drain valves may be used provided (1) they may be operated manually, or (2) a manual means of draining the reservoirs is retained.

FMVSS 301 Fuel System Integrity

§393.67 Liquid fuel tanks.

(a) **Application of the rules in this section.** The rules in this section apply to tanks containing or supplying fuel for the operation of commercial motor vehicles or for the operation of auxiliary equipment installed on, or used in connection with commercial motor vehicles.

(a)(1) A liquid fuel tank manufactured on or after January 1, 1973, and a side mounted gasoline tank must conform to all the rules in this section.

(a)(2) A diesel fuel tank manufactured before January 1, 1973, and mounted on a bus must conform to the rules in paragraphs (c)(7)(iii) and (d)(2) of this section.

(a)(3) A diesel fuel tank manufactured before January 1, 1973, and mounted on a vehicle other than bus must conform to the rules in paragraph (c)(7)(iii) of this section.

(a)(4) A gasoline tank, other than a side mounted gasoline tank, manufactured before January 1, 1973, and mounted on a bus must conform to the rules in paragraphs (c)(1) through (10) and (d)(2) of this section.

(a)(5) A gasoline tank, other than a side mounted gasoline tank, manufactured before January 1, 1973, and mounted on a vehicle other than a bus must conform to the rules in paragraphs (c)(1) through (10), inclusive, of this section.

(a)(6) **Private motor carrier of passengers.** Motor carriers engaged in the private transportation of passengers may continue to operate a commercial motor vehicle which was not subject to this section or 49 CFR §571.301 at the time of its manufacture, provided the fuel tank of such vehicle is maintained to the original manufacturer's standards.

(a)(7) Motor vehicles that meet the fuel system integrity requirements of 49 CFR 571.301 are exempt from the requirements of this subpart, as they apply to the vehicle's fueling system.

(b) **Definitions.** As used in this section:

(b)(1) The term "liquid fuel tank" means a fuel tank designed to contain a fuel that is liquid at normal atmospheric pressures and temperatures.

(b)(2) A "side-mounted" fuel tank is a liquid fuel tank which:

(b)(2)(i) If mounted on a truck tractor, extends outboard of the vehicle frame and outside of the plan view outline of the cab; or

(b)(2)(ii) If mounted on a truck, extends outboard of a line parallel to the longitudinal centerline of the truck and tangent to the outboard side of a front tire in a straight ahead position. In determining whether a fuel tank on a truck or truck tractor is side mounted, the fill pipe is not considered a part of the tank.

(c) **Construction of liquid fuel tanks.**

(c)(1) **Joints.** Joints of a fuel tank body must be closed by arc, gas, seam, or spot welding, by brazing, by silver soldering, or by techniques which provide heat resistance and mechanical securement at least

equal to those specifically named. Joints must not be closed solely by crimping or by soldering with a lead based or other soft solder.

(c)(2) **Fittings.** The fuel tank body must have flanges or spuds suitable for the installation of all fittings.

(c)(3) **Threads.** The threads of all fittings must be Dryseal American Standard Taper Pipe Thread or Dryseal SAE Short Taper Pipe Thread, specified in Society of Automotive Engineers Standard J476, as contained in the 1971 edition of the "SAE Handbook", except that straight (non tapered) threads may be used on fittings having integral flanges and using gaskets for sealing. At least four full threads must be in engagement in each fitting.

(c)(4) **Drains and bottom fittings.**

(c)(4)(i) Drains or other bottom fittings must not extend more than 3/4 of an inch below the lowest part of the fuel tank or sump.

(c)(4)(ii) Drains or other bottom fittings must be protected against damage from impact.

(c)(4)(iii) If a fuel tank has drains the drain fittings must permit substantially complete drainage of the tank.

(c)(4)(iv) Drains or other bottom fittings must be installed in a flange or spud designed to accommodate it.

(c)(5) **Fuel withdrawal fittings.** Except for diesel fuel tanks, the fittings through which fuel is withdrawn from a fuel tank must be located above the normal level of fuel in the tank when the tank is full.

(c)(6) [Reserved]

(c)(7) **Fill pipe.**

(c)(7)(i) Each fill pipe must be designed and constructed to minimize the risk of fuel spillage during fueling operations and when the vehicle is involved in a crash.

(c)(7)(ii) For diesel-fueled vehicles, the fill pipe and vents of a fuel tank having a capacity of more than 94.75 L (25 gallons) of fuel must permit filling the tank with fuel at a rate of at least 75.8 L/m (20 gallons per minute) without fuel spillage.

(c)(7)(iii) For gasoline- and methanol-fueled vehicles with a GVWR of 3,744 kg (8,500 pounds) or less, the vehicle must permit filling the tank with fuel dispensed at the applicable fill rate required by the regulations of the Environmental Protection Agency under 40 CFR 80.22.

(c)(7)(iv) For gasoline- and methanol-fueled vehicles with a GVWR of 14,000 pounds (6,400 kg) or less, the vehicle must comply with the applicable fuel-spitback prevention and onboard refueling vapor recovery regulations of the Environmental Protection Agency under 40 CFR part 86.

(c)(7)(v) Each fill pipe must be fitted with a cap that can be fastened securely over the opening in the fill pipe. Screw threads or a bayonet-type point are methods of conforming to the requirements of paragraph (c) of this section.

(c)(8) **Safety venting system.** A liquid fuel tank with a capacity of more than 25 gallons of fuel must have a venting system which, in the event the tank is subjected to fire, will prevent internal tank pressure from rupturing the tank's body, seams, or bottom opening (if any).

(c)(9) **Pressure resistance.** The body and fittings of a liquid fuel tank with a capacity of more than 25 gallons of fuel must be capable of withstanding an internal hydrostatic pressure equal to 150% of the maximum internal pressure reached in the tank during the safety venting systems test specified in paragraph (d)(1) of this section.

(c)(10) **Air vent.** Each fuel tank must be equipped with a nonspill air vent (such as a ball check). The air vent may be combined with the fill pipe cap or safety vent, or it may be a separate unit installed on the fuel tank.

(c)(11) **Markings.** If the body of the fuel tank is readily visible when the tank is installed on the vehicle, the tank must be plainly marked with its liquid capacity. The tank must also be plainly marked with a warning against filling it to more than 95% of its liquid capacity.

(c)(12) **Overfill restriction.** A liquid fuel tank manufactured on or after January 1, 1973, must be designed and constructed so that:

(c)(12)(i) The tank cannot be filled, in a normal filling operation, with a quantity of fuel that exceeds 95% of the tank's liquid capacity; and

(c)(12)(ii) When the tank is filled, normal expansion of the fuel will not cause fuel spillage.

(d) **Liquid fuel tank tests.** Each liquid fuel tank must be capable of passing the tests specified in paragraphs (d)(1) and (2) of this section. The specified tests are a measure of performance only. Alternative procedures which assure that equipment meets the required performance standards may be used.

(d)(1) **Safety venting system test.**

(d)(1)(i) **Procedure.** Fill the tank three fourths full with fuel, seal the fuel feed outlet, and invert the tank. When the fuel temperature is between 50°F and 80°F, apply an enveloping flame to the tank so that the temperature of the fuel rises at a rate of not less than 6°F and not more than 8°F per minute.

(d)(1)(ii) **Required performance.** The safety venting system required by paragraph (c)(8) of this section must activate before the internal pressure in the tank exceeds 50 pounds per square inch, gauge, and the internal pressure must not thereafter exceed the pressure at which the system activated by more than five pounds per square inch despite any further increase in the temperature of the fuel.

(d)(2) **Leakage test.**

(d)(2)(i) **Procedure.** Fill the tank to capacity with fuel having a temperature between 50°F and 80°F. With the fill pipe cap installed, turn the tank through an angle of 150° in any direction about any axis from its normal position.

(d)(2)(ii) **Required performance.** Neither the tank nor any fitting may leak more than a total of one ounce by weight of fuel per minute in any position the tank assumes during the test.

(e) **Side-mounted liquid fuel tank tests.** Each side-mounted liquid fuel tank must be capable of passing the tests specified in paragraphs (e)(1) and (2) of this section and the test specified in paragraphs (d)(1) and (2) of this section. The specified tests are a measure of performance only. Alternative procedures which assure that equipment meets the required performance criteria may be used.

(e)(1) **Drop test.**

(e)(1)(i) **Procedure.** Fill the tank with a quantity of water having a weight equal to the weight of the maximum fuel load of the tank and drop the tank 30 feet onto an unyielding surface so that it lands squarely on one corner.

(e)(1)(ii) **Required performance.** Neither the tank nor any fitting may leak more than a total of 1 ounce by weight of water per minute.

(e)(2) **Fill-pipe test.**

(e)(2)(i) **Procedure.** Fill the tank with a quantity of water having a weight equal to the weight of the maximum fuel load of the tank and drop the tank 10 feet onto an unyielding surface so that it lands squarely on its fill-pipe.

(e)(2)(ii) **Required performance.** Neither the tank nor any fitting may leak more than a total of 1 ounce by weight of water per minute.

(f) **Certification and markings.** Each liquid fuel tank shall be legibly and permanently marked by the manufacturer with the following minimum information:

(f)(1) The month and year of manufacture,

(f)(2) The manufacturer's name on tanks manufactured on and after July 1, 1989, and means of identifying the facility at which the tank was manufactured, and

(f)(3) A certificate that it conforms to the rules in this section applicable to the tank. The certificate must be in the form set forth in either of the following:

(f)(3)(i) If a tank conforms to all rules in this section pertaining to side mounted fuel tanks: "Meets all FMCSA sidemounted tank requirements."

(f)(3)(ii) If a tank conforms to all rules in this section pertaining to tanks which are not side mounted fuel tanks: "Meets all FMCSA requirements for non side mounted fuel tanks."

(f)(3)(iii) The form of certificate specified in paragraph (f)(3)(i) or (ii) of this section may be used on a liquid fuel tank manufactured before July 11, 1973, but it is not mandatory for liquid fuel tanks manufactured before March 7, 1989. The form of certification manufactured on or before March 7, 1989, must meet the requirements in effect at the time of manufacture.

(f)(4) **Exception.** The following previously exempted vehicles are not required to carry the certification and marking specified in paragraphs (f)(1) through (3) of this section:

(f)(4)(i) Ford vehicles with GVWR over 10,000 pounds identified as follows: The vehicle identification numbers (VINs) contain A, K, L, M, N, W, or X in the fourth position.

(f)(4)(ii) GM G-Vans (Chevrolet Express and GMC Savanna) and full-sized C/K trucks (Chevrolet Silverado and GMC Sierra) with GVWR over 10,000 pounds identified as follows: The VINs contain either a “J” or a “K” in the fourth position. In addition, the seventh position of the VINs on the G-Van will contain a “1.”

TITLE IX
VOCATIONAL EDUCATION
CHAPTER 46
VOCATIONAL EDUCATION PROGRAMS
[Prior to 9/7/88, see Public Instruction Department[670] Ch 26]

281—46.1(258) Standards for vocational education. Vocational education programs carried on under the provisions of Iowa Code chapter 258 shall be governed by and administered pursuant to the Acts of Congress accepted by chapter 258 and its provisions, duly-adopted rules of the federal agencies involved and the current federal-state contracts or plans approved pursuant to these statutes and rules.

281—46.2(258) Planning process.

46.2(1) The proposed multiyear state plan for vocational education within career education shall be developed on a multifiscal year basis beginning on July 1 and ending June 30 of the last fiscal year, and shall be updated annually. In addition, an accountability report shall be developed annually for vocational education conducted during the previous fiscal year. This shall be done in accordance with P.L. 98-524 and federal regulations of October 3, 1977.

46.2(2) A public hearing shall be conducted after giving 30 days' public notice through local and statewide newspapers and through notices mailed to all local education agencies to provide opportunity for all segments of the population of the state to give their views on the goals and programs to be included in the plan, allocation of resources to meet these goals, and the allocation of responsibility for programs among the various levels of education and institutions in the state and to comment on the accountability report.

46.2(3) Views expressed at the public hearing(s) or in writing within the publicized time limit shall be reflected in the plan or the accountability report or reasons will be given for rejecting any views not accepted for inclusion in the plan or report as required by P.L. 98-524 and Iowa Code chapter 258.

This rule is intended to implement Iowa Code chapter 258.

281—46.3(258) Public involvement and participation. The previous state plan and accountability report shall be available from the career education division, department of education, for public review and comment 30 days prior to the public hearing(s) for development of the new state plan and accountability report.

This rule is intended to implement Iowa Code chapter 258.

281—46.4(258) Final plan and accountability report.

46.4(1) The final state plan and accountability report will be made available to education agencies upon approval by the state board, and subsequently to other interested parties upon request.

46.4(2) The final multiyear state plan shall be implemented by eligible recipients of vocational education funding for programs, services and activities conducted under P.L. 98-524 and Iowa Code chapter 258, beginning July 1 in the first fiscal year, and ending with June 30 of the last fiscal year.

This rule is intended to implement Iowa Code chapter 258.

281—46.5(258) Geographic area. The geographic area for the vocational education state plan within career education includes the entire state of Iowa. Programs, services and activities shall be available to all eligible recipients as defined and specified in P.L. 98-524, and accepted by Iowa Code chapter 258.

This rule is intended to implement Iowa Code chapter 258.

281—46.6(258) Revised standards for vocational education. Vocational education programs under the provisions of Iowa Code chapter 258 shall be administered by the specific provisions of 281—subrule 12.5(4), as well as the other provisions set forth in 281—Chapter 12.

This rule is intended to implement Iowa Code section 256.11 and chapter 258.

281—46.7(258) Definitions and descriptions of procedures. The strategies for implementing the vocational education standards may be clarified by the following definition and descriptions of procedures which shall be utilized:

Vocational education means organized educational programs offering a sequence of courses which are directly related to the preparation of individuals in paid or unpaid employment in current or emerging occupations requiring other than a baccalaureate or advanced degree. Such programs shall include competency-based applied learning which contributes to an individual's academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, and the occupational-specific skills necessary for economic independence as a productive and contributing member of society. Program content shall include recognition of the contributions of individuals with disabilities, men and women in nontraditional roles and minorities. Such term also includes applied technology education.

46.7(1) *Process for establishing minimum competencies.* The department of education shall develop sets of minimum competencies through a structured group interview process, which involves the use of technical committees of incumbent workers, within an occupational cluster of a service area, who will analyze a researched list of competencies which include new and emerging technologies, job seeking, leadership, entrepreneurial, and occupational competencies. This analysis includes identifying the competencies necessary for the vocational program to offer so that the program participant has access to all instruction which leads to employment and further training.

All competency lists will be analyzed for reinforcement of academic skills. An initial academic skills analysis shall be performed by department staff with verification by committees of academic and vocational instructional staff.

Revalidation for minimum competencies will be completed and authorized for the state board at least every three years, commencing with the 1992-93 school year.

46.7(2) *Competency development by local school districts or community colleges.* Local school districts and community colleges may develop competencies in lieu of the state minimum competencies. The competencies shall be developed by the process described in subrule 46.7(1) and approved by the state department of education.

Local school districts and community colleges are encouraged to develop additional competencies beyond the minimums identified by the department. The process described in subrule 46.7(1) should also be utilized to develop these competencies.

46.7(3) *Articulation.* Teachers and administrators from both secondary and postsecondary instructional levels shall (when applicable) meet to identify competencies required at each level, and to jointly prepare agreements of articulation between secondary and postsecondary levels for specific occupational areas. Such joint articulation efforts will facilitate the secondary-postsecondary transition and help reduce duplication between the two levels. Articulation agreements shall be signed with at least one postsecondary institution per program offered at the high school level (as appropriate), i.e., community colleges, apprenticeship programs, or private postsecondary institutions.

46.7(4) *Statewide vocational education evaluation.* The department of education shall review at least 20 percent of approved vocational education programs within the state annually, to ensure that the programs are:

- a. Compatible with educational reform efforts.
- b. Capable of responding to technological change and innovation.
- c. Meeting educational needs of the students and employment community including students with disabilities, both male and female students, from diverse racial and ethnic groups.
- d. Enabling students enrolled to perform the minimum competencies independently.
- e. Articulated/integrated with the total school curriculum.
- f. Enabling students with a secondary vocational background to pursue other educational interests in a postsecondary setting, if desired.
- g. Availing students with support services and eliminating access barriers to education and employment for both traditional and nontraditional students, men and women, persons from diverse racial and ethnic groups, and persons with disabilities.

Evaluation activities shall include both secondary and postsecondary vocational education instructional programs. A statewide evaluation system utilizing multiple indicators will encompass the requirements of both state and federal vocational education legislation.

46.7(5) *Regional planning process.* A regional planning process shall be implemented by regional planning boards in order to establish a long-range comprehensive plan for vocational education. They shall utilize the services of local school districts, community colleges, and other resources to help local school districts meet vocational education standards, while avoiding unnecessary duplication of services. The regional planning process shall include, but not be limited to, the following components:

a. Needs analysis—labor demand/supply, entrepreneurial opportunities, student needs and interests (including members of special populations), regional geographic data, and student/employer follow-ups for existing programs.

b. Resources identification—vocational programs, staff, equipment, and financial capabilities of the secondary school districts within the region.

c. Establishment of objectives (based on the needs analysis and identification of resources).

d. Development of action steps—activities, responsibilities, and timelines indicated for each objective.

e. Revision of the regional five-year plan.

A model will be developed for the purpose of conducting needs analysis surveys. This model will be developed by the department of education for use by each region to collect minimum, uniform statewide composite data for use in developing the regional five-year plan, and for input into the State Plan for Vocational Education, and various federal and state reports.

46.7(6) *Regional vocational education planning boards.* Regional vocational education planning boards shall be established in each merged area, for the purpose of coordinating the development and implementation of quality vocational education programs. Each regional planning board shall be composed of five members, selected from local school boards of directors, community college boards of directors, area education agency boards of directors, local advisory councils on vocational education, and vocational education instructional personnel. Meetings of the regional planning board shall be held at least once each quarter. By mutual agreement, community colleges, local education agencies, and area education agencies may establish area vocational consortia to assume and exercise the duties and responsibilities established for regional vocational education planning boards, in lieu of regional vocational education planning boards.

46.7(7) *Selection of regional planning board members.*

a. Regional planning board members from the representing groups shall be selected as follows: Community college and area education agency boards of directors shall each appoint one (actively serving) board member to serve on the regional planning board. Currently serving local school board members shall file as candidates for the regional planning board. Elections shall be held and the member elected by one vote from each local board of directors within the region. Members of local advisory councils of vocational education (actively serving) shall file as candidates, and election shall be decided by a vote from each of the local advisory councils on vocational education within the region (one vote per local advisory council per district). Vocational education licensed instructors, (from both secondary and postsecondary institutions) who are actively teaching vocational education courses, shall file as candidates—with election decided by a vote of eligible teachers, listed on the most recent Basic Education Data Systems (BEDS) document obtainable from the department of education. Regional planning board membership shall be limited to five in number, representing the five agencies listed in the legislation, and each member shall have one vote on issues requiring a majority vote.

b. Elections shall be conducted by the regional planning board fiscal agent in each region, in accordance with the guidelines established in paragraph 46.7(7) “a.”

c. Each regional planning board member shall be limited to two consecutive three-year terms, and a member must have been off the board for one year before running again for a board position.

d. Interim vacancies shall be filled by appointment by the remaining regional planning board members.

e. Terms of secondary and postsecondary licensed instruction personnel and the terms of secondary and postsecondary local advisory councils on vocational education shall be rotated to ensure a continuing secondary-postsecondary balance on the regional planning board.

f. The regional planning board shall stagger terms of office from among the representatives of the five representing groups.

46.7(8) Duties. Regional planning boards shall perform such duties as:

a. Supporting local school districts and community colleges in the delivery of quality, diversified vocational education programs within the region, including services to special populations.

b. Involving representatives of business, industry, labor, and other government agencies in the planning for and delivery of vocational education.

c. Providing for the gathering and interpretation of data identifying students' occupational needs (labor market, entrepreneurial, and self-employment opportunities) at the region, state, national and international levels.

d. Developing a five-year regional vocational education plan with annual updates, utilizing the uniform regional planning process described in subrule 46.7(5).

e. Implementing planning procedures and contracting (at the request of the state director of education or the local district) for the delivery of vocational services when a local district is otherwise unable to meet the vocational education standards.

f. Identifying the personnel and resources needed in order to carry out their responsibilities.

46.7(9) Auxiliary (working) group. Each regional planning board shall recruit and appoint a regional vocational work group (representing the various constituencies within the region) which may include such groups as educators; representatives from business, industry, and labor; other government agencies (JTPA, private industry councils, job service, etc.); community leaders; and similar groups to perform some of the specific activities necessary to accomplish regional planning activities. Affirmative steps will be taken to include on regional work groups a balance of men and women, persons from diverse racial and ethnic groups and persons with disabilities.

46.7(10) Accreditation standards not met—procedures. For school districts not meeting accreditation standards for vocational education instruction listed in 281—subrule 12.5(5), the following procedures apply:

a. Upon notice to the district that the accreditation standards for vocational education instruction listed in 281—subrule 12.5(5) are not met, the district shall be granted one year to meet the standards for approval.

b. If a district chooses to waive the one-year grace period, or has failed to meet the standards after one year, the state director of education shall delegate the authority to the appropriate regional planning board to direct the district to contract with another school district, or with a community college which has a suitable vocational education program—to provide vocational education for students of that district.

c. Districts waiving the grace period or having failed to meet the approval standards shall pay to the receiving district or community college an amount equal to the percent of the school day in which a pupil is receiving vocational education in the approved program—times the district cost per pupil of the district of residence.

d. The regional planning board shall facilitate the development of a contract with an existing education agency (including community colleges or consortia) with an appropriate vocational education program for the delivery of a vocational education program for requesting districts which have not met the accreditation standards for vocational education.

e. Transportation to and from the instructional site shall be provided by the school district waiving the one-year grace period or failing to meet program approval standards.

f. Vocational education programs delivered through a consortia approach must be offered and taught to enable districts contracting for the service to count the program as an approved vocational education offering.

g. The regional planning board shall report to the director of the department of education any school district failing to contract with another school district or community college to make an approved vocational education program available for students of that district. The report shall be a basis for the

director to recommend to the state board of education as provided by Iowa Code section 256.11(11) that the district not remain accredited. The director is not required to use the provisions of Iowa Code section 256.11(10) prior to making this recommendation.

This rule is intended to implement Iowa Code section 256.11 and chapter 258.

CHAPTER 47 CAREER ACADEMIES

[Formerly Ch 28 under Department of Public Instruction]

[Prior to 9/7/88, see Vocational Education Advisory Council[843] Ch 1]

281—47.1(260C) Definitions. For purposes of these rules, the following definitions shall apply:

“Articulation” means a process of curriculum alignment, linking the secondary and postsecondary levels; the process identifies competencies required at each level, which are consistent with specific occupational levels. The process requires signed agreements between the secondary and postsecondary levels in order to facilitate student transition to the postsecondary level and reduce curricular duplication. Articulation is an ongoing process that requires regular review and renewal.

“Associate degree,” “diploma” and *“certificate”* in a vocational, career and technical education program are as defined in 281—subrule 21.2(10).

“Career academy” means a program of study that combines a minimum of two years of secondary education with an associate degree in a career preparatory program. A diploma or certificate may be provided as options within the associate degree program. The career academy is a program of study that is nonduplicative, sequential, and ensures that the course of study is skill standards-based, integrates academic and technical instruction, utilizes work-based and work site learning where appropriate and available, utilizes an individual career planning process with parent involvement, and prepares an individual for entry and advancement in a high-skill and rewarding career field as specified in 2003 Iowa Acts, First Extraordinary Session, chapter 2, section 76. A career academy may include articulation of the community college associate degree to a baccalaureate degree. “Nonduplicative” means that the postsecondary component of the career academy is not currently offered at a participating secondary school.

The career academy should strengthen the academic component of career and technical education through the integration of academic and career and technical education; build student competence in mathematics, science, and communications in a coherent sequence of courses; and lead to an associate degree that prepares an individual for entry and advancement in a high-skill and rewarding career field that may include further education.

“Community college” means a community college established under Iowa Code chapter 260C or a consortium of two or more community colleges.

“Skill standard” means a description of the work to be performed, how well the work must be performed and the level of knowledge and skill required to perform that work. Skill standards are developed by industry, which includes businesses, labor unions, and employee and employer organizations, in cooperation with educators.

“Work-based learning” is defined as planned and supervised connections of classroom, laboratory and work experiences that prepare students for current and future careers in a highly technical workplace. Work-based learning experiences provide students the opportunity to develop and apply knowledge, technical skills, and employability behaviors through structured classroom and laboratory experiences.

“Work site learning” means a planned and supervised work experience for students. Work site learning may include industry tours, “job shadowing,” paid and unpaid cooperative work experience programs and apprenticeship programs.

A work site component that is part of a career academy program must be in compliance with workplace laws and regulations, including the minimum wage requirements prescribed by Iowa law or the federal Fair Labor Standards Act. The program of study must also comply with state and federal laws pertaining to the workplace, including equal employment opportunity and accident and liability insurance requirements as described in 261—subrule 11.3(7).

281—47.2(260C) Career academy program of study.

47.2(1) Minimum requirements. A career academy must have operational policies related to a defined curriculum, credit provisions, sequence and locations of courses, and enrollment procedures. A career academy shall meet the following minimum requirements:

- a. Articulate two years of secondary education with an associate degree program, which may include a diploma or certificate;
- b. Ensure that the secondary and postsecondary components of the career preparatory program are nonduplicative;
- c. Identify a sequential course of study;
- d. Delineate skill standards specific to the industry;
- e. Integrate academic and technical instruction;
- f. Utilize work-based learning;
- g. Utilize work site learning where appropriate and available;
- h. Lead to an associate degree in a high-skill and rewarding career field;
- i. Provide for an individual career planning process, with parent or guardian involvement; and
- j. Include articulation of a community college associate degree or, if possible, a baccalaureate degree.

47.2(2) *Career academy funding.* Funding for a career academy is as specified in 2003 Iowa Acts, First Extraordinary Session, chapter 2, section 76. The individual courses offered by a community college in a career academy may be funded additionally through a variety of state and federal sources. Nothing in these rules relieves secondary and postsecondary institutions of their obligations to meet other funding requirements.

47.2(3) *Vocational, career and technical program approval.* The career academy program of study shall include both secondary and postsecondary curricula. A career academy program must meet requirements of the department of education as specified in Iowa Code sections 256.11(5)“h,” 258.3A, 258.4, and 260C.14. The career academy must be an articulated program of study between secondary and postsecondary institutions.

47.2(4) *Contract or agreement.* The career academy program of study must receive school district board and community college board approval. A contract or 28E agreement between the boards of a school district and a community college must be signed by participating parties and be in effect prior to initiation of a career academy. The contract or 28E agreement between the boards of the school district(s) and the community college must set forth the purposes, powers, rights, objectives, and responsibilities of the contracting parties and must specify assurances that the career academy program of study is as defined in 2003 Iowa Acts, First Extraordinary Session, chapter 2, section 76. The contract or 28E agreement shall include, but is not limited to, the following:

- a. The duration of the joint or cooperative undertaking;
- b. The precise organization, composition and nature of any separate legal or administrative entity created thereby, together with the powers delegated thereto, provided such entity may be legally created. However, if the agreement establishes a separate legal or administrative entity, the entity shall, when investing funds, comply with the provisions of Iowa Code sections 12B.10 through 12B.10C and other applicable law;
- c. The purpose or purposes of the joint or cooperative undertaking and the method to assess effectiveness in achieving results;
- d. The manner of financing the joint or cooperative undertaking and of establishing and maintaining a budget;
- e. The permissible method or methods to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property upon such partial or complete termination;
- f. The manner of acquiring, holding, and disposing of real and personal property used in the joint or cooperative undertaking;
- g. Provision for an administrator or a joint board responsible for administrating the joint or cooperative undertaking; and
- h. Any other necessary and proper matters for the joint or cooperative undertaking.

The school district board and community college board must approve the contract or 28E agreement. An assurance form, as defined by the department of education, which specifies that the career academy includes all the components required under subrule 47.2(1) shall be sent to the director of the department of education.

47.2(5) *Faculty requirements.* Faculty providing college credit instruction in a career academy program of study must meet community college faculty minimum standards as specified in rule 281—21.3(260C) and the requirements of the quality faculty plan as approved by the community college board pursuant to Iowa Code section 260C.36. Faculty teaching courses that provide only secondary level credit must have appropriate secondary licensure pursuant to Iowa Code chapter 272.

47.2(6) *Credit options.* School districts may elect to offer high school credit for college credit courses within a career academy program. The career academy program of study shall be designed so that a student who utilizes the program will graduate from high school with the class in which the student was enrolled.

47.2(7) *Data collection.* Data collection and enrollment reporting must follow specified requirements as determined by the department of education.

These rules are intended to implement 2003 Iowa Acts, First Extraordinary Session, chapter 2, sections 76 to 80.

"Department" means the state department of education.

"Individual training plan" means a written statement of the training commitment from institutions involved including an outline of a definite plan of progressive experiences and learning activities and serves as a schedule or step-by-step plan for training to be used by the employer, school, postsecondary institution, and participant.

for financial program benefits and the academic requirements established by the secondary school and postsecondary institutions.

“Notice of intent” means a notification that the high school agrees to operate a certified program as provided in 2000 Iowa Acts, chapter 1013. The notice of intent shall be on a form furnished by the department of education and include the name of the contact person charged with overseeing the district’s certified program. The high school shall maintain on file the certified program agreement required by Iowa Code section 15.364.

“Participant” means an individual between the ages of 16 and 24 who is enrolled in a public or private secondary school or postsecondary institution and who initiated participation in a certified school to career program no later than the start of the student’s senior year in high school.

“Case record” means the file of personally identifiable information, whether written or electronic in form, on an individual that is collected to carry out the purposes of the division as defined in the Act and the Social Security Act. “Ongoing support services” means services that are needed to support and maintain individuals with the most significant disabilities in supported employment. Such services shall be specified in the IPE and include, at a minimum, twice-monthly monitoring at the work site to assess employment stability, unless it is determined in the IPE that off-site monitoring is more appropriate.

“Physical or mental impairment” means:

1. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin, or endocrine; or

"Substantial impediment to employment" means that a physical or mental impairment (in light of attendant medical, psychological, vocational, educational, communication, and other related factors) hinders an individual from preparing for, entering into, engaging in, or retaining employment consistent with the individual's abilities and capacities.

"Supported employment" means:

1. Competitive employment in an integrated setting, or employment in integrated work settings in which individuals are working toward competitive employment, consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individuals, with ongoing support services for individuals with the most significant disabilities:

- For whom competitive employment has not traditionally occurred or for whom competitive employment has been interrupted or intermittent as a result of a significant disability; and
- Who, because of the nature and severity of their disabilities, need intensive supported employment services from the division and extended services after transition to perform this work; or

2. Transitional employment, as defined herein, for individuals with the most significant disabilities due to mental illness.

"Supported employment services" means ongoing support services and other appropriate services needed to support and maintain an individual with a most significant disability in supported employment that are provided by the division:

1. For a period of time not to exceed 18 months unless, under special circumstances, the eligible individual and the rehabilitation counselor jointly agree to extend the time to achieve the employment outcome identified in the IPE; and

2. Following successful case closure, as postemployment services that are unavailable from an extended service provider and that are necessary for the individual to maintain or regain the job placement or to advance in employment.

"Transitional employment," as used in the definition of supported employment, means a series of temporary job placements in competitive work in integrated settings with ongoing support services for individuals with the most significant disabilities due to mental illness. In transitional employment, the provision of ongoing support services must include continuing sequential job placements until job permanency is achieved.

"Transition services" means a coordinated set of activities provided to a student and designed within an outcome-oriented process that promotes movement from school to postschool activities. Postschool activities include postsecondary education, vocational training, integrated employment (including supported employment), continuing and adult education, adult services, independent living, and community participation. The coordinated set of activities must be based upon the individual student's needs, taking into account the student's preferences and interests, and must include instruction, community experiences, the development of employment and other postschool adult living objectives, and, if appropriate, acquisition of daily living skills and functional vocational evaluation. Transition services must promote or facilitate the achievement of the employment outcome identified in the student's IPE.

"Trial work experiences" means an exploration of the individual's abilities, capabilities, and capacity to perform in realistic work situations in an integrated work setting in order to determine whether there is clear and convincing evidence that the individual is too severely disabled to benefit from the division's services.

DIVISION III
ELIGIBILITY

281—56.4(259) Individuals who are recipients of SSD/SSI. Recipients of social security disability payments or supplemental security income payments are automatically eligible for vocational rehabilitation services and are determined automatically as being significantly disabled.

281—56.5(259) Eligibility for vocational rehabilitation services. Eligibility for vocational rehabilitation services shall be determined upon the basis of the following:

56.5(1) A determination by qualified personnel that the applicant has a physical or mental impairment;

56.5(2) A determination by qualified personnel that the applicant's physical or mental impairment constitutes or results in a substantial impediment to employment for the applicant;

56.5(3) A determination by a qualified vocational rehabilitation counselor that the applicant requires vocational rehabilitation services to prepare for, secure, retain, or regain employment consistent with the applicant's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

A presumption exists that the applicant can benefit, in terms of an employment outcome, from the provision of vocational rehabilitation services. This presumption may be overcome by the division if, based on clear and convincing evidence, the division determines that the applicant is incapable of benefiting, in terms of an employment outcome, from vocational rehabilitation services due to the severity of the applicant's disability;

56.5(4) A determination that the individual meets the residency requirement.

281—56.6(259) Eligibility for specific services. Financial need must be established prior to provision of certain services at the division's expense. Applicants are eligible for physical restoration, occupational licenses, customary occupational tools and equipment, training materials, maintenance and transportation (except transportation for diagnosis, guidance or placement) only on the basis of financial need and when services are not otherwise immediately available. The following criteria are established for determination of eligibility of clients for the following services:

56.6(1) Physical restoration.

- a. The service is necessary for the client's satisfactory occupational adjustment.
- b. The condition causing disability is relatively stable or slowly progressive.
- c. The condition is of a nature that treatment may be expected to remove, arrest, or substantially reduce the disability within a reasonable length of time.
- d. The prognosis for life and employability are favorable.

56.6(2) Training and training materials.

- a. The training and books and supplies are necessary for the client's satisfactory occupational adjustment.
- b. The client has the mental and physical capacity to acquire a skill that the client can perform in an occupation commensurate with the client's abilities and limitations.
- c. The client is not otherwise precluded by law from employment in the client's field of training.
- d. The client meets the residency requirement.

56.6(3) Occupational licenses and occupational tools and equipment. The division may pay for occupational licenses and customary occupational tools and equipment when necessary for the client's entrance into, and successful performance in, a selected occupation.

56.6(4) Transportation. A client may be provided transportation in connection with securing medical or psychological examinations, physical restoration, training or placement, if such transportation is part of the client's IPE. A companion may be provided transportation at the division's expense if the client cannot travel alone.

56.6(5) Maintenance. A client is eligible for maintenance when it is necessary to the client's vocational rehabilitation and is an extra expense incurred due to the IPE.

281—56.7(259) Areas in which exceptions shall not be granted. Pursuant to federal law, an exception shall not be granted for any of the following requirements:

1. The eligibility requirements in rule 281—56.5(259) (i.e., presence of disability, substantial impediment to employment, need for vocational rehabilitation services).
2. The required use of trial work experiences prior to closure in Status 08-0 due to severity of disability.
3. The required contents of the IPE.
4. Identification of a long-term follow-up provider in supported employment cases.
5. Being in employment and in Status 22-0 for 90 days prior to Status 26-0 closure.
6. Status progression, restrictions, and time frames, such as the federal requirement that eligibility be determined within 60 days of an individual's application for services unless the individual has agreed to an extension.
7. Services may be provided only to individuals who are not on a waiting list, except for assessments which will help the division appropriately determine on which waiting list an individual belongs.

281—56.8(259) Waiting list. As required by the Act and 34 CFR 361.36, if the division cannot serve all eligible individuals who apply, the division shall develop and maintain a waiting list for services based on significance of disability. The three categories of waiting lists are as follows, listed in order of priority to be served:

1. Individuals with most significant disabilities;
2. Individuals with significant disabilities; and
3. Other individuals.

An individual's order of selection is determined by the waiting list and the date on which the individual was deemed eligible for services from the division. All waiting lists are statewide in scope; no regional lists are to be maintained.

Assessment of the significance of an applicant's disability is done during the process of determining eligibility but may continue after the individual has been placed on a waiting list.

281—56.9(259) Individuals who are blind. Pursuant to 111—10.4(216B), individuals who meet the department for the blind's definition of "blind" are to be served primarily by the department for the blind. Individuals with multiple disabilities who also are blind may receive technical assistance and consultation services while the department for the blind provides their rehabilitation plan.

281—56.10(259) Students in high school. The division may serve students in high school, provided the student demonstrates the maturity level, skills, and learning characteristics required to legally work in competitive environments for nonfamily members. If an applicant is in high school and is determined to be eligible for vocational rehabilitation services, such services may begin before the student exits the secondary school system. The services shall not supplant services for which the secondary school is responsible.

When the division determines that a student is eligible for services, the student's place on the waiting list under rule 281—56.8(259) shall be determined. If the waiting list category appropriate for the student is a category currently being served, the student's case shall be moved to Status 10-1. Otherwise the case is placed in Status 04-0, and the student's name is added to the waiting list for that category, based on the student's date of eligibility. An IPE may be written for a student in Status 10-1 at any time the student's vocational goal and the services necessary to reach that goal have been agreed upon by the student and the student's division counselor. The IPE must be in place when the student exits the secondary school system, unless the student has agreed to an extension or is on a waiting list or applied for services in the last quarter of the student's senior year.

The counselor assigned by the division to work with the student may participate in the student's individualized education program meetings to provide consultation and technical assistance if the student is on the waiting list for services. Once a student is removed from the waiting list, the counselor

may also provide vocational counseling and planning for the student and coordinate services with transition planning teams. When such services do not supplant services for which the secondary school is responsible, the division may begin to provide services specifically related to employment, such as supported employment or job coaching services, as early as the student's junior year of secondary school. Students in high school or in an alternative high school who have not yet met high school graduation requirements after four years of secondary enrollment may continue to receive said services that do not supplant the responsibilities of the high school. Students in their final year of high school who have made satisfactory progress and who have demonstrated skills to work in their trained profession may receive assistance in purchasing tools to be used on a job.

281—56.11(259) Establishment of financial need. The division establishes the client's financial need prior to providing physical restoration, including prostheses; transportation (for other than diagnostic, guidance or placement purposes); maintenance; and occupational licenses, tools and equipment. Recipients of SSD/SSI are not subject to a financial needs test for any services.

In determining financial need, the clients or, in the case of minors, the minors' parents or guardians are required to make a specific declaration regarding all family income from any source that may be applied toward the cost of rehabilitation services, except those of diagnosis, counseling, training and placement, which are provided without regard to financial need. The income should be available to the client; that is, actually on hand, free from prior obligations and ready when needed.

The division shall observe the following policies in making a determination of financial need based upon the findings:

56.11(1) All services requiring the determination of financial need are provided on the basis of supplementing the resources of the client or of those responsible for the client.

56.11(2) A supervisor may grant an exception in cases where the applicant's disability caused or is directly related to financial need and where all other sources of money have been exhausted by the applicant or the parents or guardians of a minor applicant.

56.11(3) Consideration shall be given to the client's responsibility for the immediate needs and maintenance of the client's dependents, and the client shall be expected to reserve sufficient funds to meet the client's family obligations and to provide for the family's future care, education and medical expenses.

56.11(4) Consideration shall also be given to factors such as prior obligations as well as to the desirability of conserving the client's own resources for future rehabilitation purposes, such as becoming established in business or providing a business automobile required for transportation or employment.

56.11(5) Income up to a reasonable amount should be considered from the standpoint of its conservation and its maximum utilization to the long-term interest of the client. Small casual earnings and unpredictable gifts of indeterminate value should not be counted as resources.

56.11(6) Financial aid from public assistance is disregarded as a resource.

56.11(7) Grants and scholarships, while not required to be searched for a comparable benefit, may be considered when determining financial support of a plan.

DIVISION IV CASE MANAGEMENT

281—56.12(259) Case finding and intake. The division seeks to locate all disabled individuals of employable age who desire to be employed full- or part-time and may be eligible for vocational rehabilitation services. To that end, referrals are accepted from all sources, and the division has established working relationships with public and private agencies in the areas of health, welfare, compensation, education, employment, and other related services. All new cases, whether referred to a local worker or to the division, are checked for previous information and are acknowledged promptly by letter or a personal call.

281—56.13(259) Case diagnosis. The case diagnosis constitutes a comprehensive study of the client, including medical as well as a vocational diagnosis of the individual. Each case diagnosis is based on pertinent information, including the individual's health and physical status, intelligence, educational background and achievements, vocational aptitudes and interests, employment experience and opportunities, and personal and social adjustments.

56.13(1) Medical diagnosis.

a. As a basis for determination of eligibility and formulation of the individual's rehabilitation plan, the division secures competent medical diagnosis. When necessary, the diagnosis is, if at all practicable, secured from recognized specialists in specific fields indicated by the general medical diagnosis. Whenever possible the diagnosis is accompanied by recommendations as to the means and methods of restoration and by a statement of any physical or mental limitations that may exist.

b. The division accepts a medical report in lieu of securing a new examination when the report can be relied upon to provide a sound basis for diagnosis of the physical or mental condition of the individual and is from one of the following providers or sources:

- (1) A licensed physician or surgeon;
- (2) A licensed osteopathic physician or surgeon;
- (3) A licensed doctor of chiropractic;
- (4) A licensed psychologist;
- (5) A licensed physician assistant;
- (6) A licensed advanced registered nurse practitioner;
- (7) A native healing practitioner recognized as such by an Indian tribe when services are being provided to American Indians with disabilities and the native healing practitioner services are necessary to achieve the individual's vocational rehabilitation objective;
- (8) A licensed dentist;
- (9) A licensed ophthalmologist;
- (10) A licensed audiologist;
- (11) A licensed independent social worker (LISW);
- (12) A licensed mental health counselor;
- (13) A certified school psychologist;
- (14) A recent individualized education program (IEP) as recognized by the Iowa department of education which documents a history of special education programs or services; or
- (15) An accredited or certified medical or treatment institution recognized by the state of Iowa or licensed by the department of public health or department of human services in any other state.

56.13(2) Vocational diagnosis. The methods of the vocational diagnosis include counseling interviews with the client; reports as may be needed, including when necessary in the individual case, reports from schools, employers, social agencies, and others; and psychological information.

56.13(3) Recording case data. The division maintains a record for each case. The case record contains pertinent case information including, as a minimum, the basis for determination of eligibility, the basis justifying the plan of services and the reason for closing the case together with a justification of the closure. A case record may not be destroyed until three years after the case has been closed.

281—56.14(259) Individual plan for employment (IPE).

56.14(1) Content. The IPE contains the client's expected employment goal, the specific vocational rehabilitation services needed to reach that goal, the entity or entities that will provide those services, the method by which satisfactory progress will be evaluated, and the methods available for procuring the services.

56.14(2) Client's participation and approval. The IPE is formulated with the client's participation and approval and provides for all rehabilitation services that are recognized to be necessary to fully accomplish the client's vocational rehabilitation whether or not services are at the expense of the division.

56.14(3) Conditions for development of the IPE. The basic conditions to be considered during the development of the IPE are:

a. The belief of the division that when concluded the IPE shall satisfactorily aid in the individual's achievement of vocational rehabilitation; and

b. That all services are to be carried to completion provided, however, that the division exercises its discretion in relation to the termination or revision of the individual's IPE when, for any reason, it becomes evident that the IPE cannot be completed or when the financial condition of the individual or the division makes termination necessary.

56.14(4) *Cooperation by the client.* The division requires good conduct, regular attendance and cooperation of all individuals engaged in the rehabilitation plan's implementation. The division makes the following provisions for ensuring trainee cooperation: instruction, verbally or by pamphlet, emphasizing the importance of these factors to the success of the IPE; at the beginning of the program, advising each trainee about what is expected of the trainee and that services shall continue only if the trainee's progress, attitude and conduct are satisfactory; requiring periodic progress, grade and attendance reports from the training agency; promptly calling the trainee's attention to evidence of unsatisfactory progress or attendance before such conditions become serious; providing encouragement to the trainee to promote good work habits, with due commendation for effective effort; and maintaining good relationships with the training agency.

56.14(5) *Ticket to work.* The client's signature on the IPE verifies the ticket assignment to the division unless otherwise directed by the client.

DIVISION V
SERVICES

281—56.15(259) Scope of services. All necessary vocational rehabilitation services, including counseling, physical restoration, training, and placement, are made available to eligible individuals to the extent necessary to achieve their vocational rehabilitation. The division cooperates with federal and other state agencies providing vocational rehabilitation or similar services, and written agreements providing for interagency cooperation may be entered into as required by the Act at the discretion of the division. In selected instances, the division assumes responsibility for providing short periods of medical care for acute conditions arising in the course of the client's rehabilitation, which if not cared for would constitute a hazard to the achievement of the rehabilitation objective because of the client's limited funds and the unavailability of free medical services.

281—56.16(259) Training.

56.16(1) Duration of training. Rehabilitation training is provided according to the actual needs of the individual. It is designed to achieve the specific employment outcome that is selected by the individual consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

56.16(2) Types of training. The types of training programs available are as follows:

a. Postsecondary training, which is training in the arts and sciences for which postsecondary credit is given and which is generally considered to be applicable toward an associate's degree, bachelor's degree, or advanced degree.

b. Vocational training, which includes any organized form of instruction that provides the knowledge and skills essential for performing in a vocational-technical area. Such knowledge and skills may be acquired through training in an institution, on the job, by correspondence, by tutors, or through a combination of any or all of these methods.

c. Prevocational training, which includes any form of basic training given for the acquisition of background knowledge or skills prerequisite or preparatory to vocational training or to employment where the primary occupational knowledge and skills are learned on the job.

d. Work adjustment training, which includes any training given for any one or a combination of the following reasons:

(1) To assist individuals with disabilities, if needed, to acquire personal habits, attitudes and skills that will enable them to function effectively.

(2) To develop or increase work tolerance prior to engaging in prevocational or vocational training, or in employment.

(3) To develop work habits and to orient the individual to the world of work.

(4) To provide skills or techniques for the specific purpose of enabling the individual to compensate for the loss of the use of a member of the body or the loss of a functional capacity.

e. Job coaching, which includes, but is not limited to, intensive on-the-job training necessary to teach an employee both the job duties and job-related responsibilities.

f. Supported employment, which means competitive work in an integrated work setting with ongoing support services for individuals with the most significant disabilities for whom competitive employment has not traditionally occurred or has been interrupted or intermittent as a result of significant disabilities. Supported employment also includes transitional employment for individuals with chronic mental illness. Supported employment is limited to a period of 18 months unless a longer period is established in the IPE.

g. Customized training, which is a plan developed by the client's counselor in cooperation with the client and the employer-trainer whereby the employer-trainer accepts the client for training for a specific job or job family, paid or unpaid, that may or may not result in employment with the training employer.

56.16(3) Scope of training. The division may provide training services as long as those services are part of a client's IPE. Training facilities shall be selected to meet the client's health, disability, and program needs. Training facilities within the state are preferred; those outside Iowa shall not be used unless approved for use by the vocational rehabilitation agency in the state in which the facility is located.

56.16(4) Financial assistance for postsecondary training. Calculations of financial assistance for postsecondary training are based on tuition and fee amounts.

a. Tuition and fee-based general assistance.

(1) For community colleges, the division shall pay no less than 40 percent and no more than 60 percent of the per-credit-hour fee charged by the community college, with no limit as to the number of credit hours taken by the client.

(2) For all other colleges and universities, public and private, whether in Iowa or outside Iowa, the division shall pay no less than 40 percent and no more than 60 percent of the per-credit-hour fee charged by the college or university, limited to the amount charged by the least expensive Iowa regents institution.

(3) For other training programs that qualify for federal financial aid, the division shall pay no less than 40 percent and no more than 60 percent of the amount charged by the least expensive Iowa regents institution, limited to the full-time rate, prorated as necessary.

(4) For training programs that do not qualify for federal financial aid, the division shall pay no less than 40 percent and no more than 75 percent of the tuition and fees charged to the client.

(5) For continuing education courses, the division shall pay no less than 40 percent and no more than 75 percent of the tuition and fees charged to the client.

(6) For on-line courses, the level of support shall be determined on a case-by-case basis.

b. Support services for postsecondary training. Unless approved as an exception by the supervisor, the amounts authorized for the items listed herein cannot exceed the amounts that would otherwise be spent on tuition and fees.

(1) Transportation shall be provided only when and to the extent that the cost is caused by participation in a program of vocational rehabilitation services.

(2) Maintenance shall be provided only to support participation in a program of vocational rehabilitation services when the client has no resources to address basic living expenses.

(3) Books and supplies may be provided in lieu of tuition and fees, but the amount provided therefor shall be no less than 40 percent and no more than 60 percent of the amount based on tuition and fees.

(4) Tutoring shall be provided only for courses that are part of the actual degree requirements and only when this service is not available for free through the school attended by the client. Tutoring for program entrance examinations, such as the GRE, LSAT, or MCAT, is not allowed without an exception approved by the supervisor.

(5) Unless approved as an exception, tools and equipment required for participation in a training program shall be provided in lieu of the tuition and fee amount.

(6) Unless approved as an exception, supplies for a course without which the course cannot be successfully completed shall be provided in lieu of the tuition and fee amount.

(7) Unless approved as an exception, fees for specialized equipment or computer programs needed to learn a subject or to access a course shall be provided in lieu of the tuition and fee amount.

(8) Fees for certification tests that are part of a course shall be paid pursuant to the 40 percent to 60 percent range established as the tuition and fees standard. For certifications and licensure fees that are not part of a course, the division shall use the financial needs assessment form to determine the level of division participation.

56.16(5) General guidance regarding postsecondary training is available from the division's case services manual.

281—56.17(259) Maintenance. The costs of maintenance shall not exceed the amount of increased expenses that the rehabilitation causes for the client or the client's family. Maintenance is not intended to provide relief from poverty or abject living conditions. Guidance regarding the financial support of maintenance is available from the division's case service manual.

281—56.18(259) Transportation. When necessary to enable an applicant or a client to participate in or receive the benefits of other vocational rehabilitation services, travel and related expenses, including expenses for training in the use of public transportation vehicles and systems, may be provided by the division. Transportation services may include the use of private or commercial conveyances (such as private automobile or van, public taxi, bus, ambulance, train, or plane) or the use of public transportation and coordination with a regional transit agency. The division shall not purchase or lease vehicles for a client. The division shall not pay for maintenance or repair of vehicles unless written approval of the supervisor allows for an exception.

281—56.19(259) Rehabilitation technology.

56.19(1) Rehabilitation technology services are available at any point in the rehabilitation process, except to those clients on the waiting list. Such services include, as appropriate, an evaluation of the ability of the individual to benefit from rehabilitation technology services. Areas in which rehabilitation technology services may be of assistance include seating and positioning, augmentative communication, computer access, environmental controls, mobility equipment, and modification of the job site or home.

56.19(2) Unless a written exception is approved by a supervisor, the following division contribution limits apply:

- a. The division shall pay for no more than \$2,000 for home modifications.
- b. The division shall not pay anything toward the modification of a second living unit.
- c. Rescinded IAB 8/15/07, effective 9/19/07.

281—56.20(259) Business initiatives. Rescinded IAB 8/27/08, effective 10/1/08.

281—56.21(259) Placement. The division not only prepares individuals with disabilities for jobs and trains them in techniques in securing their own jobs, but also accomplishes the actual placement, directly or indirectly, of all eligible individuals with disabilities who receive rehabilitation services. Placement activities are based upon adequate evaluation and preparation of the client and ordinarily include some combination of the following: evaluation of the client's job readiness; development and execution of a plan for job-seeking activities; instruction in making job applications and in conduct and appearance during interviews; employer contacts; registration with the state workforce development center administration division; job analysis and modification; job coaching; employer or supervisor consultation, advisement and training; time-limited job coaching; postplacement follow-up; and relocation costs. Satisfactory employment is the objective of all division services of preparation, and placement services are an important, integral part of the overall vocational rehabilitation program. As such, in addition to the services listed herein, placement services may include the need for transportation

and subsistence allowances and the purchase and acquisition of appropriate clothing, tools, equipment, and occupational licenses.

281—56.22(259) Supported employment and transitional employment. As defined herein, supported employment is provided to clients with the most significant disabilities for whom competitive employment has not traditionally occurred or has been interrupted or intermittent as a result of significant disabilities. Supported employment also includes transitional employment as defined herein for clients with mental illnesses.

281—56.23(259) Miscellaneous or auxiliary services.

56.23(1) Family member services. If necessary to enable an applicant or client to achieve an employment outcome as defined in these rules, the division may provide any service to a family member that it is legally able to provide to a client, as long as the purpose of the service is to assess the ability of the client to benefit from a program of vocational rehabilitation, prepare for, enter, and be successful in employment, or participate in a program of independent living services. Excluded are programs designed to prepare a family member to enter employment that will allow the family member to make money to support the applicant or client. A family member is an individual who either (a) is a relative or guardian of an applicant or client or (b) lives in the same household as an applicant or client and has a substantial interest in the well-being of the applicant or client.

56.23(2) Interpreter and note taker. If deemed necessary by the division to enable a client to engage in all parts of the vocational rehabilitation or independent living program process, interpreter services or note taker services shall be provided to such client, unless provision of such services is the statutory responsibility of an institution or organization.

Interpreter services are those special communications services provided by persons qualified by training and experience to facilitate communication between division personnel and persons unable to communicate verbally in English. Persons receiving services include deaf and hard-of-hearing persons who communicate using signs and finger spelling, as well as lip reading, writing, gestures, pictures, and other methods. Persons not fluent in the English language who could benefit from having any part of the vocational rehabilitation process translated into their major language are included. The division shall purchase sign language interpreter services, including transliterating services, from appropriately licensed interpreters only.

Note taker services are services provided to make written notes and summaries of orally presented material. The notes may be made from a live presentation, such as a classroom lecture, or from materials that have been taped. These services are only purchased when the law states that the presenter or institution is not statutorily responsible.

56.23(3) Other goods and services. Other goods and services include anything that is legal and necessary to the completion of the client's IPE or independent living (IL) services plan. Under no circumstances may real estate be purchased or built with division funds. Services designed to decrease the need for future IL services can only be provided directly to IL clients.

281—56.24(259) Facilities.

56.24(1) Types of facilities. It is the policy of the division to utilize any type of public or private facility that is equipped to render the required services of diagnosis, physical restoration, training, and placement. Facilities include public and private schools; colleges and universities; correspondence schools; agencies for personal adjustment training; business and industrial establishments for employment training; psychometric service agencies; physicians' and dentists' offices; hospitals; sanatoria and clinics; audiometric service centers; rehabilitation centers; the offices of occupational, physical and work therapists or agencies providing these services; convalescent homes; prosthetic appliance dealerships; and other similar facilities that are adequately equipped to contribute to the rehabilitation of individuals with disabilities.

56.24(2) Standards for facilities providing specialized training or other services. The division selects its training agencies on the basis of their ability to supply the quality of training desired. The

general practice of the division is to utilize the facilities of accredited or approved colleges, universities, and trade and commercial schools for residence and correspondence training.

56.24(3) *Facilities providing customized training.* Facilities selected as locations for employment training must have personnel qualified with respect to personality, knowledge and skills in the technique of instruction, have adequate equipment and instructional materials and be willing to make definite provisions for a plan of graduated progress in the job to be learned according to an efficiently organized and supervised instructional schedule.

56.24(4) *Facilities providing personal adjustment training.* In addition to other standards set for tutorial and customized training, an important basis for selection of facilities for personal adjustment training is a sympathetic understanding of the personal adjustment needs of the individual and their importance to the client's total rehabilitation.

281—56.25(259) Exceptions to payment for services. As required by the Act and 34 CFR 361.50(c), the division shall have a method of allowing for exceptions to its rules regarding payment for services.

56.25(1) *Reasons for exceptions.* Major reasons that will be considered in determining if an exception should be granted in favor of an applicant include, but are not limited to, the following:

- a. The need is disability-related.
- b. The applicant has used all sources available, such as applying for and using all available loans in postsecondary training situations.
- c. Family issues, such as dissolution of marriage, loss of income, or estrangement, render resources unavailable.
- d. Academic performance is poor, but could reasonably be expected to return to the required threshold in one semester.
- e. Documented evidence supports that the client is in the process of repaying a previously defaulted student loan.

56.25(2) *Prohibitions.* Pursuant to federal law, the division is subject to the following prohibitions:

- a. The fee schedule shall not be designed in a way that effectively denies an individual a necessary service.
- b. An absolute dollar limit on specific service categories or on the total services provided to an individual may not be established.

56.25(3) *Exception process.* A request for an exception shall originate with a counselor, who shall either develop a case note detailing the reason(s) why an exception is believed to be warranted or complete the appropriate form. The case note or form shall be presented to a supervisor for determination. The supervisor's determination shall be documented by the supervisor in a separate case note or in the designated place on the form.

281—56.26(259) Exceptions to duration of services. As required by the Act and 34 CFR 361.50(d), the division shall have a method of allowing for exceptions to its rules regarding the duration of services.

56.26(1) *Reasons for exceptions.* Major reasons that will be considered in determining if an exception should be granted in favor of an applicant include, but are not limited to, the following:

- a. The need is disability-related.
- b. Academic performance is poor, but could reasonably be expected to return to or above the required threshold in one semester.

56.26(2) *Prohibitions.* Pursuant to federal law, the division is subject to the following prohibitions:

- a. The time period established for the provision of services shall not be so short as to effectively deny an individual a necessary service.
- b. An absolute time limit on the provision of a specific service or on the total services provided to an individual may not be established. The duration of each service needed by an individual must be determined on an individual basis and reflected in that individual's IPE.

56.26(3) *Exception process.* A request for an exception shall originate with a counselor, who shall either develop a case note detailing the reason(s) why an exception is believed to be warranted or complete the appropriate form. The case note or form shall be presented to a supervisor for

determination. The supervisor's determination shall be documented by the supervisor in a separate case note or in the designated place on the form.

281—56.27(259) Maximum rates of payment to training facilities. In no case shall the amount paid a training facility exceed the rate published, and in the case of facilities not having published rates, the amount paid the facility shall not exceed the amount paid to the facility by other public agencies for similar services. The division will maintain information necessary to justify the rates of payment made to training facilities.

DIVISION VI
PURCHASING PRINCIPLES

281—56.28(259) Purchasing.

56.28(1) *General purchasing principles.*

a. The division shall purchase only those items/models that allow a client to meet the client's vocational objective. The division shall not pay for additional features that exceed the requirements to meet a client's vocational objective or that serve primarily to enhance the client's personal life.

b. The division shall purchase the most economical item/model that meets the client's vocational needs.

c. The division shall seek out the most economical alternatives to meet the client's vocational needs.

d. The division shall encourage all clients to develop strategies and savings programs to pay for replacement items/models or upgrades.

56.28(2) *Client-specific purchasing principles.* When considering what item/model to purchase for a specific client, the division shall in all cases consider the following factors:

a. Whether the item/model truly is needed for the client to be able to perform the essential functions of the client's job.

b. Whether a more economical item/model is available to permit the client to perform the essential functions of the client's job.

DIVISION VII
SUPERVISOR REVIEW, MEDIATION, HEARINGS, AND APPEALS

281—56.29(259) Review process. At the time of making application for rehabilitation services, and at other times throughout the rehabilitation process, all applicants and clients shall be informed of the right to appeal and the procedures by which to file an appeal. If an applicant or client is dissatisfied with any agency decision that directly affects the applicant or client, the applicant, client, or designated representative may appeal that decision or request mediation. The term "appellant" shall be used to indicate the applicant, client, or designated representative who initiates an appeal. The appellant initiates the appeal process either by filing the appropriate division appeal form, available from any counselor or supervisor of the division, or by calling a counselor or supervisor. If the appeal process is initiated by telephone, the counselor or supervisor who received the call must complete the appeal form to the best of that person's ability with information from the appellant. An appeal must be filed within 90 days of notification of the disputed decision. Once the appeal form has been filed with the division administrator, a hearing shall be held before an impartial hearing officer (IHO) within the next 60 days unless an extension of time is mutually agreed upon or one of the parties shows good cause for an extension. The appellant may request that the appeal go directly to impartial hearing, but the appellant shall be offered the opportunity for a supervisor review or mediation. The appellant may request assistance with an appeal or mediation from the Iowa client assistance program (ICAP).

281—56.30(259) Supervisor review. As a first step, the appellant shall be advised that a supervisor review of the counselor's decision may be requested by notifying the counselor or supervisor in person,

by telephone or by letter of the decision to appeal. If the supervisor has been involved in decisions in the case to the extent that the supervisor cannot render a fair and impartial decision or if the supervisor is not available to complete the review in a timely manner, the appeal and case file shall be forwarded to the assistant bureau chief for review. The appellant is not required to request supervisor review as a prerequisite for appeal before an IHO; however, if a supervisor review is requested, the following steps shall be observed:

56.30(1) Upon receipt of a request for supervisor review, the supervisor shall notify all appropriate parties of the date and nature of the appeal; examine case file documentation; discuss the issues and reasons for the decision with the immediate counselor and other counselors who may have been previously involved with the case/issue; and, if necessary, meet with any or all parties to discuss the dispute.

56.30(2) The supervisor shall have ten working days from receipt of the request for supervisor review to decide the issue and notify the appellant in writing. A copy of the supervisor's decision shall be sent to all appropriate parties.

56.30(3) If the supervisor's decision is adverse to the appellant, the copy of the written decision given to the appellant shall include further appeal procedures, including notification that the appellant has ten days from the date of the letter to file further appeal. Also included shall be notice of the Iowa client assistance program (ICAP), a program within the department of human rights, commission of persons with disabilities. If ICAP determines it appropriate, ICAP provides assistance in the preparation and presentation of the appellant's case.

56.30(4) As an alternative to, but not to the exclusion of, filing for further appeal, the appellant may request mediation of the supervisor's decision.

281—56.31(259) Mediation. Regardless of whether a supervisor review is requested, an appellant may request resolution of the dispute through the mediation process. Mediation is also available if the appellant is dissatisfied with the supervisor's decision. If mediation is requested by the appellant and agreed to by the division, the following steps shall be observed:

56.31(1) Mediation shall be conducted by a qualified and impartial mediator, as defined in 34 CFR 361.5(43), trained in effective mediation techniques and selected randomly by the division from a list maintained by the division.

56.31(2) The mediation shall be conducted in a timely manner at a location convenient to the parties.

56.31(3) Mediation shall not be used to delay the appellant's right to a hearing.

56.31(4) Mediation must be voluntary on the part of the appellant and the division.

56.31(5) Mediation is at no cost to the appellant.

56.31(6) All discussions and other communications that occur during the mediation process are confidential. Any offers of settlement made by either party during the mediation process are inadmissible if further appeal is sought by the appellant.

56.31(7) Existing division services provided to an appellant shall not be suspended, reduced, or terminated pending decision of the mediator, unless so requested by the appellant.

281—56.32(259) Hearing before impartial hearing officer. Regardless of whether the appellant has used supervisor review or mediation or both, if the appellant requests a hearing before an IHO, the following provisions apply:

56.32(1) The division shall appoint the IHO from the pool of hearing officers with whom the division has contracts. The IHO shall be assigned on a random basis or by agreement between the administrator of the division and the appellant.

56.32(2) The hearing shall be held within 20 days of the receipt of the appointment of the IHO. A written decision shall be rendered and given to the parties by the IHO within 30 days after completion of the hearing. Either or both of these time frames may be extended by mutual agreement of the parties or by a showing of good cause by one party.

56.32(3) The appellant shall be informed that the filing of an appeal confers consent for the release of the case file information to the IHO. The IHO shall have access to the case file or a copy thereof at any time following acceptance of the appointment to hear the case.

56.32(4) Within five working days after appointment, the IHO shall notify both parties in writing of the following:

- a.* The role of the IHO;
- b.* The IHO's understanding of the reasons for the appeal and the requested resolution;
- c.* The date, time, and place for the hearing, which shall be accessible and located as advantageously as possible for both parties but more so for the appellant;

- e.* That the hearing shall be closed to the public unless the appellant specifically requests an open hearing;
- f.* That the appellant may present evidence and information personally, may call witnesses, may be represented by counsel or other appropriate advocate at the appellant's expense, and may examine all witnesses and other relevant sources of information and evidence;
- g.* The availability to the appellant of the Iowa client assistance program (ICAP) for possible assistance;
- h.* Information about the amount of time it will take to complete the hearing process;
- i.* The possibility of reimbursement of necessary travel and related expenses; and
- j.* The availability of interpreter and reader services for appellants not familiar with the English language and those who are deaf, as well as transportation or attendant services for those appellants requiring such assistance.

56.32(5) Existing division services provided to an appellant shall not be suspended, reduced, or terminated pending decision of the IHO, unless so requested by the appellant.

56.32(6) The IHO shall provide a full written decision, including the findings of fact and grounds for the decision. Unless either party chooses to seek judicial review pursuant to Iowa Code chapter 17A, the decision of the IHO is final. If judicial review is sought, the IHO's decision shall be implemented pending outcome of the judicial review.

DIVISION VIII
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES

The following rules are implemented in addition to the department's rules in 281—Chapter 5.

281—56.33(259) Collection and maintenance of records. The division has the authority to collect and maintain records on individuals under the Act, the state plan for vocational rehabilitation services, and the Social Security Act. The acceptance of the provisions and benefits of the Rehabilitation Act, under Iowa Code section 259.1, is conditioned on the requirement that the division maintain the confidentiality of personally identifiable information and its release under certain circumstances as provided by applicable federal laws. These laws include, but are not limited to, the following:

1. The Freedom of Information Act (5 U.S.C. 552, added by P.L. 90-23 and amended by P.L. 93-502 and P.L. 94-409).
2. The Privacy Act of 1974 (5 U.S.C. 552a, added by P.L. 93-579).
3. The Drug Abuse Office and Treatment Act (21 U.S.C. 1175, added by P.L. 92-255), as amended by the Comprehensive Alcohol and Alcoholism Prevention, Treatment, and Rehabilitation Act Amendment of 1974 (42 U.S.C. 4582, added by P.L. 93-282).
4. Section 6103 of the Internal Revenue Code (26 U.S.C. 6103) as amended by the Tax Reform Act of 1976 (P.L. 94-455).
5. The Government in the Sunshine Act (P.L. 94-409).

6. The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. 1232g, added by P.L. 93-568).

Pursuant to Iowa Code section 259.9, the state of Iowa accepts the social security system rules for the disability determination program of the division. Failure to follow the provisions of the Act can result in the loss of federal funds. The state plan provides that all personally identifiable information is confidential and may be released only with the informed written consent of the client or the client's representative, except as permitted by federal law. Any contrary provision in Iowa Code chapter 22 must be waived in order for the state to receive federal funds, services, and essential information for the administration of vocational rehabilitation services.

281—56.34(259) Personally identifiable information. This rule describes the nature and extent of the personally identifiable information collected, maintained, and retrieved by the agency by personal identifier in record systems as defined herein. The record systems maintained by the division include the following:

56.34(1) *Personnel records.* These records contain information relating to initial application, job performance and evaluation, reprimands, grievances, notes from and reports of investigations of allegations related to improper employee behavior, and reports of hearings and outcomes of reprimands and grievances. Pursuant to Iowa Code section 22.7(11), some of the information in personnel records may be confidential.

56.34(2) *Client case records.* An individual file is maintained for each person who has been referred to or has applied for the services of the division. The file contains a variety of personal information about the client, which is used in the establishment of eligibility and the provision of agency services. All information is personally identifiable and is confidential.

56.34(3) *Client service record computer database.* This database contains personal data items about individual clients. Data identifying the client is confidential. Data in the aggregate is not personally identifiable and thus is not confidential.

56.34(4) *Vendor purchase records.* These are records of purchases of goods or services made for the benefit of clients. If the record contains the client's name or other personal identifiers, the record is confidential. Lists of nonclient vendors, services purchased, and the costs of those services are not confidential when retrieved from a data processing system without personally identifiable information.

56.34(5) *Records and transcripts of hearings or client appeals.* These contain personally identifiable information about a client's case, appeal from or for some action, and the decision that has been rendered. The personally identifiable information is confidential. Some of the information is maintained in an index provided for in Iowa Code subsection 17A.3(1) "d." Information is available after confidential personally identifiable information is deleted.

56.34(6) *All computer databases of client and applicant names and other identifiers.* The data processing system contains client status records organized by a variety of personal identifiers. These records are confidential as long as any personally identifiable information is present.

56.34(7) *All computer-generated reports that contain personally identifiable information.* The division may choose to draw or generate from a data processing system reports that contain information or an identifier which would allow the identification of an individual client or clients. This material is for internal division use only and is confidential.

281—56.35(259) Other groups of records routinely available for public inspection. This rule describes groups of records maintained by the division other than record systems. These records are routinely available to the public, with the exception of parts of the records that contain confidential information. This rule generally describes the nature of the records, the type of information contained therein, and whether the records are confidential in whole or in part.

56.35(1) Rule making. Rule-making records, including public comments on proposed rules, are not confidential.

56.35(2) Council and commission records. Agendas, minutes, and materials presented to any council or commission required under the Act are available to the public with the exception of those records that

are exempt from disclosure under Iowa Code section 21.5. Council and commission records are available from the main office of the division at 510 E. 12th Street, Des Moines, Iowa 50319.

56.35(3) Publications. News releases, annual reports, project reports, agency newsletters, and other publications are available from the main office of the division at 510 E. 12th Street, Des Moines, Iowa 50319. Brochures describing various division programs are also available at local offices of the division.

56.35(4) Statistical reports. Periodic reports of statistical information on expenditures, numbers and types of case closures, and aggregate data on various client characteristics are compiled as needed for agency administration or as required by the federal funding source and are available to the public.

56.35(5) Grants. Records of persons receiving grants from division services are available through the main office of the division. Grant records contain information about grantees and may contain information about employees of a grantee that has been collected pursuant to federal requirements.

56.35(6) Published materials. The division uses many legal and technical publications, which may be inspected by the public upon request. Some of these materials may be protected by copyright law.

56.35(7) Policy manuals. Manuals containing the policies and procedures for programs administered by the division are available in every office of the division. Subscriptions to all or some of the manuals are available at the cost of production and handling. Requests for subscription information should be addressed to Vocational Rehabilitation Services Division, 510 E. 12th Street, Des Moines, Iowa 50319.

56.35(8) Operating expense records. The division maintains records of the expense of operation of the division, including records related to office rent, employee travel expenses, and costs of supplies and postage, all of which are available to the public.

56.35(9) Training records. Lists of training programs, the persons approved to attend, and associated costs are maintained in these records, which are available to the public.

56.35(10) Facility surveys. Records of division reviews of facilities providing services to the division are maintained and used to determine the current acceptable fee schedule. Information about individuals may be included in these records; therefore, parts of the records may be confidential.

56.35(11) All other records that are not exempted from disclosure by law.

DIVISION X
IOWA SELF-EMPLOYMENT PROGRAM
(a/k/a ENTREPRENEURS WITH DISABILITIES PROGRAM)

281—56.37(82GA,SF2101) Purpose. The division of vocational rehabilitation services works in collaboration with the Iowa department for the blind to administer the Iowa self-employment (ISE)

program, which is also known as the entrepreneurs with disabilities (EWD) program. The purpose of the program is to provide business development grants in the form of technical assistance, monetary business development grants (up to \$10,000), and financial assistance grants (up to \$10,000) to qualified Iowans with disabilities who start or expand a business within the state of Iowa.

281—56.38(82GA,SF2101) Eligibility requirements. Clients of the division or the department for the blind may apply for the program. All of the following conditions are also applicable:

1. The division may limit or deny ISE assistance to an applicant who has previously received educational or training equipment from the division through another rehabilitation program when such equipment could be used in the applicant's proposed business.
2. Any equipment purchased for the applicant under this program that is no longer used by the applicant shall be returned to the division.
3. An applicant must demonstrate that the applicant has at least 51 percent ownership in a for-profit business that is actively owned, operated, and managed in Iowa.
4. In order to receive financial support from the ISE program, the applicant's business plan must result in self-sufficiency for the applicant as measured by earnings that equal or exceed 80 percent of substantial gainful activity.

281—56.39(82GA,SF2101) Application procedure.

56.39(1) Application. Application materials for the program are available from the division and the department for the blind.

56.39(2) Submittal. Completed applications shall be submitted to a counselor employed by the division or the department for the blind.

56.39(3) Review. Applications will be forwarded to a business development specialist employed by the division for review. Applicants whose applications receive a minimum score of 60 points out of a total of 100 points and are accompanied by a letter of support from the division or the department for the blind are eligible to pursue a technical assistance grant. Approval of a technical assistance grant is based upon the results of a business plan feasibility study. If the application is for financial assistance only, a business plan will be required at the time of submission of the application. Applicants whose business plans receive a minimum score of 75 points out of a total of 100 points are eligible to pursue a financial assistance grant. Approval of a financial assistance grant is based upon acceptance of a business plan and documentation of the applicant's ability to match dollar-for-dollar the amount of funds requested. A decision on all applications and forms will generally be issued within 30 days of submission with notification by letter to the applicant.

56.39(4) Applications for technical assistance—evaluation factors. Applications for the program will be reviewed and evaluated using a 100-point system, based upon the following criteria:

Does the applicant document previous management or accounting experience? Does the applicant have a clear understanding of the nature of the business?

b. Market information: 0 - 30 points. Does the application indicate a clear understanding of potential customer groups and how to reach them? c. Financial information: 0 - 30 points. Does the applicant demonstrate an understanding of how to estimate sales potential? Does the applicant indicate knowledge of estimated capital requirements for business start-up, expansion, or acquisition?

d. Creditworthiness: 0 - 10 points. Does the applicant's past credit history demonstrate responsible behavior? Awards will not be made if the applicant has a credit history showing delinquent credit obligations including, but not limited to, unpaid income tax, delinquent child support obligations, or defaulted student loans.

56.39(5) Applications for financial assistance—evaluation factors for business plans. Applications for financial assistance from the program will be reviewed and evaluated using a 100-point system, based upon the following criteria:

a. Feasibility: 0 - 25 points. Feasibility will be considered based upon the overall business plan. Rating factors for this criterion include, but are not limited to: market analysis, financial projections, initial capitalization, management, and historic data relative to similar businesses. A minimum of 15 points is required for this rating factor.

b. Market plan: 0 - 25 points. Does the business plan contain sufficient information to demonstrate that the applicant fully understands who the applicant's customers will be and how to reach them? Is there adequate information about competition, market need, location, sales/marketing methods, and a product/service description? Is a promotional plan included in the business plan? A minimum of 15 points is required for this rating factor.

c. Financial plan: 0 - 25 points. Does the business plan contain a two-year cash flow projection and profit and loss projection? Is there an itemized listing of fixed assets, working capital, and other start-up, expansion and acquisition needs, including detailed descriptions of equipment to be purchased? Is there a clear statement regarding the composition of the anticipated financial package? Has the applicant provided a personal financial statement along with a detailed personal monthly budget form? A minimum of 15 points is required for this rating factor.

d. Organizational information: 0 - 25 points. Does the business plan document sufficient education and work experience relevant to the proposed business? Does the business plan demonstrate adequate management experience by the principal party(ies)? A minimum of 15 points is required for this rating factor.

56.39(6) Appeal of application evaluation. If an application is denied based upon the assignment of an inadequate evaluation score, an applicant may appeal the decision to the division or the department for the blind. An appeal shall be consistent with the appeal processes of the division or the department for the blind.

281—56.40(82GA,SF2101) Award of technical assistance grants.

56.40(1) Awards. Technical assistance grants may be used for specialized consulting services as determined necessary by the counselor, the business development specialist, and the client. Technical assistance grants may be awarded up to a maximum of \$10,000 per applicant. Specialized technical assistance may include, but is not limited to, market analysis; marketing plans; engineering, legal, and computer services; preliminary business plan development; financial packaging; and other consulting services that require specialized education and training.

56.40(2) Award process. Upon approval of the application by the counselor and the business development specialist, generally within 30 days, an applicant will receive notification of eligibility to pursue technical or financial assistance. The applicant must demonstrate the ability to contribute at least 50 percent of the start-up costs and the ability to cover any costs beyond \$10,000 if necessary. The business development specialist will identify if specialized services are needed and will provide recommendation for approval by the division or departmental staff.

56.40(3) Approval of business plan feasibility study. A business plan feasibility study indicating that the proposed business has a likelihood of success based upon the scoring will accompany notification letters. The business plan feasibility study will require an applicant to identify specific steps in the business planning process as well as who will be involved in each step of the process, address budgetary guidelines, and provide a timeline. The business plan feasibility study must be signed by the applicant and the business development specialist. Applicants receiving a score of 100 out of 125 points on the feasibility study will be recommended for technical or financial assistance or both.

56.40(4) Technical assistance grant contracts. The division shall negotiate contracts with qualified consultants for delivery of services to an applicant if specialized services are deemed necessary. The contracts shall state hourly fees for services, the type of service to be provided, and a timeline for delivery of services. Authorization of payment will be made by a counselor employed by the division or the

department for the blind based upon the negotiated rate as noted in the business plan. A copy of each contract shall be filed with the division.

56.40(5) *Consultants.* Applicants will be provided a list of qualified business consultants by the business development specialist if specialized consultation services are necessary. The selection of consultant(s) shall be the responsibility of the applicant.

56.40(6) *Case management.* The business development specialist will commit a specific number of hours of direct consultation to each applicant to ensure that quality services for business planning are provided in a timely manner.

281—56.41(82GA,SF2101) Financial assistance grants.

56.41(1) *Grant awards.* Financial assistance grants may be awarded based upon the demonstrated need and evidence of business progression. The applicant must provide 50 percent of the equipment or working capital needed to start, expand, or acquire a business as defined in the business plan outline. The applicant may provide the 50 percent through conventional financing or other sources. Working capital may include, but is not limited to, design and printing of marketing materials, advertising, rent (up to six months), direct mail postage, raw materials, inventory, insurance (up to six months), and other start-up, expansion, or acquisition costs. The amount that may be awarded by the program shall be provided in three phases of business operations when each phase meets specified business results, and the need for additional award money is indicated. The timing of each phase and the amount of funds for each phase shall be established in the approved business plan, as reviewed by the business development specialist and approved by the counselor. It is a goal of the program that program funds assist an applicant in securing financing from a commercial or private source.

56.41(2) *Approval of business plan financial forms.* Business plan financial forms will define specific financial needs for business start-up, expansion, or acquisition. These forms shall be provided to an applicant by the counselor following evaluation of the application for the program and the submission and review of the business plan. Completed forms shall be submitted to the counselor and the business development specialist. The counselor, the business development specialist, and the applicant will meet to review the forms. Generally, this process shall be completed within 30 days of submission.

56.41(3) *Award process.* Upon the business development specialist's initial approval of the business plan, the counselor shall approve or deny the business plan. If the business plan is approved, the counselor shall send the applicant a notification letter which shall state the amount and conditions of the award.

56.41(4) *Financial assistance grant contracts.* Contracts for financial assistance grants shall be the responsibility of the division or the department for the blind and will be consistent with the authorized use of Title I vocational rehabilitation funds and policy. Recipients of financial assistance must demonstrate ongoing cooperation by providing the business development specialist with financial information needed to assess the business before additional funds are expended.

These rules are intended to implement Iowa Code chapter 259, the federal Rehabilitation Act of 1973 as amended, the federal Social Security Act (42 U.S.C. Section 301 et seq.), and 2008 Iowa Acts, Senate File 2101.

All programs operated and approved for federal assistance must operate according to the terms of an agreement or contract executed between the department and the individual school district, the authorities in charge of the nonpublic school or other eligible provider. This agreement or contract is continuous and remains in effect until terminated or canceled by either party. The agreement may be terminated upon ten days’ written notice on the part of either party, provided, however, that the department of education may cancel the agreement immediately upon receipt of evidence that the terms and conditions of the agreement or contract have not been met.

281—59.1(257) Scope and general principles.

59.1(1) *Scope.* These rules apply to the provision of gifted and talented programs authorized in Iowa Code sections 257.42 to 257.49, for students who are identified as gifted and talented and who are enrolled in public schools in this state.

59.1(2) *General principles.* Gifted and talented programs may be made available to eligible students by a local school district, as a cooperative effort between local school districts and through cooperative arrangements between local school districts and other educational agencies. It is the responsibility of the school districts electing to provide such programs to ensure that they meet the requirements of state statute and these rules.

281—59.2(257) Definitions. For the purpose of this chapter the following definitions apply.

“Creative thinking” refers to students who have advanced insight, outstanding imagination and innovative reasoning ability. Such students possess outstanding ability to integrate seemingly unrelating information in formulating unique ideas, insights, solutions, or products.

“Department” refers to the department of education.

“General intellectual ability” refers to students who can learn at a faster pace, master higher levels of content and handle abstract concepts at a significantly higher level than expected, given the student’s chronological age and experiences.

“Leadership ability” refers to those students who possess outstanding potential or demonstrated ability to exercise influence on decision making. These students may be consistently recognized by their peers, may demonstrate leadership behavior through school and nonschool activities or may evidence personal skills and abilities that are characteristic of effective leaders.

“Local education agency” refers to a local school district.

“Program budget” is a budget consisting of a listing of the estimated direct program and object expenditures that are necessary to accomplish the goals of the program, along with a listing of the sources of revenue and, if necessary, the amounts of fund balance to be applied.

“Specific ability aptitude” refers to those students who have exceptionally high achievement or potential and a high degree of interest in a specific field of study.

“Visual or performing arts ability” refers to students who demonstrate or indicate potential for outstanding aesthetic production or creativity in areas such as art, dance, music, drama, and media production.

281—59.3(257) Development of plan. On or before November 1 of each year a local education agency may submit program plans to the department to provide gifted and talented programming for the school year commencing the following July 1.

The department of education may upon request allow a local education agency to submit program plans after November 1 for good cause. Good cause shall include illness or death of a local education agency staff member, acts of God, or unforeseeable circumstances which in the opinion of the director of the department of education constitute sufficient cause for allowing submission of program plans after November 1. A local education agency desiring permission to submit a program plan after November 1 shall notify the department of education staff member responsible for receiving applications as soon as possible upon determining that it will not be able to meet the November 1 deadline. When an extension of the submission deadline is allowed, the department of education shall establish a date by which the local education agency shall submit the plan. Permission to submit a program plan after November 1 shall expire upon receipt of the program plan by the department of education, and shall not carry over into subsequent application years.

281—59.4(257) Program plan. The following items shall constitute a program plan which must be filed with the department to qualify for additional allowable growth to provide appropriate programs for gifted and talented students under provisions of Iowa Code section 257.34.

59.4(1) Content of the plan. The plan shall:

- a. Describe the rationale for the gifted and talented program.
- b. Describe the target population.
- c. Identify the goals and objectives of the planned programs and designate the role of staff to meet these goals and objectives.
- d. Specify provisions for the ongoing identification, assessment, evaluation and placement of pupils in appropriate programs.
- e. Describe provisions for the orderly development of sequential programs including curriculum, instructional resources, administrative service, staff utilization and personnel training.
- f. Describe provisions, if any, for cooperative arrangements.
- g. Describe the design for program evaluation.
- h. Include a program budget.
- i. Describe the procedure for providing each student with a written personalized plan for gifted and talented education.

59.4(2) Reserved.

281—59.5(257) Responsibilities of participating local school districts.

59.5(1) Development of goals and objectives. Gifted and talented program goals and objectives shall be established for the following:

- a. Curriculum and instructional strategies.
- b. Student outcomes.
- c. Program management and administration.
- d. Program development.

59.5(2) Development of curriculum and instructional strategies. The program of instruction shall consist of content and teaching strategies that reflect the accelerative pace, intellectual processes and creative abilities that characterize gifted and talented students. A linkage between the selection of students, the anticipated student outcomes and the special instructional programs shall be evident. Learning activities shall provide for the development of skills which are beyond the scope of the regular classroom, introduce advanced concepts and contents, and offer students a greater latitude of inquiry than would be possible without the specialized instructional program. Specialized instructional activities shall be those not ordinarily found in the regular school program and may include, but shall not be limited to:

- a. A special curriculum supplementing the regular curriculum, using a high level of cognitive and affective concepts and processes.
- b. Flexible instructional arrangements such as special classes, seminars, resource rooms, independent study, student internships, mentorships, research field trips, and research centers.

59.5(3) Student enrollment. Students shall be involved in a program for a sufficient portion of the regularly scheduled school time to ensure that projected student outcomes are likely to be achieved.

59.5(4) Personalized plan. The services provided for each student placed in a gifted and talented program shall be contained in a written, personalized gifted and talented plan. The plan shall include:

- a. Relevant background data, assessment of present needs and projections for future needs.
- b. A chronology of all gifted and talented services rendered.
- c. Nature and extent of present services.
- d. If a district's program plan provides for indirect services to a gifted and talented student, such as consultative services for a regular classroom teacher, the personalized student plan must document the specific type and extent of supportive assistance provided the classroom teacher on behalf of adapting the regular school program to better address the student's needs.

59.5(5) *Student identification criteria and procedures.* Students will be placed in a gifted and talented program in accordance with systematic and uniform identification procedures which will be characterized by the following:

a. Identification will be for the purpose of determining the appropriateness of placement in a gifted and talented program or the receipt of special educational services rather than for categorically labeling a student.

b. The decision to provide a student with a gifted and talented program will be based on a comprehensive appraisal of the student, consideration of the nature of the available gifted and talented program and an assessment of actual and potential opportunities within the student's regular school program.

c. Multiple criteria shall be used in identifying a student, with no single criteria eliminating a student from participation. Criteria will combine subjective and objective data, including data with direct relevance to program goals, objectives and activities.

d. In the event that the number of eligible students exceeds the available openings, participants shall be selected according to the extent to which they can benefit from the program.

e. Each identified student's progress shall be reviewed at least annually to consider modifications in program or student placement.

59.5(6) *Evaluation.* The local education agency shall give attention to the following in its evaluation design:

a. Evaluation of gifted and talented programs shall be for the purpose of measuring program effects and providing information for program improvement.

b. Evaluation should be conducted for each program level where objectives have been established.

c. Both cognitive and affective components of student development should be evaluated.

d. Evaluation findings should report results based on actual accomplishments by the gifted and talented students or their teachers which are a direct result of the project, program, or activity.

e. Personalized education plans must be put in writing for each gifted and talented student and reviewed at least annually.

59.5(7) *Staff utilization plan.* Staff will be deployed to ensure quality gifted and talented programs by employing the following procedures:

a. A designated staff person shall be responsible for the overall program coordination throughout the local education agency.

b. The teaching staff of the gifted and talented program should work in parallel with the regular class teachers to assess, plan, carry out instruction, and evaluate outcomes.

c. Coordination time shall be made available to staff providing gifted and talented programs to allow staff to perform professional responsibilities.

59.5(8) *Staff in-service education design.* Periodic in-service sessions will be offered for all classroom teachers to maintain and update understandings and skills about individualizing programs for identified gifted and talented students. A staff development plan for personnel responsible for gifted and talented programs shall be provided. This plan shall be based upon the assessed needs of the gifted and talented instructional and supervisory personnel.

59.5(9) *Qualifications of personnel administering the program.* Instructional personnel providing programs for gifted and talented students should have preservice or in-service preparation in gifted and talented education that is commensurate with the extent of their involvement in the gifted and talented program.

59.5(10) *Program budget.* When programs are jointly provided by two or more local education agencies or by a local education agency in cooperation with another educational agency, the budget shall specify how each cooperating local education agency will determine the portion of the program costs to be provided by each local education agency and shall provide a budget that specifies the contribution of each local education agency. Funds generated through the process described in Iowa Code section 257.31 will be for expenditures directly related to providing the gifted and talented program described in the program plan.

59.5(11) *Budget limitations.* The following limits shall apply to the budget of the gifted and talented program:

- a. Excess costs of the gifted and talented program shall not exceed 40 percent of the district cost per pupil.
- b. The cost of supplies and materials shall not exceed 4 percent of the district cost per pupil.
- c. In determining the minimum one-fourth to be funded from the district cost, no more than 15 percent of the total gifted and talented program costs may be indirect expenses.

281—59.6(257) Responsibilities of area education agencies.

59.6(1) When a written request is received from one or more local school boards a gifted and talented advisory council shall be established and operated under provisions of Iowa Code sections 257.40 and 257.41.

59.6(2) Staff of the area education agency shall cooperate with local school districts in the identification and placement of gifted and talented students. Cooperation may include, but is not limited to:

- a. Assisting local school district personnel in the interpretation of available student data.
- b. Assistance in the development of the identification plan.
- c. Providing for psychological testing in individual cases when available data contains significant inconsistencies or in other circumstances when additional data may be necessary for determining the appropriateness of the student placement.

281—59.7(257) Responsibilities of the department.

59.7(1) The department shall provide forms to local education agencies for gifted and talented program proposals. These materials shall be provided not fewer than 45 days before programs are due for approval. The department shall also provide other forms, or outlines as specified in this chapter.

59.7(2) The department shall provide technical assistance to local education agencies and to area education agencies in the development of gifted and talented programs.

59.7(3) The department shall perform gifted and talented program review and approval.

59.7(4) The department shall develop a format for a gifted and talented annual report. This gifted and talented report is to be filed by local education agencies with the department within 45 days following the close of the school year or program.

281—59.8(257) Assurances. Each applicant shall assure that their area education agency has been consulted regarding the nature and extent of area education agency staff involvement in the program.

These rules are intended to implement Iowa Code sections 257.31 to 257.36, 257.40 and 257.41.

CHAPTER 60
PROGRAMS FOR STUDENTS OF LIMITED ENGLISH PROFICIENCY
[Prior to 9/7/88, see Public Instruction Department[670] Ch 57]

281—60.1(280) Scope. These rules apply to the identification of students and provision of programs for limited English proficient students and to the application procedures for securing fiscal support.

281—60.2(280) Definitions. As used in these rules, the following definitions will apply:

“English as a second language” refers to a structured language acquisition program designed to teach English to students whose native language is other than English, until the student demonstrates a functional ability to speak, read, write, and listen to English language at the age- and grade-appropriate level.

“Fully English proficient” refers to a student who is able to use English to ask questions, to understand teachers and reading materials, to test ideas, and to challenge what is being asked in the classroom. The four language skills contributing to proficiency include reading, listening, writing, and speaking.

“Limited English proficient” refers to a student who has a language background other than English, and the proficiency in English is such that the probability of the student’s academic success in an English-only classroom is below that of an academically successful peer with an English language background.

“Transitional bilingual instruction” refers to a program of instruction in English and the native language of the student until the student demonstrates a functional ability to speak, read, write, and listen to the English language at the age- and grade-appropriate level.

281—60.3(280) School district responsibilities.

60.3(1) Student identification and assessment. A school district shall use the following criteria in determining a student’s eligibility:

a. In order to determine the necessity of conducting an English language assessment of any student, the district shall, at the time of registration, ascertain the place of birth of each student and whether there is a prominent use of any language(s) other than English in the home. In addition, for those students whose registration forms indicate the prominent use of another language in their lives, the district shall conduct a Home Language Survey on forms developed by the department of education to determine the first language acquired by the student, the languages spoken by the student and by others in the student’s home. School district personnel shall be prepared to conduct oral or native language interviews with those adults in the student’s home who may not have sufficient English or literacy skills to complete a survey written in English.

b. Students identified as prominently using a language other than English in the home shall be assessed by the district. The assessment shall include (1) an assessment of the student’s English proficiency in the areas of speaking, listening, reading, and writing; and (2) an assessment of the student’s academic skills in relation to their grade or age level. A consistent plan of evaluation which includes ongoing evaluation of student progress shall be developed and implemented by the district for the above areas for each student so identified.

60.3(2) Staffing. Teachers in an English as a second language (ESL) program must possess a valid Iowa teaching license. All teachers licensed after October 1, 1988, shall have endorsement 104(K-12 ESL) if they are teaching ESL.

All teachers licensed before October 1, 1988, have the authority to teach ESL at the level of their teaching endorsements.

Teachers in a transitional bilingual program shall possess a valid Iowa teaching license with endorsements for the area and level of their teaching assignments.

60.3(3) Limited English proficient student placement. Placement of students identified as limited English proficient shall be in accordance with the following:

a. Mainstream classes. Students will be placed in classes with chronological peers or, when absolutely necessary, within two years of the student's age.

b. Limited English proficient program placement.

(1) Students enrolled in a program for limited English proficient students shall receive language instruction with other limited English proficient students with similar language needs.

(2) When students of different age groups or educational levels are combined in the same class, the school shall ensure that the instruction given is appropriate to each student's level of educational attainment.

(3) A program of transitional bilingual instruction may include the participation of students whose native language is English.

(4) Exit from program. An individual student may exit from an ESL or Transitional Bilingual Education (TBE) program after an assessment has shown both that the student can function in English (in speaking, listening, reading, and writing) at a level commensurate with the student's grade or age peers and that the student can function academically at the same level as the English speaking grade level peers. These assessments shall be conducted by utilizing state, local, or nationally recognized tests as well as teacher observations and recommendations.

(5) Staff in-service. The district shall develop a program of in-service activities for all staff involved in the educational process of the limited English proficient student.

281—60.4(280) Department responsibility. The department of education shall provide technical assistance to school districts, including advising and assisting schools in planning, implementation, and evaluation of programs for limited English proficient students.

60.4(1) to 60.4(3) Rescinded IAB 2/2/94, effective 3/9/94.

281—60.5(280) Nonpublic school participation. English as a second language and transitional bilingual programs offered by a public school district shall be made available to nonpublic school students residing in the district.

281—60.6(280) Funding. Additional weighting for students in programs provided under this chapter is available in accordance with Iowa Code section 280.4.

These rules are intended to implement Iowa Code section 280.4.

CHAPTER 63
EDUCATIONAL PROGRAMS AND SERVICES
FOR PUPILS IN JUVENILE HOMES

[Prior to 9/7/88, see Public Instruction Department[670] Ch 42]

281—63.1(282) Scope. These rules apply to the provision of educational programs in juvenile shelter care homes and juvenile detention homes.

281—63.2(282) Definitions.

63.2(1) Special programs cited in 1999 Iowa Code section 282.30 shall be referred to as juvenile shelter care homes and juvenile detention homes, and shall be referred to jointly as juvenile homes.

63.2(2) For purposes of this chapter, “*school corporation*” shall refer to school districts, area education agencies, and community colleges.

63.2(3) For purposes of this chapter, “*aides*” shall refer to aides and para-educators as defined in Iowa Code section 272.12.

281—63.3(282) Forms.

63.3(1) The department of education shall provide forms to area education agencies (AEAs) for submitting program and budget proposals and for submitting claims. The annual dates for filing forms with the department of education are January 1 of the prior fiscal year for AEAs to submit program and budget proposals, and August 1 of the subsequent fiscal year for AEAs to file claims. The department of education shall review and approve or modify the program and budget proposals and shall notify the AEA by February 1.

63.3(2) The department of education shall also provide forms to AEAs for use by the juvenile homes requesting educational services. These forms must be filed with the AEA annually by December 1 of the fiscal year prior to the school year for which the services are being requested or 90 days prior to the beginning of the time for which the services are being requested if the facility is a newly established facility. An AEA shall file a budget amendment for a newly established juvenile home requesting educational services 90 days prior to the initial delivery of the educational services.

281—63.4(282) Budget amendments. An AEA shall amend the budget during the fiscal year in which actual classrooms implemented are different than budgeted or there is a significant decrease or increase in the student membership that would change the number of teachers or aides necessary to support the average daily membership. An amendment shall also be required if actual expenditures vary significantly from expenditures which were budgeted. A significant variance in actual expenditures means that the amount of funding which would be reverted to or due from the state equals or exceeds 10 percent of the advance payments in the subsequent year prior to adjustments.

281—63.5(282) Area education agency responsibility. An AEA shall provide or make provision for an appropriate educational program for each child living in the following types of facilities located within its boundaries:

1. An approved or licensed shelter care home, as defined in Iowa Code subsection 232.2(34).
2. An approved juvenile detention home, as defined in Iowa Code subsection 232.2(32).

The provision of the educational program shall be pursuant to a written agreement which identifies the responsibilities of the AEA, juvenile home, and any other agency with which the AEA contracts to provide the educational program.

281—63.6(282) Educational program.

63.6(1) *Methods of program provision.* The AEA may provide the educational program by one of the following:

- a. Enrolling the child in the child’s district of residence.
- b. Obtaining the course of study of the child’s district of residence for use in the juvenile home where the child is living.

- c. Enrolling the child in the district where the child is living.
- d. Enrolling the child in the educational program provided in the juvenile home.
- e. A delivery method not encompassed by “a” through “d” immediately preceding, with approval of the department of education.

In accordance with Iowa Code section 273.2, an AEA shall contract, whenever practicable, with other school corporations for the use of personnel, buildings, facilities, supplies, equipment, programs, and services.

63.6(2) *Final determination.* In the absence of a decision of a court regarding a child’s educational placement, the AEA where the child is living shall make the final determination regarding the provision of the appropriate educational program for the child, in consultation with the district of residence of the child and with the juvenile home. In making this determination, consideration shall be given to:

- a. A preference for continuance of the child’s educational program that was in place prior to the child’s placement in the home.
- b. Placement into the least restrictive environment.
- c. Development of a plan for future educational programming.
- d. The provisions of the court order if the child was placed in the facility by a court.
- e. Factors including, but not limited to, the child’s emotional or physical state, the child’s safety and the safety of others, the child’s identified or assessed academic abilities, and the projected duration of stay in the home.

63.6(3) *Cooperation with area education agency.* The AEA of the child’s district of residence, the school district of residence, the school district in which the home is located, other AEAs, the juvenile home and other appropriate agencies involved with the care or placement of the child shall cooperate with the AEA where the child is living in sharing educational information, textbooks, curriculum, assignments, and materials in order to plan and to provide for the appropriate education of the child living in the home and to grant academic credit to the child for instructional time earned upon discharge from the home.

63.6(4) *Summer school programs.* Summer school programs, as distinguished from extended year programming, may be operated pursuant to Iowa Code subsection 282.31(5), and shall be considered as separate programs in each home. The fiscal year for a juvenile home program is from July 1 through June 30. Program and budget proposals submitted to the department of education prior to January 1, pursuant to Iowa Code section 282.31, may include requests for summer school programs, or portions of summer school programs, commencing July 1 of the subsequent fiscal year and summer school programs, or portions of summer school programs, ending June 30 of the subsequent fiscal year.

281—63.7(282) Special education. The AEA shall establish policies and procedures for screening and evaluating students living in juvenile homes who may require special education.

63.7(1) *Assignment.* A diagnostic-educational team shall be assigned by the AEA in which each program is located. This diagnostic-educational team shall include individuals who are appropriately qualified to conduct special education evaluations and to assist in planning programs for students who are provided a special education program pursuant to an individualized education program (IEP).

63.7(2) *Duties.* The duties of this diagnostic-educational team shall include the screening of all students for potential special education needs, identifying children in need of special education, providing needed special education support services and assisting in the implementation of needed special education programs.

63.7(3) *Role of director of special education.* It is the responsibility of the AEA director of special education to ensure that all procedures related to due process, protection in evaluation, least restrictive environment, development of individual educational programs and other requirements specified in 281—Chapter 41 are adhered to for students provided a special education program pursuant to an IEP who are served in juvenile homes. In addition, the director is responsible for coordinating the activities of the special education program with other programs and services provided.

281—63.8(282) Educational services.

63.8(1) *Assignment.* Personnel from the educational services division of the local AEA shall be made available to each program.

63.8(2) *Duties.* Personnel from the educational services division shall assist with curriculum development as well as provide all other services that are made available to local education agencies within the particular AEA.

281—63.9(282) Media services.

63.9(1) *Assignment.* Personnel from the media services division of the local AEA shall be made available to each program.

63.9(2) *Duties.* All services that are made available to local education agencies within the particular AEA shall be made available to these programs and students.

281—63.10(282) Other responsibilities. In addition to the above-mentioned responsibilities, AEA personnel shall assist with coordination of program curricula with the curricula of the local district in which the home is located and with the transition of students from these programs to subsequent program placement. This coordination shall include the establishment of procedures for ensuring that appropriate credit is available to the students while participating in the program.

281—63.11(282) Curriculum. Each program shall use the minimum curriculum requirements for approved or accredited schools as a guide to developing specific content for each student's educational program. The content of each student's program shall be sufficient to enable the student to earn credit while participating in the program.

281—63.12(282) Disaster procedures. Each home shall maintain a written plan containing emergency and disaster procedures that are clearly communicated to and periodically reviewed with staff.

281—63.13(282) Maximum class size.

63.13(1) Maximum class size in shelter care homes. The following maximum class size-to-staff ratio shall be used in shelter care homes:

<u>Average Daily Membership</u>	<u>Full-Time Teacher</u>	<u>Educational Aide(s)</u>
10 or fewer	1	1 aide
More than 10 through 20	2	1 aide with more than 10 but fewer than 15 students 2 aides with 15 through 20 students
More than 20 through 30	3	2 aides with more than 20 but fewer than 25 3 aides with 25 through 30 students

63.13(2) Maximum class size in detention homes. The class size-to-staff ratio used in detention homes shall be the same as that defined in subrule 63.13(1) unless the needs of the students in the class require a lesser ratio. If the needs of students in the class require a lesser ratio, it shall be no greater than the following class size-to-staff ratio:

<u>Average Daily Membership</u>	<u>Full-Time Teacher</u>	<u>Educational Aide(s)</u>
Fewer than 10	1	1 aide with 5 or fewer students 2 aides with more than 5 students
10 through 20	2	2 aides with fewer than 15 students 3 aides with 15 through 20 students
More than 20 through 30	3	3 aides with fewer than 25 students 4 aides with 25 through 30 students

Support for this staffing ratio must be provided with the juvenile home budget proposals and with the juvenile home claims.

63.13(3) When a classroom is located in an off-site facility, a full-time educational aide may be assigned for each off-site classroom in addition to the number allowed in subrule 63.13(1) or 63.13(2).

63.13(4) The department of education may waive subrules 63.13(1), 63.13(2), and 63.13(3) if student characteristics such as the age range of students in the home or the percentage of students in the home involved in adult criminal proceedings necessitate a different class size-to-staff ratio. Any variance from the maximum prescribed class size-to-staff ratio must be approved by the department of education on an annual basis. Support for the waiver request must be provided with the juvenile home budget proposals and with the juvenile home claims.

63.13(5) Average daily membership for determining class size in subrules 63.13(1) to 63.13(4) for the juvenile home budget proposals shall be based on the actual average daily membership from the year previous to the base year, average daily membership to date in the base year, and factors known at the time of the budget proposals which would impact the average daily membership in the budget year.

63.13(6) Class size waiver. If the number of teachers and aides as determined in subrules 63.13(1), 63.13(2), and 63.13(3) was appropriately estimated for the juvenile home budget proposal and was approved by the department of education, and the actual number of teachers or aides is determined to be in excess of maximum class sizes based on the actual average daily membership of students on the juvenile home claims, the department of education may waive subrules 63.13(1), 63.13(2), and 63.13(3).

63.13(7) Multiple classrooms. If the educational program at any one juvenile home is provided in more than one classroom location and using multiple classroom locations results in a different number of teachers and aides than would have been allowed if the students were in one classroom, the department of education may waive subrules 63.13(1) and 63.13(2). Support for the waiver request must be provided with the juvenile home budget proposals annually.

63.13(8) Monitoring class size. The AEA shall develop policies and procedures to monitor and ensure that the educational program is provided sufficient instructional staff.

281—63.14(282) Teacher certification and preparation.

63.14(1) Certification. Each teacher who is assigned to these programs shall hold Iowa certification either for multicategorical special education or for behavioral disorders, or both, as appropriate to the grade level of the students served.

63.14(2) In-service. Each teacher shall be provided appropriate in-service education opportunities annually in areas defined through needs assessments.

281—63.15(282) Aides. Educational aides shall be provided preservice and in-service opportunities consistent with duties to be performed and shall work under the direct supervision of the teacher.

281—63.16(282) Accounting. Revenues, expenditures, and balances of the juvenile home programs shall be accounted for in the manner provided in Uniform Financial Accounting for Iowa LEAs and AEAs, except as otherwise noted in these rules.

63.16(1) Fund. Juvenile home instructional programs shall be accounted for in a special revenue fund. The fund balances shall be maintained in the special revenue fund at year end, and the continuance or disposition of positive or negative fund balances shall be determined by the department of education.

63.16(2) Tuition. Tuition paid or received shall be calculated as follows:

a. If juvenile home students not requiring special education attend a local school district, other than the district of residence, tuition shall be calculated in the manner prescribed in Iowa Code section 282.24 for determining tuition costs for any nonresident student attending a local school district. In lieu of paying tuition to the local school district for these students, the AEA may request the local school district to account for these students through the foster care facility claim process.

b. Tuition for students provided a special education program pursuant to an IEP shall be paid by the district of residence, in accordance with the rules of special education and pursuant to Iowa Code chapter 282, to the district in which the juvenile home is located or to the AEA, whichever is providing the special education. The district in which the juvenile home is located or the AEA, whichever is providing the special education, shall notify the district of residence if the child was being served on the third Friday in September by the district in which the home is located or by the AEA. The district in which the juvenile home is located or the AEA, whichever is providing the special education, shall also notify the district of residence if the child was being served on December 1 by the district in which the home is located or by the AEA.

281—63.17(282) Revenues. Revenues shall include:

1. Funding received pursuant to Iowa Code section 282.31,
2. Educational excellence funding received pursuant to Iowa Code chapter 294A for teachers in the juvenile home program,
3. Tuition revenue from the district of residence or agency in another state for educational services provided for out-of-state students,
4. Tuition revenue from the district of residence for educational services for students provided a special education program pursuant to an IEP, and
5. Other miscellaneous funding received or accrued for the purpose of operating the juvenile home instructional programs.

281—63.18(282) Expenditures. Expenditures may include actual instructional expenditures, student support services expenditures, instructional staff support services expenditures, administrative support services, operations and maintenance of plant services, student transportation services, and interfund transfers for indirect costs. Supplies and equipment necessary to provide the educational program shall be equivalent to those provided to a comparable number of students by the district in which the juvenile home is located. Classroom space shall be adequate for the number and needs of children in the juvenile home instructional program.

63.18(1) Instructional expenditures. Instructional expenditures may include:

a. Salaries and employee benefits of employees providing instructional services. Included are teachers, substitutes, other instructional personnel, and aides.

b. Purchased services, supplies, and equipment, which are customarily considered instructional expenditures.

c. Intrafund transfers.

d. The department of education shall annually determine the maximum amount that may be expended on instructional expenditures. Total expenditures for instructional services for each continuing classroom, other than salary and employee benefits, which are not provided pursuant to an IEP shall not exceed 10 percent of the state average expenditure on instructional salaries and employee benefits in the juvenile home program in the year prior to the base year. New classrooms in the first year of operation shall not exceed twice the maximum amount calculated.

63.18(2) Student and instructional staff support services and student transportation services expenditures. Among the services included in these categories are guidance services, transportation services, curriculum development, library and instructional technology. Expenditures may include salaries, employee benefits, purchased services, supplies, equipment, and intrafund transfers.

63.18(3) *Administrative support services, operation and maintenance of plant services, and interfund transfers.* Administrative support services, operation and maintenance of plant services and interfund transfer expenditures may include:

a. Intrafund transfers and actual costs of general administration services provided to the juvenile home program. Expenditures for general administrative costs shall correspond to the amount of the administrator's time assigned and provided to the juvenile home program.

b. Intrafund transfers and actual costs of division administrative services provided to the juvenile home program. Expenditures for division administrative costs shall correspond to the amount of the administrator's time assigned and provided to the juvenile home program.

c. Expenditures for the administrative services of administrative staff assigned directly to the juvenile home program.

d. Expenditures for business administration services provided to the juvenile home program. The juvenile home program may be charged for costs of providing business administration services. If the juvenile home program is charged for providing business administration services, the amount shall be either actual costs or the amount determined by using the restricted indirect cost rate applied to allowable juvenile home program expenditures.

e. The total of all expenditures for administrative services shall be no greater than the actual cost determined by the AEA's accounting records or 10 percent of the total expenditures in the juvenile home program, whichever is less.

f. Expenditures for operation and maintenance of plant services except as restricted in subrule 63.18(4).

g. The total of all expenditures for administrative services and for operation and maintenance of plant services shall be no greater than the actual cost determined by the AEA's cost accounting system or 20 percent of the total expenditures in the juvenile home program, whichever is less.

¹**63.18(4)** *Unauthorized expenditures.* Expenditures shall not include expenditures for debt services, for facilities acquisition and construction services including remodeling and facility repair, or for rental expenditures for classroom facilities when adequate space is available at the juvenile home or AEA.

63.18(5) *Charges for AEA services.* As required by rules 63.7(282), 63.8(282), and 63.9(282), juvenile home students shall have available to them special education support services, educational services, and media services comparable to those services made available to other students in the AEA; however, expenditures for these services are inherent costs to the respective AEA programs and are not to be assessed to the juvenile home educational program.

¹ Effective date of 3/15/00 delayed 70 days by the Administrative Rules Review Committee at its meeting held March 10, 2000; delay lifted by the Committee at its meeting held April 7, 2000, effective April 8, 2000.

281—63.19(282) Claims. AEAs shall submit program and budget proposals and claims consolidating all juvenile home education programs within each AEA. Certain program information may be required for each separate juvenile home.

The number of classrooms being provided by each AEA shall be reported on the budget proposals and claims. The number is to be expressed in terms of full-time equivalent (FTE) classrooms. One FTE represents a full-time teacher providing a program during the normal school year. One-tenth FTE shall be added for each month of summer school taught on a daily full-time basis. A full school year and three months of summer school is calculated as 1.3 FTE.

Pursuant to Iowa Code section 294.4, each teacher shall keep a daily register which shall include the name, age, attendance, and enrollment status of each student.

The average daily membership of students of school age living in juvenile homes who are being provided an educational program shall be reported on the budget proposals and claims. "*Average daily membership (ADM)*" shall mean the average obtained by dividing the total of the aggregate days of attendance plus the aggregate days of absence by the total number of student contact days. Student contact days are the days during which the educational program is provided and students are under the

guidance and instruction of the instructional professional staff. “*Aggregate days*” means the sum of the number of days of attendance and days of absence for all pupils who are enrolled during the school year. A student shall be considered enrolled after being placed in a juvenile home and taking part in the educational program. A student is considered to be in membership from the date of enrollment until the date of leaving the juvenile home or receiving a high school diploma or its equivalent, whichever occurs first. ADM shall be calculated on the regular school year exclusive of summer session. School age is defined pursuant to Iowa Code chapter 282.

281—63.20(282) Audits. AEAs must make the records related to providing educational services for juvenile homes available to independent auditors, state auditors and department of education staff on request.

281—63.21(282) Waivers. A waiver may be requested by an AEA which presents evidence of a need for a different configuration of expenditures under paragraph 63.18(1) “d,” 63.18(3) “a,” 63.18(3) “b,” 63.18(3) “e,” or 63.18(3) “g,” or subrule 63.18(4) or 63.18(5). The AEA must annually request the waiver and must include the waiver request and the evidence required by this rule with the program and budget proposal or budget amendment submitted pursuant to rule 63.3(282) or rule 63.4(282). An approved waiver related to rent payment to the juvenile home does not require an annual waiver request except in any year that the rental contract terms change from the rental contract terms in the previous year.

If the department denies a waiver request, the AEA which was denied may request within ten days of notification of the denial that the director of the department of education review the denial of the waiver request.

It is the intent of the department of education to waive requirements only when it is determined that they would result in unequal treatment of the AEAs or cause an undue hardship to the requesting AEA and the waiver clearly is in the public interest.

These rules are intended to implement Iowa Code sections 282.30 as amended by 2000 Iowa Acts, Senate File 2294, and 282.31.

281—64.14(256A,279) Notification of applicants. Applicants shall be notified within 45 days following the due date for receipt of proposals as to whether their request shall be funded. 1. Information on children and families served.
2. Direct services provided to children.
3. Record of expenditures.

Programs unable to attain accreditation by the end of the three-year period may apply for a waiver of accreditation by March 15 of the third year. Waivers shall be awarded at the discretion of the council. Programs not attaining accreditation or not receiving a waiver of accreditation will be terminated.

6. New/expansion programs shall participate in the Self-Study and Accreditation Program of the National Academy of Early Childhood Programs during their first year of council funding. New/expansion programs shall be granted a waiver of accreditation during their first year of funding. New/expansion programs must complete self-study and attain accreditation during their second year of funding. Programs not able to attain accreditation during their second year may apply for a waiver of accreditation by March 15 of the current fiscal year. Waivers shall be granted at the discretion of the council. Programs not attaining accreditation or not receiving waivers will be terminated.

Grantees shall provide quarterly reports that include information detailing progress toward goals and objectives, expenditures and services provided on forms provided for those reports. Failure to submit reports by the due date shall result in suspension of financial payments to the grantee until the time that the report is received. No new awards shall be made for continuation programs where there are delinquent reports from prior grants.

281—64.16(256A,279) Withdrawal of contract offer. If the applicant and the department are unable to successfully negotiate a contract, the council may withdraw the award offer.

281—64.17(256A,279) Evaluation. The grantee shall cooperate with the council and provide requested information to determine how well the goals and objectives of the project are being met.

281—64.18(256A,279) Contract revisions and budget reversions. The grantee shall immediately inform the department of any revisions in the project budget. The department and the grantee may negotiate a revision to the contract to allow for expansion or modification of services but shall not increase the total amount of the grant. The council shall approve revised contracts if the revision is in excess of 10 percent of a budget category. Grantees who revert 3 percent or more of their program budget at the end of the 1998 budget year, and every budget year thereafter, will have that dollar amount permanently deducted from all subsequent grant awards.

281—64.19(256A,279) Termination for convenience. The contract may be terminated in whole or in part when both parties agree that the continuation of the project would not produce beneficial results commensurate with the future expenditure of funds. The parties shall agree upon the termination conditions, including the effective date, and in the case of partial terminations, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible.

281—64.20(256A,279) Termination for cause. The contract may be terminated in whole or in part at any time before the date of completion, whenever it is determined by the council that the grantee has failed to comply substantially with the conditions of the contract. The grantee shall be notified in writing by the department of the reasons for the termination and the effective date. The grantee shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

The department shall administer the child development grants and public school grants contingent upon their availability. If there is a lack of funds necessary to fulfill the fiscal responsibility of the child development grants and the public school grants, the contracts shall be terminated or renegotiated. The council may terminate or renegotiate a contract upon 30 days' notice when there is a reduction of funds by executive order.

The contract may be terminated in whole or in part by June 30 of the current fiscal year in the event that the grantee has not attained accreditation by the National Academy of Early Childhood Programs or has not been awarded a waiver of accreditation by the council.

281—64.21(256A,279) Responsibility of grantee at termination. Within 45 days of the termination, the grantee shall supply the department with a financial statement detailing all costs up to the effective date of the termination. If the grantee expends money for other than specified budget items approved by the council, the grantee shall return moneys for unapproved expenditures.

281—64.22(256A,279) Appeal from terminations. Any agency or public school aggrieved by a unilateral termination of a contract pursuant to 64.20(256A,279) may appeal the decision to the director of the department in writing within 30 days of the decision to terminate. The hearing procedures found at 281—Chapter 6 shall be applicable to appeals of terminated grantees, except that subrules 6.10(3) and 6.10(4) and rules 6.11(290) and 6.12(290) do not apply to decisions of the director.

In the notice of appeal, the grantee shall give a short and plain statement of the reason for the appeal.

The director shall issue a decision within a reasonable time, not to exceed 120 days from the date of the hearing.

281—64.23(256A,279) Refusal to issue ruling. The director may refuse to issue a ruling or decision upon an appeal for good cause. Good cause includes, but is not limited to, the following reasons:

1. The appeal is untimely;
2. The appellant lacks standing to appeal;
3. The appeal is not in the required form or is based upon frivolous grounds;
4. The appeal is moot because the issues raised in the notice of appeal or at the hearing have been settled by the parties;
5. The termination of the grant was beyond the control of the department because it was due to lack of funds available for the contract.

281—64.24(256A,279) Request for Reconsideration. A disappointed applicant who has not been approved for funding may file a Request for Reconsideration with the director of the department in writing within 10 days of the decision to decline to award a grant. In order to be considered by the director, the Request for Reconsideration shall be based upon one of the following grounds:

1. The decision process was conducted in violation of statute or rule;
2. The decision violates state or federal law, policy, or rule (to be cited in the Request);
3. The decision process involved a conflict of interest.

Within 20 days of filing a Request for Reconsideration, the requester shall submit all written documentation, evidence, or argument in support of the request. The director shall notify the child development coordinating council of the request and shall provide the council an opportunity to defend its decision with written documentation, evidence, or argument, which shall be submitted within 20 days of receipt of the request. The council shall provide copies of all documents to the requester at the time the items are submitted to the director.

The director shall issue a decision granting or denying the Request for Reconsideration within 30 days of the receipt of the evidence, or no later than 60 days from the date of Request for Reconsideration, unless a later date is agreeable to the requester and the council.

281—64.25(256A,279) Refusal to issue decision on request. The director may refuse to issue a decision on a Request for Reconsideration upon good cause. Good cause includes, but is not limited to, the following reasons:

1. The request was untimely;
2. The requester lacks standing to seek reconsideration;
3. The request is not based on any of the available grounds in rule 64.22(256A,279), or is merely frivolous or vexatious;
4. The requester failed to provide documentation, evidence or argument in support of its request;
5. The request is moot due to negotiation and settlement of the issue(s).

281—64.26(256A,279) Granting a Request for Reconsideration. If the director grants a Request for Reconsideration, the council shall consider the grantee's application in accordance with the director's findings and decision.

These rules are intended to implement Iowa Code chapter 256A and section 279.51.

CHAPTER 68
IOWA PUBLIC CHARTER SCHOOLS

281—68.1(256F) Purpose. All charter schools in Iowa are public schools whose purpose is established pursuant to Iowa Code chapter 256F. A charter school may be established by creating a new school within an existing public school or by converting an existing public school to charter status. This chapter provides the criteria and weighting for those criteria that the state board shall use to determine if an application for a public charter school shall be approved.

281—68.2(256F) Definitions.

“Advisory council” means a council appointed by the school board of a charter school. No more than one member of the council may be a member of the school board. A district’s school improvement advisory committee may also serve as its advisory council. The advisory council is subject to the provisions of Iowa Code chapter 21.

“Charter school” means a new school designated by the state board and created within an existing attendance center or a new school created by converting an existing attendance center to charter status.

“Charter school authorizers” means the local school board in partnership with the state board of education.

“Department” means the Iowa department of education.

“Family unit” means a household in which reside one or more students enrolled at the existing public school whose board seeks to convert the school to a charter school.

“School board” means a board of directors regularly elected by the registered voters of a school district.

“State board” means the state board of education.

281—68.3(256F) Application to a school board. A local school board may accept applications from the principal, teachers, or parents or guardians of students at an existing public school for the planning and operation of a charter school within the boundary lines of an existing public school district. An application for a charter school must be approved by the local school board as a prerequisite for submission of the application to the state board. An applicant may appeal the local school board denial of the application to the state board under the procedures set forth in Iowa Code chapter 290.

1. Prior to accepting applications, a local school board shall adopt procedures, criteria, and weighting of the criteria that will determine whether an application is approved or denied. The local school board may adopt the procedures, criteria, and weighting of the criteria as established in this chapter for public charter schools. The procedures shall include a requirement that a majority of family units of the proposed charter school support the approval of the application. In addition, any application that has been submitted and for which subsequent school board action has been taken shall, at minimum, meet the provisions of Iowa Code chapter 256F. An application that is received by a school board on or before October 1 of a calendar year shall be considered for approval and for the establishment of a charter school at the beginning of the school district’s next school year or at a time agreed to by the applicant and the local school board.

2. Subject to the provision in numbered paragraph “3,” a local school board may receive and consider applications after October 1 at its discretion. A local school board, by majority vote, must approve or deny the application within 60 calendar days after the application is received. An application approved by the local school board and state board of education shall constitute, at a minimum, an agreement between the local school board and the charter school for the operation of the charter school for no less than four years.

3. All applications approved by school boards shall be submitted to the department no later than December 15 immediately preceding the school year for which the charter school desires to start operations.

281—68.4(256F) Review process.

68.4(1) *Application to the department.* Upon a local school board's approval of an application for the proposed establishment of a charter school, the local school board must submit the application for such establishment to the department. The department shall appoint, at minimum, five individuals knowledgeable in student achievement and nontraditional learning environments to review each application for charter status. A reviewer shall not participate in the review of any application in which the individual may have an interest, direct or indirect.

68.4(2) *Ranking of applications.* Applications shall be ranked on a point system, and applications shall be recommended in rank order beginning with the application with the highest points. In the event that two or more applications tie, the applications will be reviewed until the tie is broken.

The maximum points for an application shall be 100. The maximum points for each criterion provided in Iowa Code section 256F.5 shall be as follows:

a. Overview. The mission, purpose, innovation, and specialized focus of the charter school. The maximum number of points that can be awarded is 10.

b. Organization and structure. The maximum number of points that can be awarded is 25. The description of the organization and structure shall include:

- (3) The organization of the school in terms of ages of students or grades to be taught along with an estimate of the total enrollment of the school.
- (4) The method for admission to the public charter school. The admission policy shall support the purpose and specialized mission of the public charter school. A lottery process must be described in the application for a public charter school in the event that the number of applicants exceeds the capacity of the public charter school. The admission process shall not discriminate against prospective students on the basis of race, creed, color, sex, sexual orientation, gender identity, national origin, religion, ancestry, or disability, except if a charter school limits enrollment pursuant to Iowa Code section 256F.4(3).
- (5) The number and qualifications of teachers and administrators to be employed. Hiring shall, to the greatest extent possible, reflect the demographics of the student population to be served by the public charter school.

(6) Procedures for teacher and administrator evaluation.

(7) Procedures for identification and implementation of professional development for teachers and administrators as required under 281—12.7(256,284,284A) and the Iowa teaching standards, including the opportunity to be responsible for the learning program at the school site.

(8) A plan of operation to be implemented if the public charter school revokes or fails to renew its contract.

(9) The specific statutes, administrative rules, and school board policies with which the public charter school does not intend to comply.

(2) The educational program and curriculum utilizing different and innovative instructional methodologies that reflect sensitivity to gender, racial, ethnic and socioeconomic backgrounds. Services to be offered to all prospective students, including students with disabilities pursuant to the requirements of 281—Chapter 41, English Language Learners (ELL), and other students considered "at risk," must also reflect the same sensitivities.

(3) A statement that indicates how the public charter school will meet the purpose of a public charter school as outlined in Iowa Code section 256F.1(3), and the minimum state and federal statutory requirements of a public charter school as outlined in Iowa Code section 256F.4(2).

68.4(3) State board review. The state board shall review the recommendations provided by the department. The state board shall, by a majority vote, approve or deny an application within 60 calendar days of receipt of the application and shall notify applicants within 14 days of the state board's decision. An approved application shall be a part of the contract for the operation of the charter school. The terms of the contract for the operation of the charter school shall also outline the reasons for revocation or nonrenewal of the charter.

281—68.5(256F) Ongoing review by department. A charter school shall be reviewed periodically by the department to ensure continuing compliance with the charter school's contract. The department may schedule mandatory meetings with the administrators of all charter schools at the department's sole discretion.

281—68.6(256F) Renewal of charter. After the initial four-year contract for a charter school and at the end of each renewal period thereafter, the school board that established the charter school shall, in the absence of revoking the charter pursuant to subrules 68.7(1) and 68.7(2), take affirmative action to renew a charter school contract. The school board shall hold a public hearing on the issue of renewal and shall submit to the department a copy of the minutes of the public hearing showing that a majority of the school board members voted in favor of renewal of the charter. Any action to renew a charter must specify the number of years, which shall not be more than four years, for which the charter was renewed by the school board.

A school board must submit a new application to the department if the board modifies any of the terms of the original charter.

281—68.7(256F) Revocation of charter.

68.7(1) Reasons for revocation. A charter may be revoked by the state board or by the school board that established the charter if either board determines that one or more of the following occurred:

a. The charter school has failed to meet the provisions set forth in the contract for the operation of the charter school.

b. The charter school has failed to comply with the provisions in Iowa Code chapter 256F.

c. The charter school has failed to meet generally accepted accounting principles for public entities.

68.7(2) Revocation by school board. A school board considering the revocation of a contract with its charter school shall notify the advisory council, the family units, and the teachers and administrators employed by the charter school at least 60 days prior to the date by which the contract must be renewed, but not later than the last day of classes in the school year. The decision of a school board to revoke or fail to renew a charter school contract is subject to appeal by a member of the advisory council, an affected student, or an individual employed by the charter school under procedures set forth in Iowa Code chapter 290.

68.7(3) *Revocation by state board.* If the state board determines that reason exists under subrule 68.7(1) to revoke a charter school contract, the state board shall notify the school board and the advisory council of the charter school of the state board's intention to revoke the contract at least 60 days prior to the revocation of the contract, and the school board shall assume oversight authority, operational authority, or both oversight and operational authority. The notice shall state the grounds for the proposed action in writing and in reasonable detail. The school board may request in writing an informal hearing before the state board within 14 days of receiving notice of revocation of the contract. Upon receiving a timely written request for a hearing, the state board shall give reasonable notice to the school board of the hearing date. The state board shall conduct an informal hearing before taking final action. Final action to revoke a contract shall be taken in a manner least disruptive to the students enrolled in the charter school. The state board shall take final action to revoke or approve continuation of a contract by the last day of classes in the school year. If the final action to revoke a contract under Iowa Code section 256F.8 occurs prior to the last day of classes in the school year, a charter school student may enroll in the resident district. The decision of the state board to revoke a contract under Iowa Code section 256F.8 is solely within the discretion of the state board and is final.

68.7(4) *Voluntary revocation.* A charter school may voluntarily revoke its charter school contract by giving notice not later than the last day of classes to the school board, the advisory council, and the department of its intent to cease to exist as a charter school for the immediate successive school year. Once voluntarily revoked, the contract shall not be renewed unless the school board undertakes anew the charter process.

These rules are intended to Iowa Code chapter 256F.

281—77.3(256) Institutions affected. All Iowa colleges and universities engaged in the preparation of teacher interns and seeking state board approval of their programs shall meet the standards contained in this chapter.

281—77.4(256) Criteria for Iowa teacher intern preparation programs. Each institution seeking approval of its program of teacher intern preparation shall file evidence of the extent to which it meets the standards contained in this chapter by means of a written self-evaluation report and an evaluation conducted by the department. For institutions not already offering practitioner preparation programs approved by the state board, the evaluation process shall include a site visit by representatives of the department and additional documentation as needed. After the state board has approved the teacher intern preparation program filed by an institution, teacher intern candidates who complete the program and are recommended by the authorized official of that institution will be issued the appropriate license and endorsement(s).

281—77.5(256) Approval of programs. For initial approval, institutions shall submit written documentation of the teacher intern preparation program's compliance with program approval rules 77.10(256) through 77.16(256). For institutions that do not already have practitioner preparation programs approved by the state board, the evaluation process shall include a site visit by representatives of the department and additional documentation as needed. Approval by the state board of the institutions' teacher intern preparation programs shall be based on the recommendation of the director after study of the factual and evaluative evidence on record about each program in terms of the standards contained in this chapter. Approval, if granted, shall cover the period of time between initial approval and the institution's next regularly scheduled state review under rules 281 IAC 79.5(256) and 281 IAC 79.6(256). After the initial approval period, approval of the teacher intern preparation program will be included as part of the institution's reapplication for approval of its entire practitioner preparation program. Approval, if granted to institutions offering only teacher intern preparation programs, shall be for a term of five years; however, approval for a lesser term may be granted by the state board if it determines conditions so warrant.

If approval is not granted, the applying institution will be advised concerning the areas in which improvement or changes appear to be essential for approval. In this case, the institution shall be given the opportunity to present factual information concerning its programs at the next regularly scheduled meeting of the state board. The institution may also reapply at its discretion when it is ready to show what actions have been taken to address the areas suggested for improvement.

281—77.6(256) Periodic reports. Institutions with approved teacher intern preparation programs shall make periodic reports upon request of the department. The reports shall provide basic information necessary to keep up-to-date records of each teacher intern preparation program and to carry out research studies relating to teacher intern preparation.

281—77.7(256) Approval of program changes. Upon application for approval of program changes by an institution, the director is authorized to approve minor additions to, or changes within, the curricula of an institution's approved teacher intern preparation program. When an institution proposes a revision that exceeds the primary scope of its programs, the revision shall become operative only after having been approved by the state board.

77.8(1) The institution's responsibilities shall include but not be limited to:

1. Monitor the implementation of the requirements of statutes and administrative code provisions relating to this chapter, including requirements that affect any agreement negotiated pursuant to Iowa Code chapter 20.

2. Monitor the evaluation requirements of this chapter to ensure evaluations are conducted in a fair and consistent manner throughout the school district or agency. In addition to any negotiated evaluation procedures, develop model evidence for the Iowa teaching standards and criteria. The model evidence will minimize paperwork and focus on teacher improvement. The model evidence will determine which standards and criteria can be met through observation and which evidence meets multiple standards and criteria.

3. Determine, following the adoption of the Iowa professional development model by the state board of education, the use and distribution of the professional development funds distributed to the school district or agency as provided in 2007 Iowa Code Supplement section 284.13, subsection 1, paragraph "d," based upon school district or agency, attendance center, and individual teacher professional development plans.

4. Monitor the professional development in each attendance center to ensure that the professional development meets school district or agency, attendance center, and individual teacher professional development plans.

5. Ensure the agreement negotiated pursuant to Iowa Code chapter 20 determines the compensation for teachers on the committee for work responsibilities required beyond the normal workday.

6. Make recommendations to the school board and the certified bargaining representative regarding the expenditures of market factor incentives.

DIVISION III
SPECIFIC STANDARDS APPLICABLE TO ADMINISTRATOR QUALITY PROGRAMS

281—83.8(284A) Administrator quality program. An administrator quality program is established to promote high student achievement and enhanced educator quality. The program shall consist of the following four major components:

1. Adherence to the Iowa school leadership standards and criteria as the minimum basis for evaluations of administrators and as the basis for professional development plans for administrators.
2. Mentoring and induction programs that provide support for administrators in accordance with 2007 Iowa Code Supplement section 284A.5.
3. Professional development designed to directly support best practice for leadership.
4. Evaluation of administrators against the Iowa standards for school administrators.

281—83.9(284A) Mentoring and induction program for administrators.

83.9(1) Purpose. A beginning administrator mentoring and induction program is created to promote excellence in school leadership, improve classroom instruction, enhance student achievement, build a supportive environment within school districts, increase the retention of promising school leaders, and promote the personal and professional well-being of administrators.

83.9(2) District participation. Each school board shall establish an administrator mentoring program for all beginning administrators. The school board may adopt the model program developed by the department or develop the program locally. Each school board's beginning administrator mentoring and induction program shall, at a minimum, provide for one year of programming to support the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27), and to support beginning administrators' professional and personal needs. Each school board shall include in the program the mentor selection process, supports for beginning administrators, and the organizational and collaborative structures. Each district must also provide the budget, establish a process for sustainability of the program, and establish a process for program evaluation. The school board employing an administrator shall determine the conditions and requirements of an administrator participating in a program established pursuant to this rule. A school board shall include its plan in the school district's comprehensive school improvement plan.

83.9(3) Recommendation for licensure. By the end of a beginning administrator's first year of employment, the beginning administrator shall be comprehensively evaluated to determine if the administrator meets expectations to move to a professional administrator license. The school district or area education agency shall recommend the beginning administrator for a professional administrator license to the board of educational examiners upon the administrator's completion of a successful comprehensive evaluation. The evaluation process must include documented evidence of the administrator's competence in meeting the Iowa leadership standards. A school district or area education agency may allow a beginning administrator a second year to demonstrate competence in the Iowa standards for school administrators if, after conducting a comprehensive evaluation, the school district or area education agency determines that the administrator is likely to successfully demonstrate competence in the Iowa standards for school administrators by the end of the second year. Upon notification by the school district or area education agency, the board of educational examiners shall grant a beginning administrator who has been allowed a second year to demonstrate competence a one-year extension of the beginning administrator's initial license. An administrator granted a second year to demonstrate competence shall undergo a comprehensive evaluation at the end of the second year.

281—83.10(284A) Iowa school leadership standards and criteria for administrators. The Iowa school leadership standards and criteria represent a set of knowledge and skills that reflects the best evidence available regarding effective leadership. The standards and criteria provide school districts with a consistent basis for evaluations of administrators and serve as the basis for professional development plans for administrators. 281—83.11(284A) Evaluation. The board of directors of a school district shall conduct an evaluation of an administrator who holds a professional administrator license issued under Iowa Code chapter 272 at least once every three years for purposes of assisting the administrator in making continuous improvements, documenting continued competence in the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27), and determining whether the administrator's practice meets the board's expectations for the school district. The review shall include, at a minimum, an assessment of the administrator's competence in meeting the Iowa standards for school administrators and the goals of the administrator's individual professional development plan, including supporting documentation or artifacts aligned to the Iowa standards for school administrators and the individual administrator's professional development plan.

281—83.12(284A) Professional development of administrators.

83.12(1) Responsibility of district. Each school district shall be responsible for the provision of professional growth programming for individuals employed in a school district administrative position by the school district or area education agency as deemed appropriate by the board of directors of the school district or area education agency. School districts may collaborate with other educational stakeholders, including other school districts, area education agencies, professional organizations, higher education institutions, and private providers, regarding the provision of professional development for school district administrators. Professional development programming for school district administrators may include support that meets the individual administrator's professional development needs as aligned to the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27), and that meets individual administrator professional development plans.

83.12(2) Individual plans. In cooperation with the administrator's evaluator, an administrator who has a standard administrator's license issued by the board of educational examiners pursuant to Iowa Code chapter 272 and is employed by a school district or area education agency in a school district administrative position shall develop an individual administrator professional development plan. The purpose of the plan is to promote individual and group professional development. The individual plan shall be based, at a minimum, on the needs of the administrator. The individual plan shall be aligned, as appropriate, to the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27), and the student achievement goals of the attendance center and the school district as set forth in the comprehensive school improvement plan.

83.12(3) Role of evaluator. The administrator's evaluator shall meet annually as provided in Iowa Code section 279.23A with the administrator to review progress in meeting the goals in the administrator's individual professional development plan. The purpose of the meeting shall be to review collaborative work with other staff on student achievement goals and to modify as necessary the administrator's individual professional development plan to reflect the individual administrator's

and the school district's needs and the administrator's progress in meeting the goals in the plan. The administrator shall provide evidence of progress toward meeting the goals. Modifications to the plan may be made jointly by the administrator and the administrator's supervisor, or the supervisor may adjust the plan. Any changes in the plan made unilaterally by a supervisor must be clearly documented for the administrator.

These rules are intended to implement Iowa Code chapters 284 and 284A as amended by 2007 Iowa Acts, chapter 108.

CHAPTER 84
FINANCIAL INCENTIVES FOR NATIONAL BOARD CERTIFICATION

281—84.1(256) Purpose. National Board Certification (NBC) is available to teachers nationwide and requires candidates to demonstrate their teaching practice as measured against high and rigorous standards. NBC teachers enhance the educational experience of their students and motivate fellow teachers toward excellence in classroom teaching. These rules implement the two financial incentive pilot programs enacted by the Iowa legislature to increase the number of NBC teachers in Iowa.

NOTE: Pursuant to Iowa Code Supplement section 256.44, the financial incentives for NBC teachers are available only to teachers who registered for National Board Certification on or before December 31, 2007. Funds are available to honor the registration reimbursements in rule 84.3(256) and the annual awards in rule 84.4(256) for eligible individuals.

281—84.2(256) Definitions. For the purpose of these rules, the following definitions shall apply:

“A person who receives a salary as a classroom teacher” means a teacher employed by a school district in Iowa who receives any salary compensation from the school district for providing classroom instruction to students in the school district. The term also means a teacher employed by an area education agency in Iowa who receives all salary compensation through pooled school district funds provided to the area education agency to provide classroom instruction to elementary (including prekindergarten) or secondary students in one or more school districts.

“Department” means the state department of education.

“Director” means the director of the state department of education.

“Employed by a school district in Iowa” means a teacher employed in a nonadministrative position in an Iowa school district pursuant to a contract issued by a board of directors of a school district under Iowa Code section 279.13 and any full-time permanent substitute teacher employed under individual contracts not included under Iowa Code section 279.13 but who is receiving retirement and health benefits as part of the substitute teacher’s contract.

“National Board Certification (NBC)” is a nationwide certification program administered by the National Board for Professional Teaching Standards. The certification program requires candidates to participate in a rigorous two-part assessment consisting of portfolio entries and assessment center exercises.

“National Board for Professional Teaching Standards (NBPTS)” is a private nonprofit organization whose goal is to develop professional standards for early childhood, elementary and secondary school teaching. NBPTS administers the NBC program.

“School district” means a public school district.

“Teacher” means an Iowa-licensed teacher as defined in Iowa Code section 272.1.

281—84.3(256) Registration fee reimbursement program. If funds are appropriated by the Iowa legislature, the department shall administer a registration fee reimbursement program.

84.3(1) Eligibility. Teachers seeking reimbursement shall apply to the department within one year of registration with NBPTS. Teachers eligible for the registration fee reimbursement program shall meet all of the following qualifications:

- a. The individual has all qualifications required by NBPTS for application for certification.
- b. The individual is a teacher.
- c. The individual is employed by a school district in Iowa.
- d. The individual receives a salary as a classroom teacher.
- e. The individual completes the department’s application process, which includes submitting verification of NBC registration. The teacher must have registered with NBPTS no later than December 31, 2007.
- f. The individual has not received reimbursement from this program at any previous time.

84.3(2) Registration fee reimbursement. If funds are appropriated by the legislature, all teachers who apply to the department shall receive registration fee reimbursement. If, however, in any fiscal year the

number of eligible teachers that apply for the reimbursement exceeds the funds available, the department shall prorate the amount of the registration fee reimbursement among all eligible teachers.

84.3(3) *Reimbursement.* Teachers determined eligible shall receive reimbursement in the following manner:

a. Initial registration fee reimbursement. Each eligible teacher shall receive an initial reimbursement of one-half of the reimbursement fee charged by NBPTS or, if necessary, a prorated amount upon submission to the department of the NBC registration confirmation form provided to each teacher by NBPTS.

b. Final registration fee reimbursement. The final registration fee reimbursement of one-half of the reimbursement fee charged by NBPTS or, if necessary, a prorated amount shall be awarded when the eligible teacher notifies the department of the teacher's certification achievement and submits verification of certification. If an eligible teacher fails to receive certification, the teacher can receive the remaining reimbursement if the teacher achieves certification within three years of the initial NBC score notification.

84.3(4) *Withdrawal from NBC process.* A teacher who has received the initial registration fee reimbursement from the department and withdraws from the NBC process shall reimburse the department the amount received from the department within 30 days of receiving any fee reimbursement from NBPTS if the reimbursement from NBPTS is equal to or greater than the amount received from the department. If the reimbursement amount from NBPTS is less than the amount the teacher received from the department, the teacher shall reimburse the department any amount received from NBPTS.

281—84.4(256) NBC annual award. If funds are appropriated by the legislature, each eligible NBC teacher can qualify for one of the following NBC annual awards. If in any fiscal year the funds appropriated are insufficient to pay the maximum amount of the annual awards to each eligible teacher or the number of teachers eligible to receive annual awards exceed 1,100 individuals, the funds shall be prorated among all eligible teachers.

1. \$5,000 annual award. An eligible teacher who receives NBC certification prior to May 1, 2000, will receive an annual award of up to \$5,000 per year or a prorated amount for a period of ten years or until the teacher's total state annual award amount reaches \$50,000, whichever occurs first.

2. \$2,500 annual award. An eligible teacher who receives NBC certification after May 1, 2000, will receive an annual award of up to \$2,500 per year or a prorated amount for a maximum period of ten years.

3. An otherwise-eligible teacher who possesses a teaching contract that is less than full-time shall receive an award prorated to reflect the type of contract (i.e., half-time, quarter-time, etc.).

84.4(1) *Eligibility.* In addition to having registered with NBPTS no later than December 31, 2007, and achieving certification within NBPTS-established timelines and policies, individuals eligible for the NBC annual award shall meet all of the following qualifications:

- a.* The individual is an NBC teacher.
- b.* The individual is a teacher.
- c.* The individual is employed by a school district in Iowa.
- d.* The individual receives a salary as a classroom teacher.
- e.* The individual completes the department's annual application process, which includes submitting verification of certification.
- f.* The individual has not received an NBC annual award for more than ten years.
- g.* The individual has not received state NBC annual awards totaling more than \$50,000.
- h.* The individual is applying for the award within one year of being eligible for the award.

84.4(2) *Application.* An NBC teacher shall submit an application verifying eligibility for an NBC award to the department by May 1 of each fiscal year the NBC teacher is eligible for the award. NBC awards shall be issued to eligible NBC teachers no later than June 1 of each fiscal year.

84.4(3) *Taxes.* The NBC award is not considered salary for purposes of Iowa Code chapter 97B. The eligible NBC teacher will be responsible to pay the appropriate state and federal taxes. The department

will notify state and federal taxing authorities of the award and the NBC teacher will be issued an IRS Form 1099.

281—84.5(256) Appeal of denial of a registration fee reimbursement award or an NBC annual award. Any applicant may appeal the denial of a registration fee reimbursement award or an NBC annual award to the director of the department. Appeals must be in writing and received within ten working days of the date of the notice of denial and must be based on a contention that the process was conducted outside statutory authority or violated state or federal law, regulation or rule. The hearing and appeal procedures found in 281—Chapter 6 that govern director's decisions shall be applicable to any appeal of denial.

In the notice of appeal, which shall be notarized, the applicant shall give a short and plain statement of the reasons for the appeal.

The director shall issue a decision within a reasonable time, not to exceed 30 days from the date of the hearing.

TITLE XV
EDUCATIONAL EXCELLENCE

CHAPTER 91

PHASE III, EDUCATIONAL EXCELLENCE PROGRAM*

[Prior to 9/7/88, see Public Instruction Department[670] Ch 80]

281—91.1(294A) Scope. These rules apply to the provisions of phase III of the educational excellence program authorized by Iowa Code chapter 294A.

281—91.2(294A) General purpose. The goal of phase III is to enhance the quality, effectiveness, and performance of Iowa's teachers by promoting teacher excellence and comprehensive school transformation. This shall be accomplished through the development of performance-based pay plans, comprehensive school transformation pay plans and supplemental pay plans for additional instructional work assignments, which assignments may include specialized training or differential training, or both.

It is the stated intent of the law and this chapter that comprehensive school transformation pay plan activities shall focus on the improvement of student achievement and the attainment of student achievement goals under Iowa Code sections 280.12 and 280.18.

Further, it is the intent of phase III that real and fundamental change in the educational system must emerge from the school site if the education system is to remain relevant and that plans funded in this program must demonstrate that they are an integral part of a comprehensive district or area education agency effort at meeting identified district or agency goals or needs.

It is the intent of this chapter that no plan submitted shall propose or include pay plans which supplant existing programs or expenditures whether operated on a regular or voluntary basis.

Further, it is the intent of this chapter that phase III moneys received by school districts and area education agencies shall not be used to pay a teacher for performance of additional noninstructional duties or for supervising students.

281—91.3(294A) Definitions. For the purposes of this chapter, the following definitions apply:

"Administrator" refers to a person or persons employed within the district or AEA, who holds the evaluator approval as required by Iowa Code section 272.33 and is employed for a portion of the time as an administrator within the district or AEA.

"AEA" refers to area education agency.

"Board" refers to the board of directors of a local education agency and an area education agency.

"Department" refers to the Iowa department of education.

"District" refers to a local school district.

"Performance-based pay" refers to salary increases for individual teachers who demonstrate superior performance in completing assigned duties; or for groups of teachers who demonstrate that specific approved objectives adopted for that group have been met.

"Performance objective" refers to the statement of action to be taken that identifies the person responsible, what is to be done, the time factors, the proficiency level to be achieved, and the method of measurement to be used to determine if the identified proficiency level has been achieved. (Phase III Program Evaluation Sourcebook, August 1989)

"Plan" refers to the phase III plan submitted by the board to the department for approval which shall demonstrate that it is an integral part of a comprehensive district or AEA effort toward meeting identified district or AEA goals or needs.

"Process objective" refers to the statement of action to be taken that identifies the person responsible, what is to be done, the time factors, and the documentation that will be created to prove that the activity has been completed within the time frame specified. (Phase III Program Evaluation Sourcebook, August 1989)

*Chapter 91 delayed 70 days from the effective date of April 21, 1993, for further study by the Administrative Rules Review Committee March 8, 1993; delay lifted by this Committee May 12, 1993, effective May 13, 1993.

“Regular compensation” refers to the sum located on the established salary schedule for the experience and educational level at which a teacher falls exclusive of supplemental pay for noninstructional duties and extended day or year contracts.

“Supplemental pay” refers to the payment of additional salary to teachers who participate in either additional instructional work assignments or specialized training during the regular school day or during an extended school day, school week, or school year.

281—91.4(294A) Development of plan.

91.4(1) *Plan submission.* On or before April 15 of each school year, school district boards of directors interested in receiving phase III funds shall submit a plan to the department for the coming school year. AEA boards of directors shall submit a plan to the department on or before June 15 for the coming school year. Plans submitted shall be on forms provided by the department in the format specified by the department.

In districts organized for collective bargaining purposes under Iowa Code chapter 20, the portions of the proposed plan that are within the scope of the negotiations specified in Iowa Code section 20.9 require the mutual agreement by April 15 for plans submitted to the department for approval for the coming year. In AEAs organized for collective bargaining purposes under Iowa Code chapter 20, the portions of the proposed plan that are within the scope of the negotiations specified in Iowa Code section 20.9 require the mutual agreement by June 15 for plans submitted to the department for approval for the coming year.

Compliance with this process shall be ensured in the plan application.

91.4(2) *Joint plans.* Plans may be submitted jointly by two or more boards (district/district, district/AEA) provided all compliances have been met. Districts which are whole-grade sharing are encouraged to submit a joint plan.

91.4(3) *Multiple year plans.* Districts and AEAs are encouraged to implement comprehensive strategic plans for meeting identified district and AEA needs and goals. However, phase III plan approval shall be on an annual basis. Districts and AEAs wishing to receive phase III funds for a given year must submit a plan to the department by the deadline in order to be considered for funding for the coming school year.

91.4(4) *Amendments.* Amendments to an approved plan may be submitted at any time during the plan year on forms provided by the department in the format specified by the department. Amendments to the plan must be approved by the department prior to implementation.

91.5(1) *Rationale and goals.* The plan shall contain a rationale, which shall include the specific recommendations from national or state reports relating to the future of the education system which are to be implemented and the specific identified needs of students which are addressed by the plan. The goals of the district or AEA, as required by Iowa Code sections 280.12 and 280.18, which are pertinent to the plan shall be incorporated into the rationale.

91.5(2) *Plan design.* The plan design shall be described by using process and performance objectives, shall describe the methods used to determine the payment of salary increases to teachers, and shall describe the timeline for payment. (Phase III Program Evaluation Sourcebook, August 1989)

a. Comprehensive school transformation. The planned change shall be described. For districts, the planned change shall be real, fundamental, shall emerge from the school site, shall be designed to make the system remain relevant, shall be an integral part of a comprehensive effort at meeting identified needs or goals, shall be consistent with emerging philosophies on school restructuring and transformation, and shall focus on the improvement of student achievement and the attainment of student achievement goals established under Iowa Code sections 280.12 and 280.18. For AEAs, the planned change shall be real, fundamental, shall be based on needs at the school site, shall be designed to assist the school system to remain relevant, shall be an integral part of a comprehensive effort at meeting identified needs or goals, shall be consistent with emerging philosophies on school restructuring and

transformation, and shall be integrated with and supportive of the comprehensive school transformation plans submitted by the school districts within the area education agency.

(1) Site-based shared decision making. A plan design for implementing site-based shared decision making shall include, but is not limited to, the following descriptors:

CHAPTER 95
EQUAL EMPLOYMENT OPPORTUNITY
AND AFFIRMATIVE ACTION IN EDUCATIONAL AGENCIES

281—95.1(256) Purpose. It is the purpose of this chapter to implement Iowa Code section 19B.11 by requiring specific steps by school districts, area education agencies, and community colleges to accomplish the goals of equal employment opportunity and affirmative action in the recruitment, appointment, assignment and advancement of personnel.

281—95.2(256) Definitions. The following definitions shall be applied to the rules in this chapter:

“Affirmative action” means action appropriate to overcome the effects of past or present practices, policies, or other barriers to equal employment opportunity.

“Agency” means a local school district, an area education agency or a community college.

“Availability” means the extent to which members of a racial/ethnic group, women, men or persons with disabilities are present within the relevant labor market.

“Director of education” means the director of the Iowa department of education.

“Equal employment opportunity” means equal access to employment, training and advancement, or employment benefits regardless of race, creed, color, religion, sex, age, national origin and disability.

“Metropolitan statistic area” means a large population nucleus (over 50,000 people) and nearby communities which have a high degree of economic and social integration with that nucleus. Each area consists of one or more entire counties.

“Person with a disability” means any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment or is regarded as having such an impairment, as defined by civil rights commission subrule 161—8.26(1).

“Racial/ethnic minority person” means any person who is African-American, Hispanic, Asian or Pacific Islander, American Indian or Alaskan Native.

“Relevant labor market” means the geographic area in which an agency can reasonably be expected to recruit for a particular job category.

“Underrepresentation” means having fewer members of a racial/ethnic group, women, men or persons with disabilities in a particular job category than would be reasonably expected based on their availability in the relevant labor market.

“Work force” means an agency’s full-time and part-time employees.

281—95.3(256) Equal employment opportunity standards. Employment policies and practices shall provide equal employment opportunity to all persons. No person shall be denied equal access to agency employment opportunities because of race, creed, color, religion, national origin, gender, age or disability.

Affirmative action programs. A work force analysis shall be performed and affirmative measures be developed and implemented for any major job categories in which a racial/ethnic group, women, men or persons with disabilities are underrepresented.

281—95.4(256) Duties of boards of directors. Each board of directors shall adopt policy statements and develop plans for implementation of equal employment opportunity standards and affirmative action programs.

95.4(1) Policy statements. Each board of directors shall adopt policy statements outlining its commitment to the principles of equal employment opportunity and affirmative action. These policy statements shall prescribe procedures for employees and applicants for employment to redress complaints of discrimination.

95.4(2) Written plans. Each board of directors shall prepare and implement written equal employment opportunity and affirmative action plans by July 1, 1990. The plans shall be evaluated and updated on a biennial basis.

95.4(3) *Assignment of responsibility.* Each board of directors shall assign to an employee the responsibility for coordinating the development and ongoing implementation of the plans. This employee may be the same employee who has been assigned to coordinate the agency's efforts to comply with federal laws requiring nondiscrimination in educational programs and employment.

95.4(4) *Input.* Each board of directors shall obtain systematic input from diverse racial/ethnic groups, women, men and persons with disabilities into the development and implementation of the plans. School districts may use existing advisory committees or public hearing procedures developed to receive similar input regarding the development and implementation of multicultural, nonsexist education plans.

95.4(5) *Staff development.* Each board of directors shall provide periodic training for all staff who hire or supervise personnel on the principles of equal employment opportunity and the implementation of its affirmative action plan.

95.4(6) *Record keeping.* Each board of directors shall keep the necessary records to document its affirmative action progress. Employment data shall be reported to the department of education by racial/ethnic category, gender and disability. This report shall be part of the department of education's basic educational data collection system.

281—95.5(256) Plan components. In addition to the board policy statement, each equal employment opportunity and affirmative action plan shall include, but not be limited to, the following components:

95.5(1) *Identification of coordinator.* The name, job title, address and phone number of the employee responsible for coordinating the development and implementation of the equal employment opportunity and affirmative action plans.

95.5(2) *Administrative statement.* An administrative statement on how the agency's equal employment opportunity and affirmative action policies and plans are to be implemented, including the internal system for auditing and reporting progress. The administrative statement shall be signed and dated by the chief executive officer of the agency.

95.5(3) *Work force analysis.* A work force analysis that shall show the numerical and percentage breakdown of the agency's full-time and part-time employees within each major job category by racial/ethnic group, gender, and disability. Major job categories shall be consistent with the E.E.O. 5 and E.E.O. 6 occupational categories reported to the United States Equal Employment Opportunity Commission. For the purpose of confidentiality, disability data may be based on total agency figures, rather than those of major job categories.

95.5(4) *Quantitative analysis.* A quantitative analysis that shall compare work force analysis figures with the availability of qualified or qualifiable members of racial/ethnic groups, women, men and persons with disabilities within the relevant labor market.

95.5(5) *Qualitative analysis.* When underrepresentation is identified in one or more major job category, a qualitative analysis shall be implemented and included in the agency's affirmative action plan. The qualitative analysis is a review of employment policies and practices to determine if and where those policies and practices tend to exclude, disadvantage, restrict or result in adverse impact on the basis of racial/ethnic origin, gender, or disability. The analysis may include, but is not limited to the review of:

- a. Recruitment practices and policies;
- b. A demographic study of the applicant pool and flow;
- c. The rate and composition of turnover in major job categories;
- d. Trends in enrollment which will affect the size of the work force;
- e. Application and application screening policies and practices;
- f. Interview, selection, and placement policies and practices;
- g. Transfer and promotion policies and practices;

k. Law, policies or practices external to the agency that may hinder success in equal employment opportunity and affirmative action.

95.5(6) Goals. Numerical goals and timetables for reduction of underrepresentation in each major job category where it has been identified shall be developed. These goals shall not be treated as rigid and inflexible quotas that must be met, but as reasonable aspirations toward correcting imbalance in the agency's work force. The goal shall not cause any group of applicants to be excluded from the hiring process. When setting numerical goals agencies shall take into consideration the following:

- a. The numbers and percentages from the work force analysis conducted pursuant to subrule 95.5(3);
- b. The number of short- and long-term projected vacancies in the job category, considering turnover, layoffs, lateral transfers, new job openings, and retirements;
- c. The availability of qualified or qualifiable persons from underrepresented racial/ethnic, gender and disability categories within the relevant labor market;
- d. The makeup of the student population served by racial/ethnic origin, gender and disability;
- e. The makeup of the population served by racial/ethnic origin, gender and disability;
- f. The makeup of the population of the metropolitan statistic area, when applicable, by racial/ethnic origin, gender, and disability.

95.5(7) Absence of minority base. Agencies with no minority students enrolled or no minority employees shall develop goals and timetables for recruiting and hiring persons of minority racial/ethnic origin when those persons are available within the relevant labor market.

95.5(8) Consolidation. An agency may consolidate racial/ethnic minorities and job categories into broader groupings in conducting its analysis under subrules 95.5(3), 95.5(4) and 95.5(6) when its size or number of employees makes more specific categories impractical.

95.5(9) Qualitative goals. Qualitative goals, activities and timetables which specify the appropriate actions and time frames in which problem areas identified during the qualitative analysis are targeted and remedied. In setting qualitative goals and planning actions the agency may consider, but need not be limited to, the following:

- a. Broadening or targeting recruitment efforts;
- b. Evaluating and validating criteria and instruments used in selecting applicants for interviews, employment, and promotion;
- c. Providing equal employment opportunity, affirmative action, and intergroup relations training for employees of the agency;
- d. Developing a system of accountability for implementing the agency's plan;
- e. Developing and implementing an employee assistance and mentoring program;
- f. Establishing a work climate which is sensitive to diverse racial/ethnic groups, both women and men and persons with disabilities;
- g. Negotiating the revision of collective bargaining agreements to facilitate equal employment opportunity and affirmative action;
- h. Considering a person's racial/ethnic origin, gender, or disability as a relevant factor when selecting applicants for interview, employment and promotion in job categories where underrepresentation exists.

281—95.6(256) Dissemination. Each agency shall have an internal and external system for disseminating its equal employment opportunity and affirmative action policies and plans.

95.6(1) Plan distribution. The policies and plans shall be annually distributed to agency employees involved in the hiring or management of personnel and shall be made available to other agency employees, the public and the director of education upon request.

95.6(2) Policy statement distribution. The policy statement shall be distributed to all applicants for employment and shall be disseminated annually to employees, students, parents and recruitment sources.

281—95.7(256) Reports. Each education agency shall submit an annual progress report on equal employment opportunity and affirmative action to its local board of directors. An annual progress

report shall be submitted to the department of education by December 31 of each year. The report shall be part of the basic educational data collection system administered by the department of education.

These rules are intended to implement Iowa Code section 19B.11.

Appeals must be in writing and received within ten working days of the date of the notice of the decision to deny. Appeals must be based on a contention that the process was conducted outside of statutory authority; violated state or federal law, policy, or rule; did not provide adequate public notice; was altered without adequate public notice; or involved conflict of interest by staff or committee members. The hearing and appeals procedures found in 281—Chapter 6 that govern the director's decisions shall be applicable to any appeal of denial.

Receipt of supplementary weighting for the second year and for the third year shall be conditioned upon submission

of information resulting from the study to the school budget review committee indicating progress or continued progress toward the objective of dissolution or reorganization on or before July 1, 2014.

97.5(2) *Contiguous districts.* School districts that adopt a board resolution jointly with all other affected boards to study reorganization must be contiguous school districts. If two or more of the affected districts are not contiguous to each other, all districts separating those districts must be a party to the whole-grade sharing arrangement and the board resolution adopted jointly to study reorganization.

97.5(3) *Consecutive years.* A school district that is eligible to add a supplementary weighting for resident students attending classes under a whole-grade sharing arrangement pursuant to subrule 97.5(1) is not required to utilize consecutive years. However, the final year in which a supplementary weighting may be added on October 1 for this purpose shall not be later than the school year that begins July 1, 2013.

97.5(4) *Change in sharing districts.* A school district that is eligible to add a supplementary weighting for resident students attending classes under a whole-grade sharing arrangement pursuant to subrule 97.5(1) may enter into a whole-grade sharing arrangement with one or more different districts for its second or third year of eligible weighting by adopting and filing a new joint board resolution pursuant to this subrule. Establishing a new whole-grade sharing arrangement does not extend the maximum number of years for which a school district is eligible.

97.5(5) *Filing board resolutions.* Each school district that adopts a board resolution to study dissolution or has adopted a board resolution jointly with all other affected boards to study reorganization shall file a copy of the board resolution with the department of education not later than October 1 on which date the district intends to request supplementary weighting for whole-grade sharing.

97.5(6) *Filing progress reports.* Each school district that assigned a supplementary weighting to resident students attending class in a whole-grade sharing arrangement and that intends to assign a supplementary weighting to resident students attending class in a whole-grade sharing arrangement in the following year shall file a report of progress toward reorganization with the school budget review committee, on forms developed by the department of education, no later than August 1 preceding October 1 on which date the district intends to request supplementary weighting for whole-grade sharing.

- (3) If the district is studying reorganization, information on whether public hearings have been held, a proposal has been adopted, and an election date has been set.
- (4) If the district is studying dissolution, information on whether public hearings have been held, a plan has been approved by the AEA, and an election date has been set.
- (5) Description of joint activities of the boards such as planning retreats and community meetings.
- (6) Information showing an increase in sharing activities with the whole-grade sharing partners such as curriculum offerings, program administration, personnel, and facilities.

b. The report must indicate progress toward a reorganization or dissolution to occur on or before July 1, 2014. Indicators of progress may include, but are not limited to:

- (1) Establishing substantially similar salary schedules or a plan by which the sharing districts will be able to develop a single salary schedule upon reorganization.
- (2) Establishing a joint teacher evaluation process and instruments.
- (3) Developing a substantially similar continuous school improvement plan (CSIP) with aligned goals including a district professional development plan.
- (4) Increasing the number of grades involved in the whole-grade sharing arrangement.
- (5) Increasing the number of shared teaching or educator positions.
- (6) Increasing the number or extent of operational sharing arrangements.
- (7) Increasing the number of shared programs such as career, at risk, gifted and talented, curricular, or cocurricular.
- (8) Increasing the number of joint board meetings or planning retreats.
- (9) Holding regular or frequent public meetings to inform the public of progress toward reorganization and to receive comments from the public regarding the proposed reorganization.

- (10) Adopting a reorganization or dissolution proposal.
- (11) Setting proposed boundaries.
- (12) Setting a date for an election on the reorganization or dissolution proposal.

c. The school budget review committee shall consider each progress report at its first regular meeting of the fiscal year and shall accept the progress report or shall reject the progress report with comments. The reports will be evaluated on demonstrated progress within the past year toward reorganization or dissolution.

d. A school district whose progress report is not accepted shall be allowed to submit a revised progress report at the second regular meeting of the school budget review committee. The committee shall accept or reject the revised progress report.

e. If the school budget review committee rejects the progress report and the district does not submit a revised progress report or if the school budget review committee rejects the revised progress report, the school district shall not be eligible for supplementary weighting for whole-grade sharing.

281—97.6(257) Supplementary weighting plan for ICN video services.

97.6(1) Eligibility. Except for students listed under subrule 97.2(6), a resident student is eligible for supplementary weighting if the student is eligible to be counted as a resident student for certified enrollment, is not eligible for supplementary weighting for the same course under another supplementary weighting plan, and meets any of the criteria in “a,” “b,” or “c” below. For purposes of this subrule, the portion of a course offered via ICN video services shall be considered separately from the portion of the course not offered via ICN video services. Eligible students include:

a. Resident students who receive a virtual class provided by another school district via ICN video services.

b. Resident students who attend a virtual class that the resident district is providing to students in one or more other school districts via ICN video services.

c. Resident students who receive a virtual community college class via ICN video services. The community college class must be a course eligible for supplementary weighting under the criteria listed in subrule 97.2(5).

97.6(2) Weighting. Resident students eligible for supplementary weighting pursuant to subrule 97.6(1) shall be eligible for a weighting of one-twentieth of the fraction of the school year during which the pupil attends the virtual class.

97.6(3) Payment to teachers. A school district that includes students in a virtual class for supplementary weighting shall reserve 50 percent of the supplementary weighting funding the district will receive as a result of including the resident students in the virtual class for supplementary weighting as additional pay for the virtual class teacher.

a. The employer of the virtual class teacher will make the payment.

b. The additional pay includes salary and the employer’s share of FICA and IPERS.

c. The employer shall pay the virtual class teacher during the same school year in which the virtual class is provided.

d. The employer may pay the virtual class teacher at the conclusion of the virtual class or may pay the teacher periodic payments that represent the portion of the virtual class that has been provided. The employer may not pay the teacher prior to services being rendered.

e. The additional pay shall be calculated as 0.5 multiplied by the supplementary weighting for the virtual class multiplied by the district cost per pupil in the subsequent budget year.

f. If the teacher’s contract includes additional pay for teaching the virtual class, the teacher shall receive the higher amount of the additional pay in the contract or the amount of the additional pay calculated pursuant to paragraphs “b” and “e” above. For purposes of this comparison, the employer shall compare the salary portions only.

g. The contract between the agencies shall provide for the additional pay for the teacher of the virtual class. That 50 percent of the supplementary weighting funding would be paid in addition to the tuition sent to the providing district or community college to be paid as additional pay to its teacher employee.

281—97.7(257) Supplementary weighting plan for operational services.

97.7(1) Eligibility. Except for students listed under subrule 97.2(6), a resident student is eligible for supplementary weighting if the student is eligible to be counted as a resident student for certified enrollment and if all of the following criteria are met:

a. The district shares a discrete operational function with one or more other political subdivisions pursuant to an Iowa Code chapter 28E agreement.

b. The district shares the operational function for at least 20 percent of the contract time period during the fiscal year that is customary for a full-time employee in the operational function being shared, and at least one of the sharing partners also shares the operational function for at least 20 percent of the contract time period during the fiscal year. The 20 percent is measured each fiscal year and for each discrete operational function.

c. Personnel shared as part of the operational function are employees of one of the sharing partners but are not employees of more than one of the sharing partners.

d. If the district shares an operational function with more than one political subdivision, the sharing arrangement is listed only once for purposes of supplementary weighting.

e. If the district shares more than one individual in the same operational function, that operational function shall be listed only once for the purposes of supplementary weighting.

f. No individual personnel shall be included for operational function sharing more than once for supplementary weighting in the same fiscal year.

g. If more than one sharing arrangement is implemented in any one operational function area and the services shared are substantially similar as determined by the department of education, only the sharing arrangement implemented first will be eligible for supplementary weighting.

h. The operational function areas shared include one or more of the areas listed in subrule 97.7(2).

97.7(2) Operational function area eligibility. “Operational function sharing” means sharing of managerial personnel in the discrete operational function areas of superintendent management, business management, human resources management, student transportation management, or facility operation or maintenance management. “Operational function sharing” does not mean sharing of clerical personnel, librarians, counselors, nurses, and curriculum directors. The operational function sharing arrangement does not need to be a newly implemented sharing arrangement in order to be eligible for supplementary weighting.

a. *Superintendent management.*

(1) Shared personnel must perform the services of a superintendent, in the case of a school district, or chief administrator, in the case of an area education agency, or executive administrator, in the case of other political subdivisions, for each of the sharing partners. An individual performing the function of a superintendent or chief administrator must be properly licensed for that position.

(2) If the services of a superintendent are shared in any of the five eligible years, the district may not also share an assistant superintendent in any year for purposes of supplementary weighting.

(3) Clerical or other support services personnel in the superintendent function area or executive administrator function area shall not be considered shared superintendent management under this subrule.

(4) Shared superintendent services or executive administrator services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

b. *Business management.*

(1) Shared personnel must perform the services of managing the business operations for each of the sharing partners. Managing business operations would include personnel performing the duties of a business manager or personnel performing the duties listed in the Iowa Code for a board secretary including, but not limited to, board secretary duties listed in Iowa Code chapter 291, or personnel performing the duties listed in the Iowa Code for a board treasurer including, but not limited to, board treasurer duties listed in Iowa Code chapter 291, in each of the sharing partners.

(2) Services of clerical personnel, superintendents, principals, teachers, board officers except those listed in subparagraph (1), or any other nonbusiness administration personnel shall not be considered shared business management under this subrule.

(3) Shared business management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

c. Human resources management.

(1) Shared personnel must perform the services of managing human resources for each of the sharing partners.

(2) Services of clerical personnel, superintendents, principals, curriculum directors, teachers, or board officers shall not be considered shared human resources management under this subrule.

(3) Shared human resources management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

d. Student transportation management.

(1) Shared personnel shall include transportation directors or supervisors. Shared personnel must perform services related to transportation for each of the sharing partners, but may perform different transportation services for each of the sharing partners.

(2) Services of clerical or paraprofessional personnel, school bus mechanics, and school bus drivers shall not be considered shared student transportation management under this subrule.

(3) Shared transportation shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

e. Facility operations and maintenance.

(1) Shared personnel shall include facility managers and supervisors of buildings or grounds. Shared personnel must perform services related to facility operations and maintenance for each of the sharing partners, but may perform different facility operations and maintenance services for each of the sharing partners.

(2) Services of clerical personnel or custodians shall not be considered shared facility operations and maintenance management for supplementary weighting under this subrule.

(3) Shared facility operations and maintenance shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

97.7(3) Years of eligibility. A school district participating in an operational function sharing arrangement shall be eligible for supplementary weighting under this rule for a maximum of five years. The five years of eligibility shall include each year in which any shared operational function is included for supplementary weighting. The supplementary weighting for eligible shared operational functions may be included beginning on October 1, 2007.

a. Receipt of supplementary weighting after the first year shall be conditioned upon the submission of cost information provided in the format prescribed by the department of education as part of the certified annual report documenting cost savings directly attributable to the shared operational functions.

b. The documentation shall be filed no later than September 15 preceding the October 1 on which the second, third, fourth, or fifth year of operational function sharing is included for supplementary weighting.

97.7(4) Contiguous districts. School districts that share operational functions with other school districts must be contiguous school districts. If two or more sharing partner districts are not contiguous to each other, all districts separating those districts must be a party to the operational function sharing arrangement.

97.7(5) Consecutive years. A school district that is eligible to add a supplementary weighting for resident students for a shared operational function is not required to utilize consecutive years. However, the final year in which a supplementary weighting may be added on October 1 for this purpose shall not be later than the school year that begins July 1, 2012, and the total of all years in which a supplementary weighting may be added on October 1 for this purpose shall not exceed five years.

97.7(6) Change in sharing partners. A school district that is eligible to add a supplementary weighting for resident students for a shared operational function may enter into an operational function

sharing arrangement with one or more different sharing partners for its second, third, fourth or fifth year of eligible weighting. Establishing a new operational function sharing arrangement in a substantially similar function does not extend the maximum number of years for which a school district is eligible.

97.7(7) *Change in shared personnel.* A school district that is eligible to add a supplementary weighting for resident students for a shared operational function may enter into an operational function arrangement for a different individual in a substantially similar position. Implementing a change of the individual or individuals shared does not extend the maximum number of years for which a school district is eligible.

97.7(8) *Multiple shared operational functions.* A school district that implements more than one sharing arrangement within any discrete operational function area shall be eligible for supplementary weighting for only one sharing arrangement in that discrete operational function.

97.7(9) *Weighting.* Resident students eligible for supplementary weighting pursuant to rule 97.7(257) shall be eligible for a weighting of two-hundredths per pupil included in the actual enrollment in the district. The supplementary weighting shall be assigned to each discrete operational function shared. The maximum number of years for which a supplementary weighting shall be assigned for all operational functions shared is five years.

a. The supplementary weighting for operational functions shared is decreased each year based on the following schedule:

(1) The total supplementary weighting calculated for all operational function sharing in the second year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 20 percent of the total supplementary weighting for all operational function sharing in the first year of any operational function sharing, but not reduced to less than zero.

(2) The total supplementary weighting calculated for all operational function sharing in the third year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 40 percent of the total supplementary weighting for all operational function sharing in the first year of any operational function sharing, but not reduced to less than zero.

(3) The total supplementary weighting calculated for all operational function sharing in the fourth year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 60 percent of the total supplementary weighting for all operational function sharing in the first year of any operational function sharing, but not reduced to less than zero.

(4) The total supplementary weighting calculated for all operational function sharing in the fifth year of any operational function sharing, after application of minimum and maximum supplementary weighting, shall be reduced by 80 percent of the total supplementary weighting for all operational function sharing in the first year of any operational function sharing, but not reduced to less than zero.

b. The department shall reserve the authority to determine if an operational sharing arrangement constitutes a discrete arrangement, new arrangement, or continuing arrangement if the circumstances have not been clearly described in the Iowa Code or the Iowa Administrative Code.

97.7(10) *Maximum weighting.* The maximum amount of additional weighting for which a school district participating in operational function sharing shall be eligible is an amount corresponding to 40 full-time equivalent pupils prior to any reduction pursuant to subrule 97.7(9). The maximum additional weighting applies to the total of all operational function sharing rather than to each discrete operational function.

97.7(11) *Minimum weighting.* The minimum amount of additional weighting for which a school district participating in operational function sharing shall be eligible is an amount corresponding to ten additional pupils prior to any reduction pursuant to subrule 97.7(9). The minimum additional weighting applies to the total of all operational function sharing rather than each discrete operational function.

97.7(12) *Filing cost-savings documentation.* Each school district that receives supplementary weighting for sharing one or more operational functions shall file with the department of education documentation of cost savings directly attributable to the shared operational functions. This documentation shall be submitted in the format prescribed by the department of education as part of the certified annual report. The documentation shall be filed no later than September 15 preceding the

October 1 on which the second, third, fourth, or fifth year of operational function sharing is included for supplementary weighting.

97.7(13) *Determining cost savings.* The criteria considered by the department of education in determining shared operational function cost savings and increased student opportunities shall include, but not be limited to, the following:

a. The percent of costs calculated as the total of general fund expenditures for all operational functions that could be shared divided by the total of all general fund expenditures, multiplied by 100, in the current year compared to the previous year. The current year is the fiscal year ending on June 30 that includes the October 1 on which the district included any operational function shared for supplementary weighting. The decrease in percent shall be a measurable decrease of at least one-tenth of one percent in the first fiscal year for which cost savings are determined. In a year after the first fiscal year for which cost savings are determined, the percent of costs shall not be greater than the percent in the previous fiscal year.

b. The percent of costs calculated as the total of general fund expenditures for all instruction, student support, and instructional staff support functions divided by the total of all general fund expenditures, multiplied by 100, in the current year compared to the previous year. The current year is the fiscal year ending on June 30 that includes the October 1 on which the district included any operational function shared for supplementary weighting. The increase in percent must be a measurable increase of at least one-tenth of 1 percent in the first fiscal year for which increased student opportunities are determined. In a year after the first fiscal year for which increased student opportunities are determined, the percent of costs shall not be less than the percent in the previous fiscal year.

c. The department of education will adjust the total expenditures to exclude distorting financial transactions such as energy costs, large equipment purchases, or interagency financial transactions.

d. If the district cannot demonstrate cost savings directly attributable to the shared operational function and increased student opportunities, the district will not be eligible for supplementary weighting for operational function sharing for that fiscal year.

97.7(14) *Area education agency maximum funding.* The provisions of rule 97.7(257) also apply to an area education agency except for per-pupil weightings, minimum weightings, and maximum weightings.

a. In lieu of minimum weightings, an area education agency shall be eligible for a minimum amount of additional funding of \$50,000 for the total of all operational function sharing arrangements. The dollar amount calculated in the first year of any operational function sharing will be used to determine the annual reductions.

b. In lieu of maximum weightings, an area education agency shall be eligible for a maximum amount of additional funding of \$200,000 for the total of all operational function sharing arrangements. The dollar amount calculated in the first year of any operational function sharing will be used to determine the annual reductions.

c. In lieu of supplementary weighting of students, the department of management shall annually set a weighting for each area education agency to generate the approved operational function sharing dollars using each area education agency's special education cost-per-pupil amount and foundation level.

These rules are intended to implement Iowa Code section 257.6, section 257.11 as amended by 2007 Iowa Acts, Senate File 447 and Senate File 588, section 20, and section 257.12.

CHAPTER 100
VISION IOWA SCHOOL INFRASTRUCTURE PROGRAM

281—100.1(78GA,ch1174) Purpose. The purpose of the vision Iowa school infrastructure program is to provide financing assistance in the form of competitive grants to Iowa school districts with school infrastructure needs.

281—100.2(78GA,ch1174) Definitions. For the purpose of this chapter, the following definitions apply.

“Capacity per pupil” means the sum of a school district’s property tax infrastructure capacity per pupil and the sales tax capacity per pupil.

“Conditional approval” means the awarding of a grant contingent upon the school district’s obtaining its local match if the local match has not been obtained at the time of the application.

“Department” means the department of education.

“Initiated” means that the board has taken formal action by board resolution on or after July 1, 2000, to submit a referendum to the voters; to use accumulated, unobligated funds; or to pursue other funding sources for the project that is the subject of the application.

“Innovative collaboration” means an activity jointly undertaken by the school district with one or more other school districts which is new to the school district and which has been implemented by no other or few other school districts.

“Local match percentage” means a percentage equivalent to either of the following, whichever is less:

1. Fifty percent.
2. The quotient of a school district’s capacity per pupil divided by the capacity per pupil of the school district at the fortieth percentile, multiplied by 50 percent, except that the percentage in this paragraph shall not be less than 20 percent. The school district with the lowest capacity per pupil in the state shall be the school district with the lowest percentile rank.

“Local match requirement” means the total investment of a project multiplied by the school district’s local match percentage. The source of the local match must be one or more of the following:

1. The issuance of bonds pursuant to Iowa Code section 298.18.
2. Local option sales and services tax for school infrastructure received pursuant to Iowa Code section 422E.3.
3. A physical plant and equipment levy pursuant to Iowa Code chapter 298.
4. Other moneys locally obtained by the school district for school infrastructure excluding other state or federal moneys.

“Program” means the school infrastructure program established in 2000 Iowa Acts, chapter 1174, section 27.

“Project” means a school infrastructure activity of one school district, or the school district’s portion of a school infrastructure activity in collaboration with one or more other public or private entities, that is one of the following:

1. Construction of a separate facility for an attendance center.
2. A grouping of school infrastructure activities at one or more attendance centers.

“Property tax infrastructure capacity per pupil” means the sum of a school district’s levies under Iowa Code sections 298.2 and 298.18 when the levies are imposed to the maximum extent allowable under law in the budget year divided by the school district’s basic enrollment for the budget year.

“Sales tax capacity per pupil” means the estimated amount of revenues that a school district receives or would receive if a local option sales and services tax for school infrastructure is imposed at 1 percent pursuant to Iowa Code section 422E.2, divided by the school district’s basic enrollment for the budget year. For the budget year beginning July 1, 2000, the school district’s actual enrollment shall be used in the calculation in place of the school district’s basic enrollment for the budget year.

“School budget review committee” means the committee established under Iowa Code section 257.30.

“School infrastructure” means one or more of the following activities initiated on or after July 1, 2000: purchasing, building, furnishing, reconstructing, repairing, improving or remodeling a schoolhouse or schoolhouses and additions to schoolhouses, gymnasium, field house, procuring a site or sites therefor, or purchasing land to add to a site already owned. “School infrastructure” does not include those activities related to stadiums, bus barns, a home or homes of a teacher or superintendent, procuring and improving a site for an athletic field, or improving a site already owned for an athletic field.

“Statewide average sales and services tax capacity per pupil” means the estimated sum of revenues that all school districts receive or would receive if a local option sales and services tax for school infrastructure is imposed at 1 percent pursuant to Iowa Code section 422E.2, divided by the sum of the basic enrollments in all school districts for the budget year. For the budget year beginning July 1, 2000, the actual enrollment in all school districts shall be used in the calculation in place of the basic enrollment in all school districts for the budget year.

281—100.3(78GA,ch1174) Application process.

100.3(1) *Application period.* School districts may submit applications for approval for financial assistance under the program between 8 a.m. and 4:30 p.m. on working days during the following application periods.

a. For the fiscal year beginning July 1, 2000, applications may be submitted to the department on or after November 1, 2000, and hand-delivered or postmarked not later than March 1, 2001.

b. For the fiscal year beginning July 1, 2001, and every fiscal year thereafter in which funding is appropriated, applications may be submitted to the department on or after July 1 and hand-delivered or postmarked not later than October 31.

100.3(2) *Application form.* The department shall provide an application form. The application form shall be made available to Iowa public school districts at least 15 days prior to the beginning of the application period. Each applicant school district shall use the form prepared for this purpose and in the manner prescribed by the department. A school district may submit only one application during an application period. The application form shall include, but shall not be limited to, the following information:

a. The total capital investment of the project. If the project is in collaboration with other public or private entities, the total capital investment for purposes of this program shall be limited to the school district’s portion of the project. The school district shall include the following information:

- (1) Identification of the collaborating public or private entities;
- (2) Total cost of the collaborative project; and
- (3) Total capital investment of the school district’s portion of the project.

b. The amount, source, and percentage of money that the school district will be providing for the project, which shall not include any other state or federal funding. Only funds in the physical plant and equipment levy fund or capital project funds can be used toward the local match requirement. If the project is in collaboration with other public or private entities, the state, federal, or private funds received by the other entities cannot be used toward the local match requirement.

c. The infrastructure needs of the school district specific to the project, especially the fire and health safety needs, including the extent to which the project would allow the school district to meet its infrastructure needs on a long-term basis. If the school district’s needs include fire and health safety needs, the school district shall attach to its application form a copy of the citation by the fire marshal for the safety deficiency or evidence of consultation with the fire marshal related to the safety deficiency.

d. The financial assistance needed by the school district based upon the capacity per pupil. The capacity per pupil for each school district will be calculated by the department, and this information will be made available to the applicants.

e. Any previous efforts within the past five years, successful or unsuccessful, by the school district to secure infrastructure funding from federal, state, and local resources. If the previous effort includes a bond issue or a voter-approved physical plant and equipment levy, the school district shall include a copy

of the ballot with the application. If the previous effort includes a regular physical plant and equipment levy, the school district shall include a statement to that effect.

f. Evidence that the school district meets or will meet the local match requirement. The local match requirement for each school district will be calculated by the department, and this information will be made available to the applicants. The local match requirement shall be met not later than nine months from the date of notification of conditional approval from the department. The local match for any other grant program shall not be the same money used as the local match for this grant program.

g. A description of the nature of the project and its relationship to improving educational opportunities for students including the school district's ability to meet or exceed the educational standards and a list of waivers applied for and granted to the school district excluding early school starting date waivers granted under Iowa Code section 279.10, subsection 4.

h. Evidence that the school district receives local option sales and services tax for school infrastructure under Iowa Code chapter 422E or local option sales and services tax under Iowa Code chapter 422B.

i. A statement identifying the final year of the bonded indebtedness or the final year of the levy or tax if the school district currently has bonded indebtedness, the voter-approved physical plant and equipment levy, or the local option sales and services tax for school infrastructure. The school district shall describe its expenditures from any bond issue, voter-approved physical plant and equipment levy, regular plant and equipment levy, or local option sales and services tax for school infrastructure which it has in place at the time of the application and list any obligations against those current balances and future revenues.

j. A comprehensive, districtwide infrastructure plan if the school district has an infrastructure plan. The school district shall include the date that the plan was adopted by the board, an executive summary of the plan, and a description of how the project fits within the infrastructure plan.

k. A five-year history of infrastructure maintenance and repair.

l. A budget and timeline for the project. If the local match requirement has not been met at the time of the application, the school district shall include in the timeline a schedule of the steps in its plan to obtain the local match.

m. Evidence that the school district has entered into an innovative collaboration with another school district or school districts, has reorganized pursuant to Iowa Code chapter 275 on or after July 1, 2000, or has initiated a resolution to reorganize by July 1, 2004.

n. A statement certifying the accuracy of the information contained in the application.

100.3(3) *Board minutes.* A school district shall submit with its application for financial assistance under the program a copy of the minutes of the board of director's meeting showing that the board has authorized the application and the project and has made a commitment to the source and amount for the local match. The section of the board minutes containing this information shall be marked in such a way as to make it easily identifiable.

100.3(4) *Number of copies.* A school district shall submit with its application for financial assistance under the program three complete sets of the application forms and board minutes with original signatures on all application forms.

100.3(5) *Number of grant awards possible.* A school district shall not receive more than one grant under the program.

100.3(6) *Reapplication.* An applicant that is not successful in obtaining financial assistance under the program may apply for financial assistance under the program in succeeding fiscal years.

100.3(7) *Maximum request for financial assistance.* The maximum amount of financial assistance under the program that can be requested by a school district is the lesser of:

a. One million dollars, or

b. The total capital investment of the project minus the local match requirement.

100.3(8) *Project timeline.* The project shall be completed not later than three fiscal years from the date on which the grant is approved.

100.3(9) *Project restrictions.* Special restrictions apply to certain projects.

a. If the project is in collaboration with other public or private entities, the school district is eligible to apply only for the school district's portion of the project. The school district must own or retain ownership of the infrastructure for which the application is submitted. This restriction does not preclude shared facility use. State, federal, or private funds received by the other entities cannot be used toward the local match requirement. The application for one school district shall not be contingent upon one or more other school districts receiving an award under this program.

b. A school district may submit an application for a project that includes activities at more than one attendance center. However, if the activities are related to new construction, the project shall only relate to one attendance center. New construction for purposes of this subrule means a separate, new attendance center.

c. A school district receiving financial assistance under the vision Iowa program pursuant to a joint application submitted under Iowa Code section 15F.302, subsection 3, shall not be eligible to receive financial assistance under the program.

d. A school district that has a local option sales and services tax for school infrastructure imposed at the maximum rate and has local option sales and services tax for school infrastructure revenue per pupil of more than the statewide average of local option sales and services tax capacity per pupil shall not be eligible for financial assistance under the program.

e. All projects must be consistent with the provisions of the Americans with Disabilities Act and the Rehabilitation Act of 1973, Section 504, and Iowa Code chapter 104A.

281—100.4(78GA,ch1174) Review process.

100.4(1) Task force. The department shall form a task force to review applications for financial assistance and to provide recommendations to the school budget review committee. The department shall invite participants from large, medium, and small school districts, the state fire marshal's office, education and professional organizations, and other individuals knowledgeable in school infrastructure and construction issues. The department, in consultation with the task force, shall establish the parameters and criteria for awarding grants based on the information listed in 2000 Iowa Acts, chapter 1174, sections 26 to 28, which includes greater priority to be given to the following:

- a. A school district with a lower capacity per pupil.
- b. A school district whose plans address specific occupant fire and health safety issues.
- c. A school district collaborating or reorganizing as described in subrule 100.3(2) "m."
- d. A school district for which a local option sales and services tax for school infrastructure has not been imposed or a school district that receives minimal revenues from a local option sales and services tax for school infrastructure when the total enrollment of the school district is considered.

100.4(2) Task force review. The task force, or a subcommittee of the task force and its designees, shall review each application and make recommendations to the school budget review committee regarding awards of financial assistance based on the evidence provided by the applicant pursuant to subrule 100.3(2) and the criteria listed in subrule 100.4(3). A reviewer shall not review any application in which the reviewer has an interest, direct or indirect.

100.4(3) Ranking of applicants. Applicants shall be ranked on a point system within each size category, and awards shall be recommended in rank order beginning with highest points. Applicants which do not receive funding within the applicable size categories will be grouped and ranked on the same point system without regard to size category, and awards will be recommended in rank order beginning with highest points. In the event that two or more school districts tie for a grant award, the applications will be reviewed by one or more additional reviewers until the tie is broken.

The maximum points for an application shall be 505 points. The maximum points for each criterion shall be as follows:

a. The maximum number of points that can be awarded for the description of the infrastructure needs and the project proposed to alleviate those needs is 50 points with a maximum of 25 points for the description of infrastructure needs and 25 points for the project proposed to alleviate those needs.

b. The maximum number of points that can be awarded for evidence that the infrastructure need is related to fire or health safety issues and for the severity of the deficiency is 75 points.

c. The maximum number of points that can be awarded for need based on capacity per pupil is 75 points. The points will be calculated as follows: $[(1 - (\text{the school district's capacity per pupil} / \text{the capacity per pupil at the fortieth percentile})) \times \text{maximum points possible}] \times \text{adjustment factor}$. The minimum number of points that can be awarded for need based on capacity per pupil is 0 points. The points will be awarded in relationship to the rank order with the highest points awarded for the lowest capacity per pupil. For the purpose of this paragraph, the adjustment factor is 75 points divided by the result of the formula prior to multiplying by the adjustment factor for the lowest ranked district. The purpose of the adjustment factor is to allow 75 points to be awarded to the lowest capacity district.

d. The maximum number of points that can be awarded for previous efforts to secure funding within the past five years is 50 points awarded as follows:

(1) The maximum number of points that can be awarded for previous efforts to secure funding within the past five years using a bond issue referendum is 15 points for previously attempted and passed, 10 points for previously attempted and failed, and 0 points for not previously attempted.

(2) The maximum number of points that can be awarded for previous efforts to secure funding within the past five years using the voter-approved physical plant and equipment levy is 10 points for previously attempted and passed, 5 points for previously attempted and failed, and 0 points for not previously attempted.

(3) The maximum number of points that can be awarded for previous efforts to secure funding within the past five years using the regular physical plant and equipment levy is 5 points with 1 point for each year that the board has imposed the levy during the past five years, and 0 points for not previously imposed.

(4) The maximum number of points that can be awarded for efforts to utilize past, current, and future resources for school infrastructure activities is 20 points.

e. The maximum number of points that can be awarded for the description of the nature of the project, its relationship to improving educational opportunities for students, and its ability to meet or exceed educational standards is 60 points.

f. The maximum number of points that can be awarded for the comprehensive, districtwide infrastructure plan and the description of how this project fits within that plan is 40 points.

g. The maximum number of points that can be awarded for the evidence that the school district has entered into an innovative collaboration with one or more other school districts, has reorganized, or has initiated a resolution to reorganize is 80 points.

h. The maximum number of points that can be awarded because the school district receives no revenues or minimal revenues from a local option sales and services tax for school infrastructure is 75 points. The points will be calculated as follows: $[(1 - (\text{school district local option sales and services tax per pupil} / \text{statewide average local option sales and services tax capacity per pupil})) \times \text{maximum points possible}] \times \text{adjustment factor}$. The minimum number of points that can be awarded because the school district receives no revenues or minimal revenues from a local option sales and services tax for school infrastructure is 0 points. The number of pupils for this calculation will be the same enrollment number used for the calculation of sales tax capacity per pupil. For the purpose of this paragraph, the adjustment factor is 75 points divided by the result of the formula prior to multiplying by the adjustment factor for the lowest ranked district. The purpose of the adjustment factor is to allow 75 points to be awarded to the lowest capacity district.

100.4(4) School budget review committee. The school budget review committee shall review the recommendations for awards from the task force. The committee shall make recommendations on awards to the department for final consideration.

281—100.5(78GA,ch1174) Grant award process.

100.5(1) Department determination. The department shall make the final determination on grant awards.

100.5(2) Total amount of awards.

a. For the fiscal year beginning July 1, 2000, the department shall provide grants in an amount of not more than \$10 million.

b. For the fiscal year beginning July 1, 2001, and for the fiscal year beginning July 1, 2002, the department shall provide grants in an amount of not more than \$20 million.

c. If the amount of the grants awarded in a fiscal year is less than the maximum amount provided for grants for that fiscal year, the amount of the difference shall be carried forward to subsequent fiscal years for purposes of providing grants under the program, and the maximum amount of the grants for each fiscal year shall be adjusted accordingly.

d. If a school district does not meet the local match requirement within nine months of notification of conditional approval from the department, then the department shall deny the financial assistance to the applicant; the financial assistance shall be carried forward to the next available grant cycle; and the maximum amount of the grants for the fiscal year to which the financial assistance is carried forward shall be adjusted accordingly.

100.5(3) *Distribution of the awards.* The grants shall be allocated in the following manner:

a. Twenty-five percent of the financial assistance each year shall be awarded to school districts with a certified enrollment of 1,199 or fewer students.

b. Twenty-five percent of the financial assistance each year shall be awarded to school districts with a certified enrollment of more than 1,199 students but not more than 4,750 students.

c. Twenty-five percent of the financial assistance each year shall be awarded to school districts with a certified enrollment of more than 4,750 students.

d. Twenty-five percent of the financial assistance each year plus the financial assistance not awarded in “a” through “c” above and any financial assistance not awarded in previous fiscal years shall be awarded to school districts with any size certified enrollment.

100.5(4) *Notification.* The department shall notify applicants by the following dates.

a. For the fiscal year beginning July 1, 2000, the department shall notify all approved applicants by May 1, 2001, regarding the approval or conditional approval of the application.

b. For the fiscal years beginning July 1, 2001, and every year thereafter in which there is an application period, the department shall notify all approved applicants by December 15 regarding the approval or conditional approval of the application.

100.5(5) *Payment.* The grant award will be paid to the successful applicant school district following official notification from the school district that the local match requirement has been met.

281—100.6(78GA,ch1174) Grantee responsibilities.

100.6(1) *Notification of local match.* If the local match requirement is not met at the time of the application, the grantee shall notify the department that the local match requirement has been met within ten working days of meeting the requirement.

a. If the local match is a bond issue, the local match requirement is met when the bonds are sold.

b. If the local match is a voter-approved physical plant and equipment levy, the local match requirement is met on the date the votes are canvassed and the election is declared successful.

c. If the local match is a regular physical plant and equipment levy, the local match requirement is met when the total of unobligated resources on hand and certified by the board for the subsequent fiscal year equals the amount of the local match requirement.

d. If the local match is gifts, donations, or other resources, the local match requirement is met when the total of unobligated resources on hand equals the amount of the local match requirement.

100.6(2) *Notification of change in local match source.* If the source of the local match is not met at the time of the application and the school district changes the proposed source of the local match to other eligible sources of local match, the school district shall notify the department within ten working days of the change in sources.

100.6(3) *Accounting for the grant.* All revenues associated with the project, including interest revenue on fund balance, and all expenditures associated with the project shall be accounted for in a capital projects fund established for this grant program.

100.6(4) *Progress report.* A grantee shall submit a progress report to the department as requested by the department. The report shall include a description of the activities under the project, the status of the implementation of the projects, and any other information required by the department.

100.6(5) *Actual project cost.* If the total actual cost of the project is less than the estimated cost included in the application, the school district shall notify the department within 20 working days following the completion of the project. The allowable grant award and the local match shall be recalculated using the actual costs of the project and the award reduced accordingly. If the award payment to the school district exceeds the recalculated allowable grant award amount, the school district shall return the overpayment to the department with the notification.

100.6(6) *Withdrawal from the program.* If a school district is granted an award and the school district elects not to continue with the project, the school district shall notify the department within ten working days following the board action to discontinue the project. If the award payment has been made to the school district, the school district shall return the award payment to the department with the notification.

100.6(7) *Forfeiture of grant award.* Failure to comply with any of the rules in this chapter or with the assurances and information included in the grant application can result in the forfeiture of the grant award.

281—100.7(78GA,ch1174) Appeal of grant denial. Any applicant may appeal the denial of a properly submitted grant application to the director of the department. Appeals must be in writing and received within ten working days of the date of the notice of the decision to deny. Appeals must be based on a contention that the process was conducted outside of statutory authority; violated state or federal law, policy, or rule; did not provide adequate public notice; was altered without adequate public notice; or involved conflict of interest by staff or committee members. The hearing and appeals procedures found in 281—Chapter 6 that govern the director's decisions shall be applicable to any appeal of denial.

These rules are intended to implement 2000 Iowa Acts, chapter 1174, sections 26 to 28.

TITLE XVII
PROTECTION OF CHILDREN

CHAPTER 101
CHILD ABUSE REPORTING

Reserved

CHAPTER 102
PROCEDURES FOR CHARGING AND
INVESTIGATING INCIDENTS OF ABUSE
OF STUDENTS BY SCHOOL EMPLOYEES

281—102.1(280) Statement of intent and purpose. It is the purpose and intent of these rules to create a uniform procedure for the reporting, investigation, and disposition of allegations of abuse of students directly resulting from the actions of school employees or their agents. The scope of this policy is limited to protecting children in prekindergarten and K-12 educational programs.

281—102.2(280) Definitions.

“Abuse” may fall into either of the following categories:

1. *“Physical abuse”* means nonaccidental physical injury to the student as a result of the actions of a school employee.

2. *“Sexual abuse”* means any sexual offense as defined by Iowa Code chapter 709 or Iowa Code section 728.12(1). The term also encompasses acts of the school employee that encourage the student to engage in prostitution as defined by Iowa law, as well as inappropriate, intentional sexual behavior, or sexual harassment by the school employee toward a student.

“Board of educational examiners” means the state board as created in Iowa Code chapter 272.

“Designated investigator” means the person or persons appointed by the board of directors of a public school district, or the authorities in control of a private school, at level one, to investigate allegations or reports of abuse of students by school employees and shall also refer to the appointed alternate.

“Incident” means an occurrence of behavior that meets the definition of physical or sexual abuse in these rules.

“Injury” occurs when evidence of it is still apparent at least 24 hours after the occurrence.

“Nonpublic school” means any school in which education is provided to a student, other than in a public school or in the home of the student.

“Preponderance of evidence” means reliable, credible evidence that is of greater weight than evidence offered in opposition to it.

“Public school” means any school directly supported in whole or in part by taxation.

“Reasonable force” is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one’s life or safety or the life or safety of another, or it is reasonable to believe that such force is necessary to resist a like force or threat.

“School employee” means a person who works for pay or as a volunteer under the direction and control of:

1. The board of directors or any administrator of a public school district.
2. The board or authorities in control of a nonpublic school.
3. The board of directors or administrator of an agency called upon by a school official to provide services in an educational capacity to students.
4. A residential institution, not currently covered by Iowa Code chapter 232, providing educational services.

School employees are of two classes: certificated (licensed) and noncertificated (unlicensed). A certificated employee holds an Iowa teacher’s certificate issued by the department of education or a license issued by the state board of educational examiners.

“Sexual harassment” means unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

1. Submission to the conduct is made either implicitly or explicitly a term or condition of the student’s education or benefits;
2. Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or

3. The conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile, or offensive education environment.

"Student" means a person enrolled in a public or nonpublic school or a prekindergarten program in a public or nonpublic school established under Iowa law, a child enrolled in a day care program operated by a public school or merged area school under Iowa Code section 279.49, or is a resident between the ages of 5 and 21 of a state facility providing incidental formal education.

281—102.3(280) Jurisdiction. To constitute a violation of these rules, acts of the school employee must be alleged to have occurred on school grounds, on school time, on a school-sponsored activity, or in a school-related context. To be investigable, the written report must include basic information showing that the victim of the alleged abuse is or was a student at the time of the incident, that the alleged act of the school employee resulted in injury or otherwise meets the definition of abuse in these rules, and that the person responsible for the act is currently a school employee.

If the report is not investigable due to the absence of any of the jurisdictional facts, the level-one investigator shall dismiss the complaint as lacking jurisdiction and notify the person filing the report of abuse of the options remaining as listed in subrule 102.10(9). The dismissal of a report of abuse for lack of jurisdiction does not bar school officials from further forms of investigation and disciplinary action against an employee.

281—102.4(280) Exceptions.

102.4(1) The following do not constitute physical abuse, and no school employee is prohibited from:

- a. Using reasonable and necessary force, not designed or intended to cause pain:
 - (1) To quell a disturbance or prevent an act that threatens physical harm to any person.
 - (2) To obtain possession of a weapon or other dangerous object within a pupil's control.
 - (3) For the purposes of self-defense or defense of others as provided for in Iowa Code section 704.3.
 - (4) For the protection of property as provided for in Iowa Code section 704.4 or 704.5.
 - (5) To remove a disruptive pupil from class, or any area of school premises or from school-sponsored activities off school premises.
 - (6) To prevent a student from the self-infliction of harm.
 - (7) To protect the safety of others.

- b. Using incidental, minor, or reasonable physical contact to maintain order and control.

102.4(2) In determining the reasonableness of the contact or force used, the following factors shall be considered:

- a. The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.
- b. The size and physical condition of the student.
- c. The instrumentality used in making the physical contact.
- d. The motivation of the school employee in initiating the physical contact.
- e. The extent of injury to the student resulting from the physical contact.

281—102.5(280) Duties of school authorities. The board of directors of a public school district and the authorities in control of a nonpublic school shall:

102.5(1) Annually identify at least one designated investigator and alternate investigator at an open public meeting.

102.5(2) Adopt written procedures that establish persons to whom the school authorities will delegate a second level of investigation beyond the level-one procedures specifically described in these rules, including law enforcement authorities or the county attorney's office, personnel of the local office of the department of human services, or private parties experienced and knowledgeable in the area of abuse investigation. The second-level investigator shall not be a school employee, and shall be considered an independent contractor if remunerated for services rendered.

The adopted procedures shall conform to these rules and shall include provisions for the safety of a student when, in the opinion of the investigator, the student would be placed in imminent danger if

continued contact is permitted between the school employee and the student. These provisions shall include the options of:

- a. Temporary removal of the student from contact with the school employee.
- b. Temporary removal of the school employee from service.
- c. Any other appropriate action permissible under Iowa law to ensure the student's safety.

The adopted written procedures shall include a statement that the investigators appointed and retained under this chapter shall have access to any educational records of a student who is the named victim of alleged abuse, and access to the student for purposes of interviewing and investigating the allegation.

102.5(3) Annually publish the names and telephone numbers of the designated investigator and alternate:

- a. In the student handbook,
- b. In a local newspaper of general circulation, and
- c. Prominently post the same information in all buildings operated by the school authorities.

102.5(4) Arrange for in-service training for the designated investigator and alternate. Initial training should be undertaken within six months of appointing a level-one investigator or alternate. Follow-up training should be undertaken at least once every five years.

281—102.6(280) Filing of a report.

102.6(1) *Who may file.* Any person who has knowledge of an incident of abuse of a student committed by a school employee may file a report with the designated investigator.

102.6(2) *Content of report.* The report shall be in writing, signed, and witnessed by a person of majority age, and shall contain the following information:

- a. The full name, address, and telephone number of the person filing.
- b. The full name, age, address, telephone number, and attendance center of the student.
- c. The name and place of employment of the school employee(s) or agents who allegedly committed the abuse.
- d. A concise statement of the facts surrounding the incident, including date, time, and place of occurrence, if known.
- e. A list of possible witnesses by name, if known.
- f. Names and locations of any and all persons who examined, counseled or treated the student for the alleged abuse, including the dates on which those services were provided, if known.

102.6(3) *Incomplete reports.* The designated investigator shall aid parties requesting assistance in completing the report. An incomplete report shall not be rejected unless a reasonable person would conclude that the missing information which is unable to be provided by the reporter would render investigation futile or impossible. An unsigned (anonymous) or unwitnessed report may be investigated, but the designated investigator then has no duty to report findings and conclusions to the reporter.

281—102.7(280) Receipt of report. Any school employee receiving a report of alleged abuse of a student by a school employee shall immediately give the report to the designated investigator or alternate and shall not reveal the existence or content of the report to any other person.

281—102.8(280) Duties of designated investigator—physical abuse allegations.

102.8(1) Upon receipt of the report, the designated investigator shall make and provide a copy of the report to the person filing, to the student's parent or guardian if different from the person filing and to the supervisor of the employee named in the report. The school employee named in the report shall receive a copy of the report at the time the employee is initially interviewed by any investigator. However, if this action would conflict with the terms of a contractual agreement between the employer and employee, the terms of the contract shall control.

102.8(2) Within five school days of receipt of a report of physical abuse, the designated investigator shall conduct and complete an informal investigation after reviewing the report to determine that the allegations, if true, support the exercise of jurisdiction pursuant to rule 102.3.

102.8(3) If, in the investigator's opinion, the magnitude of the allegations in the report suggests immediate and professional investigation is necessary, the designated investigator may temporarily defer the level-one investigation. In cases of deferred investigation, the investigator shall contact appropriate law enforcement officials, the student's parent or guardian and the person filing the report, if different from the student's parent or guardian, documenting in writing the action taken.

102.8(4) The investigator shall interview the alleged victim, the school employee named in the report, and any collateral sources who may have knowledge of the circumstance contained in the report. The investigator shall exercise prudent discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the investigator shall maintain the confidentiality of the report.

102.8(5) The designated investigator's role is not to determine the guilt or innocence of the school employee, the applicability of the exceptions or reasonableness of the contact or force listed in rule 102.4(280). The designated investigator shall determine, by a preponderance of the evidence, whether it is likely that an incident took place between the student and the school employee. However, if the complaint has been withdrawn, the allegation recanted, or the employee has resigned, admitted the violation, or agreed to relinquish the employee's teacher's certificate or license, the designated investigator may conclude the investigation at level one. The designated investigator shall follow the applicable provisions of 102.11"2" and 102.11"3" when resolution occurs at level one.

The level-two investigator appointed, contracted, requested or retained under subrule 102.5(2), when called upon for further investigation, shall consider the applicability of the exceptions listed in rule 102.4(280) and the reasonableness of the contact or force used under subrule 102.4(2) in reaching conclusions as to the occurrence of physical abuse as defined by these rules.

102.8(6) Within 15 calendar days of receipt of the report, the designated investigator shall complete a written investigative report, unless investigation was temporarily deferred.

281—102.9(280) Duties of designated investigator—sexual abuse allegations.

102.9(1) Upon receipt of the report, the designated investigator shall make and provide a copy of the report to the person filing, to the student's parent or guardian if different from the person filing, and to the supervisor of the employee named in the report. The school employee named in the report shall receive a copy of the report at the time the employee is initially interviewed by any investigator. However, if this action would conflict with the terms of a contractual agreement between the employer and employee, the terms of the contract shall control. The designated investigator shall not interview the school employee named in a report of sexual abuse until after a determination is made that jurisdiction exists, the alleged victim has been interviewed, and a determination made that the investigation will not be deferred under subrule 102.9(5).

102.9(2) Upon receipt of a report of sexual abuse or other notice of an allegation of sexual abuse, the designated investigator shall review the facts alleged to determine that the allegations, if true, support the exercise of jurisdiction pursuant to 102.3(280) of these rules.

102.9(3) The investigator shall notify the parent, guardian, or legal custodian of a child, in prekindergarten through grade six, of the date and time of the interview and of the right to be present or to see and hear the interview or send a representative in the parent's place. The investigator shall interview the alleged victim as soon as possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The investigator may record the interview electronically.

The investigator shall exercise prudent discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the investigator shall maintain the confidentiality of the report.

102.9(4) The designated investigator's role is not to determine the guilt or innocence of the school employee. The designated investigator shall determine, by a preponderance of the evidence and based upon the investigator's training and experience and the credibility of the student, whether it is likely that an incident took place between the student and the school employee. However, if the complaint has been withdrawn, the allegation recanted, or the employee has resigned, admitted the violation, or agreed

to relinquish the employee's teacher's certificate or license, the designated investigator may conclude the investigation at level one. The designated investigator shall follow the applicable provisions of 102.11"2" and 102.11"3" when resolution occurs at level one.

102.9(5) If, in the investigator's opinion, it is likely that an incident in the nature of sexual abuse as defined by Iowa Code chapter 709 or section 728.12(1) took place, the investigator shall temporarily defer further level-one investigation. In cases of deferred investigation, the investigator shall immediately contact appropriate law enforcement officials, notifying the student's parent or guardian, and the person filing the report, if different from the student's parent or guardian, of the action taken.

If, in the investigator's opinion, an incident occurred that would not constitute sexual abuse as defined in Iowa Code chapter 709 or sexual exploitation as defined by Iowa Code section 728.12(1), but that was in the nature of inappropriate, intentional sexual behavior by the school employee, further investigation is warranted. The investigator may proceed to interview the school employee named in the report. Prior to interviewing any collateral sources who may have knowledge of the circumstance contained in the report, the investigator shall provide notice of the impending interview of student witnesses who are in prekindergarten through grade six, to their parent, guardian, or legal custodian, and may provide notice to the parent or guardian of older students, prior to interviewing those students.

If, in the investigator's opinion, the allegation of sexual abuse is unfounded either because the conduct did not occur or the conduct did not meet the definition of abuse in these rules, further investigation is not warranted. The investigator shall notify the student's parent or guardian, the person filing the report, if different from the student's parent or guardian, and the school employee named in the report of this conclusion in a written investigative report.

102.9(6) Within 15 calendar days of receipt of the report or notice of alleged sexual abuse, the designated investigator shall complete a written investigation report unless the investigation was temporarily deferred.

281—102.10(280) Content of investigative report. The written investigative report shall include:

1. The name, age, address, and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the school employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent, and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (It is not likely that an incident, as defined in these rules, took place), or
 - Founded. (It is likely that an incident took place.)
8. The disposition or current status of the investigation.
9. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the board of educational examiners if the school employee is certificated.

The investigator shall retain the original and provide a copy of the investigative report to the school employee named in the report, the school employee's supervisor and the named student's parent or guardian. The person filing the report, if not the student's parent or guardian, shall be notified only that the level-one investigation has been concluded and of the disposition or anticipated disposition of the case.

281—102.11(280) Founded reports—designated investigator's duties. The investigator shall notify law enforcement authorities in founded cases of serious physical abuse and in any founded case of sexual abuse under Iowa Code chapter 709 or sexual exploitation under Iowa Code section 728.12(1). In founded cases of less serious physical incidents or sexual incidents not in the nature of statutory sexual abuse or exploitation as defined by Iowa law, the investigator shall arrange for the level-two investigator to carry out a professional investigation unless the level-one investigation has resulted in a final disposition of the investigation. In addition, the designated investigator shall give a copy of the investigative report to the employee's supervisor and document all action taken.

Upon receipt of the level-two investigator's report under rule 102.12(280) or upon resolution of the investigation at level one, the designated investigator shall:

1. Forward copies of the level-two investigator's report to the student's parent or guardian, the school employee named in the complaint, and the school employee's supervisor; notify the person filing the report, if different from the student's parent or guardian, of the disposition of the case or current status of the investigation;

2. File a complaint against the school employee who has been found to have physically or sexually abused a student, if that employee holds a teaching certificate, coaching authorization, or practitioner license, with the board on behalf of the school or district by obtaining the superintendent's signature on the complaint in cases where the level-two investigator or law enforcement officials have concluded abuse occurred as defined in these rules or where the employee has admitted the violation or agreed to surrender the employee's certificate or license. The designated investigator has discretion to file a complaint with the board in situations where the employee has resigned as a result of the allegation or investigation but has not admitted that a violation occurred. In the event an employee holding a school bus driver permit has been found to have physically or sexually abused a student, the designated investigator shall file a written complaint with the school transportation consultant at the department of education; the designated investigator shall file a written complaint with the local school board in founded cases involving other nonlicensed school employees; and

3. Arrange for counseling services for the student on request of the student, or the student's parent or guardian.

281—102.12(280) Level-two investigator's duties. Upon referral by the designated investigator, the level-two investigator appointed, contracted, requested or retained under subrule 102.5(2) shall review the report of abuse and the designated investigator's report, if any, promptly conduct further investigation and create a written narrative report. The level-two investigator's report shall state:

1. Conclusions as to the occurrence of the alleged incident; and
2. Conclusions as to the applicability of the exceptions to physical abuse listed in 102.4(280); or
3. Conclusions as to the nature of the sexual abuse, if any; and
4. Recommendations regarding the need for further investigation.

The written report shall be delivered to the designated investigator as soon as practicable.

The level-two investigator shall exercise prudent discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the level-two investigator shall maintain the confidentiality of the report.

281—102.13(280) Retention of records. Any record created by an investigation shall be handled according to formally adopted or bargained policies on the maintenance of personnel or other confidential records. Notes, tapes, memoranda, and related materials compiled in the investigation shall be retained by the public or nonpublic school for a minimum of two years.

Unfounded reports shall not be placed in an employee's personnel file. If a report is founded at level one and unfounded at level two, the founded report from the level-one investigator shall be removed immediately upon receipt of an unfounded report from the level-two investigator.

281—102.14(280) Substantial compliance. Because investigative procedures seldom allow for rigid observance of the protocol, substantial compliance with the rules is required with the overriding goal of reaching a fair and unbiased resolution of the complaint.

281—102.15(280) Effective date. These rules are effective on July 1, 1989, for school years 1989-90 and thereafter.

These rules are intended to implement Iowa Code section 280.17.

CHAPTER 103
CORPORAL PUNISHMENT BAN; RESTRAINT;
PHYSICAL CONFINEMENT AND DETENTION

281—103.1(256B,280) Purpose. In conjunction with Iowa Code section 280.21, the purpose of this chapter is to define and exemplify generally the limitations placed on employees of public schools, accredited nonpublic schools, and area education agencies in applying physical contact or force to enrolled students, and to require that any such force or contact is reasonable and necessary under the circumstances. These rules also provide requirements for administrators and staff of public schools, accredited nonpublic schools, and area education agencies regarding the use of physical restraints and physical confinement and detention. The applicability of this chapter to physical restraint or physical confinement and detention does not depend on the terminology employed by the organization to describe physical restraint or physical confinement and detention.

281—103.2(256B,280) Ban on corporal punishment. An employee of a public school district, accredited nonpublic school, or area education agency shall not inflict, or cause to be inflicted, corporal punishment upon a student. “Corporal punishment” is defined to mean the intentional physical punishment of a student. It includes the use of unreasonable or unnecessary physical force, or physical contact made with the intent to harm or cause pain.

281—103.3(256B,280) Exclusions. Corporal punishment does not include the following:

1. Verbal recrimination or chastisement directed toward a student;
2. Reasonable requests or requirements of a student engaged in activities associated with physical education class or extracurricular athletics;
3. Actions consistent with and included in an individualized education program developed under the Individuals with Disabilities Education Act, as reauthorized, Iowa Code chapter 256B, and 281—Chapter 41; however, under no circumstance shall an individualized education program violate the provisions of this chapter;
4. Reasonable periods of detention, not in excess of school hours, or brief periods of before- and after-school detention, in a seat, classroom or other part of a school facility, unless the detention is accomplished by the use of material restraints applied to the person. If detention meets this chapter’s definition of “physical confinement and detention,” the provisions of this chapter on physical confinement and detention must be followed. For purposes of this chapter, material restraints do not include devices, objects, or techniques required or ordered for reasons of safety (e.g., safety harnesses on school buses) or for therapeutic or medical treatment (e.g., devices used for physical or occupational therapy), provided those devices, objects, or techniques are so used, and used for no other purpose;
5. Actions by an employee subject to these rules toward a person who is not a student of the school or receiving the services of an area education agency employing or utilizing the services of the employee.

281—103.4(256B,280) Exceptions and privileges. Notwithstanding rule 103.2(256B,280), no employee subject to these rules is prohibited from:

1. Using reasonable and necessary force, not designed or intended to cause pain, in order to accomplish any of the following:
 - To quell a disturbance or prevent an act that threatens physical harm to any person.
 - To obtain possession of a weapon or other dangerous object within a pupil’s control.
 - For the purposes of self-defense or defense of others as provided for in Iowa Code section 704.3.
 - For the protection of property as provided for in Iowa Code section 704.4 or 704.5.
 - To remove a disruptive pupil from class or any area of school premises, or from school-sponsored activities off school premises.
 - To prevent a student from the self-infliction of harm.
 - To protect the safety of others.
2. Using incidental, minor, or reasonable physical contact to maintain order and control.

An employee subject to these rules is not privileged to use unreasonable force to accomplish any of the purposes listed above.

281—103.5(256B,280) Reasonable force. In determining the reasonableness of the physical force used by a school employee, the following factors shall be applied:

1. The size and physical, mental, and psychological condition of the student;
2. The nature of the student's behavior or misconduct provoking the use of physical force;
3. The instrumentality used in applying the physical force;
4. The extent and nature of resulting injury to the student, if any;
5. The motivation of the school employee using physical force.

Reasonable physical force, privileged at its inception, does not lose its privileged status by reasons of an injury to the student, not reasonably foreseeable or otherwise caused by intervening acts of another, including the student.

281—103.6(256B,280) Physical confinement and detention. If a student is physically confined and detained in a portion of a school facility, the following conditions shall be observed. For the purposes of this chapter, "physical confinement and detention" means the confinement of a student in a time-out room or some other enclosure, whether within or outside the classroom, from which the student's egress is restricted.

1. The area of confinement and detention shall be of reasonable dimensions, and shall be free from hazards and dangerous objects or instruments, considering the age, size, and physical and mental condition of the student subject to confinement and detention;

2. There shall be sufficient light and adequate ventilation for human habitation;

3. A comfortable temperature shall be maintained, consistent with the facility that includes the confinement and detention area;

4. Reasonable break periods shall be afforded the student to attend to bodily needs. However, sleep shall not be considered a "bodily need" for purposes of this subrule;

5. The period of detention and confinement is reasonable, considering the age, size, and physical and mental condition of the student subject to confinement and detention, and not in excess of the hours in a school day as defined by local board policy or rule; however, reasonable periods of before- and after-school detention are permissible. If a period of physical confinement and detention exceeds the shorter of 60 minutes or the school's typical class period, staff members shall evaluate the continued need for physical confinement and detention, shall obtain administrator (or designee) approval for any continued confinement and detention beyond the initial periodic reevaluation, and shall comply with any administrator (or designee) directives concerning any continued confinement and detention;

6. Adequate and continuous adult supervision is provided;

7. Material restraints applied to the person are not used to effect confinement;

8. If a room or enclosure used for physical confinement and detention has a locking mechanism, such room and mechanism shall comply with all applicable building code requirements and the following additional requirements:

- If a locking mechanism is used, it shall be constructed so it will engage only when a handle, knob, or other device is held in position by a person, unless the mechanism is electrically or electronically controlled and automatically releases when the building's fire alarm system is activated, the building's severe weather warning system is activated, or electrical power to the mechanism is interrupted.

- When the locking mechanism is released, the door must be able to be readily opened from the inside.

- If a locking mechanism requires a handle, knob, or other device to be held in position by a person before the mechanism is engaged, no person shall take any action, or cause such action to be taken, or employ any object, device, or instrument, or cause such to be employed, that disables the handle, knob, or other device such that the locking mechanism engages or remains engaged without the handle, knob, or other device being held in position by a person.

281—103.7(256B,280) Additional minimum mandatory procedures. If a public school, accredited nonpublic school, or area education agency seeks to use physical restraint or physical confinement and detention, or both, it shall do so in compliance with the minimum requirements of this chapter. The board of a public school, accredited nonpublic school, or area education agency may adopt policies and procedures regarding the use of physical restraint or physical confinement and detention, or both, that exceed the minimum requirements contained in this chapter. Additional minimum mandatory procedures are as follows:

1. Physical restraint and physical confinement and detention shall not be used as discipline for minor infractions and may be used only after other disciplinary techniques have been attempted, if reasonable under the circumstances;

2. All school employees, before using physical restraint or physical confinement and detention, shall receive adequate and periodic training, which shall be documented and which shall include training on these rules and the employer's policies and procedures; positive behavior interventions and supports; disciplinary alternatives to seclusion and restraint; crisis prevention, crisis intervention, and crisis de-escalation techniques; student and staff debriefing; and the safe and effective use of physical restraint and physical confinement and detention;

3. Parents and students are notified at least annually of the provisions of this chapter and of any additional policies and procedures of the public school, accredited nonpublic school, or area education agency on physical restraint and physical confinement and detention;

4. Any physical restraint shall be reasonable and necessary in duration, in light of the provisions of this chapter;

5. If a student is subjected to physical restraint or physical confinement and detention, the public school, accredited nonpublic school, or area education agency shall maintain documentation for each such occurrence, which shall contain at least the following information:

- The names of the student and the employees involved in the restraint, confinement, or detention, as well as the administrator who authorizes any additional periods of confinement or detention pursuant to numbered paragraph "5" of rule 103.6(256B,280);

- The date, time, and duration of the occurrence;

- The actions of the student before, during, and after the occurrence;

- The actions of the employees involved in the occurrence before, during, and after the occurrence, including student and staff debriefing;

- The alternatives to physical restraint or physical confinement and detention attempted before the occurrence;

- A description of any injuries (whether to the student or others) and any property damage;

- A description of future approaches to the student's behavior;

6. The public school, accredited nonpublic school, or area education agency shall attempt to notify a child's parent or guardian on the same day the child is subjected to physical restraint or physical confinement and detention; and

7. The student's parent or guardian must be provided a written copy of the documentation required by numbered paragraph "5" of this rule, which shall be postmarked within three school days of the occurrence. The student's parent or guardian may elect, in writing, to receive the communication required by this numbered paragraph via electronic mail or facsimile transmission.

281—103.8(256B,280) Additional provisions concerning physical restraint. If an employee of a public school, accredited nonpublic school, or area education agency employs physical restraint, the following provisions shall apply:

1. No employee shall use any prone restraints. For the purposes of this rule, "prone restraints" means those in which an individual is held face down on the floor. Employees who find themselves involved in the use of a prone restraint as the result of responding to an emergency must take immediate steps to end the prone restraint;

2. No employee shall use any restraint that obstructs the airway of any child;

3. If an employee physically restrains a student who uses sign language or an augmentative mode of communication as the student's primary mode of communication, the student shall be permitted to have the student's hands free of restraint for brief periods, unless an employee determines that such freedom appears likely to result in harm to self or others;

4. Nothing in this rule shall be construed as limiting or eliminating any immunity conferred by Iowa Code section 280.21 or any other provision of law.

These rules are intended to implement Iowa Code sections 256B.3 and 280.21.

CHAPTER 120
EARLY ACCESS INTEGRATED SYSTEM OF
EARLY INTERVENTION SERVICES

DIVISION I
PURPOSE, GOAL, AND OUTCOMES

281—120.1(34CFR303) Purpose. The overall purpose of this chapter is to establish administrative rules in accordance with Iowa Code section 256B.2 and 20 U.S.C. Chapter 33 of the Individuals with Disabilities Education Act and 34 CFR 303, Early Intervention Program for Infants and Toddlers with Disabilities, July 1, 1998, relative to the following:

1. Maintain and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for eligible infants and toddlers with conditions or developmental delays throughout the state including those living in urban areas, in rural areas, and on Indian reservations;
2. Facilitate the coordination of payment for early intervention services from federal, state, local and private sources, including public and private insurance coverage;
3. Enhance Iowa's capacity to provide quality early intervention services and expand and improve existing early intervention services being provided to eligible children and their families; and
4. Enhance the capacity of state and local agencies and service providers to identify, evaluate and meet the needs of historically underrepresented populations, particularly minority, low-income, inner-city and rural populations. [34 CFR 303.1; 303.20; 303.100]

These rules apply to the signatory agencies identified in subrule 120.7(4), which include the state departments of education, public health, and human services, and the state's title V program for children with special health care needs, referred to as child health specialty clinics.

281—120.2(34CFR303) Overall goal and outcomes of Early ACCESS. The overall goal of Early ACCESS is to provide early intervention resources, supports, and services to eligible children and their families within a coordinated, integrated system. Early ACCESS is aimed at the following four outcomes:

1. To enhance the development of eligible children;
2. To reduce the educational costs to society by minimizing the need for special education and related services after such children reach school age;
3. To maximize the potential of eligible children for independent living in society; and
4. To enhance the capacity of families to meet the needs of their eligible children. [20 U.S.C. 1431(a)]

b. If a judicial decree or order identifies a specific person or persons under (1) through (4) of the definition of “parent” to act as the parent of a child or to make educational decisions on behalf of a child, then such person or persons shall be determined to be the parent for purposes of this definition.

c. A public or private agency involved in the education or care of a child shall not serve as a child's parent.

120.27(4) *Evaluation.* Multidisciplinary evaluation includes those procedures used by appropriate qualified personnel to determine a child's initial and continuing eligibility for Early ACCESS and to gather information for planning to address the needs of the child and the child's family. Evaluation shall be provided at no cost to parents. In addition, evaluation must:

- b. Be based on informed clinical opinion; and

281—120.28(34CFR303) *Nondiscriminatory procedures.* All agencies shall use nondiscriminatory evaluation and assessment procedures. Public agencies responsible for the evaluation and assessment of children and families shall ensure, at a minimum, that:

1. Tests and other evaluation materials and procedures are administered in the native language of a parent or child or other mode of communication, unless it is clearly not feasible to do so;
2. Any assessment and evaluation procedures and materials that are used are selected and administered so as not to be racially or culturally discriminatory;
3. No single procedure is used as the sole criterion for determining a child's eligibility for Early ACCESS; and
4. Evaluations and assessments are conducted by qualified personnel. [34 CFR 303.323]

281—120.29(34CFR303) *Services prior to completion of evaluation and family assessment.* Early intervention services may commence before the completion of the evaluation and family assessment in order to facilitate the provision of services in the event that a child may have obvious immediate needs and if the following conditions are met:

281—120.30(34CFR303) Required timeline. The process of evaluation, family assessment and the development of an IFSP must be completed within 45 calendar days following receipt of a verbal or written referral for evaluation. If there are exceptional circumstances, such as the child's being ill, that make it impossible to complete the evaluation and assessment activities within the 45 days, these circumstances must be documented and, to the extent possible, an interim IFSP, described in rule 281—120.29(34CFR303), shall be developed and implemented. [34 CFR 303.322(e)]

DIVISION VII
INDIVIDUALIZED FAMILY SERVICE PLAN (IFSP)

281—120.34(34CFR303) IFSP process. The goal of the IFSP process is to empower families with the resources, skills, and processes to meet the needs of the eligible child and the family in order to enhance the child's growth and development. 1. Participation in a conference call;
2. Making pertinent records available at the meeting; or
3. Having a person who is qualified to interpret the evaluation and assessment results and their service implications attend the meeting. This person could be one of the participants described in rule 281—120.35(34CFR303). [34 CFR 303.343(a)(2)]

281—120.37(34CFR303) IFSP meeting notice. Meeting arrangements shall be made with, and written notice provided to, the family and other participants in advance of the meeting date to ensure that the parties will be able to attend. [34 CFR 303.342(d)(2)]

281—120.38(34CFR303) Accessibility and convenience of meetings. IFSP meetings must be conducted:

1. In settings and at times that are convenient to families; and

120.40(7) *Justification for other setting in IFSP.* For each early intervention service to be provided to the child, the IFSP team shall determine if the child's needs are being met in a natural environment. If the team determines that a specific service for the child must be provided in a setting other than a natural environment, such as a center-based program that serves children with disabilities or another setting appropriate to the age and needs of the child, a justification must be included in the child's IFSP. [34 CFR 303.344(d)(1)(ii)]

120.40(8) *Payment arrangements.* The IFSP must include a statement of the payment arrangements, if any, for each early intervention service, as described in division XI. [34 CFR 303.344(d)(1)(iv)]

b. The funding sources to be used in paying for these services or the steps that will be taken to secure these services through public or private services.

The requirements of this subrule apply to routine medical services, such as immunizations and well-child care, when a child needs those services and the services are not otherwise available or being provided. [34 CFR 303.344(e), Note 3]

281—120.41(34CFR303) Parental consent before providing services. The contents of the IFSP must be fully explained to a parent and informed written consent from a parent must be obtained prior to the provision of early intervention services described in the IFSP. If a parent does not provide consent with respect to a particular early intervention service or withdraws consent after first providing it, that service shall not be provided. The early intervention services for which parental consent is obtained must be provided. [34 CFR 300.342(e)]

However, such agency or person shall not be held accountable if an eligible child does not achieve the growth projected in the child's IFSP. [34 CFR 303.346]

281—120.45 and 120.46 Reserved.

281—120.47(34CFR303) Assessments. Interagency assessment of each child served within the Early ACCESS system shall include ongoing procedures used by qualified personnel throughout the period of a child's eligibility. The purpose of ongoing assessment is to identify the child's unique strengths and needs and the services appropriate to meet those needs. In addition, resources, priorities and concerns of the family and the supports and services necessary to enhance the family's capacity to meet the developmental needs of the child shall be included within ongoing assessment. Periodic or ongoing assessment will determine the degree to which progress is being made by the child and family toward achieving the desired outcomes and whether modifications or revision of the outcomes or service is necessary. Verbal or written feedback shall be provided to parents regarding ongoing assessment of their child. [34 CFR 303.322(b)(2)]

281—120.48(34CFR303) Periodic review. At least every six months, or more frequently if conditions warrant or if the family requests such a review, a periodic review of the IFSP must be held to determine the degree to which progress toward achieving the outcomes is being made and whether modification or revision of the outcomes or services is necessary. Periodic reviews may be carried out by a meeting or by another means that is acceptable to a parent and other participants, such as a conference call. [34 CFR 303.342(b)]

 - A person or persons directly involved in conducting the evaluations and assessments;
 - As appropriate, persons who will be providing services to the child or family; or
 - A primary health care provider or designee. [34 CFR 303.343]

281—120.50(34CFR303) Annual review. A meeting must be conducted at least annually to evaluate the IFSP and revise its provisions, as appropriate. 281—120.57(34CFR303) Transition plan and continuity of services. The IFSP must contain steps to be taken to support the transition of the child from early intervention services to preschool services under Part B or to other services that are available. These steps include, but are not limited to:

1. Discussions with, and training of, parents, as appropriate, regarding future placements and other matters related to the child's transition;
2. Procedures to prepare the child for changes in service delivery, including steps to help the child adjust to and function in a new setting; and
3. With written parental consent, the transmission of information about the child to the local education agency or other relevant agency to ensure continuity of services including evaluation and assessment, and information and copies of IFSPs that have been developed and implemented in accordance with division VII. [34 CFR 303.344(h)]

A transition plan shall be developed that includes the child's program options for the period from the child's third birthday through the remainder of the school year, and the preschool or other services to be provided following the child's third birthday. [34 CFR 303.148]

281—120.58(34CFR303) Family involvement and notification of the local education agency. The signatory agencies shall have policies explaining how families of children will be included in the transition planning for their children. In addition, there shall be policies explaining how the grantee will notify local education agencies in the area that an eligible child resides that the child will shortly reach the age of eligibility for preschool services under Part B of IDEA. Parents shall be involved in such notification. [34 CFR 303.148(a),(b)]

281—120.59(34CFR303) Transmittal of records. In order to facilitate the child's smooth transition to preschool or other appropriate services and to ensure continuity of services for the child, the applicable signatory agency or community partner must obtain written parental consent prior to transmitting any records of the child to the local education agency or other applicable agency or program, unless the records are education records and the disclosure is authorized without parental consent under 34 CFR Part 99. Records that may be transmitted include:

1. Evaluation and assessment information.
2. Copies of IFSPs that have been developed and implemented. [34 CFR 303.344(h)(2)(iii)]

281—120.60(34CFR303) Transition planning for students not eligible for Part B preschool services. In the case of a child who may not be eligible for preschool services under Part B, with the approval of a parent of the child, the Early ACCESS service coordinator, a parent and appropriate service providers who may have been or potentially may be serving the child and family shall make reasonable efforts to convene a conference among the lead agency, or grantee designee, and providers of other appropriate services for the purpose of discussing the appropriate services that the child may need. [34 CFR 303.148(b)(2)(ii)]

281—120.61(34CFR303) Transition planning for students eligible for Part B preschool services. In the case of a child who may be eligible for preschool services under Part B, with the approval of a parent of the child, a conference shall be convened among the lead agency or grantee designee, the service coordinator, the family, the local education agency, and providers of other appropriate services at least 90 days and, at the discretion of the parties, up to 6 months before the child transitions to preschool services to discuss any services that the child may receive. [34 CFR 303.148(b)(2)(i)]

281—120.62 to 120.64 Reserved.

DIVISION IX
PROCEDURAL SAFEGUARDS

281—120.65(34CFR303) Records.

120.65(1) Confidentiality of information. Consistent with federal and state law, grantees shall adopt and implement policies and procedures to ensure the protection of any personally identifiable information collected, used, or maintained under these rules, including the right of parents to written notice of and written consent to the exchange of this information among agencies. These policies and procedures must meet the requirements in 34 CFR 300.560 through 300.576. [34 CFR 303.460]

120.65(2) Parental access to records. A parent of an eligible child shall be afforded the opportunity to inspect and review records relating to evaluations and assessments, eligibility determination, development and implementation of IFSPs, individual complaints dealing with the child, and provision of any other activity or process described in these rules involving records concerning the child and family. [34 CFR 303.402]

281—120.66(34CFR303) Prior written notice.

120.66(1) *Service coordinator ensures timely notice.* Under the direction of any grantee, agency, public provider or private provider, the service coordinator shall ensure that adequate written prior notice is provided to the parents within a reasonable time before a public agency or service provider proposes or refuses to initiate or change the identification, evaluation or placement of the child or the provision of appropriate early intervention services to the child and the child's family. [34 CFR 303.403(a)]

120.66(2) *Content of notice.* The notice shall contain information in sufficient detail to inform a parent about:

- a. The action that is being proposed or refused;
- b. The reasons for taking the action;
- c. All procedural safeguards that are available under this division for the child and family; and
- d. The state complaint procedures, described in rule 281—120.69(34CFR303), including a description of how to file a complaint and the timelines under those procedures. [34 CFR 303.403(b)]

120.66(3) *Native language.*

- a. The notice must be:
 - (1) Written in language understandable to the general public; and
 - (2) Provided in the native language of the parents, unless it is clearly not feasible to do so.
- b. If the native language or other mode of communication of the parent is not a written language, the service coordinator shall take steps to ensure that:
 - (1) The notice is translated orally or by other means to the parent in the parent's native language or other mode of communication;
 - (2) The parent understands the notice; and
 - (3) There is written evidence that these notice requirements have been met.
- c. If a parent is deaf or blind, or has no written language, the mode of communication must be that normally used by the parent (such as sign language, Braille or oral communication). [34 CFR 303.403(c)]

281—120.67(34CFR303) Parental consent.

120.67(1) *Consent.* "Consent" means that:

- a. The parent has been fully informed in the parent's native language or other mode of communication of all information relevant to the activity for which consent is sought;
- b. The parent understands and agrees in writing to the carrying out of the activity for which consent is sought, and the consent describes that activity and lists the records, if any, that will be released and to whom the records will be released; and
- c. The parent understands that the granting of consent is voluntary on the part of the parent, and may be revoked at any time. [34 CFR 303.401(a)(1)-(3)]

120.67(2) *Parental consent required.* Written parental consent shall be obtained before:

- a. Conducting the initial evaluation and assessment, as defined in subrule 120.27(4); and
- b. Initiating the provision of early intervention services. [34 CFR 303.404(a)]

120.67(3) *Consent not given.* If consent is not given, the grantee shall make reasonable efforts to ensure that a parent:

- a. Is fully aware of the nature of the evaluation or assessment or the services that are available; and
- b. Understands that the child will not be able to receive the evaluation and assessment or services unless consent is given.

A grantee may initiate procedures to challenge a parent's refusal to consent to the initial evaluation of the parent's child and, if successful, obtain the evaluation. [34 CFR 303.404(b), Note 2; 34 CFR 300.505(b)]

281—120.68(34CFR303) Surrogate parents.

120.68(1) *Conditions when a surrogate is needed.* The grantee shall ensure that the rights of an eligible child are protected if no parent can be identified; the grantee, after reasonable efforts, cannot discover the whereabouts of a parent; or the child is a ward of the state. The duty of the grantee shall

include the assignment of an individual to act as a surrogate for the parent. This shall include a method for determining whether a child needs a surrogate parent and assigning a surrogate parent to the child. [34 CFR 303.406(a),(b)]

120.68(2) *Criteria for selecting surrogates.* The grantee shall ensure that a person selected as a surrogate parent:

- a. Has no interest that would conflict with the interest of the child that the surrogate parent represents;
- b. Has knowledge and skills that ensure adequate representation of the child; and
- c. Not be an employee of any state agency or a person or an employee providing early intervention services to the child or to any family members of the child. A person who otherwise qualifies to be a surrogate parent is not an employee solely because the person is paid by a public agency to serve as a surrogate parent. [34 CFR 303.406(c),(d)]

120.68(3) *Responsibilities.* A surrogate parent may represent a child in all matters related to the evaluation and assessment of the child; development and implementation of the eligible child's IFSP, including annual evaluations and periodic reviews; the ongoing provision of early intervention services to the eligible child; and any other rights established in these rules. [34 CFR 303.406(e)]

281—120.69(34CFR303) Complaints.

120.69(1) *General.* The lead agency shall adopt written procedures for:

- a. Resolving any complaint, including a complaint filed by an organization or individual from another state, that any public agency or private service provider is violating a requirement of Part C of IDEA or of these rules;
- b. Providing for the filing of a complaint with the lead agency or, at the lead agency's discretion, providing for the filing of a complaint with a public agency and the right to have the lead agency review the public agency's decision on the complaint; and
- c. Widely disseminating the complaint procedures to parents and other interested individuals, including parent training centers, protection and advocacy agencies, independent living centers and other appropriate entities. [34 CFR 303.510(a)]

120.69(2) *Remedies for denial of appropriate services.* In resolving a complaint in which it finds a failure to provide appropriate services, the lead agency, pursuant to its general supervisor authority under Part C, must address:

- a. How to remediate the denial of those services, including, as appropriate, the awarding of monetary reimbursement or other corrective action appropriate to the needs of the child and the child's family; and
- b. Appropriate future provision of services for eligible children and their families. [34 CFR 303.510(b)]

120.69(3) *Procedures for filing complaint.* An individual or organization may file a written signed complaint with the lead agency that includes a statement that the state has violated a requirement of Part C of IDEA or these rules and the facts on which the complaint is based. The alleged violation must have occurred not more than one year before the date that the complaint is received by the lead agency, unless a longer period is reasonable because the alleged violation continues for that child or other children, or the complainant is requesting reimbursement or corrective action for a violation that occurred not more than three years before the date on which the formal complaint is received. [34 CFR 303.511]

120.69(4) *Minimum state complaint procedures.* There shall be a time limit of 60 calendar days after a formal complaint is filed with the lead agency in which the lead agency shall:

- a. Carry out an independent on-site investigation, if the lead agency determines that an investigation is necessary;
- b. Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;
- c. Review all relevant information and make an independent determination as to whether the public agency is violating a requirement of Part C of IDEA or these rules; and

d. Issue a written decision to the complainant that addresses each allegation in the complaint and contains:

- (1) Findings of fact and conclusions; and
- (2) The reasons for the lead agency's final decision. [34 CFR 303.512(a)]

120.69(5) *Time extensions; final decisions.* The lead agency's procedures described in subrule 120.69(3) must permit an extension of the time limit only if exceptional circumstances exist with respect to a particular complaint, and must include procedures for effective implementation of the lead agency's final decision, if needed, including technical assistance activities, negotiations, and corrective actions to achieve compliance. [34 CFR 303.512(b)]

120.69(6) *Complaint and due process hearing filed.* If a written complaint is received that is also the subject of a due process hearing or contains multiple issues, of which one or more are part of that hearing, the state must set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing. However, any issue in the complaint that is not part of the due process action must be resolved within the 60-calendar-day timeline using the complaint procedures described in subrule 120.69(3). If an issue is raised in a complaint that has previously been decided in a due process hearing involving the same parties:

- a. The hearing decision is binding; and
- b. The lead agency must inform the complainant to that effect.

A complaint alleging a public agency's or private service provider's failure to implement a due process decision must be resolved by the lead agency. [34 CFR 303.512(c)]

281—120.70(34CFR303) Mediation.

120.70(1) *General.* The signatory parties shall ensure that mediation procedures are established and implemented by grantees to allow parties to dispute matters involving refusal to initiate or change the identification, evaluation, or placement of a child, or the provision of appropriate early intervention services to the child and the child's family. At a minimum, the mediation process to resolve a dispute must be available whenever a hearing is requested under rule 281—120.71(34CFR303). [34 CFR 303.419(a)]

120.70(2) *Requirements.*

- a. The procedures must meet the following requirements:
 - (1) The mediation process shall be voluntary on the part of the parties;
 - (2) The mediation process shall not be used to deny or delay a parent's right to a due process hearing or to deny any other rights afforded under these rules; and
 - (3) The mediation process shall be conducted by a qualified and impartial mediator who is trained in effective mediation techniques. [34 CFR 303.419(b)(1)]
- b. The lead agency shall maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.
- c. The lead agency shall bear the cost of the mediation process, including the costs of mediation meetings.
- d. Each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute.
- e. An agreement reached in the mediation process by the parties to the dispute must be set forth in a written mediation agreement.
- f. Discussions that occur during the mediation process must be confidential and shall not be used as evidence in any subsequent due process hearings or civil proceedings. The parties to the mediation process shall be required to sign a confidentiality pledge prior to the commencement of the process. [34 CFR 303.419(b)(2)]

120.70(3) *Meeting to encourage mediation.* Parents who elect not to use the mediation process may meet with a disinterested party who is under contract with the state parent training and information center or an appropriate alternative dispute resolution entity that shall explain the benefits of the mediation process and encourage the parents to use the process. The meeting shall be carried out at a time and location that is reasonably convenient to the parents. [34 CFR 303.419(c)]

281—120.71(34CFR303) Due process hearings.

120.71(1) General. The lead agency shall ensure that there are written procedures for a timely administrative resolution of requests for hearings filed by parents of eligible children concerning early intervention matters described in subrule 120.70(1). [34 CFR 303.420]

120.71(2) Administrative law judge. The lead agency must ensure that any due process hearings carried out are conducted by an administrative law judge who:

- a. Has knowledge about Early ACCESS and Part C of IDEA and the needs of and services available for eligible children and their families;
- b. Is not an employee of any agency or other entity involved in the provision of early intervention services or care of the child; and
- c. Does not have a personal or professional interest that would conflict with the administrative law judge's objectivity in implementing the process.

The administrative law judge's duties include listening to the presentation of relevant viewpoints about the dispute that is the subject of the hearing, examining all information relevant to the issues, seeking to reach a timely resolution of the dispute, and providing a record of the proceedings, including a written decision. [34 CFR 303.421]

120.71(3) Parental rights in due process hearings. Any parent involved in a due process hearing has the right to:

- a. Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to early intervention services for eligible children;
- b. Present evidence and confront, cross-examine and compel the attendance of witnesses;
- c. Prohibit the introduction of any evidence of the proceeding that has not been disclosed to the parent at least five days before the proceeding;
- d. Obtain a written or electronic verbatim transcription of the proceeding; and
- e. Obtain written findings of fact and decisions. [34 CFR 303.422]

120.71(4) Convenience of hearings and timelines.

- a. Any due process hearing must be carried out at a time and place that is reasonably convenient to the parent.
- b. Within 30 days after the receipt of a parent's request for a due process hearing, the impartial hearing shall be conducted and a copy of the written decision shall be mailed to each of the parties. [34 CFR 303.423]

120.71(5) Status of child during proceedings. During the pendency of any proceeding involving a request for a due process hearing, unless the public agency and parents of a child otherwise agree, the child must continue to receive the appropriate early intervention services currently being provided. If the hearing involves an application for initial services, the child must receive those services that are not in dispute. [34 CFR 303.425]

120.71(6) System-level disputes. System-level disputes involve conflicts over the roles or responsibilities of an agency partner within the Early ACCESS system. System-level disputes may involve financial matters, the implementation of Early ACCESS system aspects that are not law or rules, such as interagency agreements and policies and procedures, or the implementation of provisions of the interagency agreement. The interagency agreement shall detail the resolution of informal and formal intra-agency and interagency system-level disputes. [34 CFR 303.523; 303.524]

120.71(7) Delivery of services in a timely manner. Each grantee shall be responsible for the development of procedures to ensure that services are provided to children eligible for Early ACCESS in a timely manner, pending the resolution of disputes among public agencies or service providers. 281—120.72 to 120.74 Reserved.

DIVISION X
CONTINUOUS IMPROVEMENT MONITORING

281—120.75(34CFR303) Monitoring. The signatory agencies shall implement an interagency continuous improvement monitoring system that focuses on self-assessment, improvements based on self-assessment, and state-level validation of integrated service system functioning and compliance efforts to improve outcomes for children and families. [34 CFR 303.501]

120.75(1) *Evaluation and improvement.* Each grantee, in conjunction with signatory agencies or the lead agency, or both, shall implement activities designed to evaluate and improve the Early ACCESS system. These activities shall document the performance of eligible children resulting from the provision of early intervention services.

120.75(2) *Research.* Each grantee shall cooperate in research activities designed to evaluate and improve the Early ACCESS system when such activities are sponsored by the lead agency, or a signatory agency when approved by the lead agency, to assess and ensure the effectiveness of efforts to serve eligible children.

120.75(3) *Records and reports.* Each signatory agency or grantee shall maintain sufficient records and reports for audit by the lead agency. Records and reports shall include at a minimum:

- a. State-approved or recognized certification, licensing, registration, or other comparable requirements for all personnel providing early intervention services.
- b. All IFSP meetings and annual or periodic reviews for each eligible child.
- c. Data required for federal and state reporting.

281—120.76 and 120.77 Reserved.

DIVISION XI
FINANCIAL RESPONSIBILITY

281—120.78(34CFR303) Services at public expense for eligible children and families, and coordination of interagency resources. The state shall provide early intervention services as defined in rule 281—120.14(34CFR303) for eligible children at no charge to the child and parent. The signatory agencies shall be responsible for the identification and coordination of all available resources for early intervention services within the state, including federal, state, local and private sources, and for updating this information if a legislative or policy change is made under any of these sources. Federal funding sources include:

1. Title V of the Social Security Act, relating to Maternal and Child Health;
2. Title XIX of the Social Security Act, relating to the general Medicaid Program, and Early Periodic Screening, Diagnosis, and Treatment (EPSDT);
3. The Head Start Act;
4. Parts B and C of IDEA;
5. The Developmental Disabilities Assistance and Bill of Rights Act, Public Law 94-103; and
6. Other federal programs. [34 CFR 303.521; 303.522]

281—120.79(34CFR303) Interagency agreement. The signatory agencies shall have provisions within a current interagency agreement that defines the financial responsibility for paying for or providing early intervention services in accordance with state law and Part C of IDEA. The interagency agreement shall include procedures for achieving a timely resolution of intra-agency and interagency disputes about payments for a given service, or disputes about other matters related to the state's early intervention program. Such procedures must include a mechanism for making a final determination that is binding upon the agencies involved. The interagency agreement shall include any additional provisions necessary to ensure effective cooperation and coordination among all agencies involved in the Early ACCESS system. [34 CFR 303.523]

281—120.80(34CFR303) Payer of last resort. Part C funds may not be used to satisfy a financial commitment for services that would otherwise have been paid for from another public or private source, including any medical program administered by the Secretary of Defense, but for the enactment of Part C. Early ACCESS funds, state and federal, shall be used only for early intervention services that an eligible child needs but is not currently entitled to under any other federal, state, local or private source. [34 CFR 303.527(a)]

281—120.81(34CFR303) Nonsupplanting and payment for services. Part C funds shall be used to supplement the level of state and local funds expended for eligible children and their families for Early ACCESS, and in no case to supplant those state and local funds. To meet the requirements of nonsupplanting, the total amount of state and local funds budgeted for expenditures in the current fiscal year for early intervention services for eligible children and their families under Early ACCESS must be at least equal to the total amount of state and local funds actually expended for early intervention services for these children and their families in the most recent preceding fiscal year for which the information is available. Allowance may be made for:

1. Decreases in the number of children who are eligible to receive early intervention services under Early ACCESS; and

2. Unusually large amounts of funds expended for such long-term purposes as the acquisition of equipment and the construction of facilities. [34 CFR 303.124]

Proceeds from public or private insurance are not treated as program income for purposes of calculating nonsupplanting requirements. If a public agency spends reimbursements from federal funds such as Medicaid, or uses private insurance payments for early intervention services, these funds also shall not be considered state or local funds for purpose of the nonsupplanting requirements. Nothing in these rules should be construed to alter the requirements imposed on a state Medicaid agency, or any other agency administering a public insurance program by federal statute, regulations or policy under Title XIX or Title XXI of the Social Security Act, or any other federal insurance program. [34 CFR 303.520(d); 303.527(c)]

281—120.82(34CFR303) Use of insurance. Parents shall not be required to sign up for or enroll in a public insurance program in order for their child to receive early intervention services.

120.82(1) Use of public insurance. Medicaid and other public insurance benefits in which a child participates may be used to provide or pay for early intervention services, as permitted under the public insurance program, except that:

- a. The state shall not require parents to incur an out-of-pocket expense such as the payment of a deductible or copayment amount incurred in filing a public insurance claim for services provided under Early ACCESS. The state must pay the cost that a parent otherwise would be required to pay.

- b. The state shall not use a child's benefits under a public insurance program without obtaining parental consent, if that use would:

- (1) Decrease available lifetime coverage or any other insured benefit;
- (2) Result in the family's paying for services that would otherwise be covered by the public insurance program if not for the provision of services under Early ACCESS;
- (3) Increase premiums or lead to the discontinuation of insurance; or
- (4) Risk loss of eligibility for, or decrease in benefits under, home- and community-based waivers, based on aggregate health-related expenditures.

- c. If any of the above circumstances apply, the state may use the child's benefits if it obtains a parent's written consent.

- d. If the family's public insurance program requires access to the family's private insurance as a precondition:

- (1) Families shall not be required to use their private insurance as a precondition;
- (2) The state may access the private insurance if parents give consent or choose to use private insurance;

(3) The family's public insurance may not be billed for an amount greater than the cost of the service after subtracting any applicable fee amount owed or paid by the family; and

(4) Parents must be given the option of using their private insurance, if any, or paying the applicable fee for each service.

120.82(2) *Use of private insurance.* The state may access a parent's private insurance only if a parent provides informed consent. For each service in the initial IFSP and each subsequent change to a service, including a change in the frequency and intensity of delivering the service, in order to access a family's private insurance to fund that service, the state must:

a. Obtain parental consent; and

b. Inform a parent that refusal to permit the state to access the family's private insurance does not relieve the state of its responsibility to ensure that all required services are provided at no cost to a parent.

120.82(3) *Use of Part C funds.* If parental consent to use a parent's private insurance to pay for a service under Early ACCESS, or public insurance if a parent would incur a cost for the service, cannot be obtained, Part C funds may be used to pay for the service. Part C funds may also be used to pay the cost a parent otherwise would have to pay to use the parent's public or private insurance, such as the deductible or copayment amounts, in order to avoid financial cost to a parent.

281—120.83(34CFR303) Policy for contracting or otherwise arranging for services.

120.83(1) Each agency must have a policy pertaining to contracting or making other arrangements with public or private service providers to provide early intervention services. This policy must include:

a. A requirement that all early intervention services from public or private providers must meet state standards and be consistent with Part C;

b. The mechanisms that the lead agency will use in arranging for these services, including the process by which awards or other arrangements are made; and

c. The basic requirements that must be met by any individual or organization seeking to provide these services for the lead agency. [34 CFR 303.526]

120.83(2) Interim payments pending reimbursements. If necessary to prevent a delay in the timely provision of services to an eligible child or the child's family, Early ACCESS funds may be used to pay the provider of services, pending reimbursement from the agency or organization that has ultimate responsibility for the payment. Such reimbursement may be made for early intervention services, eligible health services, other functions and services including child find and evaluation and assessment, but not for medical services or well-child health care. [34 CFR 303.527(b)]

120.83(3) Nonreduction of benefits. Medical or other assistance available or eligibility under Title V of the Social Security Act related to maternal and child health or Title XIX of the Social Security Act relating to Medicaid for children eligible for Early ACCESS may not be reduced or altered. [34 CFR 303.527(c)]

281—120.84(34CFR303) Reimbursement procedure. Each signatory agency or grantee must include a procedure for securing the timely reimbursement of Part C or other Early ACCESS funds. [34 CFR 303.528]

281—120.85(34CFR303) Resolution of disputes. During a dispute, the state ombudsman must assign financial responsibility to the appropriate signatory agency pursuant to the interagency agreement. The lead agency must make arrangements for reimbursement of any expenditures incurred by the agency originally assigned the responsibility and for reimbursement of the agency assigned responsibility by the ombudsman if a different agency is assigned responsibility upon final resolution of the dispute. To the extent necessary to ensure compliance with this provision, the lead agency shall refer the dispute to

the council or to the governor and implement the procedures to ensure the delivery of services in a timely manner. [34 CFR 303.523, 303.524]

These rules are intended to implement 20 U.S.C. §1401 et seq., and the regulations adopted thereunder found at 34 CFR 303.
